The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

10 STAFF REPORT

SEAL Programming (Sobrato Early Academic Literacy)

Type Reports

Purpose:

To provide an update on the SEAL program implementation and the impact of this program on teacher practices and student achievement.

Background:

Sobrato Early Academic Language (SEAL) has been a partner organization, working with NUSD since 2019. The work has supported English Language and Dual Language Learners to make significant strides in developing the academic language skills necessary for high academic achievement. The partnership started with grades TK-3 and expanded to include grades 4-5 at our elementary schools with the highest concentration of students that are English Learners and come from low-income households. The work has been transformational for students and teachers, alike. Looking ahead, we hope to continue to sustain the program through ongoing professional learning and to consider expansion into additional grade levels and/or schools.

Special Education Update

Type Information

Purpose:

To provide an overview of the Special Education Department including services, staff, programs, areas of growth, and upcoming events.

Background:

This presentation comes as a board request. The presentation will provide a brief overview of Special Education in Newark Unified School District. Special education services are provided to students aged preschool through twenty-two years of age in Newark Unified. California provides specially designed instruction, at no cost to parents, to meet the unique needs of children with disabilities. This instruction is provided in a variety of settings that allow students to be educated with their peers as much as possible; that is, in the least restrictive environment. Special education services are available in a variety of settings, including preschool, regular classrooms, classrooms that emphasize specially designed instruction, the community, and the work environment.

11 OLD BUSINESS

Guidance on Updating Board Policies

Type Discussion

Purpose:

To provide guidance to staff regarding the updating of NUSD's Board Policies.

Background:

NUSD relies on the California School Boards Association (CSBA) to keep its board policies up to date. We pay to use CSBA's GAMUT online portal to digitally store and catalog our policies, and we subscribe to a CSBA service to send us recommended policy updates based upon changes in federal law, state law, and state education code. A few years ago, NUSD migrated from the old GAMUT system to the new GAMUT system, which created some problems with NUSD's policies. Moreover, the previous superintendent Dr. Triplett and staff discovered that NUSD hadn't consistently reviewed and acted upon the recommended updates from CSBA. This is not uncommon. As a point of reference, Belmont-Redwood Shores had fallen so far behind on its policy maintenance when I (Michael Milliken) started there, we chose to work with CSBA to start over and adopt the entire recommended CSBA policy portfolio, tailored to our district by senior staff and an ad hoc board subcommittee during a multi-day workshop. At the beginning of the 2022-23 school year, NUSD staff consulted remotely with CSBA to review the District's board policies. The review identified that of NUSD's approximate total of 340 board policies (BP's) and administrative regulations (AR's), 240 were identified to be updated. In some cases, the updates include new policy titles and/or new recommended language. In other cases, NUSD has policies that are unique or that CSBA no longer has listed in their recommended policy portfolio. To date this school year, 84 (35%) of those 240 identified policies have been updated and approved by the Board. This leaves approximately 156 policies (65%) to be updated. Staff would like to continue this work, with the goal of getting NUSD's policies entirely current by August 2023. Additionally, staff suggests that the Board identify two Members to serve as policy liaisons so that staff can consult with Board representatives as needed, and those liaisons may provide an initial review of these 150+ policies. An alternative approach to update NUSD's board policies would be to meet with a CSBA policy consultant in person to for a 3-day intensive workshop. Staff seeks Board guidance on how best to update NUSD's board policies, and if the Board chooses to follow staff's suggested course of action, we ask that two Members be identified to serve as policy liaisons.

CONTRACT: Bid Award of Phase 2 HVAC Replacement Project at Newark Junior High School

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$744,000.00
Budgeted	Yes
Budget Source	Fund 25 Capital Facilities Fund
Recommended Action	The recommendation is that the Board of Education approve the bid award to contract with Rodan Builders for Phase 2 of the Newark Junior High School HVAC Replacement Project.

Purpose: To award a contract to Rodan Builders for Phase 2 of the Newark Junior High School (NJHS) HVAC Replacement Project.

Background: We have been working on replacing 321 HVAC units throughout the district since early 2020, which is the majority of our HVAC units. The District has a total of 485 HVAC units. About 25% (117 units) were replaced in 2014, 2015, and 2016. Another 47 units do not need replacing because they have been individually replaced or are located at closed schools. This has left 321 units to be replaced, which was broken into two phases: (1) the 276 units that could be replaced without review and permitting by the Division of the State Architect (DSA), and (2) the 45 units that required DSA approval to replace. We have completed replacing the 276 units as part of phase 1. Now we are focusing on replacing the 45 units that are part of phase 2, which require DSA approval. The purpose of this item is to move forward on the HVAC units at NJHS part of Phase 2 (9 units).

This project (phase 1 and 2) started in 2020 just before the COVID pandemic hit as part of the Measure G bond improvement projects. The Board allocated an initial \$3.3 million out of the Measure G bond funds towards HVAC upgrades and replacements. As COVID emerged, the project evolved and the budget expanded to the Capital Facilities Fund (revenue from Developer Fees) and Capital Outlay Reserves (aka Ruschin Fund) in order to replace as many units as possible to ensure the health and safety of our students and staff.

Phase 1, Increment 1 HVAC projects have been completed (99 units at BGP, Coyote Hills, Kennedy and Schilling). Phase 1, Increment 2 HVAC projects at NJHS and NMHS: all units have been installed, testing and balancing has been completed and final commissioning is in progress (177 units).

On February 17, 2022, the Board of Trustees reviewed the preliminary budget for the Phase 2 projects in the amount of \$2,431,193. Since that time and the purchase of the Phase 1 equipment, there has been a dramatic increase in the cost of HVAC equipment ordered in March 2022. The Board was apprised of this increase at the April 7, 2022 meeting. We are still waiting for some of the HVAC units and miscellaneous components for this project to be delivered.

The addition of 4 additional HVAC units servicing Rooms G7 and G8 at NJHS were added to the project after the preliminary budget was provided. These units were discovered during the early design phase in the ceiling areas and do not have rooftop units like most of the district's schools. These units were not in the district's various inventories and apparently were never approved by the state. The classrooms have 4 failing heat pumps which require removal and replacement of the entire ceiling, lighting and ductwork. (This information regarding the units in Rooms G7 and G8 was provided to the Board at the April 7, 2022 meeting.) During the review and approval process with the Division of the State Architect, the addition of anchor posts on the roof for safety was also required. Together, the added scope increased the cost by approximately \$380,000.

The Phase 2 of the Newark Junior High School HVAC Replacement Project has undergone a competitive bidding process. A Notice to Bidders was publicly advertised in the Argus Newspaper on January 20, 2023, and January 27, 2023. A mandatory pre-bid conference occurred on February 2, 2023 where seven (7) contractors attended. Bids were publicly opened on March 23, 2023 and two (2) bids were received. One bidder, S&H Construction, requested to withdraw their bid due to a clerical error. The second lowest qualified bid was submitted by Rodan Builders at \$744,000. Staff recommends the bid award to Rodan Builders for \$744,000. The contract cost will be covered by Capital Facilities Fund 25 (Developer Fees).

Bid awards for Phase 2 HVAC Replacement Project for the elementary schools (5 units distributed across BGP, Coyote Hills, and Kennedy) and NMHS (31 units) will be presented to the Board at a future meeting. At present, we are still vetting the single bidder for the elementary school project, and the NMHS project has been successfully bid, but has yet to be approved by DSA, which is required before we award the project.

Ratify Collective Bargaining Agreement with Newark Teachers Association

Type	Action
Preferred Date	Apr 20, 2023
Recommended Action	The recommendation is that the Board of Education ratify the Collective Bargaining Agreement with Newark Teachers Association.

Purpose: The purpose is for the Board of Education to ratify the Collective Bargaining Agreement with Newark Teachers Association for 2022-2023, 2023-2024 and 2024-2025.

Background:

The current Collective Bargaining Agreement with NTA sunset on June 30, 2022 resulting in both sides sunshining their reopeners for a successor agreement. Formal negotiations began on August 18, 2022. After several rounds of negotiations, we were able to reach a Tentative Agreement on March 31, 2023 for a three year agreement. The District submitted documentation to the Alameda County Office of Education (ACOE) indicating that the District can afford this agreement. ACOE has reviewed the documentation and agreed to our findings. NTA membership ratified the agreement by a 98.8% vote to approve on April 5, 2023. With the approval of the Tentative Agreement, the District was able to submit the AB1200 documents to ACOE. During the 2023-2024 school year, both parties shall meet to negotiate for the 2024-2025 school year. The parties mutually agree to reopen negotiations on Article 13 (Compensation) and one additional article of each parties' choice.

The articles that updated in this agreement are:

- Article 3: Association Rights
- Article 6: Work Year
- Article 7: Work Day
- Article 8: Class Size
- Article 9: Evaluation and System of Educator Support
- Article 10: Reassignment/Transfer
- Article 11: Leaves
- Article 13: Compensation
- Article 14: Safety
- Article 18: Special Education
- Article 19: Technology
- Article 22: Term and Renegotiation

Side Letter: Sixth Grade Core Class Size at Newark Junior High School

Memorandum of Understanding: In-House Substituting for 2022-2023

Memorandum of Understanding: Crossroads Independent Studies Program (CISP) 2022-2023 School Year

NTA members will receive the following compensation:

2022-2023 School Year: 10% increase retroactive to July 1, 2022.

2023-2024 School Year: Effective July 1, 2023 all bargaining unit salary schedules shall be increased by 2%. Effective January 1, 2024 all bargaining unit salary schedules shall be increased by 4%.

Attached are the AB1200 documents outlining the financial impact of the agreement.

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

11 STAFF REPORT

A-G Completion Improvement Grant Update

Type Information

Purpose:

To provide the Board of Trustees and the public with an update on NUSD's A-G Completion Improvement Grant.

Background:

California AB-167 states the AG Completion Improvement Grant Program is to "provide additional supports to local educational agencies to help increase the number of California high school pupils, particularly unduplicated pupils, who graduate high school meeting the AG subject matter requirements for admission to the University of California and the California State University."

On March 3, 2022, Assistant Superintendent, Nicole Pierce-Davis, and Director of Special Projects, Abbey Kerins, presented A-G Completion Improvement Grant Plan before the Board of Trustees, which was approved on the March 17, 2022 board meeting. This plan included funds to hire a Coordinator of Equity and Access to support district initiatives towards increasing A-G completion district-wide.

Assistant Superintendent, Nicole Pierce-Davis and Coordinator of Equity and Access, Heather Decker will present the updates on the A-G Completion Improvement Grant Program for NUSD.

Differentiated Assistance (2023)

Type Information

Purpose:

To provide the Board of Trustees with an update on the district's eligibility regarding Differentiated Assistance (DA).

Background:

The overarching goal of Differentiated Assistance is to help LEAs and their schools meet the needs of each student they serve, with a focus on building local capacity to sustain improvement and to effectively address disparities in opportunities and outcomes. Given challenges experienced during the pandemic, almost all Alameda County districts qualify this year, which highlights the need for targeted and intentional district intervention. As articulated in California Education Code 52095.5(b), DA works to build the capacity of LEAs in the following areas:

1. Support the continuous improvement of student performance in each of the eight state priority areas described in Education Code 52060(d) and 52066(d).
2. Address the gaps in achievement between student groups identified in Education Code 52052.
3. Improve outreach and collaboration with stakeholders to ensure that goals, actions, and services described in school district and county office of education Local Control and Accountability Plans (LCAPs) reflect the needs of students and the community, especially for historically underrepresented or low-achieving groups.

Action	(Resolution of the Board of Education of the Newark Unified School District to Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19) effective April 6, 2023.

Purpose:

To terminate Resolution 2020.21.0 to Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19.

Background:

On April 1, 2021, the Newark Unified School District Board approved Resolution 2020.21-025 delegating authority to the Superintendent or designee to procure necessary materials, equipment, and services that are needed to provide distance and/or in-person learning to mitigate the effects of Covid-19. Language in the resolution states "the Superintendent/Designee shall make periodic reports to the Board of Education and the public regarding implementation of this resolution and the costs associated therewith"; requiring the update provided here.

On June 16, 2022 Amended Resolution 2020.21-025 was approved. The amendment extends it to on or around June 30, 2023 and states that updates will be presented at the first Board meeting of each month.

Effective February 28, 2023, Governor Gavin Newsome issued a Proclamation terminating the State of Emergency dated March 4, 2020 for COVID-19. Therefore, Resolution 2020.21.025 is no longer in effect.

[Board Governance Workshop and Surplus Property Study Session](#)

[Type](#) Discussion

[Purpose:](#)

Staff seeks Board guidance regarding its interest in and timing for a governance workshop as well as a study session on surplus property.

[Background:](#)

Governance Workshop

Typically, school boards hold governance workshops or retreats early in the calendar year, as there may be a new board president and occasionally new board

and norms, communication protocols, and potentially long-term strategic thinking. Given that two new members joined the Board in December 2022 and this week the Board expects to appoint another new member, the NUSD school board is overdue for a governance retreat. Additionally, it's my understanding that the Board has shared an interest in Brown Act training. Staff would like to confirm whether the Board is interested in a governance workshop, and if so, when that should take place.

There are tradeoffs to timing the workshop before June 30 (with the interim superintendent) vs. after June 30 (with the new permanent superintendent). The advantage to starting this spring is that it will address the interest in Brown Act training, help the Board's functioning in the short term, and accelerate the Board working as a cohesive governance team. The disadvantage is that the new superintendent likely would not participate, undermining the utility of discussing strategy or coordination protocols with the superintendent and senior staff. To counteract that, the Board could spend less time on coordination with the superintendent and/or include additional senior staff to serve as institutional memory across the superintendent transition.

Surplus Property Study Session
 On June 16, 2022, as part of a regularly scheduled meeting, the Board held a study session on the topic of surplus property. The Board received the attached presentation from an attorney specializing in this area from the law firm DWK. At the time, the Board authorized staff to generate a request for proposals (RFP) to identify a qualified consultant to advise the Board on its options and potentially to make recommendations to the Board regarding District property. In February 2023, staff posted an RFP, and a consultant was recently identified through that process. Because so much time has passed, we now have three new members

PURCHASE: AMS.net for the Wifi Improvement Project

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$475,883.84
Budgeted	Yes
Budget Source	E-rate, General Fund, Learning Recovery Emergency Block Grant, and Arts, Music and Instructional Materials Grant
Recommended Action	The recommendation is that the Board of Education approve the purchase of wireless access points from AMS.net as presented.

Purpose:

To approve the purchase of wireless access points for the second phase of the wifi project from AMS.net.

Background:

At the November 17, 2022 Board meeting, staff presented information about technology connectivity and wifi issues.

The district's wireless system, access points and controllers are outdated and need to be upgraded to improve and resolve connectivity and wifi issues. This includes new controllers and access points.

On February 2, 2023 the Board approved an agreement with Colligo Systems LLC to provide new access points at Newark Memorial High School and new controllers for the district.

This agenda item is the second part of the wifi project that will replace the existing wireless access points at Newark Jr High School, elementary sites and the district office. The access points will be purchased through the E-rate program which requires that the purchase be made through an approved vendor using a "SPURR" contract. There are only two (2) vendors in California that are SPURR authorized (CDWG and AMS.net). The District reached out to both vendors; one responded with the quote attached, the other declined to participate. The E-rate program will be able to provide funding for approximately 55-60% of the total cost.

The total purchase, including installation, is \$475,883.84. Of this amount, E-rate will cover \$285,530.30 and \$190,353.54 will be covered by the District.

The following derives directly from the Board approved "Governance Team Handbook"
Authority is Collective, Not Individual:
The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.
A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward
The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.
Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.
Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.
The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.
Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Dollar Amount	\$19,932.00
Budgeted	Yes
Budget Source	MCA CPA Grant funds
Recommended	The recommendation is that the Board of Education approve the field trip for Newark
Action	Memorial MCA Seniors to travel to Los Angeles.

Purpose:

The Newark Memorial community requests permission to take MCA Seniors on a curricular, overnight field trip. Students will travel to Los Angeles. Student will be exposed to post-secondary opportunities in the greater Los Angeles region in the fields of Arts, Media, and Entertainment.

School: Newark Memorial High School

Dates: April 4 - April 7, 2023

Location: Los Angeles, CA

Chaperones:

The ratio of adults to students on school-sponsored trips shall be based on the following formula:

K-3 1 adult for every 5-8 students

4-9 1 adult for every 10 students

10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).

No student will be denied due to a lack of funds.

Background:

According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal and Media Arts teacher request permission to take Newark Memorial MCA Seniors on an overnight curricular trip to Los Angeles.

4 INTERVIEW AND APPOINTMENT

Board Member Appointment Candidate Interviews

Type	Discussion, Information
------	-------------------------

Purpose:

The Board of Education has received four applications to join the school board. The Board will interview the four candidates.

Background:

On February 17, 2023, Board Member Bowen Zhang resigned from the NUSD Board (effective February 28) via email to the County Superintendent. Based upon board policy, state education code, discussion at the Special Meeting on February 22, 2023, and formal action at the March 2, 2023 Regular Meeting, the Board is proceeding with an appointment process to fill the vacancy created by Member Zhang. The Board has 60 days to do this from the date on which Member Zhang filed his resignation to the County Superintendent on February 17, 2023. That deadline for an appointment is April 18, 2023.

On March 3, 2023, applications were made available to the public, with a closing date of March 22, 2023. Four applications were submitted, and four candidates confirmed their attendance for this Special Meeting on April 3, 2023.

Immediately before this evening's meeting, the candidates will randomly draw their order for interviewing. The Board will interview the candidates one by one, asking each candidate the same questions. To keep the process fair, the candidates will be asked to wait in a separate room before they are interviewed. In other words, the candidates will not be able to hear the interview questions and answers of the candidates before them.

The applications of the candidates for board member appointment are attached.

Candidates to be interviewed:

Julie Del Catancio

Peter Natale

Carina Valencia Plancarte

Delcina Wadia

Public Comment on the Board Vacancy

Type Discussion, Information

Purpose:

The Board of Education encourages the community's participation in its deliberations and has tried to make it convenient to express their views to the Board. Given the nature of this evening's agenda, we encourage public comment to be positive and to avoid critical comments of individual candidates.

Background:

Please see the instructions on the link below for public comment information on non-agenda items and agenda items. http://go.boarddocs.com/ca/nusd/Board.nsf/goto?open&id=C4Q2D4019F40

Candidate Selection and Appointment

Type Action, Discussion

Recommended The recommendation is that the Board of Education appoint a candidate to the open position
Action on the NUSD Board of Education.

Purpose:

To select and appoint a candidate to fill the open position on the NUSD Board of Education. First, the Board will have the opportunity to discuss the qualities, experience, and/or perspective that they believe are important in a Board Member. Second, the Board will rank the candidates by preference (4 points = first choice, 3 points = second choice, 2 points = third choice, and 1 point = fourth choice). Third, the Board will take action to appoint a candidate to the NUSD Board of Trustees.

Background:

Consistent with the Brown Act, the Board may not conduct secret ballots as a part of this process. Therefore, the rankings of the candidates by each of the individual Board Members will be displayed and tallied in public. At times in the past, the Board has used two rounds of voting to narrow the field of candidates. However, given that there are only four candidates, the Board will be using a single round of voting at this meeting, unless there is a tie for first place. In that case, there will be a second round of voting focusing only on those candidates that tie for first place.

9 STAFF REPORT

Curriculum and Assessment Update

Type Discussion, Information

Purpose:

To provide a staff report to the NUSD Board of Education related to two curriculum and assessment items: 1) i-Ready mid-year growth data which includes a comparison between fall and winter reports and respective academic progress and 2) To share an update with the NUSD Board of Education and community about staff results from a district-wide survey regarding the district's ELA K-8 curriculum and subsequent next steps.

Background:

One of NUSD's three professional development priorities for the 2022-23 school year includes "assessment for learning." Elementary schools use i-Ready assessments as a progress monitoring tool in both ELA and Mathematics. Staff engaged in a recent professional development with principals and site Instructional Learning Teams on March 3rd which focused site teams on the analysis of data from February mid-year assessments in order to inform an instructional plan for trimester III. The first part of the presentation serves as a summary of this work. The second part of the presentation will provide an update to the Board of Education with respect to district-wide staff results from a survey with respect to the efficacy of the current English Language Arts Curriculum, K-8, and detail next steps.

POLICY UPDATE: Board Bylaw 9300.11 Methods of Operation

Type Action

Recommended Action The recommendation is that the Board of Education approve the updated Board Bylaw 9300.11 Methods of Operation.

Purpose:

This is the SECOND reading of the attached bylaw. At the March 3, 2023 Board meeting, the Board members reviewed and recommended revisions to reflect district practice.

Background:

The NUSD board bylaw has not been revised since 2017. The language has been replaced to match the Board's revisions to the order of business at each regular meeting.

11 NEW BUSINESS

REPORT: 2022-2023 Second Interim Budget Report

Type Action
Recommended Action The recommendation is that the Board of Education certify the 2022-2023 Second Interim Budget Report with a Positive certification.

Purpose: The purpose of the Interim Report is to advise administrators, the Board of Trustees, the public, and other interested agencies of the District's current financial condition at periodic intervals during the fiscal year.

Background: The Second Interim Budget Report compares the General Fund and other funds' anticipated revenues and expenditures with the current operating budget for the 2022-23 fiscal year, along with actual receipts and expenditures as of January 31, 2023. At each interim reporting period, the District must certify whether the District will be able to meet its financial obligations for the current and subsequent two years. The current year budget is used as the base year and multi-year projections are made based on a number of factors and assumptions for the coming two years. The primary drivers of the budget are the State's fiscal health and District student enrollment and attendance. The multi-year projection indicates the District can issue a POSITIVE certification as the District will be able to meet its obligations for the current fiscal year and two subsequent fiscal years.

Home-To-School Transportation Plan

Type Action
Preferred Date Absolute Date Fiscal Impact Dollar Amount Recommended Action
Mar 16, 2023 Mar 16, 2023 Yes \$73,445.00
The recommendation is that the Board of Education approve the Transportation Plan as presented.

Purpose: To approve the Home-to-School Transportation Plan by April 1, 2023 as required by Ed Code 39800.1 and AB 181.

Background: The 2022-23 State Budget included funds that school districts can receive to offset costs associated with providing student home-to-school transportation services (reference Ed Code 41850.1). This funding is not for additional transportation services but rather a reimbursement for costs already incurred. In order to receive the funds, the District is required to approve a Transportation Plan by April 1, 2023. If the district does not approve a Transportation Plan, it will result in an audit finding and funds will have to be returned to the State. The district has an opportunity to be reimbursed for \$73,445 in transportation costs through this funding source. The fiscal impact for this item may result in a decrease to the Special Education contribution from General Fund.

Universal Communication Platform

Type	Action, Discussion
Preferred Date	Mar 16, 2023
Fiscal Impact	Yes
Dollar Amount	\$32,500.00
Budgeted	Yes
Budget Source	LCAP
Recommended Action	The recommendation is that the Board of Education approve Parent Square as a universal communications platform for the District.

Purpose:
To approve the selection of Parent Square as a universal communications platform across all school sites in Newark Unified School District; this includes district office communications.

Background:
During the 2022-2023 LCAP engagement process conducted in spring of 2022, a significant number of Newark families indicated that they wanted a universal communications platform for district and site-based communication. As a result of this trend, LCAP funds were allocated to choose a universal communications platform during the 2022-2023 academic year. These funds were approved with the LCAP in June of 2022.
Currently, sites use a variety of communication platforms to achieve school-centered and district-centered communication, including but not limited to the following: School Messenger, Class Dojo, Peachjar, and Bloomz. When considering which communication platform to use, two elementary sites, Birch Grove Intermediate and Coyote Hills Elementary, requested the opportunity to pilot Parent Square as an additional option. After a two month pilot period, principals came together to weigh the benefits and drawbacks of each currently utilized program. Considerations included translation functions, teacher and principal uses, data support, and more. Unanimously, NUSD principals requested a transition to Parent Square for the 2023-2024 academic school year. In order to be ready for this transition, staff request an early purchase of parent square for expanded piloting, training, and logistical purposes. There are two quotes attached. The first quote includes the cost of the premium license for \$33,500, which includes the ability to send and receive secure documents and to create community groups. The second quote shows the cost of the regular license at a cost of \$25,000.

Newark Management Association (NEWMA) MOU Advanced Degree Stipends

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$4,800.00
Recommended Action	The recommendation is that the Board of Education approve the MOU between Newark Unified School District and Newark Management Association (NEWMA) for Advanced Degrees.

Purpose:
To approve the MOU between Newark Unified School District and Newark Management Association (NEWMA) for Advanced Degrees.

Background:
The advanced degree stipends for NEWMA are currently \$1,000 for a Masters degree and \$1,200 for a Doctorate degree. The Doctorate stipend is lower by \$800 compared to NTA's stipend of \$2,000. The MOU being presented between NEWMA and NUSD updates the stipend amounts to align with NTA.
On June 19, 2018, the Board ratified the Tentative Agreement with NTA which included the following:
13.4.1 Effective July 1, 2018, unit members may receive stipends for up to two Master's degrees, one Doctorate degree, and one National Board Certification. The amounts of the stipends effective July 1, 2018 are as follows:
M.A., M.S., M.Ed, M.B.A.- \$1,000 (limit 2)
Ph.D., Ed.D., PsyD., D.B.A. - \$2,000 (limit 1)
NBCT- \$1,000 (limit 1)

CONTRACT: Architect Services for Kennedy Fence Project

Type Action
Fiscal Impact Yes
Dollar Amount \$57,000.00
Budget Source Fund 25 Capital Facilities Fund
Recommended Action The recommendation is that the Board of Education approve the contract with LCA Architects for the Kennedy Fence Project and the preliminary cost estimate as presented.

Purpose:
 To approve the contract with LCA Architects and the preliminary project cost estimate for the Kennedy Fence Project.

Background:
 Kennedy Elementary School is the only elementary school in the District which does not have fencing to enclose the campus for safety and security. Parents and staff have voiced their concerns and are requesting fencing to keep students and staff safe. The District has begun community engagement meetings with stakeholders including a Staff Meeting on January 17, Coffee with the Principal on January 27 and PTA on January 31, 2023. The architect will take this feedback and come up with design options which will be presented to the stakeholder groups and be brought back to the Board of Trustees for their review. An architect is required for the project as plans and specifications are required to be reviewed by the Division of the State Architect (DSA). A Request for Proposal was issued for architectural services for the project. We received two (2) proposals. LCA Architects provided a complete proposal and staff requests approval of their contract in the amount of \$57,000 which is within the project budget. The preliminary total estimated cost for the project, which includes architect fees, DSA fees, construction cost, bidding cost, inspection fees, and contingencies, is \$453,375. The project will be funded by the Capital Facilities Fund (Fund 25, also known as Developer Fees) which currently has an ending fund balance of \$8,086,963. The average annual income from developer fees for the last 5 years is \$3,000,000.

Description	Amount
Fund 25 Beginning Fund Balance	16,412,830
Plus: Revenues	3,000,000
Less: Expenditures	11,325,867
Fund 25 Ending Fund Balance	8,086,963

POLICY UPDATE: Administrative Regulation 1312.1 - Complaints Concerning District Employees

Type Action, Procedural
Preferred Date Mar 16, 2023
Recommended Action The recommendation is that the Board approve the updated Administrative Regulation 1312.1 - Complaints Concerning District Employees.

Purpose:
 The purpose is for the Board of Education to review the recommended changes and approve the updated administrative regulation.

Background:
 This is the FIRST reading of the attached regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the regulation will be brought back to the Board of Education for a second reading. CSBA recommended changes to the Policy and Administrative Regulation in May of 2019. The recommended changes to the Policy were approved by the Board of Education on October 17, 2019. The Administrative Regulation was not taken to the Board of Education at the same time, therefore, the Administrative Regulation has not been updated since the adoption in 1995. The Administrative Regulation has been reorganized and updated per CSBA recommendations to require that complaints be made in writing and to add steps regarding the investigation of the complaint and the notification of the complainant and employee regarding the final decision. Per CSBA recommendation, material was removed from the existing NUSD Administrative Regulation regarding reports against employees for child abuse or neglect, as well as material regarding appeals to the board, because it is in the Board Policy.

REPORT: Warrant Report for February 2023

Type	Action
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education ratify the Warrant Report as presented.
Action	

Purpose:
The purpose of this item is to present warrants, for the total amount of \$2,701,463.06, made from District funds for February 2023.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full

Letter from the Alameda County Office of Education Regarding the 2022-23 First Interim Budget Report

Type Information

Purpose:

The Chief Business Official will review the letter from the Alameda County Office of Education (ACOE) regarding the Newark Unified School District (NUSD) 2022-23 First Interim Budget Report.

Background:

The Governing Board approved a POSITIVE Certification of NUSD's First Interim Budget Report on December 15, 2022. The district subsequently submitted the report to ACOE, as required, for their review and analysis.

In accordance with Education Code (EC) Section 42131, ACOE reviewed the First Interim Budget Report based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to EC Section 33127.

Based on ACOE's review and analysis, the 2022-23 First Interim Budget Report approved by NUSD's Board of Education on

December 15, 2022, accurately reflects the financial status of the District. ACOE, therefore, concurs with NUSD's POSITIVE certification with comments.

11 OLD BUSINESS

PURCHASE: Chromebook Purchase- Trafera

Type Action

Preferred Date Mar 02, 2023

Fiscal Impact Yes

Budgeted Yes

Budget Source Learning Recovery Emergency Block Grant, LCAP and Title I

Recommended The recommendation is that the Board of Education approve the purchase of 1,845

Action Chromebooks and 17 carts through Trafera as presented.

Purpose:

To obtain Board approval for the purchase of Chromebooks and Chromebook carts to support student computing technology.

Background:

This item was brought before the board on February 6, 2023. Staff is following up on the request for more information regarding this purchase. The new Chromebooks will replace old Chromebooks that have reached their end of expected life period and increase quantities to provide more Chromebooks for students.

The Chromebooks on the attached quote include 1,845 Chromebooks, 17 Chromebook carts, a four-year limited warranty, and Google Chrome Perpetual EDU License. However, the Board may also choose to approve the quote for 1,114 Chromebooks, which will achieve 1:1 student to Chromebook ratios across our district or approve the quote for 2,579 Chromebooks, which will support the district in nearing classroom sets of Chromebooks at the secondary level. The presentation will provide additional information about each of these options.

School boards have the authority to "piggyback" on another public agency's bid, per Public Contract Code 20118, when it is in the best interest of a district. It is often advantageous to utilize piggyback bids when contract items are identical to the district's specifications. Using piggyback contracts saves time and often provides lower prices than a single jurisdiction would be able to obtain. Per Board Policy 3311, the District may piggyback onto the contract of another public agency or corporation to lease or purchase equipment or supplies to the extent authorized by law. The piggyback contracts utilized for this purchase are attached. Please note Trinity 3 Technology and FireFly Computers merged, launching a new identity as Trafera. The NCPA agreement with FireFly is now available to Trafera.

Appointment Process and Timeline for Filling Board Vacancy

Type	Action, Discussion
Absolute Date	Mar 02, 2023
Recommended	The recommendation is for the Board of Education to provide guidance on the draft application, procedure, subcommittee membership, and timeline for the NUSD Board Appointment.
Action	

Purpose:
The purpose is begin the board vacancy appointment process.

Background:
On February 17, 2023, Board Member Bowen Zhang resigned from the NUSD Board (effective February 28) via email to the County Superintendent. Based upon board policy, state education code, and the Board's discussion at last week's special meeting, we are planning to move forward with an appointment to fill the vacancy created by Trustee Zhang. The Board has 60 days to do this from the date on which he sent his resignation to the County Superintendent, February 17, 2023. That deadline for an appointment is April 18. Staff requests Board guidance on the proposed timeline, procedural question, and subcommittee membership outlined below. Additionally, staff requests Board feedback on the Draft application attached for Board Appointment Candidates. Staff will return to the Board on March 16 with a proposed format and procedure for the special board meeting (proposed for April 3 or 4) at which the Board interviews candidates and selects an appointee.

- Proposed Timeline**
- March 3 (Fri): Announce vacancy to the community (email blast plus outreach to community organizations and partners), publicly share application and FAQs. Application window would be open for 19 days.
 - March 22 (Wed): Applications due.
 - March 23 (Thurs): Board subcommittee approves candidates as eligible per information given.
 - March 24 (Fri): Applicant names and their answers to application questions published on NUSD website for 10 days.
 - April 3 or 4 (Mon or Tues): Public comment and candidate interviews via special board meeting
 - April 6 (Thurs): New board member begins service, is sworn in, and participates in first board meeting.

Procedural Question
If there are more than a certain number of applicants, for example more than 5 applicants, would the Board want a committee to narrow the field to 5 candidates for the Board to then interview?
Committee could include the following people, or their designee:

- PTA president
- DELAC lead parent
- CSEA president
- NTA president
- NEWMA president

Subcommittee Membership
NUSD Bylaw states, "A committee consisting of less than a quorum of the Board shall ensure that applicants are eligible for Board membership and announce the names of the eligible candidates." This should be a straightforward process requiring no evaluation of candidates' applications beyond the question of eligibility. We would expect to conduct a short zoom meeting with two board members on March 23, 2023, to perform this function. Staff needs to know which two board members are available for this subcommittee.

BOARD BYLAW 9300.11: Methods of Operation

Type Action, Discussion

Recommended The recommendation is that the Board take action to update this bylaw to reflect the interest

Action of the Board.

Purpose:

The purpose is to ensure that the Board President is conducting board meetings consistent with the interests of the entire Board of Education and Board Bylaw 9300.11.

Background:

There has been discussion about modifying procedures for 1) public comment on agenda items, 2) board reports, and 3) consent items. We are bringing this bylaw to the Board's attention for possible modification.

1. Public Comment

In past NUSD board meetings, public comment on non-agenda items takes place before the Board takes up new or old business for action. However, in previous years, public comment on agenda items has been expected to take place immediately before the Board's discussion of or action on an item. In more recent history, the Board has allowed public comment on agenda items to take place earlier in the meeting, adjacent to the public comment on non-agenda items. This practice is considered to be more accessible for community members, allowing them to share their thoughts without having to stay later into the board meeting, waiting an indefinite amount of time until the item of interest is addressed by the Board.

Recommendation: That the Board explicitly allow for public comment for agenda items both earlier in the meeting adjacent to public comment on non-agenda items and before individual agenda items.

Specifically: Change Item 11 from "Public Comment on Non-Agenda Items" to:

11. Public Comment

11.1 Public Comment on Non-Agenda Items

11.2 Public Comment on Agenda Items (allowed here or when the item is taken up by the Board)

Additionally, the Board may wish to let the public know that individual board members may have an easier time remembering and considering public comment on agenda items when those comments are made at the time that the items is taken up by the Board. However, public comment on agenda items is much better at the beginning of the meeting than not at all. This could be addressed with a short preface by the Board President ahead of item 11.2, Public Comment on Agenda Items.

2. Board Reports

Per Bylaw 9300.11, Board Reports are listed as a single item: Board of Education - Committee Reports, Announcements, Requests, Debrief and Discussion. At present, we have this item broken out into three (3) sections: (1) Board Recognitions and Announcements; (2) Board Reports; and (3) Board Requests. It may not always make sense to separate these out to three distinct agenda items.

Recommendation: Given that this item is listed as a single item in Bylaw 9300.11, no change is needed or recommended. However, staff recommends that board members discuss this item and acknowledge that the Board President may organize these reports, recognitions, and requests as it makes sense to him or her.

3. Consent Items that are pulled from consent.

Similar to Board Reports, Bylaw 9300.11 does not address the Board's practice of when and how to take up items that are pulled from the Consent Agendas.

Recommendation

No change is needed or recommended. Staff recommends that items pulled from section 15, Consent Agenda - Personnel Items, and section 16, Consent Agenda - Non-Personnel Items, be addressed immediately after the respective consent action unless the Board chooses to move it to another place in the agenda by majority vote. This could take place either when sections 15 and 16 are taken up by the Board, or this could take place in section 5, Approval of the Agenda. When the Board takes action to approve the agenda in section 5, it also has the opportunity to make adjustments to the agenda, including pulling items from consent. Of course, any changes or adjustments to the agenda made by the Board must be in compliance with the Brown Act (for example, not adding any new items that have not been appropriately posted or noticed).

POSITION/JOB DESCRIPTION: Director of Operations, Human Resources

Type Action, Discussion

Absolute Date Mar 02, 2023

Fiscal Impact Yes

Dollar Amount \$196,000.00

Budgeted Yes

Budget Source General Fund

Recommended Action The recommendation is that the Board approve the position and job description for Director of Operations, Human Resources.

Purpose: The purpose is for the Board of Education to approve the position and job description for Director of Operations, Human Resources.

Background: In July 2022, School Services of California completed, and the Board accepted, an Organizational Review of the Business Services and Human Resources Departments. The major recommendation in the report was to consider restructuring the positions within the Human Resources Department in order to improve the overall efficiencies within the department. The District is taking a multi-phased approach to this recommendation and the subsequent restructure of the positions. This first phase includes changes in the classified management positions; that is, a resolution to eliminate the positions of Manager of Classified, HR and Manager of Certificated, HR. Subsequently, this agenda item is to recommend a new position and job description for a new classified management position that would oversee operations for both classified and certificated needs. If approved, the position of Director of Operations, Human Resources, would begin on July 1, 2023. The District has met/conferred with NEWMA regarding this position and job description. The complete Organizational Review of the Business Services and Human Resources is attached for reference.

RESOLUTION NO. 2022.23.22 and NO. 2022.23.23: Classified Layoffs

Type Action
Absolute Date Mar 02, 2023
Recommended Action The recommendation is that the Board approve Resolution No. 2022.23.22 and Resolution No. 2022.23.23 to lay off or reduce hours of certain classified positions due to the expiration of a specially funded program or due to lack of funds/lack of work.

Purpose: Resolution Nos. 2022.23.22 and 2022.23.23 will be presented to the Board of Education for approval to lay off certain classified positions due to the expiration of a specially funded program or due to lack of funds/lack of work. These resolutions give authorization for the District to formally notify certain classified employees that their positions are being reduced or eliminated. This process is required under California Education Code 45117, which requires permanent employees to be notified by March 15, 2023.

Background: Per Assembly Bill 438, the timeline to notice classified staff is March 15. The positions included are either being eliminated due to the expiration of a specially funded program or due to lack of funds/lack of work. The District has reviewed this list of positions with CSEA and NEWMA. Resolution 2022.23.22 reduces or eliminates positions that are specially funded, including those positions designated by School Site Councils/SPSAs, Childcare, donation funds, etc. Resolution 2022.23.23 eliminates positions due to lack of work. The elimination of the two classified management positions on the resolution is a direct recommendation of the July 2022 Human Resources Organizational Study that was completed by School Services of California. The Department's plan to restructure includes a new position and job description that will oversee both classified and certificated operational oversight for Human Resources. Permanent employees laid off for lack of work or lack of funds are eligible for reemployment for a period of 39 months and shall be reemployed in preference to new applicants. Such persons have the right to participate in promotional examinations during the 39-month period. In addition, such persons will have preferential hiring rights over new applicants to a new or different classified position, if the person on the rehire list is qualified for the position, even if they have never served in that class or classification. Permanent CSEA employees affected by layoff may have displacement rights to other lower classifications in which the laid-off employee has previously served. Permanent employees who accept voluntary demotions or voluntary reductions in assigned time in lieu of layoff shall be granted the same rights as persons laid off and shall retain eligibility to be considered for employment for an additional period up to 24 months.

RESOLUTION NO. 2022.23.24: Reduce the Number of Certificated Employees Due to a Reduction of Particular Kinds of Services for the 2022-2023 School Year

Type Action
Absolute Date Mar 02, 2023
Recommended The recommendation is that the Board of Education approve Resolution No. 2022.23.24 to
Action reduce the number of certificated employees due to a reduction in particular kinds of services for the 2023-2024 school year.

Purpose:
The purpose is for the Board of Education to approve Resolution No. 2022.23.24 to reduce the number of certificated employees due to a reduction in particular kinds of services for the 2023-2024 school year.

Background:
District administration has reviewed staffing and projected enrollment for the next school year and it has been determined that these positions will be eliminated for the 2023-2024 school year. This has been reviewed with the Newark Teachers Association. Resolution 2022.23.24 includes specially funded positions, including those positions designated by School Site Councils/SPSAs and positions being eliminated due to declining enrollment. CAPITAL IMPROVEMENT PROJECTS: Contract Award for Architectural Services for the Newark Memorial High School Track & Field Project

Type Action
Fiscal Impact Yes
Dollar Amount \$334,950.00
Budgeted Yes
Budget Source Fund 25
Recommended The recommendation is that the Board of Education approve the contract with Verde Design
Action for Architectural Services for the Newark Memorial High School Track and Field Project.

Purpose:
To approve an agreement with Verde Design to provide architectural services for the Newark Memorial High School Track and Field Project.

Background:
On December 5, 2022, the Board of Trustees approved the Newark Memorial High School Track and Field Project. The District issued a Request for Qualifications & Proposal on January 23, 2023 for design services to five (5) firms with this type of experience. A pre-proposal jobsite walk took place on January 27, 2023. On February 9, 2023, four (4) proposals were received. Three of the most qualified firms were selected to interview on February 17, 2023. The interview panel unanimously agreed that Verde Design was the most qualified team because the firm specializes in athletic fields throughout Northern California. The Verde Design team was the only firm that has won awards for their field designs. They have a proactive and practical approach to issues, have designed other fields in the local area and have a passion and expertise exceeding all the firms that were interviewed. The proposed cost from Verde Design is \$334,950. This cost is within the estimated budget in Soft Costs presented to the Board on December 5, 2022. The services that will be provided include community engagement, design, engineering, Division of the State Architect approval and permitting, bidding, construction administration and closeout.

CONTRACT: Sylvan Learning Center

Type	Action
Preferred Date	Mar 02, 2023
Fiscal Impact	Yes
Dollar Amount	\$230,000.00
Budgeted	Yes
Budget Source	LCAP funding, Action 1.19
Recommended Action	The recommendation is that the Board of Education approve the contract with Sylvan Learning for the 2022-2023 school year.

Purpose:
 We are seeking the approval of a contract with Sylvan Learning Center in Fremont in order to provide academic tutoring for all students that are low-income, foster youth, and/or English Learners. The District is dedicated to carrying out the Board approved LCAP for 22-23 to address the needs of our unduplicated students to meet and exceed our 3-year metrics for achievement. These funds and this contract will help us fulfill intention of our LCAP Strategy 1.19.

Background:
 As a result of community engagement, data review, and analysis, the LCAP PAC identified Academic Tutoring as an important strategy to help address student learning losses that persist, especially among our low-income, foster, and English Learner student body. The goal of this action item was to hire highly skilled and specialized intervention teachers to serve schools with a high concentration of these student populations in order to accelerate their acquisition of essential skills, content, and knowledge. Unfortunately, we did not receive applicants for the position that met the criteria needed to be effective in this important and specialized position. In early November, the District collaborated with NTA to design an opportunity for NUSD teachers to provide after-school tutoring in small groups for a duration of 6-8 weeks for a pay of \$55 per hour (including 2 hours pf paid planning time). This opportunity was shared with all TK-5 teachers on November 10th, which resulted in 4 teachers implementing intervention groups by early December. This opportunity was then expanded to include all TK-12 teachers on January 24th and 2 more teachers joined, for a total of 6 teachers. During the LCAP PAC Meetings wherein we reviewed progress on actions and spending for each strategy, the LCAP PAC Members urged the District consider a third option by seeking a partnership with an external vendor. The group felt strongly that there is significant need and that we need to consider other options in order to spend the funds and deliver these important services. In response, the District researched best practices in nearby districts, reached out to local vendors, and reviewed the contracts and policies of districts that had adopted partnerships with external vendors for tutoring services. We determined that Sylvan Learning has successfully delivered similar contracts in Alameda County, and we found that they were the only local agency that had the capacity to support students at the scale we need. Finally, we consulted with NTA prior to presenting this contract to the Board. We both agreed that our preference is to have been able to carry out or initial plan, to hire highly qualified Intervention Teachers to work at our schools with high concentrations of unduplicated students. We informed union leadership of our plans, and we committed to keeping the open the opportunity for any TK-12 teacher to sign up for after-school small group tutoring for the duration of 22-23.

FIELD TRIP: Curricular, Overnight Trip for Kennedy Elementary fifth grade class to travel to Alliance Redwoods

Type Action
Absolute Date Mar 16, 2023
Fiscal Impact Yes
Dollar Amount \$36,520.00
Budgeted Yes
Budget Source Family Donations
Recommended Action The recommendation is that the Board of Education approves the overnight trip for the Kennedy Elementary fifth grade class to travel to Alliance Redwoods.

Purpose:

The Kennedy Elementary community requests permission to take fifth grade students on a curricular, overnight field trip. Students will travel to Alliance Redwoods, Occidental, CA for an outdoor science education camp. Students will spend time outdoors and indoors, learning about the environment and conservation. They will study animals, the land, and other topics over the week through hikes, class lessons, and discussions.

School: Kennedy Elementary
Dates: April 3 - April 6, 2023
Location: Alliance Redwoods, Occidental, CA

Chaperones for Science Camp:

The ratio of adults to students on school-sponsored trips shall be based on the following formula:
K-3 1 adult for every 5-8 students
4-9 1 adult for every 10 students
10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).

No student will be denied due to a lack of funds.

Background:

According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal and fifth grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science camp program that is articulated with grade level curriculum. The programs are taught by credentialed staff members and camp staff and are viewed by the sites as a valuable part of the students' educational experience.

Board of Education Requests

Type Action, Discussion, Information

Purpose:
This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Background:
Any individual Board member may request an item for a future agenda. However, if the request is for a specific staff action, the majority of the Board may be requested.
The following derives directly from the Board approved "Governance Team Handbook"
Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Recommended	The recommendation is that the Board of Education approves the overnight trip for the Birch
Action	Grove Intermediate fifth grade class to travel to Alliance Redwoods.

Purpose:

The Birch Grove Intermediate community requests permission to take fifth grade students on a curricular, overnight field trip. Students will travel to Alliance Redwoods, Occidental, CA for an outdoor science education camp. Students will spend time outdoors and indoors, learning about the environment and conservation. They will study animals, the land, and other topics over the week through hikes, class lessons, and discussions.

School: Birch Grove Intermediate

Dates: April 3 - April 6, 2023

Location: Alliance Redwoods, Occidental, CA

Chaperones for Science Camp:

The ratio of adults to students on school-sponsored trips shall be based on the following formula:

K-3 1 adult for every 5-8 students

4-9 1 adult for every 10 students

10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).

No student will be denied due to a lack of funds.

Background:

According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal and fifth grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science camp program that is articulated with grade level curriculum. The programs are taught by credentialed staff members and camp staff and are viewed by the sites as a valuable part of the students' educational experience.

School Accountability Report Card (SARCs)

Type	Action
Preferred Date	Feb 16, 2023
Fiscal Impact	No
Recommended Action	The recommendation is that the Board of Education approve the 2021-2022 School Accountability Report Cards.

Purpose:

All public schools are required to prepare and distribute a Student Accountability Report Card (SARC) for the primary purpose of providing parents with data and information to make meaningful comparisons between schools. Specific items are required to be reported in the following categories: demographic information, school safety and climate for learning, academic data, school completion, class size, teacher and staff information, curriculum and instruction, and postsecondary preparation.

Comprehensive School Safety Plans (CSSP)

Type	Action, Information
Absolute Date	Feb 16, 2023
Fiscal Impact	No
Recommended Action	The recommendation is that the Board of Education approve 2023-2024 Comprehensive School Safety Plans (CSSP) as presented.

Purpose:

To approve the Comprehensive School Safety Plan (CSSP) for each Newark Unified School District school site; all plans are attached.

Background:

A Comprehensive School Safety Plan (CSSP) is an annually-revised plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus. All California K-12 public schools must develop a CSSP that addresses the safety concerns identified through a systematic planning process in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence.

Per Education Code Section 32281, the School Site Council (SSC) develops and approves a comprehensive school safety plan relevant to the needs and resources of that particular school, or may delegate this responsibility to a school safety planning committee. Each school must review and update its plan by March 1 every year for submission to the California Department of Education (CDE).

The requirements and mandate for CSSPs are outlined in Education Code Sections 32280 - 32289 School Safety Plans.

RESOLUTION 2022.23.21 Declaring Surplus Equipment

Type	Action
Recommended	The recommendation is that the Board of Education approves Resolution 2022.23.21
Action	Declaring Surplus Equipment.

Purpose:

The purpose of this item is to obtain Board approval of Resolution 2022.23.21 Declaring Surplus Equipment, which lists items to be declared as surplus equipment as recommended.

Background:

Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment And Supplies. Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility.

The property as described in Resolution 2022.23.21 includes equipment used at Child Nutrition Services. Staff determined that items are beyond economical repair.

REPORT: Warrant Report for January 2023

Type	Action
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approve the Warrant Report as presented.
Action	

Purpose:

The purpose of this item is to present warrants, for the total amount of \$2,239,605.16, made from District funds for January 2023.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

REPORT: Donations Report

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Budget Source	General Fund (Fund 010) Donations
Recommended	The recommendation is that the Board of Education accept the Donations Report as
Action	presented.

Purpose:

The purpose is to acknowledge receipt of donations to the District.

Background:

Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledged and budgeted properly according to donor restrictions. There is acknowledgement at the public Board meeting and a letter of thanks is sent of the donor by the Business Office for NUSD.

STAFF REPORT: ELA K-8 Curriculum

Type Information

Purpose:
To share an update with the NUSD Board of Education and community about the inquiry process underway regarding the district's ELA K-8 curriculum and next steps.

Background:
Newark Unified School District adopted Lucy Calkins English Language Arts curriculum in the 2015-16 and 2016-17 academic school years (Writing and Reading Units of Study, respectively). Concerns have been raised from community members and staff with respect to the efficacy of this curriculum. As a result, Ed Services has engaged with Curriculum and Assessment Council and K-8 staff in order to gather input and determine next steps.

Type	Action, Procedural
Fiscal Impact	No
Budgeted	No
Recommended Action	The recommendation is that the Board of Education approve the updated Board Policy 5131.62 and Administrative Regulation 5131.62 - Tobacco

Purpose:
The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:
This is the FIRST reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy 5131.62 - Tobacco
The NUSD board policy has not been revised since 2014. The language has been replaced to match the sample board policy provided by the California School Board Association.

Administrative Regulation 5131.62 - Tobacco
The NUSD administrative regulation has not been revised since 2014. The language has been replaced to match the sample board policy provided by the California School Board Association.

Consideration of Guiding Principles

Type Discussion

Purpose:

For the Board of Education to discuss guiding principles that can be referenced as a framework to build the best district possible.

Background:

Member Hill requests that the Board of Education consider the idea of embracing guiding principles that we can reference as we all work to build the best district possible. In his former life as a business consultant, he found a framework that many companies have used for this purpose from the work of Jim Collins, Stanford University, and is embodied in the book Good to Great. He would like to introduce this framework to the board and public, and potentially get approval to hold a future "guiding principles" study session to discuss NUSD's "North Star."

Member Hill has provided the following links for the board and public to delve more deeply into this content:

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

PURCHASE: Chromebook Purchase- Trafera

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$820,626.00
Budget Source	Learning Recovery Emergency Block Grant, LCAP and Title I
Recommended	The recommendation is that the Board of Education approve the purchase of 2,579
Action	Chromebooks and 23 carts through Trafera as presented.

Purpose:

To obtain Board approval for the purchase of Chromebooks and Chromebook carts to support student computing technology.

Background:

The new Chromebooks will replace old Chromebooks that have reached their end of expected life period and increase quantities to provide more Chromebooks for students.

The Chromebooks on the attached quote include 2,579 Chromebooks, 23 Chromebook carts, a four-year limited warranty and Google Chrome Perpetual EDU License.

School boards have the authority to "piggyback" on another public agency's bid, per Public Contract Code 20118, when it is in the best interest of a district. It is often advantageous to utilize piggyback bids when contract items are identical to the district's specifications. Using piggyback contracts saves time and often provides lower prices than a single jurisdiction would be able to obtain. Per Board Policy 3311, the District may piggyback onto the contract of another public agency or corporation to lease or purchase equipment or supplies to the extent authorized by law. The piggyback contracts utilized for this purchase are attached. Please note Trinity 3 Technology and FireFly Computers merged, launching a new identity as Trafera. The NCPA agreement with FireFly is now available to Trafera.

Action	authorize the filing of a Notice of Completion with the County Recorder of Alameda County for Landscaping and Irrigation Group 2, Coyote Hills, Newark Memorial High School, MacGregor and the District Office, by Bortolussi & Watkin Inc.

Purpose:
To authorize the filing of a Notice of Completion (NOC) with the County Recorder of Alameda County for the Landscaping and Irrigation Project, Group 2.

Background:
On August 5, 2021, the Board of Trustees awarded a contract to Bortolussi & Watkin Inc. for Planting and Irrigation Group 2 Schools Project in the amount of \$1,254,414 and authorized staff to select additive alternates within the budgeted amount. Bortolussi & Watkins was issued a contract in the amount of \$1,033,130.
On May 5, 2022, the Board of Trustees approved Change Order #1 in the amount of \$1,032 for irrigation controllers for a total contract amount and final expenditure of \$1,034,162.
The original budget was \$1,254,414 and the final budget is \$1,034,162 which provides the District a savings of \$220,252. All contract items, punchlist and project closeout items have been satisfied. Accordingly, staff requests acceptance of the project which will allow filing a Notice of Completion with the County and permit the release of the retention thirty-five (35) days after approval.

CONTRACT AMENDMENT: Ratcliff Architects

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$26,740.00
Budget Source	Fund 25 Capital Facilities Fund
Recommended	The recommendation is that the Board of Education approve the amendment for Ratcliff
Action	Architects for the HVAC Phase 2 Project as presented.

Purpose:
To approve an amendment to an agreement with Ratcliff Architects to provide fall protection details as required by the Division of the State Architect (DSA) for the Newark Junior High School and Newark Memorial High School Heating Ventilation and Air Conditioning (HVAC) Project, Phase 2.

Background:
On December 16, 2021, the Board of Trustees approved a contract with Ratcliff Architects to develop plans and specifications for Division of the State Architect (DSA) approval for five (5) units at elementary schools, five (5) HVAC and four (4) heat pumps at NJHS and thirty-one (31) units at NMHS. As a result of DSA plan review comments on NJHS and NMHS applications, Ratcliff and its structural engineer consultant have performed as-built research and prepared new fall protection details and structural calculations for DSA backcheck responses. DSA is requiring the addition of a post on the roof next to each of the AC units. This post will be for workers to clip their safety harness to and avoid falling accidents.

The amendment increases the contract by \$26,740. The new contract amount will be \$253,456. After DSA approves the plans, the district will go out to bid for the installation of the HVAC units.

PURCHASE: Controllers and Access Points- Colligo Systems LLC

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$375,761.00
Budget Source	Learning Recovery Emergency Block Grant and General Fund
Recommended Action	The recommendation is that the Board of Education approve the purchase of controllers and access points from Colligo Systems as presented.

Purpose:

To purchase controllers and access points from Colligo Systems as part of the project to address connectivity and WiFi issues.

Background:

At the November 17, 2022 Board meeting, staff presented information about technology connectivity and WiFi issues. The district's wireless system, access points and controllers are outdated and need to be upgraded to improve and resolve connectivity and WiFi issues. This includes new controllers and access points. This purchase prioritizes the urgent need at Newark Memorial High School providing new access points for Newark Memorial High School and new controllers for the district. The attached quote from Colligo Systems LLC is based on pricing through the California Multiple Award Schedule (CMAS). A subsequent order to replace and upgrade the access points at the elementary schools, Newark Junior High School and the District Office will be presented to the Board around March or April as part of the E-Rate program. The E-Rate program will be able to provide funding for approximately 55% of the total cost.

Fiscal Impact	Yes
Dollar Amount	\$6,400.00
Budgeted	Yes
Budget Source	Student Fundraising & Donations
Recommended Action	The recommendation is that the Board of Education approves the Senior Cruise for the Newark Memorial High School's twelfth grade students.

Purpose:

Newark Memorial High School requests permission to take twelfth grade students on a non-curricular, field trip. Although this is non-curricular afterschool activity, it does contribute to the social emotional growth of students, as they celebrate their last school year together in a positive and fun environment.

School: Newark Memorial High School

Dates: February 24, 2023, 8:00 pm to 11:00 pm

Location: Luxe Cruise and Events, 2394 Mariner Square Dr. STE B, Alameda, CA 94501

Chaperones for Field Trip:

The ratio of adults to students on school-sponsored trips shall be based on the following formula:

K-3 1 adult for every 5-8 students

4-9 1 adult for every 10 students

10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

No student will be denied due to a lack of funds.

Background:

According to Board Policy 6153.2, all trips that are non-curricular require Board approval. The site principal and Newark Memorial High

School Director of Student Activities request permission for 12th grade students to attend a 3 hour cruise out of Alameda using Luxe Cruise and Events.

14 NEW BUSINESS

New Secondary Courses for 2023-24

Type Action

Preferred Date Feb 02, 2023

Absolute Date Feb 16, 2023

Fiscal Impact No

Recommended Action The recommendation is that the Board of Education approves the updated courses for the 2023-24 academic school year.

Purpose:

For the 2023-24 school year, Ed Services and Newark Memorial High School, in alignment with Curriculum and Assessment Council, is recommending the following:

Pre-Calculus AP course

Aerospace Engineering course

Change of name only for Math Analysis to Pre-Calculus (in alignment with CA Mathematics Framework)

Background:

For the recommended new courses, Ed Services has partnered with staff from Newark Memorial High School to present and receive approval from Curriculum and Assessment Council. Please note the following:

Effective for the 2023-24 school year, the AP College Board will offer an AP exam for Precalculus. Like many districts,

Newark Unified intends to provide students an opportunity to take this exam by offering a Pre-Calculus AP course

Aerospace Engineering, a 'G' elective, will replace Astronomy/Aerospace/Rocketry (which is currently not A-G approved),

thus allowing the course to count for college admissions. The new course will have an increased emphasis on engineering

and design and eventually will be folded into the STAR initiative

In alignment with the Pre-Calculus AP course and the College Board, it is recommended for consistency purposes that all

Math Analysis courses receive a name change to Pre-Calculus (i.e. Math Analysis and Blended Algebra 2/Math Analysis)

Marketing Services Update and Amendment to Presidio Communications Contract

Type Action

Fiscal Impact Yes

Dollar Amount \$45,000.00

Budget Source General Fund

Recommended Action The recommendation is that the Board of Education approve the amendment to the contract with Presidio Communications for digital advertising buy and placement.

Purpose:

In response to staff's request for recommendations to improve enrollment in the District's Transitional Kindergarten and Kindergarten (TK/K) programs, Presidio Communications has recommended running a highly targeted advertising program to drive parents from both inside and outside the District's boundaries to enroll their child or children in District TK/K programs. The attached proposal outlines the advertising buy and placement (the "ad buy") for a program that spans search advertising, digital display advertising, campaign management, optimization, and reporting.

Background:

In July 2022, based on Board direction, staff initiated an RFP (Request for Proposal) process for marketing services with three main objectives: increase enrollment, recruitment and retention of highly qualified staff, and improve community awareness of the greatness of our district, schools, and programs. On September 15, 2022 the Board awarded the contract for marketing services to Presidio Communications. The District engaged Presidio Communications in mid September 2022 to consult on the District's communications and its overall marketing strategy. This includes support with communications operations, streamlining existing marketing processes, and making recommendations for strategic investments in the District's marketing. After an extensive three-month onboarding process that included an audit of the District's communications and marketing efforts, Presidio has worked with staff to make recommendations for new initiatives to improve the District's marketing and increase enrollment.

The purpose is for the Board of Education to review the policy and rescind the board policy per the CSBA recommendations.

Background:

The rescission of this policy is sanctioned by the California School Board Association. Policy 1621 - Home-Based Schooling has been deleted because the district does not have a role in the approval of home-based schooling options and because the legal options are unclear, CSBA has deleted this policy and may wish to retain it; however, district legal counsel should be consulted as appropriate. Material related to independent study for home-based students has been moved to BP 6158 -Independent Study, See also BP/AR 5112.1 - Exemption Form Attendance.

POLICY UPDATE: Board Bylaw 9300.11 Methods of Operation

Type	Discussion
------	------------

Purpose:

The Board President requests that the Board review the existing policy and her recommended updates.

Background:

Board Bylaw 9300.00: Methods of Operation is a unique bylaw to Newark Unified School District, and the California School Board Association does not have a similar policy or have a recommendation for this policy.

On January 12, 2023, the Board President requested to add to the agenda a discussion to review existing Board Bylaw 9124 and the recommended updates provided by Member Hill. The Board members may review the attachments and discuss them.

Per the Board President:

This Bylaw describes the order of the meetings of the Board of Education. During the transfer of NUSD policies from the old CSBA

GAMUT to the new GAMUT Policy Plus in October 2020, this bylaw was one of 63 policies that did not transfer cleanly to the new policy manual. Rather, it remained as a DRAFT in the new GAMUT and was not visible to the public. Two changes to this bylaw were made during that time without public comment, nor board discussion/approval. This agenda item seeks the board's input whether Board to ratify those unapproved bylaw changes, revert to the original bylaw, or recommend other changes to BB 9300.11

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

MOU Between NTA and NUSD to Increase In-House Substitute Rates

Type Action

Preferred Date Jan 19, 2023

Recommended Action The recommendation is that the Board of Education approves the MOU between NTA and NUSD to increase the in-house substitute rates.

Purpose:

The purpose is to increase the in-house substitute rates for the 2022-23 school year to help compensate for missed preparation periods.

Background:

This year we have continued to experience an increase in the need for substitute teachers. When a substitute cannot be secured, per the Collective Bargaining Agreement with NTA, site administrators first ask for volunteers to in-house substitute. If there are no volunteers, a teacher is assigned to be an in-house substitute based on a rotating schedule. In-house substitutes are currently compensated \$40 for their missed prep period. The MOU between NTA and NUSD would increase the rate from \$40 to \$70 per missed prep period, retroactively from August 10, 2022, and through the 2022-2023 school year. The District will continue to advertise for and attempt to recruit and hire substitutes, and shall not use the MOU to avoid filling any vacancies.

 Recommended The recommendation is that the Board of Education approves the overnight trip for the Birch
 Action Grove Intermediate Elementary fifth grade class to travel to Explore New Horizons, Camp
 Sempervirens.

Purpose:

The Birch Grove Intermediate Elementary community requests permission to take fifth grade students on a curricular, overnight field trip. Students will travel to Explore New Horizons, Camp Sempervirens, Scotts Valley, CA for an outdoor science education camp. Students will study science content standards for ecology, resources, life science, etc. while participating in team building activities with classmates and growing as individuals.

School: Birch Grove Intermediate

Dates: February 28, 2023 - March 3, 2023

Location: Explore New Horizons, Camp Sempervirens, Scotts Valley, CA
 Chaperones for Science Camp:

The ratio of adults to students on school-sponsored trips shall be based on the following formula:

K-3 1 adult for every 5-8 students

4-9 1 adult for every 10 students

10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).

No student will be denied due to a lack of funds.

Background:

According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal and fifth grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science camp program that is articulated with grade level curriculum. The programs are taught by credentialed staff members and camp staff and are viewed by the sites as a valuable part of the students' educational experience.

Purpose:

The NMHS Principal and Athletic Director request permission to take students on an athletic and overnight trip to Reno, Nevada for the 2022 Reed High School Softball Tournament.

Background:

The Newark Memorial High School Varsity Softball Team has been invited to return to the Reed High School Softball Tournament. This is a highly competitive invitation only tournament which we have been honored to attend for the past 11 years.

Date: March 30- April 1

Location: Reed High School

According to Board Policy 6153, all trips in excess of 125 miles, athletic trips, and overnight trips require Board approval. Newark Memorial High School Principal and Athletic Director request permission to take the Newark Memorial High School Varsity Softball team on an athletic trip to Reed, Nevada.

Requirements met:

Grade K-3, one adult for every 5-8 students; Grades 4-12, one adult for every 10 students; Board Policy requires at least two adults on every trip regardless of the number of students (BP 6153 and AR 6153)

Overnight trip supervision must be gender appropriate

No student will be denied due to a lack of funds

GRANT: 2023-2026 Alameda County Health Care Services Agency Mental Health Services Act Partnership Program

Type	Action
Preferred Date	Jan 19, 2023
Fiscal Impact	Yes
Dollar Amount	\$526,000.00
Budgeted	Yes
Budget Source	Mental Health Services Oversight and Accountability Commission under the Mental Health Services Act (MHSSA)
Recommended	The recommendation is that the Board of Education ratifies the contract with Alameda County
Action	Health Care Services Agency (HCSA) for Mental Health Services Act (MHSSA) Partnership Program services.

Purpose:

The Board of Education accepted the letter of intent with HCSA for MHSSA Partnership Program services on December 5, 2022. Staff now seek ratification of the finalized contract.

Alameda County Health Care Services Agency (HCSA) intends to contract with Newark Unified School District for Mental Health Services Act (MHSSA) Partnership Program services that aim to expand access to school-based mental health services for children and youth. The total amount for the grant is expected to be \$526,000 for the period between January 1, 2023, to December 31, 2026, with approximately \$90,000 reserved for the remainder of the 2022-2023 academic school year.

Funds received from this grant will be allocated according to provisions of the funding source, such as hiring a new mental health clinician to support with services to non-medical students, parent and family workshops, professional development for staff, and funding for student health and wellness initiatives.

Background:

School Health Initiatives are coordinated by the Center for Healthy Schools and Communities (CHSC), the Health Care Services Agency (HCSA) partners with school districts across the county to fund and implement school health initiatives, which are aligned with Alameda County's Vision 2026 goal of health care for all. School Health Initiatives deliver direct health and wellness services, create positive school environments, and provide consultation to schools to ensure the health and well-being of students, families, and their communities. School Health initiatives are powerful because they go beyond single programs. They coordinate the relationships and resources of a community toward a shared vision: healthy students learn better. Improved access to mental health services is foundational to supporting children and youth to develop into healthy, resilient adults. School-community mental health partnerships offer an opportunity to reach children and youth in an environment where they are comfortable and that is accessible. The purpose of the MHSSA is to establish additional mental health partnerships between county mental health or behavioral health departments and local education entities in order to provide increased access to mental health services in locations that are easily accessible to students and their families. Funded by the State of California, the MHSSA services may include: at a minimum, services that are provided on school campuses, to the extent practicable, suicide prevention, drop-out prevention, placement assistance, continuum-of-care for students in need of ongoing services, and outreach to high-risk youth. High-risk youth shall include foster youth, youth who identify as LGBTQ+, and youth who have been expelled or suspended from school.

SUBCONTRACT: EBAC (Alameda County Health Care Services Agency Mental Health Services Act Partnership Program)

Type	Action
Preferred Date	Jan 19, 2023
Fiscal Impact	Yes
Dollar Amount	\$62,000.00
Budgeted	Yes
Budget Source	Budget Source Mental Health Services Act (MHSSA) Partnership Program Grant
Recommended Action	The recommendation is that the Board of Education ratifies the subcontract with EBAC to fulfill agreements outlined in the Alameda County Health Care Services Agency (HCSA) for Mental Health Services Act (MHSSA) Partnership Program service agreement.

Purpose:

The Board of Education accepted the letter of intent with HCSA for MHSSA Partnership Program services on December 5, 2022. Staff now seek ratification of the finalized subcontract for an additional EBAC mental health provider to be located at Newark Memorial High School and Bridgepoint High School. The cost of this subcontract is covered under the MHSSA grant. Alameda County Health Care Services Agency (HCSA) intends to contract with Newark Unified School District for Mental Health Services Act (MHSSA) Partnership Program services that aim to expand access to school-based mental health services for children and youth. The total amount for the contract is expected to be \$526,000 for the period between January 1, 2023, to December 31, 2026, with approximately \$90,000 reserved for the remainder of the 2022-2023 academic school year. Funds will be allocated according to provisions of the funding source, such as hiring a new mental health clinician to support with services to non-medical students, parent and family workshops, professional development for staff, and funding for student health and wellness initiatives. As discussed on December 5, 2022, the district maintains a positive partnership with EBAC and has identified a clinician ready to serve NUSD youth. By partnering with EBAC, NUSD will increase student services, while minimizing the impact of additional reporting requirements.

Background:

School Health Initiatives are coordinated by the Center for Healthy Schools and Communities (CHSC), the Health Care Services Agency (HCSA) partners with school districts across the county to fund and implement school health initiatives, which are aligned with Alameda County's Vision 2026 goal of health care for all. MOU: Ohlone Connections and Dual Enrollment

Type	Action
Preferred Date	Jan 19, 2023
Fiscal Impact	No
Recommended Action	The recommendation is that the Board of Education approves the Ohlone Community College District agreements for College Connections and Dual Enrollment.

Purpose:

This is an updated MOU with the new Ohlone Community College District administration (OCCD) that has been in place since the

2018-19 school year. These agreements continue to offer Newark Memorial High School students dual enrollment opportunities at Ohlone Community College. As our programs and partnership continue to evolve, it is important to update agreements. Sections were highlighted on each agreement to show where existing agreements were adjusted to reflect current practice.

Background:

Newark Unified School District and the Ohlone College administration engaged in efforts to update the MOU currently in place in order to maintain our partnership and continue to offer Newark Unified students dual enrollment moving forward. Dual enrollment has proven to be an effective strategy to help advanced high school students begin college early. Dual enrollment also allows a broader range of students, particularly students from backgrounds for which a college education is not a given, to transition from high school to college.

NUSD and Ohlone are both committed to maintaining a strong partnership in alignment with Assembly Bill 288. With the new Ohlone administration in place, both dual enrollment and college connection agreements have been finalized for approval. AB 288 was voted into law in the fall of 2015, with the intent to facilitate the development and promotion of K-12 and community college dual enrollment partnerships and programs that target a broader range of high school students.

LCAP Federal Addendum 2022-23

Type	Action
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approves the LCAP Federal Addendum for
Action	2022-23.

Purpose:

To provide an annual update on the NUSD's use of Title funds in alignment with Federal requirements.

Background:

The LCAP Federal Addendum is a requirement for Local Educational Agencies (LEAs) applying for Every Student Succeeds Act (ESSA) funding. Its purpose is to supplement the LCAP in order to ensure that LEAs meet the requirements and provisions of the ESSA. Per the CDE, ESSA funding should be strategically considered and planned for on a yearly basis. Thus, it is also their recommendation that LEAs review and update their LCAP Federal Addendum annually. Federal Addendum is reviewed through the Federal Program Monitoring process in the Supporting Effective Instruction Program Instrument and the English Learner Program Instrument.

2023 School Attendance Review Board Panel Members

Type	Action
Preferred Date	Jan 19, 2023
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approves the proposed 2023 School
Action	Attendance Review Board list of Panel Members.

Purpose:

To approve the proposed membership of the School Attendance Review Board panel for the 2023 calendar year.

Background:

The School Attendance Review Board (SARB) addresses habitual truants, students irregular in attendance, and/or students who are habitually insubordinate or disorderly during attendance at school. The SARB reviews and investigates referrals from school sites at semi-monthly meetings and provides some case management and referrals to school and community-based organizations to address the cause of poor attendance or behaviors.

The SARB is chaired by the Coordinator of Pupil Services and is composed of personnel from the District and Tri-City municipal and community based organization representatives. In meeting with the student and family, the SARB Panel offers the services of their organizations, referrals to other organizations, and follow-up services. In some matters where services are exhausted, it is the SARB's responsibility to refer a case to the County District Attorney for mediation services or prosecution as a last resort.

The SARB Panel reviews student data and keeps student and family information confidential. The role of the SARB is described and outlined in California Education Code section 48263, et seq. Its mandate is further outlined in NUSD Board Policy 5113.1 Chronic Absence And Truancy, which is on this Board agenda for update.

School Attendance Review Board

Ed Code 48321 (b) (1) Local school attendance review boards may include, but need not be limited to, all of the following:

- (A) A parent.
- (B) A representative of school districts.
- (C) A representative of the county probation department.

- (D) A representative of the county welfare department.
- (E) A representative of the county superintendent of schools.
- (F) A representative of law enforcement agencies.
- (G) A representative of community-based youth service centers.
- (H) A representative of school guidance personnel.
- (I) A representative of child welfare and attendance personnel.
- (J) A representative of school or county health care personnel.
- (K) A representative of school, county, or community mental health personnel.
- (L) A representative of the county district attorney's office. If more than one county is represented in a local school attendance review board, a representative from each county's district attorney's office may be included.
- (M) A representative of the county public defender's office. If more than one county is represented in a county school attendance review board, a representative from each county's public defender's office may be included.
- (2) Other persons or group representatives shall be appointed by the county board of education.

POLICY UPDATE: Board Policy and Administrative Regulation 1230: School- Connected Organizations

Type Action, Procedural

Recommended The recommendation is that the Board of Education approves the updated board policy and

Action administrative regulation 1230: School-Connected Organizations.

Purpose:

The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:

This is the FIRST reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy and Administrative Regulation 1230: School-Connected Organizations
(BP/AR revised 5/16)

Policy and regulation are updated to clarify the relationship between the district and a school-connected organization, such as a booster club, parent-teacher organization, or other nonstudent organization. The policy adds material regarding the establishment of such organizations as separate legal entities subject to their own bylaws and rules, delegates the responsibility to approve organizations' fundraisers to the superintendent or designee, and reflects the legal requirement that donations and participation in fundraising activities be voluntary. Regulation adds authority of the district to revoke an organization's authorization to conduct activities in the district when necessary and adds rules designed to maintain the organization's status as a separate entity from the district based on recommendations in the Fiscal Crisis and Management Assistance Team's guidebook updated in 2015.

POLICY UPDATE: Board Policy and Administrative Regulation 4118/4218 - Dismissal/Suspension/Disciplinary Action

Type Action, Procedural
Preferred Date Jan 19, 2023
Recommended Action The recommendation is that the Board of Education approves the updated Board Policy and Administrative Regulation 4118/4218 - Dismissal/Suspension/Disciplinary Action.

Purpose:
 The purpose is for the Board of Education to review the recommended changes and approve the updated Board Policy and Administrative Regulation 4118/4218 - Dismissal/Suspension/Disciplinary Action.

Background:
 This is the FIRST reading of the attached policy and regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy and/or regulation will be brought back to the Board of Education for a second reading.

The 4000 section of the policy manual is further divided into employee classifications to allow for variations in language, if needed, according to Ed Code and/or the Collective Bargaining Agreement:

- 4000s All employees
- 4100s Certificated employees
- 4200s Classified employees
- 4300s Management, supervisory, and confidential employees

According to CSBA, to the extent that the policy is inconsistent with provisions of the collective bargaining agreement, the collective bargaining agreement would prevail.

Board Policy and Administrative Regulation 4118 has not been revised by the district since 2015.

Board Policy and Administrative Regulation 4218 has not been revised by the district since 2020.

Board Policy 4118/4218 - Dismissal/Suspension/Disciplinary Action Policy updated to reflect NEW COURT DECISION (Kennedy v. Bremerton School District), in which the U.S. Supreme Court held that the district's decision not to rehire a high school coach who refused to follow district direction to refrain from offering prayers openly in the presence of students after football games, violated the employee's free exercise and free speech rights. The policy also updated to include language formerly in AR that prohibits the disciplining of any employee for protecting a student who is exercising a free speech or press right, and to clarify language within the "Procedures for Serious Disciplinary Proceedings" section in Board Policy 4218.

Administrative Regulation 4118/4218 - Dismissal/Suspension/Disciplinary Action Regulation updated to move, from AR to BP, material which prohibits the disciplining of an employee for acting to protect a student's right to free speech or press, and to make clarifying changes throughout.

Type Action, Procedural
Preferred Date Jan 19, 2023
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approves the updated Board Policy and Administrative Regulation 5141.21 - Administering Medication And Monitoring Health Conditions

Purpose:
The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Staff request board approval on the first reading of this new board policy, as it provides updates that will allow the district to move forward with applying for a standing order of naloxone from the California Department of Health Care Services (DHCS) Naloxone Distribution Project (NDP) to receive free naloxone (Narcan) kits. The NDP aims to address the opioid crisis by reducing opioid overdose deaths through the provision of free naloxone. If approved, volunteer staff will be trained on appropriate administration.

Background:

POLICY UPDATE: Board Policy 3541.2 and Administrative Regulation 3541.2 - Transportation For Students With Disabilities

Type Action, Procedural
Preferred Date Jan 19, 2023
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approves the updated Board Policy 3541.2 and rescinds Administrative Regulation 3541.2 Transportation For Students With Disabilities

Purpose:
The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and rescind the administrative regulation.

Background:
This is the SECOND reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice.

Board Policy 3541.2 Transportation for Students with Disabilities:
The NUSD board policy has not been revised since 2007. The language has been replaced to match the sample board policy provided by the California School Board Association.
Administrative Regulation 3541.2 Transportation for Students with Disabilities:
The language in this policy is incorporated into the board policy and the administrative regulation has been rescinded by CSBA. BP/AR 3541.2 - Transportation for Students with Disabilities (5/16) (BP revised; AR deleted)

Policy updated to clarify the policy's applicability to students receiving services pursuant to Section 504 of the federal Rehabilitation Act of 1973, add sample criteria for individualized education program (IEP) teams to use when determining a student's transportation needs, and add material re: the provision of information to IEP teams. Regulation deleted and material moved to BP re: provision of alternative transportation when a student is excluded from school bus transportation for a

disciplinary or other reason, assurance that a contract with a nonpublic, nonsectarian school or agency addresses transportation as necessary, and transportation of service animals.

POLICY UPDATE: Board Policy 4112 and Administrative Regulation 4112/4212 - Appointment and Conditions of Employment

Type Action, Procedural
Preferred Date Jan 19, 2023
Recommended Action The recommendation is that the Board of Education rescinds Board Policy 4212 - Appointment and Conditions of Employment and approves the updated Administrative Regulation 4112/4212 - Appointment and Conditions of Employment.

Purpose:
 The purpose is for the Board of Education to rescind Board Policy 4212 - Appointment and Conditions of Employment and approve the updated Administrative Regulation 4112/4212 - Appointment and Conditions of Employment.

Background:
 This is the SECOND reading of the attached policy and regulations. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice.

The 4000 section of the policy manual is further divided into employee classifications to allow for variations in language, if needed, according to Ed Code and/or the Collective Bargaining Agreement:

- 4000s All employees
- 4100s Certificated employees
- 4200s Classified employees
- 4300s Management, supervisory, and confidential employees

In this case, the language between Administrative Regulation 4112 and Administrative Regulation 4212 varies to reflect the legal conditions specific to the appointment of certificated employees and classified employees.

Board Policy 4212:

The language formerly in this policy is now incorporated into the administrative regulation and the policy was rescinded per the California School Board Association.

Administrative Regulation 4112:

The regulation has not been revised by the district since the Board adopted it on 11/30/2015. The language has been replaced to match the sample board regulations provided by the California School Board Association.

Administrative Regulation 4212:

Regulation has not been revised by the district since the Board adopted it on 05/21/1996. The language has been replaced to match the sample board regulations provided by the California School Board Association.

POLICY UPDATE: Board Policy and Administrative Regulation 4219.11/4319.11 - Sexual Harassment

Type Action, Procedural
Preferred Date Jan 19, 2023
Recommended Action The recommendation is that the Board of Education approves the updated Board Policy and Administrative Regulation 4219.11/4319.11 - Sexual Harassment.

Purpose:
 The purpose is for the Board of Education to review the recommended changes and approve the updated Board Policy and Administrative Regulation 4219.11/4319.11 - Sexual Harassment.

Background:
 This is the SECOND reading of the attached policy and regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice.

The 4000 section of the policy manual is further divided into employee classifications to allow for variations in language, if needed, according to Ed Code and/or the Collective Bargaining Agreement:

- 4000s All employees
- 4100s Certificated employees
- 4200s Classified employees
- 4300s Management, supervisory, and confidential employees

The district revised Board Policy and Administrative Regulation 4119.11 - Sexual Harassment on February 4, 2021. Board Policy and Administrative Regulation 4219.11 and 4319.11 should have been updated and taken to the Board at the same time, as the language in all three policies and regulations is exactly the same.

Policy updated to clarify that, in some instances, it may be necessary to concurrently review a sexual harassment complaint under both the Title IX sexual harassment complaint procedures and the district's procedure reflecting state law, as described in AR 4030 - Nondiscrimination in Employment, in order to meet the applicable timelines. Policy also adds the requirement to provide supportive measures to the respondent as well as the complainant.

Regulation updated to add section on "Definitions," including the federal definition of sexual harassment for purposes of applying the Title IX complaint procedures. Section identifying the Title IX Coordinator(s) moved and revised to reference CSBA's AR 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaint Procedures. Section on "Notifications" adds federal requirement to disseminate the district's sexual harassment policy and procedures, along with the name and contact information of the Title IX Coordinator, by posting them in a prominent location on the district's web site and including them in any handbook provided to employees or employee organizations. New section on "Complaint Procedures" references the applicable procedures and the responsibility of the district to take prompt action to stop the sexual harassment, prevent recurrence, and address any continuing effects.

POLICY UPDATE: Board Policy and Administrative Regulation 5123 - Promotion/Acceleration/Retention

Type	Action, Procedural
Preferred Date	Jan 19, 2023
Fiscal Impact	No
Recommended Action	The recommendation is that the Board of Education approves the updated Board Policy and Administrative Regulation 5123 - Promotion/Acceleration/Retention

Purpose:
The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:
This is the SECOND reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. Board Policy 5123 - Promotion/Acceleration/Retention

The NUSD board policy has not been revised since 2007. The language has been replaced to match the sample board policy provided by the California School Board Association. Highlighted language reflects District practice.

Administrative Regulation 5123 - Promotion/Acceleration/Retention

The NUSD administrative regulation has not been revised since 2005. The language has been replaced to match the sample board policy provided by the California School Board Association.

(BP revised 7/19)

Policy updated to make minor revisions reflecting current law pertaining to the requirement to provide remedial instruction to students who are recommended for retention or are identified as being at risk for retention.

(BP/AR revised 12/13)

MANDATED policy updated to reflect the mandate that the policy provides for students to be identified for retention as early in the school year, and as early in their school careers, as possible. The policy reflects NEW LAW (AB 484) which establishes a new state assessment system, impacting the indicators that may be used to identify a student for retention. The policy also reflects NEW LAW (AB 97) which redirects into the LCFF funding for supplemental instruction for students in grades 2-9 who have been retained or recommended for retention (without eliminating the district's responsibility to provide supplemental instruction for such students) and for students in grades 2-6 who have been identified as being at risk of retention. The policy contains material formerly in AR re: grade levels at which students will be identified for retention, subjects that will be used as the basis for identifying students for retention, responsibility for retention decisions when the student has more than one teacher, and requirement for an appeals process. MANDATED regulation updated to reflect the California Department of Education (CDE) recommendation re: the timing of approving a student's continuation in kindergarten for an additional year and to clarify the process for parent/guardian appeal of a teacher's decision to promote or retain a student.

(Revise BP 7/05)

Updated MANDATED policy deletes material related to progress toward the high school exit examination which is covered in BP/AR 6162.52 - High School Exit Examination and makes other editorial changes. Note and legal references revised to reflect NEW LAW (AB 825 - categorical reform) establishing the Pupil Retention Block Grant which incorporates the purpose of optional supplemental instruction for students "at risk" of retention.

 Recommended Action The recommendation is that the Board of Education approves the updated Board Policy and Administrative Regulation 6159.3 Appointment of Surrogate Parent for Special Education.

Purpose:
 The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:
 This is the SECOND reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice.

This will be the first adoption of this board policy and administrative regulation. The language reflects the sample board policy provided by the California School Board Association.
 BP/AR 6159.3: Appointment of Surrogate Parent for Special Education (BP/AR 6159.3 - Revised 3/05)
 MANDATED policy and MANDATED regulation updated to reflect NEW FEDERAL LAW (IDEA Reauthorization), effective July 1, 2005. Material formerly in policy re: qualifications of a surrogate parent moved to regulation. Regulation reorganized and reflects NEW LAW which (1) requires the appointment of a surrogate for unaccompanied homeless youth and (2) requires districts to make a reasonable effort to appoint a surrogate within 30 days of the determination that a surrogate is needed. The regulation also contains a new section re: Termination of Appointment.

POLICY UPDATE: Board Policy 6183 - Home and Hospital Instruction

Type Action, Procedural
 Preferred Date Jan 19, 2023
 Fiscal Impact No
 Recommended Action The recommendation is that the Board of Education approves the updated Administrative Regulation 6183 Home and Hospital Instruction and rescind Board Policy 6183 Home and Hospital Instruction.

Purpose:
 The purpose is for the Board of Education to review the recommended changes and approve the updated Administrative Regulation 6183 Home and Hospital Instruction and rescind Board Policy 6183 Home and Hospital Instruction.

Background:
 This is the SECOND reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and

made revisions to reflect district practice.

Board Policy 6183 Home and Hospital Instruction:

The language in this policy is incorporated into the administrative regulation and the policy was rescinded by CSBA. (AR revised)

Regulation reorganized and updated to reflect NEW LAW (AB 2109) which expands the parental notification to include information regarding student eligibility for individual instruction and the duration of such instruction, requires that individual instruction in a student's home begin within five days of determining a student's eligibility, provides that students receiving individual instruction in a hospital for a partial week are eligible to attend school on days that they are not at the hospital, and provides that the absences of a temporarily disabled student must be excused until the student is able to return to the regular school program.

REPORT: Williams Uniform Complaint Quarterly Report October 1, 2022 to December 31, 2022

Type	Action
Absolute Date	Jan 19, 2023
Recommended	The recommendation is that the Board of Education approves the Williams Uniform Complaint
Action	Quarterly Report for the period of October 1, 2022 to December 31, 2022.

Purpose:
The purpose is for the Board of Education to receive and approve the Williams Uniform Complaint Quarterly Report for the period of October 1, 2022, to December 31, 2022.

Background:
Education Code 35186 requires that the Superintendent of a school district report summarized data on the nature and resolution of all complaints filed under the Williams Uniform Complaint Procedures to the local Board of Education and the County Superintendent of Schools on a quarterly basis. The report must include the number of complaints by general area, the number of resolved and unresolved complaints, and be publicly presented at a regularly scheduled Board meeting. The attached report is presented to the Board for the period of October 1, 2022, to December 31, 2022.

REPORT: Warrant Report for December 2022

Type	Action
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approves the Warrant Report as

Action presented.

Purpose:

The purpose of this item is to present warrants, for the total amount of \$2,362,993.15, made from District funds for December 2022.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

2022 Dashboard & CAASPP Results

Type Information

Purpose:

To share an update to the Board of Education and community about the Newark Unified School District's California School Dashboard results, which were released in December of 2022 by the California Department of Education. Preliminary CAASPP data was shared with the Board on August 22, 2022. This presentation will provide an overview of the public California Dashboard tool, an update on finalized CAASPP scores, and details on how results continue to inform district next steps.

Background:

The California School Dashboard, the state's accountability and continuous improvement system, provides annual reports that display the performance of districts, schools, and student groups based on a set of state and local measures. These reports help districts and schools monitor student progress and identify strengths and areas in need of improvement.

LCAP Mid Year Update

Type Information

Purpose:

To provide the Board of Education with an update on the use of federal and state funds as well as engagement, actions, and outcomes related to these funds.

Background:

Staff will present the 2022-23 mid-year report to the NUSD governing board related to engagement on and implementation of the LCAP. It should be noted that in 2021-22, California Assembly Bill 130 and the American Rescue Plan Act of 2021 required all LEAs to submit a Supplement to the Annual Update to the LCAP, and that this is no longer a requirement for 22-23 and future years. However, we continue this practice this year in order to keep the governing board and the public informed regarding progress on LCAP goals and actions. No board adoption is required until June with the 2022-23 LCAP.

Assignment of Yessenia Cerf-Arriola as a Special Education Teacher at Schilling Elementary on the Basis of a Short Term Staff Permit, Effective December 1, 2022.

Type Action
Absolute Date Jan 19, 2023
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approves the assignment of Yessenia Cerf-Arriola as a Special Education Teacher at Schilling Elementary on the basis of a Short Term Staff Permit, effective December 1, 2022.

Purpose:
 The purpose of this item is for the Board of Education to approve the assignment of Yessenia Cerf-Arriola as a Special Education Teacher at Schilling Elementary on the basis of a Short Term Staff Permit, effective December 1, 2022, due to the unavailability of a third-year extension of the intern program.

Background:
 Yessenia Cerf-Arriola has successfully served as a Special Education Teacher at Schilling Elementary since December of 2020 under an Intern Education Specialist Instruction Credential. Yessenia has completed her teaching program with Cal State East Bay and is working to complete the RICA, a reading instruction competence assessment measuring an individual's knowledge, skill, and ability relative to effective reading instruction. Upon completion of the RICA, Cal State East Bay will submit the formal recommendation for an Education Specialist Instruction Credential for Yessenia. There is no financial impact on the approval of this emergency permit.

Motion & Voting
 The recommendation is that the Board of Education approves the assignment of Yessenia Cerf-Arriola as a Special Education Teacher at Schilling Elementary on the basis of a Short Term Staff Permit, effective December 1, 2022.

New Secondary Courses for 2023-24

Type Action
Preferred Date Jan 19, 2023
Absolute Date Feb 09, 2023
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approves the updated courses for the 2023-24 academic school year.

Purpose:
 For the 2023-24 school year, Ed Services and Newark Memorial High School, in alignment with Curriculum and Assessment Council, is recommending the following:
 Pre-Calculus AP course
 Aerospace Engineering course
 Change of name only for Math Analysis to Pre-Calculus (in alignment with CA Mathematics Framework)

Background:
 For the recommended new courses, Ed Services has partnered with staff from Newark Memorial High School to present and receive approval from Curriculum and Assessment Council. Please note the following:
 Effective for the 2023-24 school year, the AP College Board will offer an AP exam for Precalculus. Like many districts, Newark Unified intends to provide students an opportunity to take this exam by offering a Pre-Calculus AP course
 Aerospace Engineering, a 'G' elective, will replace Astronomy/Aerospace/Rocketry (which is currently not A-G approved), thus allowing the course to count for college admissions. The new course will have an increased emphasis on engineering and design and eventually be folded into the STAR initiative
 In alignment with the Pre-Calculus AP course and the College Board, it is recommended for consistency purposes that all Math Analysis courses receive a name change to Pre-Calculus (i.e. Math Analysis and Blended Algebra 2/Math Analysis)

Birch Grove Primary Elementary School Parking Lot Improvement Project

Type Action
Fiscal Impact Yes
Dollar Amount \$841,631.00
Budget Source Fund 25 Capital Facilities Fund
Recommended Action The recommendation is that the Board of Education approve the Birch Grove Primary Elementary School Parking Lot Improvement Project.

Purpose:
 To approve the Birch Grove Primary Parking Lot Improvement Project and Preliminary Budget. Staff will come back with bid results and recommendation for bid award in the Spring 2023.

Background:

The Birch Grove Primary Parking Lot paving is well beyond its useful life. The paving is cracked and causes tripping hazards as well as safety concerns with students walking across the parking lot in front of moving vehicles during drop-off and pick-up. There are potholes and drainage issues. The existing parking lot also has circulation issues with parked cars backing into the lane of parents dropping off. The new design of this parking lot is intended to address and alleviate these issues. The District has held community engagement meetings with stakeholders including the School Site Council and Parent Teacher Association. We had initial meetings with both groups to get their feedback and followed up with a second round of meetings to share with them a conceptual design that addressed their concerns. The scope of work for this project would include demolition of the existing paving, grading, drainage improvements, new paving, new trash enclosure, accessible parking and path of travel upgrades, concrete curbs and sidewalks, fencing, gates, paving seal coat and restriping. A preliminary budget has been developed in the amount of \$841,631. During preliminary design the Civil Engineer will meet with DSA (Division of the State Architect) to review the scope of the project and address DSA requirements. A project contingency is included in the preliminary budget to address potential scope revisions required by DSA. This action item is to approve the Birch Grove Primary Parking Lot Improvement Project and preliminary project budget.

Audit Report for Fiscal Year Ended June 30, 2022

Type Action
Recommended Action The recommendation is that the Board of Education accepts the independent audit report for the fiscal year ending June 30, 2022, as presented.

Purpose:
The purpose of this item is for the Board to receive information about and accept the financial audit report for the fiscal year ending June 30, 2022, as presented.

Background:
In accordance with generally accepted auditing standards and Government Auditing Standards, the independent auditing firm of Christy White, Inc. has completed its audit of the combined financial statements of the Newark Unified School District for the year ending June 30, 2022. A representative from Christy White, Inc. will present the audit report to the Board for review. The audit report is the financial document that all outside agencies review, county offices scrutinize, and bond rating agencies rely on. The District prepares all reports in the state-approved format, but the audit report is the document that is readily available to the public and is audited in accordance with Government Auditing Standards and the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. The district's Audit Committee met and reviewed the audit report on January 10, 2023.

17 BOARD MEMBER REQUESTS

POLICY UPDATE: Board Bylaw 9124 Attorney

Type Discussion

Purpose:

The Board President requests that the Board review the existing policy and her recommended updates.

Background:

On January 12, 2023, the Board President requested to add to the agenda a discussion to review existing Board Bylaw 9124 and the recommended updates provided by Member Hill. The Board members may review the attachments and discuss them.

Per the Board President:

The CSBA Recommended Bylaw 9124 has an additional paragraph under "Contacting Legal Counsel" that allows the Board President or Superintendent to confer with district legal counsel at his/her discretion.

The Board President recommends the CSBA paragraph be edited to require that the Board President must have the approval of a board majority to confer with legal counsel, except when a special or emergency meeting requires legal counsel attendance.

POLICY UPDATE: Board Bylaw 9123.1 Vice President

Type Discussion

Purpose:

The Board President requests that the Board review the existing policy and her recommended updates.

Background:

Board Bylaw 9123.1: Vice President is a unique bylaw to Newark Unified School District, as the California School Board Association has incorporated this bylaw under Board Bylaw 9123: Clerk, describing the duties of the Clerk, which in NUSD's case the clerk is also the vice president.

On January 12, 2023, the Board President requested to add to the agenda a discussion to review existing Board Bylaw 9124 and the recommended updates provided by Member Hill. The Board members may review the attachments and discuss them.

Per the Board President:

This Bylaw will codify the role of the Vice President in the preparation of the Board meeting agendas. The inclusion of the Vice President in the agenda setting meeting will add an additional perspective to the discussion and will support the transition of the Vice President should he/she be elected as president the following year.

POLICY UPDATE: Board Bylaw 9300.11 Methods of Operation

Type Discussion

Purpose:

The Board President requests that the Board review the existing policy and her recommended updates.

Background:

Board Bylaw 9300.00: Methods of Operation is a unique bylaw to Newark Unified School District, and the California School Board Association does not have a similar policy or have a recommendation for this policy.

On January 12, 2023, the Board President requested to add to the agenda a discussion to review existing Board Bylaw 9124 and the recommended updates provided by Member Hill. The Board members may review the attachments and discuss them.

Per the Board President:

This Bylaw describes the order of the meetings of the Board of Education. During the transfer of NUSD policies from the old CSBA GAMUT to the new GAMUT Policy Plus in October 2020, this bylaw was one of 63 policies that did not transfer cleanly to the new policy manual. Rather, it remained as a DRAFT in the new GAMUT and was not visible to the public. Two changes to this bylaw were made during that time without public comment, nor board discussion/approval. This agenda item seeks the board's input whether Board to ratify those unapproved bylaw changes, revert to the original bylaw, or recommend other changes to BB 9300.11

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 OLD BUSINESS

2021-22 District Goals and Superintendent Objectives

Type Action
Recommended Action The recommendation is that the Board of Education approve the 2021-22 District Goals and Superintendent Objectives.

Purpose: For the board to approve the finalized district goals and superintendent objectives as articulated in the District Goals and Superintendent Objectives 2021-22 document.

Background: "Each year of the agreement, the Board and the Superintendent shall establish by mutual agreement the Superintendent's performance and benchmarks for the next school year. Evaluations shall be based upon the achievement of the mutually agreed upon performance goals for the year in question, the Superintendent's effectiveness at discharging his duties as defined in this Agreement and Board Policies, and job description, if any." (Superintendent Contract)
"Evaluation criteria shall be agreed upon by the Board and Superintendent prior to the evaluation and shall include, but not be limited to, district goals and success indicators; educational, management, and community leadership skills; and the Superintendent's professional relationship with the Board. The Board and Superintendent shall jointly determine the evaluation method(s) and schedule that will best serve the district and the structure and format of the instrument to be used." BP 2140
At the October 27th Board meeting, the Board reviewed the prior year's goals and objectives and identified the areas of focus which the District should either start, stop, or continue for the 2021-2022 school year. At the November 18th, December 6th, and December 14th, 2021, meetings the Board discussed the 2021-22 District Goals and Superintendent Objectives and provided valuable feedback and input into the direction for this current school year. Per the direction of the Board, the Superintendent created the attached document, which provides a SMARTER goal accountability framework in order to track the level of implementation and impact of desired outcomes. During the school year, there are thousands of actions the administration takes in order to serve our students and families. The purpose of this document is to name the top priority areas for the year and the means to measure progress in these priority areas, in order to collectively stay focused on those areas with the highest leverage potential and the greatest academic return on investment for our students, families, and district.

Appointment of a Board Representative to Mission Valley Regional Occupational Program (MVROP) Governing Council

Type Action

Recommended	The recommendation is that the Board of Education appoints a Board Representative and
Action	Alternate to Mission Valley Regional Occupational Program Governing Council.

Purpose:

To nominate and appoint a representative and alternate to the Mission Valley Regional Occupational Program (MVROP) Governing Council.

Background:

Board Bylaw 9140: The Governing Board recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Board may appoint any of its members to serve as its representative on a district committee or on a committee of another public agency or organization of which the Board or district is a member or to which the Board is invited to participate. The Education Code requires a Regional Occupational Center/Program Exhibit to be governed by a board of trustees as established by the Joint Powers Agreement. The Mission Valley ROC/P board of trustees is composed of one member of the Board of Education from Fremont, Newark, and New Haven unified school districts. Each year at this time a representative from the Board is selected to be the District's representative to the ROC/P Executive Board. Meetings are held on the third Thursday of the month at 3:30 pm.

Appointment of a Board Representative to Regional Policy Board of Special Education Local Plan Area (SELPA)

Type Action
Recommended The recommendation is that the Board of Education appoint the Board Representative and
Action Alternate to the Regional Policy Board of Special Education Local Plan Area (SELPA).

Purpose:
 To appoint a representative and alternate to the Mission Valley SELPA to continue until the end of this current school year.

Background:
 Board Bylaw 9140: The Governing Board recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Board may appoint any of its members to serve as its representative on a district committee or on a committee of another public agency or organization of which the Board or district is a member or to which the Board is invited to participate.
 In 1977, all school districts and county school offices were mandated to form consortiums in geographical regions of sufficient size and scope to provide for all special education service needs of children residing within the region's boundaries. Each region, Special Education Local Plan Area (SELPA), developed a local plan describing how it would provide special education services.
 SELPAs are dedicated to the belief that all students can learn and that special needs students must be guaranteed equal opportunity to become contributing members of society. SELPAs facilitate high-quality educational programs and services for special needs students and training for parents and educators. The SELPA collaborates with county agencies and school districts to develop and maintain healthy and enriching environments in which special needs students and families can live and succeed.
 The Mission Valley SELPA consists of three school districts: New Haven Unified, Newark, and Fremont Unified School Districts. The SELPA was formed for the purpose of ensuring that quality special education programs and services are available to students living throughout the area. All three school districts coordinate to provide services to identified students who require special education programs and services. The special education directors within each of the districts meet regularly to share resources and coordinate as related to shared program goals. The 2022-23 Mission Valley SELPA Regional Policy Board Meeting dates are:
 September 27, 2022, 3:30-5:30 PM
 November 15, 2022, 3:30-5:30 PM
 March 14, 2023, 3:30-5:30 PM
 June 13, 2023, 3:30-5:30 PM
 It is recommended that the Board appoint a representative and an alternate to the SELPA.

 Board Bylaw 9140: The Governing Board recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Board may appoint any of its members to serve as its representative on a district committee or on a committee of another public agency or organization of which the Board or district is a member or to which the Board is invited to participate.
 The California Teacher Induction Program (CTIP) formerly known as Beginning Teacher Support and Assessment Induction (BTSA Induction) is a program co-sponsored by the California Department of Education (CDE) and California Commission on Teacher Credentialing (CCTC) designed to support the professional development of newly-credentialed teachers and fulfill the requirements for the California professional clear Multiple/ Single-subject and/or Education Specialist credentials. Senate Bill 2042 identified it as the only pathway to a clear credential. While the name changed in 2014, the intent and purpose remain the same:
Teacher Induction Program Goals:
 Provide an effective transition into the teaching career.
 Improve the educational performance of students through improved training, information, and assistance of new teachers.
 Enable candidates to be effective in teaching students who are culturally, linguistically, and academically diverse.
 Ensure the professional success and retention of new teachers.
 Ensure that a mentor provides individualized & job-embedded support and professional learning guidance.
 Ensure that an Individualized Learning Plan is developed by each candidate and is based on ongoing self-assessment on the California Standards for the Teaching Profession / Continuum of Practice.
 Ensure continuous program improvement through an ongoing process of inquiry.
 Newark Teacher Induction is a commission-approved Induction program. It is approved to support general and special education teachers who need to clear preliminary and/or Level I credentials.
 A Program Director provides day-to-day coordination within the local school districts and is responsible for implementing and coordinating local support, and ensuring program accountability and quality. An Advisory Council provides support and recommendations to the Program Director in matters of program implementation and evaluation. The Advisory Council consists of mentors, administrators, and board members from all the partner districts and/or schools. The Program Director serves as the program manager and executive officer of the Advisory Council.

Meetings are quarterly and usually held on a Friday morning, however, the council will come to an agreement on a time that works best for all.

The Assistant Superintendent of Educational Services and/or Superintendent also attend the Newark Teacher Induction Council meetings.

CONTRACT: MOU Extension with Beacon Consulting Group - Energy & Water Efficiency Work

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$66,000.00
Budgeted	Yes
Budget Source	Fund 10 General Fund and Fund 40 Special Reserve for Capital Outlay
Recommended	The recommendation is that the Board of Education approves an extension of the MOU with
Action	Beacon Consulting Group (BCG) for an additional five (5) years.

Purpose:

The purpose is to approve an extension of the MOU (Memorandum of Understanding) with Beacon Consulting Group (BCG) for an additional five years (through June 30, 2027) to continue providing energy and water efficiency work, Prop 39 final reporting services, acquisition of grants, and, as requested, infrastructure work.

Background:

The extension includes the following services:

1. Continue working with Bay Area Air Quality Management District (BAAQMD) with existing grants for electric vehicles and future grants that become available; PG&E rebates and electric vehicle charging stations.
2. Provide assistance on future cost savings grant opportunities.

Beacon Consulting Group has provided energy and water efficiency services to NUSD since 2013. They have been instrumental in securing \$1.4 million in Prop 39 funds for energy and water efficiency work. They are currently working with BAAQMD and PG&E to provide the district with cost savings to purchase electric vehicles, and cost savings for the construction of a charging station infrastructure at the Maintenance, Operations and Transportation (MOT) yard.

The financial effect of BCG's work is to decrease operating cost by using grants and other public funding to improve the energy and water efficiency of the District's operations. BCG is paid by receiving a percentage of district cost savings and on an hourly rate for grant management such as time spent to apply for grants, working with grant organizations on the implementation of the programs being supported.

CONTRACT: Bid Award Electric Vehicle Charging Stations Project

Type Action
 Fiscal Impact Yes
 Dollar Amount \$52,500.00
 Budget Source Bay Area Air Quality Management District Grant and Fund 40 Special Reserve for Capital
 Outlay
 Recommended Action The recommendation is that the Board of Education award the contract to Pappas Energy Inc. for the Electric Vehicle Charging Stations Project.

Purpose:
 To award a contract for the Electric Vehicle Charging Stations Project to Pappas Energy Inc. as part of the grant requirements from the Bay Area Air Quality Management District (BAAQMD).

Background:
 The scope of work for this project includes the installation of five (5) electric vehicle charging stations at the district MOT yard, which includes the concrete pad, and wiring from the electrical panel to the EV chargers. Two of the charging stations will be operational immediately to use for the district's electric buses. The other three will be activated as new electric vehicles are added. This project does not require DSA approval. The estimated cost was about \$50K. The cost of the recommended bid award is \$52,500.

On June 17, 2021, the Board of Trustees approved the PG&E Electric Vehicle Fleet Electrification Program Grant for Electric Vehicle Charging Station Infrastructure. This project began on June 19, 2019, when the Board approved Resolution 2139, confirming its interest in applying for funding to replace its five school buses with zero-emissions buses and related charging infrastructure.

The BAAQMD grant approved in December 2020 provides \$75,770 towards this project and qualified NUSD for PG&E's Electric Vehicle Fleet Electrification program. PG&E has designed the infrastructure, at their cost, and has installed a new electric meter that has the capacity to handle the additional load, in preparation for installing the charging stations.

The Electric Vehicle Charging Stations Project went through a bidding process under the California Uniform Public Construction Cost Accounting Act (CUPCCAA).

E Design C provided the drawings and scope of work for the project. All potential bidders were provided with the drawings and given an opportunity to speak with the design engineer.

Three (3) bids were received for the Electric Vehicle Charging Stations Project.

Bidder	Proposal Date	Bid Walk Date	Proposal
Smith & Sons	8/3/22	7/21/22	\$131,000
Pappas Energy	8/15/22	7/14/22	\$52,500

RESOLUTION 2022.23.15 Combined Annual Accounting of Developer Fees for 2021-2022 and Five Year Report

Type Action
 Recommended Action The recommendation is that the Board of Education approves Resolution 2022.23.15 Combined Annual Accounting of Developer Fees (Fund 25) for 2021-2022 and the Five Year Report.

Purpose:
 The purpose of this item is to seek Board approval of Resolution 2022.23.15 Combined Annual Accounting of Developer Fees (Fund 25 Capital Facilities Fund) for 2021-2022 and the Five Year Report.

Background:
 Districts that maintain a developer fee fund are required to prepare an annual accounting of that fund. The Board of Education enacted developer fees to provide for the reconstruction and/or modernization of existing facilities. Under Government Code Section 66006(b), each school district that imposes developer fees is required to annually review the income and the amount of expenditures from developer fees. The report must be publicly available 15 days prior to Board action to adopt a resolution affirming the reported information and making necessary findings.

Three fee schedules were used when collecting developer fees for FY 2021-22 (July 1, 2021, through June 30, 2022): residential development, commercial & industrial devolvment, and mini-storage development.

Board Approved	Fees in Effect	Residential	Commercial	Mini-Storage
August 6, 2020	10/5/20 - 6/5/22	4.08	0.66	0.08
April 7, 2022	6/6/22 - present	4.79	0.78	0.07

The total amount in Fund 25, Capital Facilities Fund was \$16,827,210.06 as of June 30, 2022.

Government Code 66001 requires that school districts make an additional finding every five (5) years for any fund in which those fees remained unexpended at the end of the fiscal year. Many school districts issue a Five Year Report annually. This report

covers fiscal years 2017-2022.

POLICY UPDATE: Board Policy 3541.2 and Administrative Regulation 3541.2 - Transportation For Students With Disabilities

Type Action, Procedural
Recommended The recommendation is that the Board of Education approves the updated Board Policy
Action 3541.2 and rescinds Administrative Regulation 3541.2 Transportation For Students With Disabilities

Purpose:
The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and rescind the administrative regulation.

Background:
This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy 3541.2 Transportation for Students with Disabilities:

The NUSD board policy has not been revised since 2007. The language has been replaced to match the sample board policy provided by the California School Board Association.

Administrative Regulation 3541.2 Transportation for Students with Disabilities:

The language in this policy is incorporated into the board policy and the administrative regulation has been rescinded by CSBA. BP/AR 3541.2 - Transportation for Students with Disabilities (5/16) (BP revised; AR deleted)

Policy updated to clarify the policy's applicability to students receiving services pursuant to Section 504 of the federal Rehabilitation Act of 1973, add sample criteria for individualized education program (IEP) teams to use when determining a student's transportation needs, and add material re: the provision of information to IEP teams. Regulation deleted and material moved to BP re: provision of alternative transportation when a student is excluded from school bus transportation for a disciplinary or other reason, assurance that a contract with a nonpublic, nonsectarian school or agency addresses transportation as necessary, and transportation of service animals.

POLICY UPDATE: Board Policy 4112 and Administrative Regulation 4112/4212 - Appointment and Conditions of Employment

Type Action, Procedural
Recommended The recommendation is that the Board of Education rescinds Board Policy 4212 - Appointment
Action and Conditions of Employment and approves the updated Administrative Regulation 4112/4212 - Appointment and Conditions of Employment.

Purpose:
The purpose is for the Board of Education to rescind Board Policy 4212 - Appointment and Conditions of Employment and approve the updated Administrative Regulation 4112/4212 - Appointment and Conditions of Employment.

Background:
This is the first reading of the attached policy and regulations. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the regulations will be brought back to the Board of Education for a second reading.

The 4000 section of the policy manual is further divided into employee classifications to allow for variations in language, if needed, according to Ed Code and/or the Collective Bargaining Agreement:

- 4000s All employees
- 4100s Certificated employees
- 4200s Classified employees
- 4300s Management, supervisory, and confidential employees

In this case, the language between Administrative Regulation 4112 and Administrative Regulation 4212 varies to reflect the legal conditions specific to the appointment of certificated employees and classified employees.

Board Policy 4212:

The language formerly in this policy is now incorporated into the administrative regulation and the policy was rescinded per the California School Board Association.

Administrative Regulation 4112:

The regulation has not been revised by the district since the Board adopted it on 11/30/2015.

The language has been replaced

to match the sample board regulations provided by the California School Board Association.

Administrative Regulation 4212:

Regulation has not been revised by the district since the Board adopted it on 05/21/1996.

The language has been replaced to

match the sample board regulations provided by the California School Board Association.

POLICY UPDATE: Board Policy and Administrative Regulation 4219.11/4319.11 - Sexual Harassment

Type Action, Procedural

Recommended The recommendation is that the Board of Education approves the updated Board Policy and

Action Administrative Regulation 4219.11/4319.11 - Sexual Harassment.

Purpose:

The purpose is for the Board of Education to review the recommended changes and approve the updated Board Policy and Administrative Regulation 4219.11/4319.11 - Sexual Harassment.

Background:

This is the first reading of the attached policy and regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. The 4000 section of the policy manual is further divided into employee classifications to allow for variations in language, if needed, according to Ed Code and/or the Collective Bargaining Agreement:

4000s All employees

4100s Certificated employees

4200s Classified employees

4300s Management, supervisory, and confidential employees

The district revised Board Policy and Administrative Regulation 4119.11 - Sexual Harassment on February 4, 2021. Board Policy and Administrative Regulation 4219.11 and 4319.11 should have been updated and taken to the Board at the same time, as the language in all three policies and regulations is exactly the same.

Policy updated to clarify that, in some instances, it may be necessary to concurrently review a sexual harassment complaint under both the Title IX sexual harassment complaint procedures and the district's procedure reflecting state law, as described in AR 4030 - Nondiscrimination in Employment, in order to meet the applicable timelines. Policy also adds the requirement to provide supportive measures to the respondent as well as the complainant.

Regulation updated to add section on "Definitions," including the federal definition of sexual harassment for purposes of applying the Title IX complaint procedures. Section identifying the Title IX Coordinator(s) moved and revised to reference CSBA's AR 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaint Procedures. Section on "Notifications" adds federal requirement to disseminate the district's sexual harassment policy and procedures, along with the name and contact information of the Title IX Coordinator, by posting them in a prominent location on the district's web site and including them in any handbook provided to employees or employee organizations. New section on "Complaint Procedures" references the applicable procedures and the responsibility of the district to take prompt action to stop the sexual harassment, prevent recurrence, and address any continuing effects.

POLICY UPDATE: Board Policy and Administrative Regulation 5123 - Promotion/Acceleration/Retention

Type Action, Procedural

Recommended The recommendation is that the Board of Education approves the updated Board Policy and

Action Administrative Regulation 5123 - Promotion/Acceleration/Retention

Purpose:

The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:

This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy 5123 - Promotion/Acceleration/Retention

The NUSD board policy has not been revised since 2007. The language has been replaced to match the sample board policy provided by the California School Board Association. Highlighted language reflects District practice.

Administrative Regulation 5123 - Promotion/Acceleration/Retention

The NUSD administrative regulation has not been revised since 2005. The language has been replaced to match the sample board policy provided by the California School Board Association.

(BP revised 7/19)

Policy updated to make minor revisions reflecting current law pertaining to the requirement to provide remedial instruction to students who are recommended for retention or are identified as being at risk for retention.

(BP/AR revised 12/13)

MANDATED policy updated to reflect the mandate that the policy provides for students to be identified for retention as early in the school year, and as early in their school careers, as possible. The policy reflects NEW LAW (AB 484) which establishes a new state assessment system, impacting the indicators that may be used to identify a student for retention. The policy also reflects NEW LAW (AB 97) which redirects into the LCFF funding for supplemental instruction for students in grades 2-9 who have been retained or recommended for retention (without eliminating the district's responsibility to provide supplemental instruction for such students) and for students in grades 2-6 who have been identified as being at risk of retention. The policy contains material formerly in AR re: grade levels at which students will be identified for retention, subjects that will be used as the basis for identifying students for retention, responsibility for retention decisions when the student has more than one teacher, and requirement for an appeals process. MANDATED regulation updated to reflect the California Department of Education (CDE) recommendation re: the timing of approving a student's continuation in kindergarten for an additional year and to clarify the process for parent/guardian appeal of a teacher's decision to promote or retain a student.

(Revise BP 7/05)

Updated MANDATED policy deletes material related to progress toward the high school exit examination which is covered in BP/AR 6162.52 - High School Exit Examination and makes other editorial changes. Note and legal references revised to reflect NEW LAW (AB 825 - categorical reform) establishing the Pupil Retention Block Grant which incorporates the purpose of optional supplemental instruction for students "at risk" of retention.

POLICY UPDATE: Board Policy and Administrative Regulation 6159.3 - Appointment of Surrogate Parent for Special

Type Action, Procedural

Recommended The recommendation is that the Board of Education approves the updated Board Policy and

Action Administrative Regulation 6159.3 Appointment of Surrogate Parent for Special Education

Purpose:

The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:

This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

This will be the first adoption of this board policy and administrative regulation. The language reflects the sample board policy provided by the California School Board Association.

BP/AR 6159.3: Appointment of Surrogate Parent for Special Education

(BP/AR 6159.3 - Revised 3/05)

MANDATED policy and MANDATED regulation updated to reflect NEW FEDERAL LAW (IDEA Reauthorization), effective July 1, 2005. Material formerly in policy re: qualifications of a surrogate parent moved to regulation. Regulation reorganized and

reflects NEW LAW which (1) requires the appointment of a surrogate for unaccompanied homeless youth and (2) requires districts to make a reasonable effort to appoint a surrogate within 30 days of the determination that a surrogate is needed. The

regulation also contains a new section re: Termination of Appointment.

POLICY UPDATE: Board Policy 6164.6 and Administrative Regulation 6164.6 - Identification And Education Under Section 504

Type Action, Procedural

Recommended The recommendation is that the Board of Education approves the updated Board Policy and

Action Administrative Regulation 6164.6 Identification And Education Under Section 504

Purpose:

The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:

This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

The policy and regulation have not been updated by the district since the last revised date in 2014. Since then, CSBA has made the revisions listed below.

Board Policy and Administrative Regulation 6164.6 Identification And Education Under Section 504 (BP/AR revised 12/16)

Policy updated to add requirements to address the needs of students with disabilities in the district's local control and accountability plan. Regulation updated to reflect NEW FEDERAL REGULATIONS (81 Fed. Reg. 53203) which primarily revise definitions used in the Americans with Disabilities Act.

POLICY UPDATE: Board Policy 6183 - Home and Hospital Instruction

Type	Action, Procedural
Recommended	The recommendation is that the Board of Education approves the updated Administrative
Action	Regulation 6183 Home and Hospital Instruction and rescind Board Policy 6183 Home and Hospital Instruction

Purpose:
The purpose is for the Board of Education to review the recommended changes and approve the updated Administrative Regulation 6183 Home and Hospital Instruction and rescind Board Policy 6183 Home and Hospital Instruction.

Background:
This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy 6183 Home and Hospital Instruction:

The language in this policy is incorporated into the administrative regulation and the policy was rescinded by CSBA. (AR revised)

Regulation reorganized and updated to reflect NEW LAW (AB 2109) which expands the parental notification to include information regarding student eligibility for individual instruction and the duration of such instruction, requires that individual instruction in a student's home begin within five days of determining a student's eligibility, provides that students receiving individual instruction in a hospital for a partial week are eligible to attend school on days that they are not at the hospital, and provides that the absences of a temporarily disabled student must be excused until the student is able to return to the regular school program.

REPORT: Donations Report

Type	Action
Recommended	The recommendation is that the Board of Education accepts the Donations Report as
Action	presented.

Purpose:
The purpose is to acknowledge the receipt of donations to the District.

Background:
Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledged and budgeted properly according to donor restrictions. There is acknowledgment at the public Board meeting and a letter of thanks is sent to the donor by the Business Office for NUSD.

REPORT: Warrant Report for November 2022

Type Action

Recommended The recommendation is that the Board of Education approves the Warrant Report as
Action presented.

Purpose:

The purpose of this item is to present warrants, for the total amount of \$2,504,064.68, made from District funds for November 2022.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

EL Master Plan Revision Announcement

Type Information

Purpose:

The purpose is to inform the Board of Trustees and the public about our intent to revise our District's English Learner Master Plan, which was last updated in 2019.

Background:

The primary purpose of the English Learner Master Plan is:

To provide the district and the schools with a clear statement of policies related to the development, implementation, and evaluation of English learner programs and services.

To provide specific procedural guidelines for the identification, assessment, and placement of students; reclassification of students; notification and involvement of parents; the formation and functioning of the District English Learner Advisory Committee and site English Learner Advisory Committees; the annual evaluation of English learner programs; and the use of state and federal funds for EL programs and services.

To align policies and procedures with current state and federal mandates.

To provide resources for deeper learning about best instructional practices to support the growth and progress of English Learners.

The Newark Unified School District EL Master Plan will be updated in collaboration with teachers, staff, parents, district leaders, county EL coordinators, non-profit experts, and students.

2022-23 First Interim Budget Report

Type Action Recommended Action The recommendation is that the Board of Education approves the 2022-23 First Interim Report with Positive Certification.

Purpose: The purpose of the Interim Report is to advise the Board of Education, administrators, the public and other interested agencies of the District's financial condition at periodic intervals during the fiscal year.

Background: At each interim reporting period, the District must make a certification as to its fiscal health for the current and upcoming two years. A POSITIVE certification indicates that the District WILL be able to meet its financial obligations for the current and upcoming two years. A QUALIFIED certification indicates the District MAY NOT be able to meet its financial obligations for the current and upcoming two years. A NEGATIVE certification indicates the District WILL NOT be able to meet its financial obligations in the current or upcoming two years. The First Interim Budget Report is a "snapshot" in time of the District's revenue and expenditure forecasts for the current fiscal year as well as a projection of the two subsequent fiscal years. It is a good time to adjust the budget based upon any known changes. The First Interim Budget Report covers the period of time from July 1 through October 31 each fiscal year. AB 1200 requires all California school districts to submit two interim reports to their County Office of Education. This year, the First Interim Report is due to the Alameda County Office of Education (ACOE) by December 15, 2022.

RESOLUTION 2022.23.18 Designating Certain General Funds as Committed Fund Balance for 2022-23

Type Action, Procedural
Recommended The recommendation is that the Board of Education adopts Resolution 2022.23.18
Action Designating Certain General Funds as Committed Fund Balance for 2022-23.

Purpose:
To approve the Committed designations to the Fund Balance as presented in Resolution 2022.23.18 Designating Certain General Funds as Committed Fund Balance for 2022-23.

Background:
As a result of the balance in the Public School System Stabilization Account, the statutory limitation on school district reserves has been triggered for the 2022-23 budget period, pursuant to Education Code (EC) section 42127.01(e). Beginning with the 2022-23 fiscal year, the district reserve cap requires that a school district's adopted or revised budget shall not contain a combined assigned or unassigned ending general fund balance of more than 10 percent of those funds. Assigned and unassigned balances within Fund 17 Special Reserve Fund for Emergency Purposes are included within the 10% reserve cap. Components of the fund balance designated as committed funds are not included in the 10% reserve cap. On September 15, 2022, the Board adopted Resolution 2022.23.07 designating \$11,935,656 in general funds as Committed to Fund Balance. Included in the Committed Fund Balance designations was the LCAP carryover in the amount of \$857,780. This carryover has been transferred from the Fund Balance to the LCAP operating budget expenditures. Consequently, the Committed Fund Balance designations have been updated. The revised total Committed Fund Balance is \$11,077,876. The Committed Fund Balance designations are necessary to meet the 10% reserve cap requirement.

17 CONSENT AGENDA: PULLED AGENDA ITEMS

PLACEHOLDER - Pulled Consent Agenda Items

Type Action

Purpose:
This is specifically a placeholder, and will only be used if agenda items from the consent categories are pulled for additional discussion.

Background:
Items within the Consent Agenda are considered routine and will be approved, adopted, or ratified by a single motion and action. There will not be a separate discussion of these items; however, any item may be pulled from the Consent Agenda upon the request of any member of the Board and acted upon separately. Those items pulled will be discussed and voted on here.

18 BOARD OF EDUCATION: COMMITTEE REPORTS, REQUESTS, AND ANNOUNCEMENTS

Board of Education Recognitions and Announcements

Type Information

Purpose:
The Trustees may acknowledge or recognize specific programs, activities, or personnel at this time.

Board of Education Committee Reports

Type Information

Purpose:
The Trustees will provide an update, if available, on the committees of which they are members.

Background:
Each year the Board of Education members liaise with schools and committees in order to build relationships, hear from staff, students, and families, and act as a conduit for information to and from the schools.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

POLICY UPDATE: Board Policy and Administrative Regulation 4161.9, 4261.9, and 4361.9 - Catastrophic Leave Program

Type	Action, Procedural
Recommended	The recommendation is that the Board of Education approves the updated Board Policies and
Action	Administrative Regulations 4161.9, 4261.9, and 4361.9 - Catastrophic Leave Program.

Purpose:
The purpose is for the Board of Education to review the recommended changes and approve the updated Board Policy and Administrative Regulation 4161.9, 4261.9, and 4361.9 - Catastrophic Leave Program.

Background:
This is the first reading of the attached policy and regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy and/or regulation will be brought back to the Board of Education for a second reading.
The 4000 section of the policy manual is further divided into employee classifications to allow for variations in language, if needed, according to Ed Code and/or the Collective Bargaining Agreement:

- 4000s All employees
- 4100s Certificated employees
- 4200s Classified employees
- 4300s Management, supervisory, and confidential employees

In this case, the language in all employee classifications is exactly the same.
The district has not revised the policy and regulation since 2015. CSBA substantially revised and reorganized the policy and regulation in 2018 to clarify requirements for the catastrophic leave program. The policy recommends that donated leave be placed into a pool for eligible employees rather than earmarked for particular employees, and adds a notification to employees regarding the program. The regulation provides that donation of leave be made in writing to the superintendent rather than the board, encourages employees to retain sufficient leave for their own potential use, establishes a maximum amount of catastrophic leave that may be used by an individual employee, and provides that employees will be ineligible for catastrophic leave while receiving workers' compensation benefits.

POLICY UPDATE: Administrative Regulation 4161.11, 4261.11, and 4361.11 - Industrial Accident/Illness Leave

Type Action, Procedural
Recommended The recommendation is that the Board of Education approves the updated Administrative
Action Regulations 4161.11 and 4261.11, and adopt Administrative Regulation 4361.11 - Industrial
 Accident/Illness Leave.

Purpose:

The purpose is for the Board of Education to review the recommended changes, approve the updated Administrative Regulations 4161.11 and 4261.11, and adopt Administrative Regulation 4361.11.

Background:

This is the first reading of the attached regulations. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the regulations will be brought back to the Board of Education for a second reading.

- 4100s Certificated employees
- 4200s Classified employees
- 4300s Management, supervisory, and confidential employees

In this case, the language in all employee classifications is exactly the same.

Administrative Regulations 4161.11/4261.11 have not been revised by the district since the Board adopted it on 05/21/1996.

Administrative Regulation 4361.11 has not ever been adopted by the Board. Since that time, CSBA has revised Administrative Regulation 4161.11/4261.11 two (2) times.

Administrative Regulation revised August 2013:

MANDATED regulation recoded to merge former AR 4161.11/4361.11 - Industrial Accident/Illness Leave for certificated and administrative/supervisory employees and AR 4261.11 - Industrial Accident/Illness Leave for classified employees. Revised regulation clarifies that the district must set the maximum number of days allowed for such leave, which must be at least 60 working days in one fiscal year for the same industrial accident or illness, and provides options for the district regarding the process of issuing salary payments that take into account the amount of the employee's workers' compensation check. The regulation also clarifies retention of status and benefits, notification when leave is exhausted, and placement on a reemployment list when the employee is not medically able to resume his/her duties after all available leave is exhausted.

Administrative Regulation revised November 2012:

MANDATED regulation updated to reflect NEW LAW (AB 1203) which (1) requires the district to grant a paid leave of absence to a reasonable number of classified employees serving as unelected members of an employee organization for the purpose of attending important organizational activities authorized by the organization and (2) requires the employee organization to provide reasonable prior notice to the district and to reimburse the district within 10 days of receiving certification of the district's payment of compensation to the employee.

POLICY UPDATE: Board Policy and Administrative Regulation 6159.2 - Nonpublic Nonsectarian School And Agency Services For Special Education

Type Action, Procedural
Recommended Action The recommendation is that the Board of Education approves the updated Board Policy and Administrative Regulation 6159.2 - Nonpublic Nonsectarian School and Agency Services for Special Education

Purpose:
The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:
This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.
The policy and regulation have not been updated since 2014. Since then, CSBA has made the revisions listed below. (BP/AR revised 7/20)
Policy updated to include the provision of nonpublic, nonsectarian school and agency (NPS/A) services in the comprehensive local plan of the Special Education Local Plan Area. The policy reflects NEW LAW (AB 1172, 2019) which requires districts to verify that the NPS/A provides staff training in the use of practices and interventions specific to the unique behavioral needs of the student population at the NPS/A. The policy also reflects the requirement for the district to pay the full amount of the school's tuition or, as amended by AB 1172, the fees for the agency. Legal cite for Education Code 56366.3 deleted as it has been

repealed. Regulation updated to include the maximum term of the master contract between the district and NPS/A, expand the components of the contract in accordance with state law and regulations, and include the ability to terminate the contract for cause with 20 days' notice. The regulation also provides more detail regarding the annual IEP review focused on NPS/A students. The new section on "On-Site Visits" reflects NEW LAW (AB 1172, 2019) which (1) requires the district to conduct an on-site visit of an NPS/A the first time the district places a student at that NPS/A, and (2) requires the district to annually conduct an on-site monitoring visit to review the services provided to the student, the facilities, and the student's progress. (BP/AR revised 4/13)

MANDATED policy and regulation updated to reflect NEW LAW (SB 121, 2012) which prohibits the referral of a student with a disability to, or placement in, a nonpublic, nonsectarian school without the student's individualized education program team's agreement. The policy also adds material on out-of-state placements, applications for state waivers of legal requirements, and district verification of the school/agency's certification to provide special education and related services. The regulation was also reorganized and updated to clarify requirements for the master contract with a nonpublic, nonsectarian school or agency, including the process of making changes to the master contract.

POLICY UPDATE: Board Policy and Administrative Regulation 7231: Architectural And Engineering Services and Board Policy and Administrative Regulation 7140: Architectural And Engineering Services

Type Action, Procedural
Recommended The recommendation is that the Board of Education rescinds Board Policy and Administrative

Action Regulation 7231: Architectural And Engineering Services and adopt Board Policy and Administrative Regulation 7140: Architectural And Engineering Services.

Purpose:

The purpose is for the Board of Education to review the recommendation to rescind Board Policy and Administrative Regulation 7231: Architectural And Engineering Services and adopt the replacement Board Policy and Administrative Regulation 7140: Architectural And Engineering Services.

Background:

This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy and Administrative Regulation 7231: Architectural And Engineering Services

The NUSD board policy and regulation have not been revised since November 1996. CSBA has rescinded Board Policy and Administrative Regulation 7231: Architectural And Engineering Services and incorporated the language into Board Policy and Administrative Regulation 7140: Architectural And Engineering Services.

(BP/AR 7140 revised on 10/19)

Policy updated to clarify the district's responsibility to select a licensed architect and/or structural engineer as required by law when professional design services are used for the construction or modernization of school facilities and to address the need to comply with state safety and design standards. The policy adds the general duties of the architect and/or structural engineer and the circumstances under which design specifications must be submitted to CDE and the Division of the State Architect.

Regulation updates the components of the selection process to more directly reflect the law and adds the district's authority, if negotiations with the most qualified firm are unsuccessful, to negotiate a contract with the second most qualified firm and then the third most qualified firm. The regulation also includes the option to award a contract to a single entity for both the design and construction of a school facility in excess of \$1 million ("design-build" contract).

Budget Source Mental Health Services Oversight and Accountability Commission under the Mental Health Services Act (MHSSA)

Recommended The recommendation is that the Board of Education accepts the letter of intent with Alameda County Health Care Services Agency (HCSA) for Mental Health Services Act (MHSSA) Partnership Program services.

Purpose:

Alameda County Health Care Services Agency (HCSA) intends to contract with Newark Unified School District for Mental Health Services Act (MHSSA) Partnership Program services that aim to expand access to school-based mental health services for children and youth. The total amount for the contract is expected to be \$526,000 for the period between January 1, 2023, to December 31, 2026, with approximately \$90,000 reserved for the remainder of the 2022-2023 academic school year. Finalized contracts are anticipated to be available towards the end of December and will be brought before the board for recommended approval at the next available board meeting. Funds will be allocated according to provisions of the funding source, such as hiring a new mental health clinician to support with services to non-medical students, parent and family workshops, professional development for staff, and funding for student health and wellness initiatives.

Background:

School Health Initiatives are coordinated by the Center for Healthy Schools and Communities (CHSC), the Health Care Services Agency (HCSA) partners with school districts across the county to fund and implement school health initiatives, which are aligned with Alameda County's Vision 2026 goal of health care for all. School Health Initiatives deliver direct health and wellness services, create positive school environments, and provide consultation to schools to ensure the health and well-being of students, families, and their communities. School Health initiatives are powerful because they go beyond single programs. They

coordinate the relationships and resources of a community toward a shared vision: healthy students learn better. Improved access to mental health services is foundational to supporting children and youth to develop into healthy, resilient adults. School-community mental health partnerships offer an opportunity to reach children and youth in an environment where they are comfortable and that is accessible.

The purpose of the MHSSA is to establish additional mental health partnerships between county mental health or behavioral health departments and local education entities in order to provide increased access to mental health services in locations that are easily accessible to students and their families.

Funded by the State of California, the MHSSA services may include: at a minimum, services that are provided on school campuses, to the extent practicable, suicide prevention, drop-out prevention, placement assistance, continuum-of-care for students in need of ongoing services, and outreach to high-risk youth. High-risk youth shall include foster youth, youth who identify as LGBTQ+, and youth who have been expelled or suspended from school.

CAPITAL IMPROVEMENT PROJECTS: Track & Field Improvements at Newark Memorial High School and Water Bottle Filling Stations for All Sites

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$6,477,625.00
Budget Source	Fund 25 Capital Facilities Fund
Recommended Action	The recommendation is that the Board of Education approves the projects for Track and Field Improvements at Newark Memorial High School and the installation of Water Bottle Filling Stations at all sites.

[Purpose:](#)

To approve the projects for Track and Field Improvements at Newark Memorial High School and the installation of water bottle filling stations at all sites.

[Background:](#)

Staff held community engagement meetings with students, staff and parents at Newark Memorial High School to determine priorities for major facilities improvement needs. The track and field improvement and water bottle filling stations ranked as the top two priorities.

[Track and Field Improvements at Newark Memorial High School](#)

The Newark Memorial High School Track and Football Field is in disrepair and well beyond its useful life. The natural turf field has uneven surfaces that create tripping hazards and unsafe conditions and the track is in very poor condition. The scope of work for this project would include demolition of the existing track and field, grading, drainage, concrete, fencing and gates, field striping & logos, synthetic track, artificial turf and new goal posts. The preliminary cost estimate for this project is \$6.3M. The cost includes planning, design, engineering, inspection, testing and construction. The project does not include the bleachers and press box.

[Water Bottle Filling Stations](#)

Water Stations help to remedy health issues commonly linked to shared water fountains, provide an alternative to unhealthy drinks, reduce plastic waste, encourage better hydration, and give children a way to get enough water on a daily basis and keep them well-hydrated. The District has held engagement meetings and all sites have requested hydration stations be installed at their campuses. Elementary schools and MacGregor will receive one outdoor water station and Newark Junior High and Newark Memorial High will each receive two outdoor water stations. There is a range of costs for each station depending on the existing site condition. Certain locations may require power, abatement and parching of existing wall materials. This project may also include the cost to install two water stations which have already been purchased or donated to sites. The estimated project cost for the water stations is \$169,125.

Board of Education Requests

Type Action, Discussion, Information

Purpose:
This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:
The following derives directly from the Board approved "Governance Team Handbook"
Authority is Collective, Not Individual:
The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.
A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.
Bringing New Ideas Forward
The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.
Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.
Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.
The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.
Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

FIELD TRIP: Curricular, Overnight Trip for Schilling Elementary fifth grade class to travel to Explore New Horizons, Camp

Type Action Preferred Date Nov 17, 2022 Absolute Date Dec 01, 2022 Fiscal Impact Yes Dollar Amount \$9,276.00 Budgeted Yes

Budget Source Student Fundraising, Donations & LCAP 3.6
Recommended Action The recommendation is that the Board of Education approves the overnight trip for the Schilling Elementary fifth grade class to travel to Explore New Horizons, Camp Sempervirens.

Purpose:

The Schilling Elementary community requests permission to take fifth grade students on a curricular, overnight field trip. Students will travel to Explore New Horizons, Camp Sempervirens, Scotts Valley, CA for an outdoor science education camp. Students will study science content standards for ecology, resources, ecosystems team building with their peers. (5th grade state standards LS1, LS2, ESS1, ESS2, ESS3.)

School: Schilling Elementary

Dates: December 6 - December 9, 2022

Location: Explore New Horizons, Camp Sempervirens, Scotts Valley, CA

Chaperones for Science Camp:

The ratio of adults to students on school-sponsored trips shall be based on the following formula:

K-3 1 adult for every 5-8 students

4-9 1 adult for every 10 students

10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).

No student will be denied due to a lack of funds.

Background:

According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal and fifth grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science camp program that is articulated with grade level curriculum. The programs are taught by credentialed staff members and camp staff and are viewed by the sites as a valuable part of the students' educational experience.

POLICY UPDATE: Board Policy and Administrative Regulation 4161.1/4261.1 - Personal Illness/Injury Leave

Type Action, Procedural
Preferred Date Nov 17, 2022
Recommended Action The recommendation is that the Board approves the updated Administrative Regulation 4161.1/ 4261.1 - Personal Illness/Injury Leave and rescind Board Policy 4161.1/ 4261.1 - Personal Illness/Injury Leave.

Purpose:

The purpose is for the Board of Education to approve the updated Administrative Regulation 4161.1/4261.1 - Personal Illness/Injury Leave and rescind Board Policy 4161.1/4261.1 - Personal Illness/Injury Leave.

Background:

This is the first reading of the attached regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved regulation. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the regulation will be brought back to the Board of Education for a second reading.

Administrative Regulation 4161.1/4261.1:

The administrative regulation was adopted by the Board on 05/21/1996 and has not been updated by the district since then. The language will be replaced to match the sample board policy provided by the California School Board Association and district practice.

Board Policy 4161.1/4261.1:

The language formerly in this policy is now incorporated into the administrative regulation and the policy was rescinded per CSBA.

POLICY UPDATE: Administrative Regulation 4161.2/4261.2/4361.2 - Personal Leaves

Type Action, Procedural
Preferred Date Nov 17, 2022
Recommended Action The recommendation is that the Board approves the updated Administrative Regulation 4161.2/ 4261.2/ 4361.2 - Personal Leaves.

Purpose:

The purpose is for the Board of Education to review the recommended changes and approve the updated administrative regulation.

Background:

This is the first reading of the attached regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These

notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the regulation will be brought back to the Board of Education for a second reading. This Administrative Regulation has not been revised by the district since September 2015. Since that time, CSBA has revised Administrative Regulation 4161.2/4261.2/4361.2 two (2) times. AR revised March 2021:

Regulation updated to reflect NEW LAW (AB 2992, 2020) which extends leave for employees who are victims of domestic violence, sexual assault, or stalking to include employees who are victims of a crime that caused physical injury, or mental injury with a threat of physical injury, and employees whose immediate family member is deceased as a direct result of a crime. The regulation also reflects provisions of AB 2992 which require districts to inform employees of their rights for such leave and authorize employees, when an unscheduled absence occurs, to submit documentation from a victim advocate or any other form of documentation that reasonably verifies that the crime or abuse occurred, including, but not limited to, a written statement signed by the employee or an individual acting on the employee's behalf.

AR revised March 2016: Regulation updated to reflect NEW LAW (SB 579, 2015) which expands the purposes of leave for child-related activities to include (1) enrolling or reenrolling a child in a school or with a licensed child care provider and (2) addressing a school or child care emergency, as defined. The regulation also adds the definition of "parent/guardian" for purposes of such leave, expanded by SB 579 to include a stepparent, foster parent, or person who stands in loco parentis to the child.

POLICY UPDATE: Board Policy and Administrative Regulation 6159 - Individualized Education Program

Type Action, Procedural
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approves the updated Board Policy and Administrative Regulation 6159 - Individualized Education Program

Purpose:
 The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:
 This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.
 The policy and regulation have not been updated by the district since the original adopted date in 2011. Since then, CSBA has made the revisions listed below.

(BP/AR revised 7/20)
 Policy updated to include the requirement, formerly in BP/AR 0430 - Comprehensive Local Plan for Special Education, to provide a free appropriate public education (FAPE) to students who have been suspended or expelled from school or who are placed by the district in a nonpublic, nonsectarian school. The policy adds the requirement to provide FAPE to individuals aged 18-21 who are incarcerated in an adult correctional facility if they had been identified as students with disabilities or had an individualized education program (IEP) in their prior educational placement. Paragraph on the rights of foster parents who moved to AR.
 Regulation updates the section on "Contents of the IEP" to consolidate lists of IEP requirements for clarity. The regulation reflects NEW LAW (SB 98, 2020) which requires the IEP to describe the means by which the IEP will be provided under emergency conditions in which instruction and/or services cannot be provided to the student at school or in person for more than 10 school days. The regulation also reflects NEW LAW (AB 947, 2019) which (1) authorizes districts to consider elements of the "expanded core curriculum," as defined, when developing an IEP for a student who is blind, has low vision, or is visually impaired, and (2) establishes requirements for orientation and mobility evaluations conducted for such students. The regulation also reflects NEW LAW (AB 605, 2019) which requires districts to provide assistive technology devices for use in a student's home or other settings when required by the student's IEP, and requires that such students be given continued access to assistive technology devices for up to two months after transferring out of the district. The section on "Parent/Guardian Consent for Provision of Special Education and Services" was revised to more directly reflect the law.

(AR revised 3/12)
 Reorganized, MANDATED regulation reflects the repeal of a law which previously required districts to request the participation of a county mental health agency in the individualized education program (IEP) team before referring a student to the county mental health agency. The regulation also clarifies membership of the IEP team, possible alternative student assessments for students with disabilities and current exemption from high school exit examination, and parental right to examine student records, and reorganizes material for IEP development and review into applicable sections.

POLICY UPDATE: Board Policy and Administrative Regulation 6159.1 - Procedural Safeguards And Complaints For Special

Type Action, Procedural
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approves the updated Board Policy and Administrative Regulation 6159.1 - Procedural Safeguards And Complaints For Special Education

Purpose:
 The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:
 This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

The policy and regulation have not been updated by the district since 2011. Since then, CSBA has made the revisions listed below.

(Revise BP/AR 7/20)

Policy updated to encourage early, informal resolution of any dispute regarding special education services. The policy also reflects NEW STATE REGULATIONS (Register 2020, No. 21) which establish a complaint process, separate from UCP, for complaints alleging noncompliance with federal or state laws related to the provision of FAPE to students with disabilities, such as the district's violation of the federal Individuals with Disabilities in Education Act or state law on special education, violation of a settlement agreement, failure to implement a due process hearing order, or physical safety concerns that interfere with the provision of FAPE. Regulation updated to clarify that due process complaints should be filed with the state Office of Administrative Hearings and that such complaints must generally be filed within two years of the date the parent/guardian or district knew or should have known about the alleged violation. The regulation also adds a new section on "State Compliance Complaints" reflecting NEW STATE REGULATIONS (Register 2020, No. 21) which establish a complaint process, separate from UCP, for complaints alleging noncompliance with federal or state laws related to the provision of FAPE to students with disabilities, such as the district's violation of the federal Individuals with Disabilities Education Act or state law on special education, violation of a settlement agreement, failure to implement a due process hearing order, or physical safety concerns that interfere with the provision of FAPE.

POLICY UPDATE: Board Policy 6164.4 and Administrative Regulation 6164.4 - Identification And Evaluation Of Individuals For Special Education

Type Action, Procedural
Recommended The recommendation is that the Board of Education approve the updated Board Policy and
Action Administrative Regulation 6164.4 - Identification and Evaluation of Individuals for Special
 Education

Purpose:
 The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:
 This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.
 The policy and regulation have not been updated by the district since the original adopted date in 2011. Since then, CSBA has made the revisions listed below.

(BP/AR revised 9/21)

Policy updated to reference the U.S. Department of Education's (USDOE) Return to School Roadmap: Child Find Under Part B of the Individuals with Disabilities Education Act which reaffirms the obligation to fully implement the Individuals with Disabilities Education Act (IDEA) during the COVID-19 pandemic, including the requirement to meet child find obligations, and encourages districts to reexamine the efficacy of existing child find practices in light of the educational disruptions caused by the COVID-19 pandemic.

Regulation updated to reference USDOE's Return to School Roadmap: Child Find Under Part B of the Individuals with Disabilities Education Act which recommends that districts undertake new child-find activities in light of the educational disruptions caused by the COVID-19 pandemic and emphasizes that students who are experiencing long-term COVID effects be referred for special education evaluation if their symptoms are adversely impacting their ability to participate and learn in the general curriculum.

Regulation also updated to provide that the child find process includes the collection and screening of data to determine if students are making adequate progress, to include the district's obligation to ensure that evaluations of children suspected of having a disability are not delayed or denied because of the implementation of response to intervention strategies, clarify material regarding referrals for initial evaluations, evaluation plans and informed parent/guardian consent, reflect the timeline for the determination of whether the student is eligible for special education and the educational needs of the student and when an Individualized Education Program (IEP) meeting and the development of an IEP occurs, clarify the qualifications of personnel who administer evaluations and reevaluations, add that the normal process of second-language acquisition as well as manifestations of dialect and social linguistic variance not be diagnosed as a disabling condition, and clarify material regarding Independent Educational Evaluations. The regulation also updated to reference M.M. v. Lafayette School District, a Ninth Circuit Court of Appeals decision that held that the district violated IDEA when it failed to provide parents with their child's response to instruction (RTI) data when seeking informed consent for an initial evaluation.

POLICY UPDATE: Board Policy 6164.41 and Administrative Regulation 6164.41 - Children With Disabilities Enrolled By Their Parents In Private School

Type Action, Procedural

Recommended Action The recommendation is that the Board of Education approves the updated Board Policy and Administrative Regulation 6164.41 - Children With Disabilities Enrolled By Their Parents In Private School

Purpose:

The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:

This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

The policy and regulation have not been updated by the district since the original adopted date in 2010. Since then, CSBA has made the revisions listed below.

(BP/AR revised 9/21)

Policy updated to reorganize and clarify the material. Regulation updated to reference USDOE's Return to School Roadmap: Child Find Under Part B of the Individuals with Disabilities Education Act which recommends best practices for keeping parents/guardians, teachers, and private school officials informed of the child find process, enhance the section regarding consultation with private school representatives, and reference USDOE's Questions and Answers on Serving Children with Disabilities Placed by their Parents in Private School which emphasizes that districts may not require a private school to implement an RTI process before evaluating parentally-placed private school children. The regulation also updated to add that evaluation of all identified parentally-placed private school children with disabilities be conducted as specified in BP/AR - Identification and Evaluation of Individuals for Special Education including obtaining parent/guardian consent, that the district is required to make a free appropriate public education available to a child residing in the district who is eligible for an IEP, and to clarify material regarding the qualification requirements of private elementary and secondary school teachers providing equitable services to parentally-placed private school children.

(AR revised 7/16)

A minor revision was made in the regulation to delete the statement that private school teachers providing services to students with disabilities do not need to meet the federal requirements for "highly qualified" teachers, as requirements for highly qualified teachers were repealed by the Every Student Succeeds Act (P.L. 114-95).

POLICY UPDATE: Board Policy 7120: Participation in Planning

Type Action, Procedural
Recommended Action The recommendation is that the Board of Education rescinds Board Policy 7120: Participation in Planning.

Purpose:

The purpose is for the Board of Education to review the recommendation to rescind the board policy.

Background:

This is the first reading of the attached policy. The California School Board Association has recommended the removal of this policy/administrative regulation. The administration has reviewed the recommended rescission and agrees with the recommendation. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

In February 1999 the CSBA recommended rescinding Board Policy 7120: Participation in Planning as this material has been incorporated into the updated policy 7131 Relations with Local Agencies. Board Policy 7131 is presented for updates at this meeting.

revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy 7131: Relations With Local Agencies

In February 1999 CSBA made a policy revision to delete the unnecessary regulation and revise the policy to reflect NEW LAW which repeals the ability of cities/counties to deny development projects based on the adequacy of school facilities. CSBA also recommended deleting Board Policy 7120: Participation in Planning as this material has been incorporated into the updated policy 7131 Relations with Local Agencies. The recommendation to remove Board Policy 7120 is presented at this meeting.

POLICY UPDATE: Board Policy 7151: Relations With The City/County Regarding Land Development

Type Action, Procedural

Recommended The recommendation is that the Board of Education rescinds Board Policy 7151: Relations With The City/County Regarding Land Development.

Purpose:

The purpose is for the Board of Education to review the policy and the CSBA recommendation to rescind the board policy.

Background:

This is the first reading of the attached policy. The California School Board Association has recommended the removal of this policy/administrative regulation. The administration has reviewed the recommended rescission and agrees with the recommendation. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy 7151: Relations With the City/County Regarding Land Development

In February 1999 CSBA made a policy revision to Board Policy 7131: Relations With Local Agencies that reflect a NEW LAW that repeals the ability of cities/counties to deny development projects based on the adequacy of school facilities.

Policy 7151 is unique to the district; CSBA does not have a sample policy. The material in this policy has been incorporated into the updated policy 7131, Relations with Local Agencies, which is presented for updates at this meeting.

Warrant Report for October 2022

Type Action

Fiscal Impact No

Recommended The recommendation is that the Board of Education approves the Warrant Report as presented.

Purpose:

The purpose of this item is to present warrants for the total amount of \$3,131,813.70, made from District funds for October 2022.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Connectivity and Internet Speeds

Type Information

Purpose:

To inform the board and public about internet issues reported since last spring and the actions taken to address connectivity.

Background:

Last Spring NMHS started reporting poor connectivity and internet speeds across the campus. After investigation, it was discovered that the fiber connection between NMHS and the District Office was failing. The issue was resolved by having AT&T replace the failing circuit with a more robust one. This school year, reports of sporadic Wi-Fi throughout the day have surfaced again. A consequent investigation found that the previous issue was not occurring again, and after exhausting all "in-house" troubleshooting ability, the District has hired a wireless consultant to help continue the troubleshooting process. Findings will be shared in this presentation.

Arts, Music, and Instructional Materials Discretionary Block Grant Expenditure Plan

Type Action

Recommended Action The recommendation is that the Board of Education approves the Arts, Music, and Instructional Materials Discretionary Block Grant Expenditure Plan.

Purpose:

To review and approve the Arts, Music, and Instructional Materials Discretionary Block Grant Expenditure Plan

Background:

The Arts, Music, and Instructional Materials Discretionary Block Grant funds are available to county offices of education, school districts, charter schools, and state special schools. School districts are encouraged, but not required, to use the funds to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, and develop diverse and culturally relevant book collections, operational costs, and COVID personal protective equipment.

The governing board or body of each school district, county office of education, or charter school receiving funds is required to discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting.

Funds were allocated based on a per-unit basis (approximately \$666.08) using average daily attendance (ADA) as reported for the 2021-22 second principal apportionment. NUSD was allocated \$3,143,753. School districts may expend or encumber funds through the 2025-26 fiscal year.

RESOLUTION 2022.23.14 - California Schools Healthy Air, Plumbing, and Efficiency (CalSHAPE) Program

Type Action

Recommended Action The recommendation is that the Board of Education approves Resolution 2022.23.14 - California Schools Healthy Air, Plumbing and Efficiency (CalSHAPE) Program Governing Body Resolution to complete the grant award process from the California Energy Commission.

Purpose:

To review and approve the Resolution 2022.23.14, California Schools Healthy Air, Plumbing and Efficiency (CalSHAPE) Program,

to receive grant funding from the California Energy Commission (CEC) up to the amount of \$1,132,596 for ten school sites.

Background:

The CEC was authorized by Assembly Bill 841 to design, administer and implement the CalSHAPE Program which provides grants to local educational agencies (LEA) to fund the assessment, maintenance, and repair of ventilation systems, installation of carbon dioxide monitors, and replacement of non-compliant plumbing fixtures and appliances.

An application for HVAC Assessment and Maintenance Grant was filed with the CEC on October 27, 2022. The District received a Notice of Proposed Award on November 7, 2022, for the Grant of \$1,132,596 for ten sites. The District is required to submit documents to complete the grant process and to receive funding including this Resolution. If funded, this grant will recapture certain costs spent on HVAC projects, and provide funds for current and future HVAC maintenance needs (such as filters) and installation of carbon dioxide monitors.

(Please note the CEC still has Graham Elementary in their system so the Grant Agreement shows Coyote Hills as Graham. We indicated in the application that Graham is now known as Coyote Hills but they have not changed it officially in their system.)

Board Meeting Schedule Change

Table with 2 columns: Type, Action. Row 1: Recommended, The recommendation is that the Board of Education reschedule the December 1, 2022 Board meeting to December 5, and cancel the January 5, 2023 Board meeting.

Purpose: For the Board to consider rescheduling the December 1, 2022, Regular Board of Education meeting to December 5, 2022, and to consider canceling the January 5, 2022, Regular Board of Education meeting.

Background: The Board approved the Board of Education's regular meetings in December 2021. The district and school calendars were approved at a later date. Subsequently, the California School Board Association scheduled its Annual Education Conference, which conflicts with the currently scheduled Regular Board of Education meeting on December 1, 2022. It was later discovered that the January 5, Regular Board of Education meeting was scheduled to be held during the time of the winter break for Newark Unified School District.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Promotores de Salud Recognition

Type Information

Purpose:

To recognize the community group Promotoras de Salud.

Background:

On October 27, 2022, the city of Newark proclaimed October 2022 as Promotores Month due to its valuable work with the community and playing an invaluable role in making the City of Newark a more welcoming place to live. Promotores de Salud is a community group of Spanish-speaking members of our community who are trained to be advocates and to identify solutions needed within our community. In addition, Promotores de Salud was also recognized by Supervisor Richard Valle that same night.

Tonight, we recognize the partnership and all the hard work Promotores de Salud has dedicated to our NUSD families and students.

CONTRACT AMENDMENT: Sobrato Early Academic Literacy Agreement

Type Action
Budget Source LCAP 1.13
Recommended Action The recommendation is that the Board of Education approves the amended contract for Sobrato Early Academic Literacy (SEAL) program training for 2022-2024.

Purpose: The agreement has been adjusted to reflect a change in planned scope of services for 2022-24. The recommendation is for the Board of Education to approve this amendment.

Background: The Board of Education approved an initial contract agreement between the District and SEAL on June 16, 2022. Given the program delivery model and current conditions for implementation, it has been decided to focus the training and implementation on the 4th and 5th grade teachers at the previously identified elementary schools: Schilling and Coyote Hills. Highlighted sections show contract changes. There will be no change to the number of training sessions that SEAL provides and no fiscal impact to this amendment.

POLICY UPDATE: Board Policy 4112.2 and Administrative Regulation 4112.2 - Certification

Type	Action, Procedural
Preferred Date	Nov 03, 2022
Recommended	The recommendation is that the Board approves the updated Board Policy 4112.2 and
Action	Administrative Regulation 4112.2 - Certification

Purpose:

The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

Background:

This is the first reading of the attached policy and regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policy and regulation. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy and/or regulation will be brought back to the Board of Education for a second reading.

The policy and regulation have not been updated by the district since 2012. Since then, CSBA has made the revisions listed below.

AR revised 6/22:

Regulation updated to expand the section on "Basic Skills Proficiency" to include a list of the ways a person may demonstrate basic skills proficiency, and reflect NEW LAW (AB 130, 2021) which exempts a person from the basic skills proficiency test requirement by earning at least a letter grade of B in qualifying coursework and, in conjunction with NEW LAW (AB 167, 2021), exempts a person from the basic skills proficiency test requirement if it is determined that a person has demonstrated proficiency through a combination of coursework, passage of a component(s) of the basic skills proficiency test, and other specified exams. The section also updated to reflect NEW LAW (AB 320, 2021) which impacts what is "qualifying coursework" by defining a "regionally accredited institution" to include an institution of higher education that held pre-accreditation status at the time the degree of an applicant for a credential was conferred if the institution achieved full accreditation status within five years of earning pre-accreditation status, in addition to an institution of higher education that has already been designated as regionally accredited at the time the degree of an applicant for a credential was conferred. Additionally, the regulation was updated to provide more detail for when an out-of-state prepared teacher is not required to meet the basic skills requirement within one year of being issued a California preliminary credential by the California Commission on Teacher Credentialing.

BP revised 3/20:

Policy updated to clarify the hiring hierarchy if the district is unable to hire a person who possesses a clear or preliminary credential, including one who is approved for a limited assignment option. The policy reflects the Commission on Teacher Credentialing (CTC) Coded Correspondence stating that, if the district needs to hire a person who has been granted a credential waiver by CTC, that person must qualify for a "variable term waiver." The policy also expands the section on "National Board for Professional Teaching Standards Certification" to add examples of incentives that may encourage teacher participation.

AR revised 7/17:

Regulation updated to (1) add verification of temporary certificates for employees whose credential applications are being processed by the Commission on Teacher Credentialing; (2) add section reflecting requirements for the Teaching Permit for Statutory Leave, as added by NEW STATE REGULATIONS (Register 2016, No. 34); and (3) add authorization for the holder of the Teaching Permit for Statutory Leave, Provisional Internship Permit, or Short-Term Staff Permit to provide substitute teaching services as specified.

BP revised 7/16:

Policy updated to add requirement, as amended by the Every Student Succeeds Act (P.L. 114-95), to notify parents/guardians of each student attending a school receiving Title I funds that they may request certain information regarding the qualifications of their child's teacher.

BP/AR revised 8/14:

Policy updated to add and clarify the material, formerly in AR, on priorities for hiring when a teacher with a preliminary or clear credential is unavailable. The policy also reflects NEW TITLE 5 REGULATIONS (Register 2013, No. 28) which provides that the provisional internship permit is not renewable and changes the timelines for the re-issuance of emergency permits. Material on advanced certification through the National Board for Professional Teaching Standards (NBPTS) updated to reflect NEW LAW (AB 97, 2013) which eliminated categorical funding for incentive awards to NBPTS-certificated teachers. Regulation updated to delete material on visiting faculty permits pursuant to the sunset date in Education Code 44300.1. The regulation also reflects NEW TITLE 5 REGULATIONS (Register 2013, No. 28) which provides that the provisional internship permit is not renewable and changes the timelines for the re-issuance of emergency permits.

Introduction to Induction

Type Information

Purpose:

To describe how the Newark Teacher Induction program supports NUSD teachers to earn their clear credential. Staff will overview the program structure and define the roles and responsibilities of the candidates, mentors, site administrators, and district administrator to ensure that this program maintains its accredited status.

Background:

Newark Teacher Induction is a commission-approved Induction program. It is accredited by the Commission on Teacher Credentialing to provide a two-year individualized, job-embedded system of mentoring, support, and professional learning that begins in the teacher's first year of teaching. Upon completion of the program requirements, candidates earn a recommendation for a clear professional teaching credential. For more information, visit the NTIP website.

The vision of the Newark Teacher Induction (formerly known as East Bay Induction Consortium or EBIC) program is as follows: Newark Teacher Induction is a collaborative network of professional educators who support and mentor teachers with a preliminary teaching credential through the requirements of Induction that lead to a professional clear credential. Through a structured system of formative assessment, research-based inquiry, and data analysis, it is committed to empowering teachers ...

1. To be reflective practitioners and lifelong learners
2. To be prepared to meet the needs of their diverse teaching population and,
3. To strive for student success in academics, character development, and civic participation

District Goals and Objectives: 2022-23 Measurable Outcomes

Type Discussion

Purpose:

The superintendent, Dr. Mark Triplett, will share the metrics related to the Board-approved 2022-23 District Goals and Objectives for the Newark Unified School District for Board approval.

Background:

The 2022-23 District Goals and Objectives for the Newark Unified School District were presented to the Board during a study session at the September 15, 2022, Regular Board of Education meeting, and a revised draft was presented at the October 6, 2022, Regular Board of Education meeting for additional input. The Board approved the 2022-23 District Goals and Objectives for the Newark Unified School District on October 20, 2022. Tonight the Superintendent will present the measurable outcomes for Board input.

BP 0200 - "As part of the Governing Board's responsibility to set the direction for the school district, the Board shall adopt long-term goals focused on the achievement of all district students. The district's goals shall be aligned with the district's vision, mission, philosophy, and priorities."

I. Review the Purpose of the Creation and Adoption of District Goals and Objectives

1. To provide clear direction, coherence, and accountability regarding area(s) of focus for the District.

II. Underlying Assumptions

- 1. The governance team and staff need clear goals and objectives to prioritize resources and effectively measure progress toward goals.
- 2. Consistency of goals over time is necessary to deepen the work throughout the district, realize desired outcomes, and make course corrections based on lessons learned.
- 3. Corresponding outcomes need to be SMARTER (Specific, Measurable, Achievable, Realistic, Time Sensitive, and Equitable)

III. Timeline for Board Approval

- 1. Superintendent recommended 2022-23 Goals and Objectives for community and Board input on Thursday, September 15, 2022.
- 2. Superintendent made revisions based on community and Board input and present them to the Board for additional input on October 6, 2022.
- 3. The updated 22-23 Goals and Objectives will be presented to the Board for approval on October 20, 2022.
- 4. Superintendent and Team will generate measurable outcomes for each articulated goal/objective to be presented at the November 3, 2022 Board meeting for Board input.

Ratify Collective Bargaining Agreement with California School Employees Association (CSEA)

Type Action

Preferred Date Nov 03, 2022

Recommended Action The recommendation is that the Board of Education ratifies the Collective Bargaining Agreement with California School Employees Association (CSEA).

Purpose:

The District and the California School Employees Association (CSEA) reached a tentative agreement for 2022-2030, 2023-2024, and 2024-2025. The CSEA membership voted to approve the agreement on October 11, 2022, and it now comes before the Board of Education for ratification.

Background:

The current Collective Bargaining Agreement with CSEA sunset on June 30, 2022, resulting in both sides sunshining their reopeners for a successor agreement. Formal negotiations began on May 11, 2022. After several rounds of negotiations, we were able to reach a Tentative Agreement on September 27, 2022, for a three-year agreement. The District submitted documentation to the Alameda County Office of Education (ACOE) indicating that the District can afford this agreement. ACOE has reviewed the documentation and agreed to our findings. CSEA membership voted to approve the agreement on October 11, 2022. With the approval of the Tentative Agreement, the District was able to submit the AB1200 documents to ACOE.

For 2023-2024, the parties may reopen negotiations on up to one article of each party's choice as well as Article 10. For 2024-2025, the parties may reopen negotiations on up to one article of each party's choice as well as Article 9 and Article 10.

The Articles that were updated are:

- Article 2: Recognition
- Article 4: Organizational Rights
- Article 7: Evaluation and Classified Performance Report Form
- Article 8: Duty Hours
- Article 9: Pay and Allowances
- Article 10: Health and Welfare
- Article 11: Holidays
- Article 12: Leaves
- Article 13: Transfer and Layoff
- Article 27: Negotiations
- Article 30: Term

Effective July 1, 2022, the CSEA bargaining unit salary schedule shall be increased ongoing by 6.5%. All retroactive amounts shall be paid by the second pay cycle following Board ratification. Effective July 1, 2023, the CSEA bargaining unit salary schedule shall be increased ongoing by 3.5%.

In addition, CSEA members will receive a one-time off-schedule payment as follows:

- 2022-2023 - 3% paid August 31, 2023. To be eligible a bargaining unit member must be in paid status as of June 1, 2023
- 2023-2024 - 3% paid August 30, 2024. To be eligible a bargaining unit member must be in paid status as of June 3, 2024.

Attached are the AB1200 documents outlining the financial impact of the agreement.

16 CONSENT AGENDA: PULLED AGENDA ITEMS

PLACEHOLDER - Pulled Consent Agenda Items

Type Action

Purpose:

This is specifically a placeholder, and will only be used if agenda items from the consent categories are pulled for additional discussion.

Background:

Items within the Consent Agenda are considered routine and will be approved, adopted, or ratified by a single motion and action. There will not be a separate discussion of these items; however, any item may be pulled from the Consent Agenda upon the request of any member of the Board and acted upon separately. Those items pulled will be discussed and voted on here.

17 ORGANIZATION OF THE BOARD

Board Committees and Assignments

Type Discussion

Purpose:

For the Board to review the committee assignments and alternates.

Background:

Upon Member Marquez's departure from the NUSD Board of Education, a vacancy was created in the following committees: Newark Teacher Induction Advisory Council and Audit Committee. The alternate for the Newark Teacher Induction Advisory Council is Member Aiden Hill and the alternate for the Audit Committee is Vice President Terrence Grindall. The Board will review the committee assignments. This item will be revisited in December at the Organizational Review meeting.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

FIELD TRIP: Curricular, Overnight Trip for Coyote Hills fifth grade class to travel to Pigeon Point, Pescadero, CA

Type Action
Absolute Date Oct 20, 2022
Fiscal Impact Yes
Dollar Amount \$8,580.00
Budgeted Yes
Budget Source Student Fundraising & Donations, ASB, & LCAP 3.6
Recommended The recommendation is that the Board of Education approves the overnight trip for Coyote
Action Hills fifth grade class to travel to Pigeon Point, Pescadero, CA.

Purpose:
The Coyote Hills Elementary community requests permission to take fifth grade students on a curricular, overnight field trip. Students will travel to Pigeon Point, Pescadero, CA. for an outdoor science education camp. Transportation will be by chartered bus. Students will investigate and observe environmental phenomenon in an outdoor science school. Students will be taught concepts from NGSS standards with hands-on experiences. Students will build community through cabin group activities.

School: Coyote Hills Elementary
Dates: October 31 - November 2, 2022
Location: Pigeon Point, Pescadero, CA.

Chaperones for Science Camp:
The ratio of adults to students on school-sponsored trips shall be based on the following formula:
K-3 1 adult for every 5-8 students
4-9 1 adult for every 10 students
10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).
No student will be denied due to a lack of funds.

Background:
According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal and sixth grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science camp

program that is articulated with grade level curriculum. The programs are taught by credentialed staff members and camp staff and are viewed by the sites as a valuable part of the students' educational experience.

FIELD TRIP: Athletic Trip, Overnight, Round Trip Distance Over 125 Miles Field Trip: Newark Memorial HS Boys Basketball Team to Clovis CA.

Type	Action

Action	Varsity Boys' Basketball Team's trip to Clovis, CA.

Purpose:
The NMHS Principal and Athletic Director request permission to take students on an athletic and overnight trip to Clovis, CA for the 2022 Children's Hospital Tip-Off Invitational Basketball Tournament.

Background:
The Newark Memorial High School Varsity Basketball Team has been invited to return to the 2022 Children's Hospital Tip-Off Invitational Basketball Tournament. This is a highly competitive tournament, which provides athletes with an opportunity to compete at a high in a well recognized positive environment and gives them the opportunity to serve Children's Hospital.

Date: December 1-3

Location: Clovis North High School

According to Board Policy 6153, all trips in excess of 125 miles, athletic trips, and overnight trips require Board approval. Newark Memorial High School Principal and Athletic Director request permission to take the Newark Memorial High School Varsity Basketball team on an athletic trip to Clovis, CA.

Requirements met:

- Grade K-3, one adult for every 5-8 students; Grades 4-12, one adult for every 10 students; Board Policy requires at least two adults on every trip regardless of the number of students (BP 6153 and AR 6153)
- Overnight trip supervision must be gender appropriate
- No student will be denied due to a lack of funds

POLICY UPDATE: Board Policy 1312.2 and Administrative Regulation 1312.2 Complaints Concerning Instructional Materials

Type Action, Procedural

Preferred Date Oct 20, 2022

Recommended The recommendation is that the Board approves the updated Board Policy 4161.1 and

Action Administrative Regulation 4161.1 - Complaints Concerning Instructional Materials.

[Purpose:](#)

The purpose is for the Board of Education to review the recommended changes and approve the updated board policy and administrative regulation.

[Background:](#)

This is the first reading of the attached policy and regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policy and regulation. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy and/or regulation will be brought back to the Board of Education for a second reading. The policy and regulation have not been updated by the district since the Board of Education adopted the policy and regulation on 01/20/2004. CSBA recommended policy updates include new language encouraging parents/guardians to discuss concerns with their child's teacher and clarifies that complaints regarding the sufficiency of instructional materials will be resolved using the Williams Uniform Complaint Procedures. The regulation has been reorganized to include specific steps in the complaint investigation process including informal complaints, formal written complaints, and the Superintendent's option to create a review committee. The updated exhibit refers complainants to the Williams Uniform Complaint Procedures and deletes the requirement that complainants explain the thesis of the work and detail the opinion of literary critics.

POLICY UPDATE: Board Policy and Administrative Regulation 3110: Transfer of Funds

Type Action, Procedural

Recommended The recommendation is that the Board of Education adopt Board Policy 3110 and remove

Action Administrative Regulation 3110: Transfer of Funds.

[Purpose:](#)

The purpose is for the Board of Education to review the recommendation from the California School Board Association, approve the adoption of the board policy and remove the administrative regulation.

[Background:](#)

This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy 3110: Transfer of Funds

This will be the first adoption of this board policy. The language reflects the sample board policy provided by the California School Board Association.

Administrative Regulation 3110: Transfer of Funds

(Delete AR; Add BP 7/09)

Material formerly in this regulation is now incorporated into the new policy. The new policy reflects NEW LAWS (SBX3 4 and ABX4 2) which grant districts flexibility to transfer funds for "Tier 3" categorical programs and requires, as a condition of receipt of the funds, that the Board first hold a public hearing in order to hear testimony from the public, approve or disapprove the proposed use of the funding, and make explicit the purposes for which the funds will be used. The policy also contains language directing the Board to discuss the district's goals for student learning during the hearing and requiring the Superintendent to regularly report to the Board about the district's exercise of flexibility. Material formerly in regulation re: temporary transfers and loans and permanent transfers between funds, will be shortened to reference law and incorporated into policy.

POLICY UPDATE: Board Policy 7000: Concepts and Roles (Facilities)

Type Action, Procedural
Recommended Action The recommendation is that the Board of Education approve the updated Board Policy 7000: Concepts and Roles (Facilities).

Purpose:
The purpose is for the Board of Education to review the recommended changes and approve the updated board policy.

Background:
This is the first reading of the attached policy. The language is sanctioned by the California School Board Association. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Warrant Report for September 2022

Type Action
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approves the Warrant Report as presented.

Purpose:
The purpose of this item is to present warrants, for the total amount of \$2,359,574.64, made from District funds for September 2022.

Background:
The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

14 OLD BUSINESS

District Goals and Objectives

Type Action

Recommended Action The recommendation is that the Board of Education approves the 2022-23 District Goals and Objectives. and

Purpose:

The superintendent, Dr. Triplett, will share with the Board the updated 2022-23 District Goals and Objectives for the Newark Unified School District for Board approval.

Background:

The 2022-23 District Goals and Objectives for the Newark Unified School District were presented to the Board during a study session at the September 15, 2022, regular Board of Education meeting, and a revised draft was presented at the October 6, 2022, regular Board of Education meeting for additional input. A recommended approval from the Board will be requested tonight. After approval and at a later meeting, the superintendent will present a draft of the measurable outcomes for Board input.

BP 0200 - "As part of the Governing Board's responsibility to set the direction for the school district, the Board shall adopt long-term goals focused on the achievement of all district students. The district's goals shall be aligned with the district's vision, mission, philosophy, and priorities."

I. Review the Purpose of the Creation and Adoption of District Goals and Objectives

1. To provide clear direction, coherence, and accountability regarding area(s) of focus for the District.

II. Underlying Assumptions

- 1. The governance team and staff need clear goals and objectives to prioritize resources and effectively measure progress toward goals.
2. Consistency of goals over time is necessary to deepen the work throughout the district, realize desired outcomes, and make course corrections based on lessons learned.
3. Corresponding outcomes need to be SMARTER (Specific, Measurable, Achievable, Realistic, Time Sensitive, and Equitable)

III. Timeline for Board Approval

- 1. Superintendent recommended 2022-23 Goals and Objectives for community and Board input on Thursday, September 15, 2022.
2. Superintendent made revisions based on community and Board input and present them to the Board for additional input on October 6, 2022.
3. The updated 22-23 Goals and Objectives will be presented to the Board for approval on October 20, 2022.
4. Superintendent and Team will generate measurable outcomes for each articulated goal/objective to be presented at a subsequent Board meeting.

15 NEW BUSINESS

Organizational Review- Human Resources and Business Departments

Type Action
Preferred Date Oct 20, 2022
Recommended Action The recommendation is that the Board of Education accepts the report.

Purpose:

To provide the Board with a presentation of the School Services of California Organizational Review and for the Board to accept the report.

Background:

School Services of California Inc. (SSC) conducted an Organizational Review of the Human Resources (HR) and Business Services Departments specific to the District's operations in the following areas: employee health and welfare benefits programs; employee recruitment, selection, hiring, and onboarding; HR general policies and procedures; and position control. The objective of the review was to assess the existing organizational structure and the described functions within the departments. Throughout the review and evaluation, SSC offered findings and recommendations, where appropriate, for organizational changes to improve communication and operational efficiencies.

Resolution 2022.23.12 Certifying Course-based Independent Study Curriculum

Type Action, Procedural

Recommended Action The recommendation is that the Board of Education approves Resolution 2022.23.12 - Certifying Course-based Independent Study Curriculum (8th Grade Geometry).

Purpose: School districts are required annually to certify their course-based independent study curriculum through a board resolution as certified by the LEA to be of the same rigor, educational quality, and intellectual challenge substantially equivalent to in-person instruction and classroom-based courses.

Background: The LEA's governing board must adopt a policy at a public meeting that complies with the requirements of Ed. Code 51749.5. CSBA released recommended language for Independent Study Board Policy and Administrative Regulation in late September. Shortly thereafter, on October 6, 2022, NUSD updated language to reflect these recommendations. Per adopted Independent Study BP/AR, the course-based independent study must be annually certified by a resolution from the LEA's governing board to be of the same rigor, educational quality, and intellectual challenge substantially equivalent to in-person instruction and equivalent classroom-based courses, and are aligned to all relevant local and state content standards. Newark Unified School District adopted a new mathematics course progression for grades 6-12 during the 2021-2022 academic school year based on current mathematics instructional research and stakeholder input. However, 5 (five) eighth-grade students enrolled in Algebra I during their 7th-grade year in 2021-2022 have requested access to the subsequent Geometry course during their eighth-grade year in 2022-2023. These 5 students will take 8th-grade Geometry using the same platform that we offer traditional independent study students attending the Crossroads secondary program (Imagine Learning, Edgenuity Geometry Course). Given BP/AR updates, as attached, we request certification on behalf of staff and students to complete their 8th-grade Geometry coursework using the curriculum provided by Imagine Learning, Edgenuity Geometry Coursework. In addition, students will receive additional independent study support as outlined by the newly adopted BP/AR 6158 (Independent Study).

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Fiscal Impact Yes
 Dollar Amount \$12,000.00
 Budget Source Trip will be paid for by Puente ASB funds and students
 Recommended The recommendation is that the Board of Education approves the NMHS Puente Southern
 Action California College Visit curricular and overnight field trip.

Purpose:

The Newark Memorial High School Principal and Puente Advisor request approval of a curriculum and overnight field trip to be taken by the Newark Memorial High School Puente students to visit colleges in Southern California.

Background:

The Puente Project is a national award-winning program that has improved the college-going rate of tens of thousands of California's educationally underrepresented students since 1981. Its mission is to increase the number of educationally disadvantaged students who enroll in four-year colleges and universities, earn college degrees, and return to the community as mentors and leaders to future generations. The program is interdisciplinary in approach, with writing, counseling, and mentoring components.

According to Board Policy 6153, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. Newark Memorial High School Principal and Puente Advisor request permission to take Newark Memorial High School Puente students on a trip to visit colleges in Southern California. Transportation will be by chartered bus.

RESOLUTION 2022.23.09 - Declaring Surplus Equipment

Type Action

Recommended The recommendation is that the Board of Education approves Resolution 2022.23.09 -
Action Declaring Surplus Equipment.

Purpose:

The purpose of this item is to obtain Board approval of Resolution 2022.23.09- Declaring Surplus Equipment, which lists items to be declared as surplus equipment as recommended.

Background:

Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment And Supplies. Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility.

The property as described in Resolution 2022.23.09 includes equipment used in the Maintenance, Operations and Transportation (MOT) department. Staff determined that items are obsolete, at the end of life and/or beyond economical repair.

RESOLUTION 2022.23.10 - Week of the School Administrator

Type Action

Absolute Date	Oct 06, 2022
Recommended	The recommendation is that the Board of Education approves Resolution No. 2022.23.10 -
Action	Week of the School Administrator, to honor Newark Unified School District administrators during the second full week in October (October 10 to October 14, 2022).

Purpose:
The purpose is for the Board of Education to approve Resolution No. 2022.23.10 to honor Newark Unified School District administrators during the second full week in October 2022.

Background:
California Education Code Section 44015.1 designates the second full week in October as Week of the School Administrator in all schools, districts, and counties. Highlighting and acknowledging this week is one way the Association of California School Administrators, the Newark Management Association and Newark Unified School District collaborate to celebrate the educational leaders that work to make our schools succeed and enable students to achieve at their highest levels. The recommendation is that the Board of Education approves this resolution to honor Newark Unified School District administrators during the second full week in October 2022.

Consolidated Application and Reporting System 2022-23 Data Collection

Type	Action
Recommended	The recommendation is that the Board of Education approves the Consolidated Application
Action	and Reporting System 2022-23 Data Collection Forms.

Purpose:
The purpose of this item is to provide the California Department of Education with the information needed to fund a wide variety of federal and state programs that bring supplementary funding into the school district.

Background:
The Consolidated Application and Reporting System (CARS) is a state data collection system to apply for Categorical Program Funding and to report on the use of those funds. Each year, the programs included in the CARS change based on federal/state mandates and different methods of gaining or disseminating information. This is the 2022-23 Data Collection. CARS brings funds into the school district for a variety of programs including Title I, Title II, Title III, and Title IV. Each of the identified programs has specified guidelines or requirements for their expenditure. All titled programs are federally funded. Title I, Part A funds are used to support the increased achievement of at-risk students, primarily in reading and math. (We currently have six schools receiving these funds.) Title II, Part A (Teacher Quality) funds are used to support teacher evaluation, as well as teacher professional development. Title III English Learner funds are used to support our English language learners. Title IV funds are used to improve students' academic achievement.

The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.
Board Policy and Administrative Regulation 3260: Fees and Charges
The Board Policy and Administrative Regulation (BP/AR) have been revised by CSBA four (4) times since NUSD's last update on 2/6/1996.
BP/AR revised 3/19:
Policy and regulation updated to add a new section on "Collection of Debt," reflecting NEW LAW (AB 1974) which prohibits negative action against a student or former student for a debt owed to the school and requires districts to provide parents/guardians with an itemized invoice that references applicable district policies. The regulation was also revised to more directly reflect the most recent CDE fiscal advisory regarding student fees.
BP/AR revised 3/17:
Policy reorganized and updated to reflect a California Department of Education (CDE) management advisory regarding the prohibition against requiring parent/guardian volunteer hours or payment as a condition of the student's enrollment or participation in educational activities. Regulation updated to reflect NEW LAW (AB 2615, 2016) which permits districts to charge a fee for participation in After School Education and Safety (ASES) programs, 21st Century Community Learning Center (21st CCLC) programs, and 21st Century High School After School Safety and Enrichment for Teens (ASSETs) program, as long as the fee is waived or reduced for low-income families and, effective July 1, 2017, the fee is not charged for homeless or foster youth. The regulation also clarifies the permissibility of charging a fee for in-state field trips in accordance with CDE's interpretation of the law, provided that no student is prevented from participating based on a lack of funds.
BP/AR revised 4/14:
MANDATED policy updated to reflect NEW TITLE 5 REGULATION (Register 2013, No. 38) which addresses remedies to be provided to all affected students and parents/guardians if the district is found in violation of the prohibition against unauthorized student fees. The policy also clarifies that the prohibition against student fees does not restrict districts from soliciting voluntary donations, participating in fundraising activities, or providing prizes or other recognition for participants in such fundraising events. Regulation updated to expand and clarify the list of permissible fees and align material with California Department of Education Fiscal Management Advisories.

BP/AR revised 4/14:

MANDATED policy updated to reflect NEW LAW (AB 1575) which clarifies the prohibition against the charging of student fees, prescribes the use of uniform complaint procedures for filing a complaint when the charging of an impermissible fee is alleged, and requires information about student fees to be included in the annual notification regarding uniform complaint procedures. Regulation updated to reflect NEW LAW (SB 1016) which requires the district to charge a fee to families enrolled in part-day preschool programs and/or wraparound child care services in accordance with the fee schedule established by the Superintendent of Public Instruction.

POLICY UPDATE: Administrative Regulation 4112.23 - Special Education Staff

Type Action, Procedural

Recommended Action The recommendation is that the Board of Education approves the updated Administrative Regulation 4112.23 - Special Education Staff.

Purpose:

The purpose is for the Board of Education to review the recommended changes and approve the updated administrative regulation.

Background:

This is the first reading of the attached regulation. The language is sanctioned by the California School Board Association. California School Board Association notations can be seen in the documents for the benefit of the Board. These notations will be removed from the final, Board approved policies. The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the administrative regulation will be brought back to the Board of Education for a second reading.

Administrative Regulation 4112.23 - Special Education Staff

The Administrative Regulation has not been revised since 2011. The administrative regulation is being updated to delete the outdated section on "Teachers of Students with Autism" and to update the credentials and added authorizations available from the Commission on Teacher Credentialing which authorize instruction in special education and related services. The regulation also adds material related to the emergency permit for resource specialists, the provisional internship permit and short-term staff permit, credential waivers, qualifications of employees providing related services, professional development, and induction programs.

The administration has reviewed the recommended updates for accuracy and made revisions to reflect district practice. If any revisions are recommended by the Board, the policy will be brought back to the Board of Education for a second reading.

Board Policy 4115 - Evaluation/Supervision

Board Policy has not been revised since 2010. Policy updated to include evaluation criteria formerly in AR since establishing criteria is a responsibility of the board. The policy was also revised to clarify that evaluation procedures are subject to negotiation.

Administrative Regulation 4115 - Evaluation/Supervision

Administrative Regulation has not been revised since 2010. Regulation updated to reflect AB 97, which eliminated the Peer Assistance and Review (PAR) program. The regulation also adds a section on qualifications of evaluators based on material formerly in BP 4315.1 - Staff Evaluating Teachers. Minor revision made in regulation to delete the requirement that a teacher, in order to be evaluated on a five-year schedule, must meet the qualifications of a "highly qualified" teacher if applicable for the position, as the highly qualified teacher requirements were repealed by the Every Student Succeeds Act (P.L. 114-95).

District Goals and Objectives

Type Discussion

Purpose:

The superintendent, Dr. Triplett, will share with the Board an updated draft of the 2022-23 District Goals and Objectives for the Newark Unified School District in order to get input from the Board.

Background:

The 2022-23 District Goals and Objectives for the Newark Unified School District were presented to the Board during a study session at the September 15, 2022, regular Board of Education meeting. Dr. Triplett will follow up with an updated draft of the 2022-23 District Goals and Objectives based on the Board's feedback provided during the study session. BP 0200 - "As part of the Governing Board's responsibility to set the direction for the school district, the Board shall adopt long-term goals focused on the achievement of all district students. The district's goals shall be aligned with the district's vision, mission, philosophy, and priorities."
I. Review Purpose of the Creation and Adoption of District Goals and Objectives
1. To provide clear direction, coherence, and accountability regarding area(s) of focus for the District.
II. Underlying Assumptions
1. The governance team and staff need clear goals and objectives to prioritize resources and effectively measure progress toward goals.
2. Consistency of goals over time is necessary to deepen the work throughout the district, realize desired outcomes, and make course corrections based on lessons learned.
3. Corresponding objectives need to be SMARTER (Specific, Measurable, Achievable, Realistic, Time Sensitive, and Equitable)
III. Timeline for Board Approval
1. Superintendent recommended 2022-23 Goals and Objectives for community and Board input on Thursday, September 15, 2022.
2. Superintendent will make revisions based on community and Board input and present them to the Board for approval on October 6, 2022.
3. Superintendent and Team will generate measurable outcomes for each articulated goal/objective to be subsequently presented at the second Board meeting in October.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 STUDY SESSION

2022-23 District Goals and Objectives

Type Discussion

Purpose:

The superintendent, Dr. Triplett, will share with the Board a draft of the 2022-23 District Goals and Objectives for the Newark Unified School District in order to get input from the Board.

Background:

BP 0200 - "As part of the Governing Board's responsibility to set the direction for the school district, the Board shall adopt long-term goals focused on the achievement of all district students. The district's goals shall be aligned with the district's vision, mission, philosophy, and priorities."

I. Review Purpose of the Creation and Adoption of District Goals and Objectives

1. To provide clear direction, coherence, and accountability regarding area(s) of focus for the District.

II. Underlying Assumptions

1. The governance team and staff need clear goals and objectives to prioritize resources and effectively measure progress toward goals.

2. Consistency of goals over time is necessary to deepen the work throughout the district, realize desired outcomes, and make course corrections based on lessons learned.

3. Corresponding objectives need to be SMARTER (Specific, Measurable, Achievable, Realistic, Time Sensitive, and Equitable)

III. Timeline for Board Approval

1. Superintendent will recommend 2022-23 Goals and Objectives for community and Board input on Thursday, September 15, 2022.

2. Superintendent will make revisions based on community and Board input and present them to the Board for approval on October 6, 2022.

7 RECOGNITIONS AND CELEBRATIONS

Latinx Heritage Month Celebration

Type Information

Purpose:
The Schilling Elementary Ballet Folklorico will perform for the Board and community in celebration of Latinx Heritage Month commencing on September 15, 2022, through October 15, 2022.

Background:
Latinx (Hispanic) Heritage Month heritage began as Hispanic Heritage Week. Hispanic Week was established by legislation

sponsored by Rep. Edward R. Roybal of Los Angeles and was signed into law by President Lyndon Johnson in 1968. In 1988, the commemorative week was expanded to a month (September 15 to October 15) by President Ronald Reagan. September 15 was chosen as the starting point for the commemoration because it is the anniversary of the Cry of Dolores (early morning, 16 September 1810), which marked the start of the Mexican War of Independence and thus resulted (in 1821) in independence for the New Spain Colony (now Mexico and the Central American nations of Guatemala, El Salvador, Costa Rica, Honduras, and Nicaragua) which became the Federal Republic of Central America. Mexico, most Central American countries, and Chile commemorate their independence from Spain on September 15, September 16, and September 18, respectively.

Hispanic Heritage Week was first proclaimed by President Johnson in 1968 in Presidential Proclamation 3869. Presidents Nixon, Ford, Carter, and Reagan gave annual proclamations for Hispanic Heritage Week between 1969 and 1988. National Hispanic Heritage Month was first proclaimed by President George H. W. Bush on September 14, 1989, in Presidential Proclamation 6021. Since 1989, all Presidents have given a Presidential Proclamation to mark Hispanic Heritage Month.

ROP Teacher of the Year Recognition

Type Information

Purpose:

The purpose of this agenda item is to recognize and celebrate Mr. Jonathan Sabangan, ROP teacher at NMHS, for receiving the Teacher of the Year award.

Background:

Mr. Jonathan Sabangan has been working with the Newark Memorial High School community since 2014. He currently teaches a variety of ROP business classes, including Sports & Entertainment Marketing, Entrepreneurship, and Business and Professional Development.

As a business instructor, Mr. Sabangan supports students to make a smooth transition from the classroom into the working world by utilizing the core keys of 21st-century learning. His curriculum includes classroom presentations, weekly speech and debate exercises, and bi-annual "employee professional" finals. Mr. Sabangan was nominated and selected as the ROP Teacher of the Year and will be celebrated at the County level in October 2022.

11 CONSENT AGENDA: PERSONNEL ITEMS

PLACEHOLDER - One Consented Vote

Type Action
 Recommended The recommendation is that the Board of Education approve, under one consented vote, the
 Action agenda items under Consent-Personnel, except for agenda items:

Purpose:
 This is specifically a placeholder, and will only be used if multiple agenda items are approved under a consented vote.

Background:
 Items within the Consent Agenda are considered routine and will be approved, adopted, or ratified by a single motion and action. There will not be a separate discussion of these items; however, any item may be pulled from the Consent Agenda upon the request of any member of the Board and acted upon separately.

K12 Workforce Pathway Coordinator (OCCD) Position & Job Description

Type Action
 Preferred Date Sep 15, 2022
 Fiscal Impact Yes
 Dollar Amount \$130,000.00
 Budgeted Yes
 Budget Source K12 Strong Workforce Program Grant
 Recommended The recommendation is that the Board of Education approves the K12 Workforce Pathway
 Action Coordinator position and job description as presented.

Purpose:
 To approve the Strong Workforce Program K12 Pathway Coordinator position and job description.

Background:
 The Board approved the K12 Workforce Pathway Coordinator LEA Host Contract (Ohlone CCD) at the September 1, 2022 board meeting. This allows NUSD to serve as the employer of record for the K12 Pathway Coordinator (PC) position for the Ohlone Community College District, funded through the K12 Strong Workforce Program (SWP). The SWP legislation created the K12 PC positions to support connections between the K12 LEAs and local community colleges to strengthen CTE programs and pathways that align with regional workforce needs. More specifically, the K12 PCs are assigned to each community college district's service area, to work with the community colleges and the K12 LEAs to provide technical assistance to strengthen and expand CTE programs and be the go-to resource for K12 SWP and Career Technical Education Incentive Grants. The Bay Region has 18 K12 PCs on board, and the LEA host for the Ohlone Community College District's K12 PC is Newark Unified School District as of September 1, 2022.
 This position will serve Mission Valley ROP, Fremont, Newark, and New Haven school districts, in providing technical assistance to implement and improve career technical education courses, programs, and pathways. This partnership is an opportunity to further our own Educational Services' work on improving college and career readiness data at our secondary schools.

Newark Junior High School 2022-2023 School Site Plan for Student Achievement (SPSA)

Type Action

Fiscal Impact Yes

Budgeted Yes

Recommended The recommendation is that the Board of Education approve the Newark Junior High School
Action 2022-2023 School Plan for Student Achievement.

Purpose:

This 2022-23 School Plan for Student Achievement (SPSA) is coming forward for Board approval. The SPSA serves as the organizer for an individual school's improvement process. The plan is developed with a deep understanding of the root causes of student academic challenges and identifies and implements research-based instructional strategies to raise the achievement of students who are not yet proficient by state standards.

The plan:

- Builds on a premise that students are capable of learning with effective instruction.
Includes school goals aligned with activities and goals included in the LCAP to maximize school reform efforts.
Is based on verifiable data analysis.
Focuses on student achievement and academic interventions.
Implements high leverage school improvement actions.
Directs resources where they will most directly improve student academic achievement.
Ensures all resources are aligned to serve identified students' needs.
Uses research-based strategies.
Implements strategic coordination of resources.

Background:

The School Plan for Student Achievement (SPSA) is a plan of action to improve student academic performance by coordinating all educational services and resources. Pursuant to California Education Code Section 64001, schools that receive state and federal funds are required to consolidate all school plans into an SPSA.

It is the goal of the Newark Unified School District (NUSD) to provide equitable opportunities to each of our students and school sites. Each site-specific SPSA and the district-wide Local Control and Accountability Plan (LCAP) is a roadmap created in partnership with all district stakeholders to achieve our vision and mission:

NUSD Vision: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.

NUSD Mission: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.

Each school site aligns its SPSA action items to our 3 LCAP goals:

- Goal 1: Promote a culture of instructional excellence and continuous improvement that results in students achieving their full potential and graduating college and career-ready.
Goal 2: Promote a culture of community and partnership among the parents, students, staff, and NUSD community as a whole that results in an increase in parent involvement, student participation, and a positive school climate.
Goal 3: Establish exceptional learning conditions and an environment that promotes trust, respect, and acceptance, and results in students and families feeling safe, welcomed, and valued members of NUSD.

Data Analysis: School-level goals are informed by data. Each goal area includes data analysis on current measures across student subgroups, and on outcome measures to determine progress. Local and State data are used to develop each goal.

Evaluating Progress: The SSC agendized a meeting to review Dashboard data and measure the impact of actions on student achievement. The principal and staff evaluate academic progress a minimum of three times a year through an academic Professional

Learning Community (PLC) model with benchmark data.

Role of School Advisory Committees: California Education Code Section 64001 requires that the School Site Council (SSC) develop the SPSA. The SSC's responsibilities include approving the plan, recommending it to the local governing board for approval, monitoring its implementation, and evaluating the effectiveness of the plan at least annually. The SSC must seek the review, advice, and certification of applicable advisory committees, including the English Learner Advisory Committee (ELAC).

[Reach Institute for School Leadership Partner School MOU and Intern Teacher Credential Program MOU](#)

Type Action

Absolute Date Sep 15, 2022

Recommended The recommendation is that the Board of Education approve the Reach Institute for School Leadership Partner School MOU and Intern Teacher Credential Program MOU.

[Purpose:](#)

The purpose of this item is for the Board of Education to approve the Reach Institute for School Leadership Partner School MOU and Intern Teacher Credential Program MOU.

[Background:](#)

The District works closely with institutions of higher education (IHE) to create pipelines for qualified teaching staff.

Memorandums of Understanding must be in place in order for an intern from the Reach Institute for School Leadership to be employed.

These MOUs will support the District with the employment of one confirmed intern, Timothy Leonard, as a Social Science Teacher with Newark Junior High School. They will also open the pipeline to other qualified teaching candidates currently enrolled with the Reach Institute. Interns are able to learn, practice teaching, and fine-tune their craft under the direct supervision of a master teacher. The opportunity to intern in the District benefits both the student and the District.

There is no financial impact for the approval of these MOUs.

[Resolution 2022.23.05 - Adopting the 2021-22 and 2022-23 Gann Limit](#)

Type Action

Recommended The recommendation is that the Board adopt Resolution No. 2022.23.05 - Adopting the 2021-22 and 2022-23 Gann Limit.

[Purpose:](#)

The purpose of this item is for the Board to approve Resolution No. 2022.23.05, Adopting the 2021-22 and 2022-23 Gann Limit.

[Background:](#)

The Gann limit was established by Proposition 4 in 1979. Simply put, the purpose of the limit is to keep per-person government spending under 197879 levels, adjusted for changes in population and inflation. For school districts, ADA is used to determine population. The limit is based on local property tax revenues and state aid received. If a school district's Gann limit is reduced, they do not lose funding.

School districts are required to adopt a resolution and file a Form GANN every year. Form GANN is part of the Unaudited Actuals SACS report submitted to the Alameda County Office of Education every year.

For reference, a School Services of California article and information from the California Department of Education (CDE), including FAQs, are attached.

[Resolution 2022.23.06 - Sufficiency of Instructional Materials](#)

Type Action, Procedural

Recommended Action The recommendation is that the Board of Education approves Resolution 2022.23.06 - Sufficiency of Instructional Materials.

Purpose: For the Board of Education to approve Resolution 2022.23.06 - Sufficiency of Instructional Materials.

Background: To certify compliance with Education Code Section 60119 (as revised by Chapter 704, Statutes of 2006 and California Code of Regulations (CCR), Title 5, Section 9531). In order to be eligible to receive instructional materials funds, the governing board of each district and county office of education is required to hold an annual public hearing and adopt a resolution stating whether each pupil in the district has sufficient textbooks or instructional materials in specified subjects that are aligned to the academic content standards and consistent with the content and cycles of the curriculum frameworks adopted by the state board. The public hearing was held on Sept. 1, 2022. Under EC Section 60119, the governing board of every local educational agency that receives state instructional materials funds must hold an annual public hearing before the end of the eighth week from the first-day pupils attend school for that year. At the public hearing, the governing board must make a determination as to whether each pupil in each school has sufficient textbooks or instructional materials, or both, that are aligned to the content standards and are consistent with the content and cycles of the curriculum framework adopted by the State Board of Education in reading/language arts, mathematics, science, and history-social science. Site principals reviewed the site's sufficiency of materials and affirmed. Governing boards that have met the requirements of Education Code Section 60119 and have also certified compliance with the Instructional Materials Funding Realignment Program (IMFRP) requirements regarding the provision of adopted standards-aligned instructional materials for all students (Education Code Section 60422) may spend 100% of any remaining IMFRP funds from that year's allocation for other approved purposes.

Resolution 2022.23.07 - Designating Certain General Funds as Committed Fund Balance for 2022-23

Type Action, Procedural Recommended Action The recommendation is that the Board of Education adopt Resolution 2022.23.07 Designating Certain General Funds as Committed Fund Balance for 2022-23

Purpose: To approve the designations to the fund balance as presented in Resolution 2022.23.07 Designating Certain General Funds as Committed Fund Balance for 2022-23

Background: As a result of the balance in the Public School System Stabilization Account, the statutory limitation on school district reserves has been triggered for the 2022-23 budget period, pursuant to Education Code (EC) section 42127.01(e). Beginning with the 2022-23 fiscal year, the district reserve cap requires that a school district's adopted or revised budget shall not contain a combined assigned or unassigned ending general fund balance of more than 10 percent of those funds. Assigned and unassigned balances within Fund 17 Special Reserve Fund for Emergency Purposes are included within the 10% reserve cap. Components of the fund balance designated as committed funds are not included in the 10% reserve cap. On June 16, 2022, the Board adopted Resolution 2021.22.49 designating \$5,869,876 in general funds as committed fund balance. Since the ending fund balance in the 2021-22 Unaudited Actuals resulted in an increase of about \$6 million, the committed fund balance designations for 2022-23 need to be modified in order to maintain the 10% reserve cap required for the 2022-23 fiscal year.

Warrant Report for August 2022

Type Action Fiscal Impact No Recommended Action The recommendation is that the Board of Education approve the Warrant Report as presented.

Purpose: The purpose of this item is to present warrants, for the total amount of \$1,727,644.32, made from District funds for August 2022.

Background: The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Local Control Accountability Plan (LCAP) Clarifying Questions

Type Action

Recommended The recommendation is that the Board of Education ratify the Newark Unified School District
Action Clarifying Questions 2022-23 LCAP document submitted to the Alameda County Office of
Education.

Purpose:

After the annual review by the Alameda County Office of Education (ACOE) of our proposed 22-23 Local Control and Accountability Plan (LCAP), NUSD received LCAP Clarifying Questions on August 15, 2022, with the expectation to respond to ACOE on or before August 30, 2022, and bring forth to the Board of Education shortly after that.

Background:

This document and the revised LCAP template have been provided to ACOE and will be posted on our district website so that our stakeholders can access this information.

Ed Code 52070:

(a) Not later than five days after adoption of a local control and accountability plan or annual update to a local control and accountability plan, the governing board of a school district shall file the local control and accountability plan or annual update to the local control and accountability plan with the county superintendent of schools.

(b) On or before August 15 of each year, the county superintendent of schools may seek clarification, in writing, from the governing board of a school district about the contents of the local control and accountability plan or annual update to the local control and accountability plan. Within 15 days the governing board of a school district shall respond, in writing, to requests for clarification.

Action	Heritage Month.

[Purpose:](#)

To reaffirm Resolution 2022.23.08 - Latinx Heritage Month, recognizing Latinx Heritage Month at NUSD from September 15 - October 15.

[Background:](#)

At the October 7, 2021, regular Board of Education meeting, the Board approved Resolution 2021.22.08 recognizing Latinx Heritage Month at NUSD.

The proposed NUSD resolution is intended to recognize and celebrate the contributions of our Latinx, Hispanic, and Chicano community members, as well as draw attention to areas of improvement for Newark Unified School District with respect to its service to this community.

The resolution was originally drafted in partnership with the following community representatives:

- Newark Memorial High School Students
- Bridgepoint High School Students
- Newark Unified School District Educational Services Team
- Newark Unified School District Staff (Open Invitation)
- Community Organizations: Promotores, Avanzando, and Parent Focus Groups, including City Council Representative Sucsy Collazo

Assignment of Yasmeen Sears as an English Teacher at Newark Junior High School on the Basis of a Credential Waiver, Effective August 8, 2022.

Type	Action
Absolute Date	Sep 15, 2022
Recommended	The recommendation is that the Board of Education approve the assignment of Yasmeen
Action	Sears as an English Teacher at Newark Junior High School on the Basis of a Credential Waiver, Effective August 8, 2022.

[Purpose:](#)

The purpose of this item is for the Board of Education to approve the assignment of Yasmeen Sears as an English Teacher at Newark Junior High School on the Basis of a Credential Waiver, Effective August 8, 2022.

[Background:](#)

The California Commission on Teacher Credentialing requires employee assignments on the basis of a credential waiver to be presented to the governing board of the school district in a public meeting showing the name of the applicant, the specific assignment, and the fact that the assignment will be on the basis of a credential waiver.

Variable Term Waivers give the employer the ability to cover assignments when a fully qualified credentialed employee cannot be

found. Waivers allow employers to meet staffing needs while searching for an individual who either holds an appropriate credential or qualifies for one of the available assignment options for the assignment. It also allows the individuals holding waivers to complete their credential requirements while serving in the classroom. Yasmeeen Sears successfully served as an English Teacher at Newark Junior High School during the 2021-2022 school year under a short-term staff permit. Since then, Yasmeeen has completed her teaching program with Cal State East Bay. This waiver will allow Yasmeeen to serve as an English Teacher while she works to complete the edTPA, a performance-based, subject-specific assessment. Upon completion of the edTPA, Cal State East Bay will submit the formal recommendation for a Single Subject Teaching Credential in English for Yasmeeen Sears. There is no financial impact on the approval of this waiver.

Motion & Voting

The recommendation is that the Board of Education approve the assignment of Yasmeeen Sears as an English Teacher at Newark Junior High School on the Basis of a Credential Waiver, Effective August 8, 2022.

Fiscal Impact	Yes
Dollar Amount	\$170,600.00
Budgeted	Yes
Budget Source	General Fund
Recommended Action	The recommendation is that the Board of Education award the contract for marketing services to Presidio Communications.

Purpose:
The purpose is to award a marketing services contract to Presidio Communications.

Background:
On July 6, 2022, staff initiated an RFP (Request for Proposal) process for marketing services with three main objectives: increase enrollment, recruitment and retention of highly qualified staff, and improve community awareness of the greatness of our district, schools, and programs. The RFP (RFP #01-2022-23) was posted on the district's website and advertised in The Argus on July 15 and 22, 2022. Fourteen (14) RFP documents were mailed out and the district received eight (8) proposals which were due on July 28, 2022, at 2:00 PM. Proposals were received from:
Twenty Fifth Hour Communications
CESO Communications
G&D Associates, LLC
Geoffvu Media
Holdsworth Communications
Presidio Communications Inc
Rhodes Branding
Sounding Board Marketing & Communications
Proposals were reviewed and potential firms were interviewed.

2021-22 Unaudited Actuals Financial Report

Type	Action
Recommended Action	The recommendation is that the Board approve the 2021-22 Unaudited Actuals Financial Report.

Purpose:
The purpose of this item is for the Board to review and approve the 2021-22 Unaudited Actuals Financial Report.

Background:
Assembly Bill 1200 requires that the prior year's unaudited actuals of revenues and expenditures be approved by the Board of Trustees (EC 42100). The unaudited actuals will be reviewed by independent auditors and presented in an annual independent audit report. The report includes the actual results of 2021-22 operations for all funds of the District and includes various supplemental schedules used to convert the District's fund-level statements into entity-wide statements in compliance with Governmental Accounting Standards Board Statement #34 (GASB 34). The District must close its books for the 2021-22 fiscal year by September 15, 2022, and submit the financial statement to the Alameda County Office of Education which will review the information and forward it to the state. This report is prepared using the state software in a format approved by the California Department of Education (Standardized Account Code Structure, known

as SACS). Individual SACS report forms are prepared for each of the District's funds. The financials present the 2021-22 revenues, expenses, assets, liabilities, and fund balances by the fund.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

RATIFICATION AND APPROVAL OF TK ENROLLMENT: (Ed. Code, 48000 & 35146)

Type Action, Discussion, Information

Preferred Date Sep 01, 2022

Recommended To approve newly registered Transitional Kindergarten students who shall reach age 5 after

Action February 2, 2023.

Purpose:

The Board will review student information for approval of newly registered Transitional Kindergarten students who shall reach age 5 after February 2, 2023. This process will continue on a case by case basis for students who register within the extended window.

Background:

Education Code sections 48000 and 48010, and District Administrative Regulation (AR) 5111, requires the District to enroll any otherwise eligible student who turns age five or six on or before September 1 of a given school year into kindergarten or first grade, as applicable. In addition, if a student turns age five between September 2 and December 2 (extended to February 2 for the 2022-2023 school year) of a

school year, then that student shall be offered an opportunity to enroll in TK. The District may additionally admit younger children to TK "on a case by case basis."

Education Code section 48000 specifically provides as follows:

(c)(1) As a condition of receipt of apportionment for pupils in a transitional kindergarten program... a school district shall ensure the following:

(c)(1)(D) In the 2022-23 school year, a child who will have their fifth birthday between September 2 and February 2 shall be admitted to a transitional kindergarten program maintained by the school district.

(c)(2)(A) In a school year, a school district may, at any time during a school year, admit a child to a transitional kindergarten program who will have their fifth birthday after the date specified... with the approval of the parent or guardian, subject to the following conditions:

(c)(2)(A)(i) The governing board of the school district determines that admittance is in the best interest of the child.

(c)(2)(A)(ii) The parent/guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

(c)(2)(B) Notwithstanding any other law, a pupil admitted to a transitional kindergarten program pursuant to subparagraph (A) shall not generate average daily attendance... until the pupil has attained the pupil's fifth birthday, regardless of when the pupil was admitted during the school year.

Consistent with the Education Code, the District's AR 5111 provides:

On a case-by-case basis, a child who will turn five years old in a given school year may be enrolled in kindergarten or TK at any time during that school year with the approval of the child's parent/guardian, provided that: (Education Code 48000)

1. The parent/guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

2. The Governing Board determines that admittance is in the best interest of the child.

For the 2022-2023 school year, the birthday for admittance has been extended to February 2, and will continue being extended by two months each school year, until the 2025-2026 school year, when any student with a birthday after September 1 must be admitted to TK.

10 PUBLIC HEARINGS

Public Hearing: Sufficiency of Instructional Materials

Type Procedural

Purpose:

For the Board of Education to provide an opportunity for the public to speak on the Sufficiency of Instructional Materials Resolution.

Background:

To certify compliance with Education Code Section 60119 (as revised by Chapter 704, Statutes of 2006 and California Code of Regulations (CCR), Title 5, Section 9531). In order to be eligible to receive instructional materials funds, the governing board of each district and county office of education is required to hold an annual public hearing and adopt a resolution stating whether each pupil in the district has sufficient textbooks or instructional materials in specified subjects that are aligned to the academic content standards and consistent with the content and cycles of the curriculum frameworks adopted by the state board. This is an annual process.

Under EC Section 60119, the governing board of every local educational agency that receives state instructional materials funds must hold an annual public hearing before the end of the eighth week from the first-day pupils attend school for that year. At the public hearing, the governing board must make a determination as to whether each pupil in each school has sufficient textbooks or instructional materials, or both, that are aligned to the content standards and are consistent with the content and cycles of the curriculum framework adopted by the State Board of Education in reading/language arts, mathematics, science, and history-social science.

Site principals reviewed the site's sufficiency of materials and affirmed.

Governing boards that have met the requirements of Education Code Section 60119 and have also certified compliance with the Instructional Materials Funding Realignment Program (IMFRP) requirements regarding the provision of adopted standards-aligned instructional materials for all students (Education Code Section 60422) may spend 100% of any remaining IMFRP funds from that year's allocation for other approved purposes.

The Board will later have the opportunity to approve Resolution 2022.23.06 - Sufficiency of Instructional Materials

Addendum to Assistant Superintendent's Employment Agreement

Type	Action
Recommended	The recommendation is that the Board of Education ratifies the addendum to the Assistant Superintendent of Educational Services' employment agreement.
Action	

Purpose:
For the Board of Education to ratify the addendum to the Assistant Superintendent of Educational Services' employment agreement following the Assistant Superintendent's evaluation.

Background:
This agreement was brought to the Board for approval on August 18, 2022, and the Board unanimously approved the agreement, however, the summary was not provided to the public. In order to adhere to the Brown Act requirements, the agreement is brought to the Board, once more, for ratification.
The Assistant Superintendent of Educational Services' current employment agreement states that if the Assistant Superintendent receives a satisfactory annual written evaluation for the 2021-22 school year, with Board approval, she shall receive a 2% salary increase effective July 1, 2022. Following the Assistant Superintendent's receipt of a satisfactory annual written evaluation, through this item, the Board will consider approval of the 2% salary increase effective July 1, 2022 pursuant to the employment agreement.

Wellness Together Contract Extension

Type Action
 Preferred Date Sep 01, 2022
 Fiscal Impact Yes
 Dollar Amount \$225,560.00
 Budgeted Yes
 Budget Source LCAP 2.8
 Recommended The recommendation is that the Board of Education approve the Wellness Together and
 Action HearYou.org Contract for 22-23.

Purpose:
 Staff is seeking the approval of Wellness Together contracts in alignment with the LCAP Goals and Actions (LCAP 2.8).

Background:
 As a result of engagement with numerous educational partners, LCAP PAC and District identified mental health and wellness as a priority for continued support in our LCAP for the 22-23 school year. The Community identified the following in their feedback:
 1. Ensure that ALL students in need have access to mental health services (vacancies, health insurance barriers, etc.) and increase the frequency of support from academic counselors.
 2. Continue to fund (increase and/or address vacancy issues that we experienced this year) in order to provide mental health services for ALL.
 3. Increase frequency of counselor-student conferences.

As a result of ESSER III funds in 2021-22, we developed a partnership with Wellness Together, a non-profit that places qualified Mental Health Clinicians in schools to provide 1:1, group, and classroom support for students. Schools, with Wellness Together clinicians, have reported positive impacts resulting from these services, and we hope to continue and expand this service in our schools.

The following contract provides details about the contracts for Wellness Together and HearYou.org (a division of Wellness Together) for the 2022-23 school year.

Addendum to the Contract with Ed Sped Solutions Inc.

Type	Action
Absolute Date	Sep 01, 2022
Fiscal Impact	Yes
Dollar Amount	\$302,875.00
Budgeted	Yes
Budget Source	Resource 6500 - Special Education, Resource 3311 - IDEA
Recommended	The recommendation is that the Board of Education approves the addendum to the contract
Action	with Ed Sped Solutions Inc.

Purpose:

For the Board to ratify the addendum to the contract with Ed Sped Solutions Inc., in the amount of \$302,875.00.

Background:

Ed Sped Solutions Inc. will provide Augmentative Alternative Communication (AAC) and Assistive Technology (AT) assessments and consultation services for students with disabilities. A service provider will assess the needs of the students with disabilities, assist in the selection of appropriate assistive technology for the student, and provide training in the use of the selected device(s). The services to be provided by Ed Sped Solutions, Inc. are essential services for ensuring compliance requirements are met for students with disabilities, which includes assessment timelines, and related services are provided per the students' Individualized Education Programs (IEPs). Assessments and related services are legally mandated per Individual Disability Education Act (IDEA).

In addition, Ed Sped will provide 5 Aides as needed by Special Education for unfilled positions. Without Ed Sped Solutions, Inc. services, Newark Unified School District would be out of compliance for providing classroom aide support and 1:1 services. While the original contract was approved by the Board of Education on 8/4/22, this addendum will bring the total contract amount to \$2,152,473.00.

Addendum with Curriculum Associates, LLC for i-Ready Services

Type	Action
Preferred Date	Sep 01, 2022
Fiscal Impact	Yes
Dollar Amount	\$20,575.50
Budgeted	Yes
Budget Source	LCAP 1.14
Recommended	The recommendation is that the Board of Education approves the addendum with Curriculum
Action	Associates, LLC.

Purpose:

This addendum for the 2022-23 school year is specifically to support and provide licenses for all grade 6 students at Newark Junior High School, as requested by 6th grade teachers. This addendum will provide diagnostics and student licenses in English Language Arts (ELA) and Mathematics for 6th grade students. The previously approved agreement provided licenses for students grades K-5 and for English Language Learners at the secondary level, grades 6-12, only.

Background:

This is a part of the district-wide assessment program. This is the seventh year of implementation of i-Ready; this continuity allows staff the ability to identify trends in student data results and adjust instructional planning accordingly at the site level. The original K-5 contract was for \$94,123.10, with this addendum of \$20,575.50, the total amount equals \$114,698.60.

Resolution 2022.23.06 - Sufficiency of Instructional Materials

Type Action, Procedural

Recommended The recommendation is that the Board of Education approves Resolution 2022.23.06 -
Action Sufficiency of Instructional Materials.

Purpose:

For the Board of Education to approve Resolution 2022.23.06 - Sufficiency of Instructional Materials.

Background:

To certify compliance with Education Code Section 60119 (as revised by Chapter 704, Statutes of 2006 and California Code of Regulations (CCR), Title 5, Section 9531). In order to be eligible to receive instructional materials funds, the governing board of each district and county office of education is required to hold an annual public hearing and adopt a resolution stating whether each pupil in the district has sufficient textbooks or instructional materials in specified subjects that are aligned to the academic content standards and consistent with the content and cycles of the curriculum frameworks adopted by the state board. This is an annual process.

Under EC Section 60119, the governing board of every local educational agency that receives state instructional materials funds must hold an annual public hearing before the end of the eighth week from the first-day pupils attend school for that year. At the public hearing, the governing board must make a determination as to whether each pupil in each school has sufficient textbooks or instructional materials, or both, that are aligned to the content standards and are consistent with the content and cycles of the curriculum framework adopted by the State Board of Education in reading/language arts, mathematics, science, and history-social science.

Site principals reviewed the site's sufficiency of materials and affirmed.

Governing boards that have met the requirements of Education Code Section 60119 and have also certified compliance with the Instructional Materials Funding Realignment Program (IMFRP) requirements regarding the provision of adopted standards-aligned instructional materials for all students (Education Code Section 60422) may spend 100% of any remaining IMFRP funds from that year's allocation for other approved purposes.

K12 Workforce Pathway Coordinator LEA Host Contract - Ohlone CCD

Type Action
Preferred Date Sep 01, 2022
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approves the K12 Workforce Pathway Coordinator LEA Host Contract (Ohlone CCD) as presented.

Purpose: To approve Strong Workforce Program K12 Pathway Coordinator LEA Host Contract (Ohlone CCD). Newark Unified School District was selected to serve as the employer of record for career technical education funding that supports the establishment of Strong Workforce Program K12 Pathway Coordinators from the California Community Colleges Chancellor's Office, Workforce and Economic Development Division.

Background: This contract allows NUSD to serve as the employer of record for the K12 Pathway Coordinator (PC) position for the Ohlone Community College District, funded through the K12 Strong Workforce Program (SWP). The SWP legislation created the K12 PC positions to support connections between the K12 LEAs and local community colleges to strengthen CTE programs and pathways that align with regional workforce needs. More specifically, the K12 PCs are assigned to each community college district's service area, to work with the community colleges and the K12 LEAs to provide technical assistance to strengthen and expand CTE programs and be the go-to resource for K12 SWP and Career Technical Education Incentive Grants. The Bay Region has 18 K12 PCs on board, and the LEA host for the Ohlone Community College District's K12 PC has been Alameda County COE for years 1 and 2 of this position. Due to structural changes at the COE, the position will no longer be hosted through them. The Bay Area Community College Consortium (BACCC) and Ohlone College have partnered with NUSD to be the new LEA host for this K12 PC position. This PC position will serve MVROP, Fremont, Newark, and New Haven, in providing technical assistance to implement and improve career technical education courses, programs, and pathways. This partnership is an opportunity to further Educational Services' work on improving college and career readiness data in our secondary schools.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent,

which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

RATIFICATION AND APPROVAL OF TK ENROLLMENT: (Ed. Code, 48000 & 35146)

Type Action, Discussion, Information

Purpose:

The Board will review student information for approval of newly registered Transitional Kindergarten students who shall reach age 5 after February 2, 2023. This process will continue on a case by case basis for students who register within the extended window.

Background:

Education Code sections 48000 and 48010, and District Administrative Regulation ("AR") 5111, requires the District to enroll any otherwise eligible student who turns age five or six on or before September 1 of a given school year into kindergarten or first grade, as applicable. In addition, if a student turns age five between September 2 and December 2 of a school year, then that student shall be offered an opportunity to enroll in TK. The District may additionally admit younger children to TK "on a case by case basis".

Education Code section 4800 specifically provides as follows:

(c)(1)(C) [A] child who will have their fifth birthday between September 2 and February 2 shall be admitted to a transitional kindergarten program maintained by the school district or charter school.

(c)(2)(A) In any school year, a school district ... may, at any time during a school year, admit a child to a transitional kindergarten program who will have their fifth birthday after the date specified for the applicable year ... but during that same school year, with the approval of the parent or guardian, subject to the following conditions:

(i) The governing board of the school district or the governing body of the charter school determines that the admittance is in the best interests of the child.

(ii) The parent or guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

Consistent with the Education Code, the District's AR 5111 provides:

On a case-by-case basis, a child who will turn five years old in a given school year may be enrolled in kindergarten or TK at any time during that school year with the approval of the child's parent/guardian, provided that: (Education Code 48000)

1. The parent/guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

2. The Governing Board determines that admittance is in the best interest of the child.

Beginning in the 2022-2023 school year, the birthday cut off will be extended to February 2, and will continue being extended by two months each school year, until the 2025-2026 school year, when any student with a birthday after September 1 must be admitted to TK

Revision of the Reclassification Criteria for English Learners

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Recommended	The recommendation is that the Board of Education approves the revision to NUSD
Action	Reclassification criteria for K-12th graders.

Purpose:

This item is being presented to the Board for approval of the NUSD Reclassification Criteria for the current school year (2022-23).

Background:

Reclassification is the process by which a student is reclassified from English Learner (EL) to fluent English proficient (RFEP). Per California Education Code (EC) Section 313 and Title 5 California Code of Regulations (5 CCR) section 11303, LEAs must use the following four criteria to establish their own reclassification policies:

1. Assessment of English language proficiency (ELP), using an objective assessment instrument, including, but not limited to, the state test of English Language Performance Assessment of California (ELPAC) or Alternative ELPAC;
2. Teacher evaluation, including, but not limited to, a review of the student's curriculum mastery;
3. Parent opinion and consultation; and
4. Comparison of student performance in basic skills against an empirically established range of performance in basic skills of English proficient students of the same age.

For criteria 1 above, the statewide standardized ELP is an Overall Performance Level (PL) 4 in the ELPAC. LEAs are to use the Overall PL 4 to determine whether a student has met that criteria. The other three criteria are for the LEAs to determine and establish local measurements. NUSD's approved reclassification criteria align with the state's first three criteria. For criteria 4, NUSD determined to use the following, which were revised in 2/18/21 due to interruptions in state testing:

Elementary (K-5th):

District Benchmark Assessment in ELA: I-Ready score On or Above grade level, or SBAC ELA score within 5% of English Proficient average

Secondary (6th - 12th):

CAASPP: Most recent SBAC ELA score within 5% of English Proficient average, or PSAT Scores in Illuminate in Yellow or Green (only applies to 10th and 11th graders)
 District Benchmark Assessment in ELA: I-Ready score On or Above grade level

We proposed the following change to the last criteria to ensure that all students have access to an empirical assessment at every grade level. The PSAT and SBAC assessments are not given at each grade level and the grade level writing assessments cannot be validated empirically.

Additionally we would like to add the following language to support the reclassification of students that are dual identified as English Learner and requiring special education services.

RECLASSIFICATION OF ENGLISH LEARNERS WITH DISABILITIES

Considering all guidelines, criteria, resources, and the individual needs of each dual-identified English learner, the IEP team will determine the following:

- Appropriate measures of English language proficiency (ELP)
- Appropriate measures of performance in basic skills
- Minimum levels of proficiency that would be equivalent to an English proficient peer with similar disabilities in accordance with district reclassification policies

In accordance with federal and state law, the IEP team may address the individual needs of each English learner with a disability using multiple criteria in concert with district reclassification criteria:

1. Assessment of English language proficiency (ELP), using an objective assessment instrument, including, but not limited to, the state test of English Language Performance Assessment of California (ELPAC) or Alternative ELPAC;
2. Teacher evaluation, including, but not limited to, the student's classroom performance information based on his or her IEP goals for academics and ELD
3. Parent opinion and consultation; and
4. Comparison of student performance in basic skills
 - a. The IEP team should specify in the student's IEP an assessment of basic skills to meet the guidelines for reclassification (e.g., the California Alternate Assessment)
 - b. Other assessments may be considered that are valid and reliable and designed to compare basic skills of dual-identified ELs to native speakers of English with similar disability

Using this information the IEP team, including the parent and EL Site Contact, will decide whether or not to reclassify a student with disabilities. Other criteria may be used to supplement the four required criteria listed above to ensure the most appropriate decision is made for each student.

Newark Jr. High 2022-2023 School Site Plan for Student Achievement (SPSA)

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Recommended	The recommendation is that the Board of Education approves the Newark Jr. High 2022-2023
Action	School Plan for Student Achievement.

Purpose:
 This 2022-23 School Plan for Student Achievement (SPSA) is coming forward for Board approval. The SPSA serves as the organizer for an individual school's improvement process. The plan is developed with a deep understanding of the root causes of student academic challenges and identifies and implements research-based instructional strategies to raise the achievement of students who are not yet proficient by state standards.

- The plan:
- Builds on a premise that students are capable of learning with effective instruction.
 - Includes school goals aligned with activities and goals included in the LCAP to maximize school reform efforts.
 - Is based on verifiable data analysis.
 - Focuses on student achievement and academic interventions.
 - Implements high leverage school improvement actions.
 - Directs resources where they will most directly improve student academic achievement.
 - Ensures all resources are aligned to serve identified students' needs.
 - Uses research-based strategies.
 - Implements strategic coordination of resources.

Background:
 The School Plan for Student Achievement (SPSA) is a plan of action to improve student academic performance by coordinating all educational services and resources. Pursuant to California Education Code Section 64001, schools that receive state and federal funds are required to consolidate all school plans into an SPSA.

It is the goal of the Newark Unified School District (NUSD) to provide equitable opportunities to each of our students and school sites. Each site-specific SPSA and the district-wide Local Control and Accountability Plan (LCAP) is a roadmap created in partnership with all district stakeholders to achieve our vision and mission:

NUSD Vision: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.

NUSD Mission: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.

Each school site aligns its SPSA action items to our 3 LCAP goals:

- Goal 1: Promote a culture of instructional excellence and continuous improvement that results in students achieving their full potential and graduating college and career-ready.
- Goal 2: Promote a culture of community and partnership among the parents, students, staff, and NUSD community as a whole that results in an increase in parent involvement, student participation, and a positive school climate.
- Goal 3: Establish exceptional learning conditions and an environment that promotes trust, respect, and acceptance, and results in students and families feeling safe, welcomed, and valued members of NUSD.

Data Analysis: School-level goals are informed by data. Each goal area includes data analysis on current measures across student subgroups, and on outcome measures to determine progress. Local and State data are used to develop each goal.
 Evaluating Progress: The SSC agendized a meeting to review Dashboard data and measure the impact of actions on student achievement. The principal and staff evaluate academic progress a minimum of three times a year through an academic Professional Learning Community (PLC) model with benchmark data.

Role of School Advisory Committees: California Education Code Section 64001 requires that the School Site Council (SSC) develop the SPSA. The SSC's responsibilities include approving the plan, recommending it to the local governing board for approval, monitoring its implementation, and evaluating the effectiveness of the plan at least annually. The SSC must seek the review, advice, and certification of applicable advisory committees, including the English Learner Advisory Committee (ELAC).

Fiscal Impact	Yes
Dollar Amount	\$218,875.96
Budgeted	Yes
Budget Source	Resource 6500 - Special Education, Resource 6546 - Special Education Mental Health
Recommended Action	The recommendation is that the Board of Education approve the contract and individual service agreement with Solstice Residential Treatment Center (RTC).

Purpose:

To ratify the contract and the individual service agreement with Solstice Residential Treatment Center (RTC) for residential treatment services for the 2022-2023 school year.

Background:

Newark Unified School District requires a highly intensive individualized residential program in order to meet this student's unique needs per the consented Individualized Education Program (IEP).

As part of the U.S. Individuals with Disabilities Education Act (IDEA), the least restrictive environment is identified as one of the six (6) principles that govern the education of students with disabilities and other special needs. By law, schools are required to provide a Free Appropriate Public Education (FAPE) in the least restrictive environment that is appropriate to the individual student's needs.

To determine what an appropriate setting is for a student, an IEP (Individualized Education Program) team reviews the student's needs and interests. The types of educational settings for students with disabilities will vary. With the differences in needs and interests among students with disabilities, there is no single definition of what an LRE will be for all students.

Amendment to 2022-23 MOU with Mark Bishop, Mental Health Clinician

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$12,400.00
Budgeted	Yes
Budget Source	General Fund
Recommended	The recommendation is that the Board of Education approves the amendment to the 2022-23
Action	Memorandum of Understanding with Mark Bishop, Mental Health Clinician for Newark Memorial High School.

Purpose:
 To amend the Memorandum of Understanding (MOU) with Mark Bishop, Mental Health Clinician.

Background:
 This is an amendment to the MOU for Mental Health Clinician, Mark Bishop, at Newark Memorial High School. The original MOU was approved by the Board on August 4, 2022. The amendment increases the total compensation and hourly rate. The hourly rate has not changed since 2020-21. It also updates the contact information for Newark Memorial High School.

Resolution 2022.23.04 Declaring Surplus Equipment

Type	Action
Recommended	The recommendation is that the Board of Education approves Resolution 2022.23.04 -
Action	Declaring Surplus Equipment.

Purpose:
 The purpose of this item is to obtain Board approval of Resolution 2022.23.04 - Declaring Surplus Equipment, which lists items to be declared as surplus equipment as recommended.

Background:
 Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment And Supplies. Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility.
 The property as described in Resolution 2022.23.04 includes equipment used at Newark Adult School. Staff determined that items are obsolete and/or beyond economical repair.

S&H Construction Change Order No. 1 HVAC Replacement Project

Type	Action
Fiscal Impact	Yes

Budgeted	Yes
Budget Source	Bond Measure G
Recommended Action	The recommendation is that the Board of Education approves Change Order No. 1 for S&H Construction for the HVAC replacement project.

Purpose:
To approve Change Order No. 1 for S&H Construction for the HVAC Replacement Project. This will result in a \$2,777.76 credit for contract allowance not used.

Background:
On August 5, 2021 the Board approved the S&H Construction contract for the HVAC Units Replacement Project at Birch Grove Primary, Kennedy Elementary, Coyote Hills Elementary, and Schilling Elementary. The HVAC replacement project was part of the Board approved list of projects for the balance of the Measure G Bond funds.
The original contracted amount was for \$2,993,000.00. This change order decreases the amount to \$2,990,222.24.

Warrant Report for July 2022

Type	Action
Fiscal Impact	No
Recommended Action	The recommendation is that the Board of Education approves the Warrant Report for July 2022 as presented.

Purpose:
The purpose of this item is to present warrants, for the total amount of \$4,592,364.79, made from District funds for July 2022.

Background:
The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Donations Report

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Budget Source	General Fund (Fund 010) Donations
Recommended Action	The recommendation is that the Board of Education accepts the Donations Report as presented.

Purpose:
The purpose is to acknowledge receipt of donations to the District.

Background:
Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledged and budgeted properly according to donor restrictions. There is acknowledgement at the public Board meeting and a letter of thanks is sent to the donor by the Business Office for NUSD.

Preliminary 2021-2022 CAASPP & CAST Data Overview

Type Information

Purpose:

To share an overview of the preliminary 2021-2022 CAASPP & CAST results and implications.

Background:

Districts have been granted preliminary California Assessment of Student Performance and Progress (CAASPP) data for the 2021-2022 academic school year. This data includes preliminary data from the following state assessments: Smarter Balanced English Language Arts/Literacy (ELA) assessment, Smarter Balanced Mathematics assessment, and California Science Test (CAST).

Due to distance learning and the pandemic, the California State Board of Education provided school districts the flexibility to administer alternative assessments to the CAASPP as a way to measure student progress. Consequently, CAASPP assessments were not conducted in the 2019-2020 and 2020-2021 academic school years in lieu of more localized, formative assessment tools. This presentation provides a brief overview of the last five years of NUSD CAASPP results, comparing our preliminary 2021-2022 CAASPP results to previous 2017-2018 and 2018-2019 results, as well as the implications for the 2022-2023 academic school year.

Increase Daily Rate for Substitute Teachers

Type Action
Absolute Date Aug 18, 2022
Recommended The recommendation is that the Board of Education approves the increase in the daily rate for
Action substitute teachers.

Purpose:
To consider increasing the daily and long-term substitute (guest) teacher rates for the 2022-2023 school year to \$220 per day (day-to-day assignments) and \$250 per day for long-term positions (beginning on Day 6 of the assignment).

Background:
Newark Unified's current substitute (guest) teacher rates are \$180 daily rate and \$200 per day for long-term positions (beginning on Day 6 of the assignment). Neighboring districts currently offer \$200-215 daily and up to \$250 for long-term assignments (beginning on Day 11 of the assignment).
Due to the nationwide teacher and substitute teacher shortages, Newark Unified's goal is to stay competitive within our area.

Approval of Addendum to Assistant Superintendent's Employment Agreement

Type Action
Recommended The recommendation is that the Board of Education approves the addendum to the Assistant
Action Superintendent of Educational Services' employment agreement.

Purpose:
For the Board of Education to approve the addendum to the Assistant Superintendent of Educational Services' employment agreement following the Assistant Superintendent's evaluation.

Background:
The Assistant Superintendent of Educational Services' current employment agreement states that if the Assistant Superintendent receives a satisfactory annual written evaluation for the 2021-22 school year, with Board approval, she shall receive a 2% salary increase effective July 1, 2022. Following the Assistant Superintendent's receipt of a satisfactory annual written evaluation, through this item, the Board will consider approval of the 2% salary increase effective July 1, 2022 pursuant to the employment agreement.
NOTE: An incorrect addendum was attached and will not be acted upon by the Board. A corrected addendum is attached for the Board to consider when taking action.

Approval of Executive Cabinet Salary Schedule

Type Action
Recommended The recommendation is that the Board of Education approve the 2022-23 Executive Cabinet
Action Salary Schedule.

Purpose:
For the Board of Education to approve the 2022-23 Executive Cabinet Salary Schedule to be consistent with the compensation provided for in the contracts with members of Executive Cabinet.

Background:
The District's Executive Cabinet includes the Superintendent, Assistant Superintendent of Educational Services, and Chief Business Official. Individuals serving in those positions are employed with the District by way of individual employment contracts which establish their compensation. The District also maintains a salary schedule for these positions. On February 23, 2022, the Board of Education approved an amended employment agreement with the Chief Business Official. On August 4, 2022, the Board of Education approved an amended employment agreement with the Superintendent. At this meeting (August 18, 2022), the Board of Education will consider an addendum to the employment agreement with the Assistant Superintendent. This item would revise the Executive Cabinet Salary Schedule to be consistent with the compensation provided for in the addendums to these contracts.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

9 PUBLIC HEARINGS

Sunshine District Proposal to Newark Teachers Association (NTA)

Type Procedural

Purpose:

The purpose is to publicly disclose or "sunshine" the proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA).

Background:

Effective June 30, 2022, the current Collective Bargaining Agreement between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA) is set to expire. The California Education Code requires parties to publicly disclose or "sunshine" their proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations. NTA sunshined their proposal at the May 19 and June 7 Board meetings. NUSD is sunshining their proposal to NTA at the June 16 and August 4 Board meetings. Copies of the proposal are made available to the public. This is the public's second opportunity to express itself regarding the proposal. Following the public hearing, the Board of Education must adopt the NUSD initial proposal to NTA for reopeners for the 2022-2023 school year.

Approval of Addendum to Superintendent's Employment Agreement

Type Action

Recommended The recommendation is that the Board of Education approve the addendum to the
Action Superintendent's employment agreement.

Purpose:

For the Board of Education to approve the addendum to the Superintendent's employment agreement following the Superintendent's evaluation.

Background:

The Superintendent's current employment agreement states that if the Superintendent receives a satisfactory annual written evaluation for the 2021-22 school year, with Board approval, they shall receive a 2% salary increase effective July 1, 2022. The current employment agreement also states that the Board may extend the employment agreement by one year following receipt of a satisfactory overall evaluation.

Following the Superintendent's receipt of a satisfactory annual written evaluation, through this item, the Board will consider approval of the 2% salary increase effective July 1, 2022, and extension of the employment agreement by one year, through June 30, 2024.

for reopeners for the 2022-2023 school year.

Purpose:

The purpose is to publicly disclose or "sunshine" the proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA).

Background:

Effective June 30, 2022, the current Collective Bargaining Agreement between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA) is set to expire. The California Education Code requires parties to publicly disclose or "sunshine" their proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations. NTA sunshined their proposal at the May 19 and June 7 Board meetings. NUSD is sunshining their proposal to NTA at the June 16 and August 4 Board meetings. Copies of the proposal are made available to the public. This is the public's second opportunity to express itself regarding the proposal. Following the public hearing, the Board of Education must adopt the NUSD initial proposal to NTA for reopeners for the 2022-2023 school year.

New Software Support Specialist Position

Type Action

Fiscal Impact Yes

Dollar Amount	\$103,305.00
Budgeted	Yes
Budget Source	LCFF
Recommended Action	The recommendation is that the Board of Education approve the position of Software Support Specialist.

Purpose:
The purpose of this item is to approve a 1.0 additional district-wide Software Support Specialist position for 2022-2023.

Background:
The California IT in Education (CITE) evaluation report, presented to the Board on February 17, 2022, indicated the review team believes the Information Technology Department is understaffed. They identified an immediate need for additional Student Information System Support, which is responsible for California Longitudinal Pupil Achievement Data System (CALPADS) reporting. As student data and state reporting have become more crucial and more complex, the need for adequate staffing has become required to meet these needs.
In the 2022-23 LCAP, as part of Goal 2, and based on feedback and data collected, a 1.0 Technology Tech Position (Software Specialist), to assist the IT Department, was added.

Newark Memorial High School 2022-2023 School Plan for Student Achievement (SPSA)

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Recommended	The recommendation is that the Board of Education approve the Newark Memorial High
Action	School 2022-2023 School Plan for Student Achievement.

Purpose:

This 2022-23 School Plan for Student Achievement (SPSA) is coming forward for Board approval. The SPSA serves as the organizer for an individual school's improvement process. The plan is developed with a deep understanding of the root causes of student academic challenges and identifies and implements research-based instructional strategies to raise the achievement of students who are not yet proficient by state standards.

The plan:

- Builds on a premise that students are capable of learning with effective instruction.
- Includes school goals aligned with activities and goals included in the LCAP to maximize school reform efforts.

- Is based on verifiable data analysis.
- Focuses on student achievement and academic interventions.
- Implements high leverage school improvement actions.
- Directs resources where they will most directly improve student academic achievement.
- Ensures all resources are aligned to serve identified students' needs.
- Uses research-based strategies.
- Implements strategic coordination of resources.

Background:

The School Plan for Student Achievement (SPSA) is a plan of action to improve student academic performance by coordinating all educational services and resources. Pursuant to California Education Code Section 64001, schools that receive state and federal funds are required to consolidate all school plans into an SPSA.

It is the goal of the Newark Unified School District (NUSD) to provide equitable opportunities to each of our students and school sites. Each site-specific SPSA and the district-wide Local Control and Accountability Plan (LCAP) is a roadmap created in partnership with all district stakeholders to achieve our vision and mission:

NUSD Vision: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.

NUSD Mission: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.

Each school site aligns its SPSA action items to our 3 LCAP goals:

Goal 1: Promote a culture of instructional excellence and continuous improvement that results in students achieving their full potential and graduating college and career-ready.

Goal 2: Promote a culture of community and partnership among the parents, students, staff, and NUSD community as a whole that results in an increase in parent involvement, student participation, and a positive school climate.

Goal 3: Establish exceptional learning conditions and an environment that promotes trust, respect, and acceptance, and results in students and families feeling safe, welcomed, and valued members of NUSD.

Data Analysis: School-level goals are informed by data. Each goal area includes data analysis on current measures across student subgroups, and on outcome measures to determine progress. Local and State data are used to develop each goal.

Evaluating Progress: The SSC agendaized a meeting to review Dashboard data and measure the impact of actions on student achievement. The principal and staff evaluate academic progress a minimum of three times a year through an academic Professional Learning Community (PLC) model with benchmark data.

Role of School Advisory Committees: California Education Code Section 64001 requires that the School Site Council (SSC) develop the SPSA. The SSC's responsibilities include approving the plan, recommending it to the local governing board for approval, monitoring its implementation, and evaluating the effectiveness of the plan at least annually. The SSC must seek the review, advice, and certification of applicable advisory committees, including the English Learner Advisory Committee (ELAC).

Fiscal Impact	Yes
Budgeted	Yes
Budget Source	General Fund
Recommended	The recommendation is that the Board of Education approve the Agreement for Legal Services
Action	for Dannis Wolliver Kelley Attorneys at Law for 2022-2024.

Purpose:

To approve a two-year legal service agreement with Dannis Woliver Kelley Attorneys at Law for legal services in the 2022-2024 fiscal years.

Background:

Dannis Woliver Kelley Attorneys at Law has been providing legal services to the District since 2010. They have provided NUSD with legal counsel in a wide variety of areas, including general legal services, business and contract services, construction advice and litigation, developer fees, litigation, procurement, and governance. In light of economic uncertainty over the past few years, fees have remained the same since 2019. For the 2022-2024 agreement, hourly rate ranges for different attorney groups are \$130-\$450 which is an increase of \$5 to \$25 dollars per group compared to last year. The two-year agreement means there will be no changes to the billing ranges for the next two years. They have added the category of "Shareholder Emeritus" so that attorneys with decades of experience, who have stepped back from active firm management, can continue to offer the district the highest level of legal expertise.

Recommended The recommendation is that the Board of Education reaffirm the Notice to the County
Action Superintendent of Schools that Resolution No. 710 - Candidates' Statement of Qualifications
remains in effect.

Purpose:
For the Board of Education to reaffirm Resolution No. 710 - Candidates' Statement of Qualifications
BACKGROUND

On July 2, 1985, the Board of Education adopted Resolution No. 710 regarding Candidates' Statement of Qualifications in compliance with Section 10012 of the Elections Code of the State of California.

The candidate is required to pay the costs to the district in advance, pursuant to Elections Code 13307 toward the costs of printing, handling, and mailing a candidate's statement of qualifications in English only (except where otherwise required by law) the district will incur the remaining cost. This conforms with current Board Policy 9220

Purpose:

To update the Board on costs associated with the implementation of Resolution 2020.21-025 (Resolution of the Board of Education of the Newark Unified School District to Delegate Authority to Procure Necessary Materials, Equipment, and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19) from June 1, 2022, through July 31, 2022.

Background:

On April 1, 2021, the Newark Unified School District Board approved Resolution 2020.21-025 delegating authority to the Superintendent or designee to procure necessary materials, equipment, and services needed to provide distance and/or in-person learning to mitigate the effects of Covid-19. Language in the resolution states "the Superintendent/Designee shall make periodic reports to the Board of Education and the public regarding implementation of this resolution and the costs associated therewith"; requiring the update provided here. On September 16, 2021, Amended Resolution 2020.21-025 was approved. The amendment extends it to on or around June 30, 2022, and states that updates will be presented at the first Board meeting of each month. On June 16, 2022, Amended Resolution 2020.21-025 was approved. The amendment extends it to on or around June 30, 2023, and states that updates will continue to be presented at the first Board meeting of each month.

Recommended	The recommendation is that the Board of Education approve the Warrant Report as presented.
Action	

Purpose:

The purpose of this item is to present warrants, for the total amount of \$1,917,484.98, made from District funds for June 2022.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

Type Action, Discussion, Information

Purpose:
This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:
The following derives directly from the Board approved "Governance Team Handbook"
Authority is Collective, Not Individual:
The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.
A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out

Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Middle School Design Team Presentation

Type Action

Recommended Action The recommendation is that the Board of Education accept the Middle School Design Team's 6th Grade Transition Plan.

Purpose:

For the Board to accept the Middle School Design Team's 6th Grade Transition Plan.

Background:

On November 17, 2020, the Newark Unified School Board of Education, acting on the recommendation of the School Consolidation Advisory Committee, voted to transition all 6th graders from respective elementary schools to the junior high

school campus to create a new 6th-8th grade middle school for the 2022-23 school year and beyond. Newark Unified community members were invited to join a design team. The process was an important opportunity for staff, students, family, and community stakeholders to re-imagine the middle school experience. The role of the design team was to:

- Design and develop a middle school mission, vision, and portrait of a graduate
- Clarify the student population needs the redesigned middle school seeks to serve
- Assess current school structures, respective cultures, site programs, and systems in place that can be applied and/or adapted to the middle school community
- Identify our NUSD priorities for ensuring all students that we seek to serve at the middle school have the programs and supports they need to thrive as learners and leaders
- Building consensus on a plan for our community to take collective responsibility for a successful revisioning of the middle school experience

The 6th-grade transition plan was created by a design team of diverse community members dedicated to supporting the transition of students from elementary to middle school. The design team utilized research, best practices, and expertise from other educators in order to support the developmental needs of adolescents. The plan was purposely crafted to take into account the academic and social-emotional development of the young people of the Newark Unified School District. This plan is a living document with critical information that will continue to evolve and be refined during the implementation, beginning in the 2022-23 school year.

Sunshine District Proposal to Newark Teachers Association (NTA)

Type Procedural

Purpose:

The purpose is to publicly disclose or "sunshine" the proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA).

Background:

Effective June 30, 2022, the current Collective Bargaining Agreement between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA) is set to expire. The California Education Code requires parties to publicly disclose or

"sunshine" their proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations. NTA sunshined their proposal at the May 19 and June 7 Board meetings. NUSD is sunshining their proposal to NTA at the June 16 and August 4 Board meetings. Copies of the proposal are made available to the public. This is the public's first opportunity to express itself regarding the proposal.

11 STAFF REPORT

STAR Initiative Update

Type Discussion, Information

[Purpose:](#)

To provide an update on the plan to launch the STAR Initiative in 2022-23.

[Background:](#)

The Newark Unified STAR Initiative (Science, Technology, Aerospace, and Robotics) is a K-12 computer science pathway to prepare students with 21st-century skills and competencies to excel in a career in the computer science and technology industry. The goal of the STAR Initiative is to vertically align across grade levels in order for students to develop as computer scientists in ways that are appropriate at each grade level. The STAR Initiative seeks to address the traditional underrepresentation of females and people of color in the computer science and tech industry through targeted support and intervention.

In 2021-22, the District Science Leadership, the STAR Academy Design Team, and the Elementary MakerEd Team met regularly to plan, organize, and implement activities with specific goals and objectives.

The District Science Leadership Team (DSLTL) seminars, facilitated by BaySci, met four times in 2021-22. At each session, the team of district administrators, principals, and teachers allocated time to the two components of the STEM Initiative (Environmental Literacy and Computer Science). It was at these sessions that the alignment of the K-12 pathways of the STAR Initiative was carefully assessed and monitored by the participating secondary and elementary teachers and administrators.

The MakerEd Team, a sub-group of the Science Leadership Team, is composed of the Program Administrator for Science, an elementary principal, and five classroom teachers. This group met regularly from December to May. Its main objective was to redesign MakerSpaces in every elementary school and collaboratively explore, design, and promote activities to promote design thinking and computational skills.

The purpose of the STAR Academy Design Team is to collaboratively develop a K-12 vertically aligned computer science pathway which prepares students with 21st-century skills and competencies to excel in a career in the computer science and technology industry. This team was composed of the Superintendent, Assistant Superintendent, NMHS Principal, Executive Director of Human Resources, NMHS Assistant Principal, Director of Teaching & Learning, Program Administrator for Science, Math Department Chair, Computer Science Teacher, Science Department Chair, an HS Counselor, and select HS students. For 21-22 the STAR Academy Design Team was focused on the following goals:

1. Establish two leadership roles for the STAR Academy: Materials and Partnerships (MAP) and Curriculum and Programming (CAP)
2. Redesign of the STAR Lab space.
3. Initiate outreach to industry partners and other educational institutions.
4. Regularly monitor the alignment of the secondary and elementary components of the STAR Initiative.
5. Prepare for the launch of the STAR Academy in the 2022-23 school year.

2022-23 California Dashboard Local Indicators

Type Discussion, Information

[Purpose:](#)

The administration presents California Dashboard Local Indicators for Newark Unified School District.

[Background:](#)

Each year the California Department of Education prepares and releases the California Accountability Dashboard, consisting of state and local indicators of status and growth for California schools and districts. The State Board of Education (SBE) has

approved standards for the local indicators that support school districts in measuring and reporting their progress within the appropriate priority area. For each local indicator, the performance standards are as follows:

- Annually measure its progress in meeting the requirements of the specific LCFF priority
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the LCAP
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator

Five indicators based on information collected by school districts, county offices of education, and charter schools regarding LCFF priorities:

- Priority 1: Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean, and Functional School Facilities
- Priority 2: Implementation of State Academic Standards
- Priority 3: Parent Engagement
- Priority 6: School Climate
- Priority 7: Access to a Broad Course of Study

The collection and reflection on locally available information relevant to progress regarding local priority areas will support districts in completing the self-reflection tools, reporting in the Dashboard, and in local planning and improvement efforts.

The purpose of this item is for the Board of Education to adopt the 2022-23 Proposed Budget prior to July 1, 2022.

Background:

Following a mandated public hearing, held June 7, 2022, on the 2022-23 Proposed Budget, the Board will consider adopting the District budget. The most significant items that will impact this budget are the final enacted State budget, the actual closing of the books for the 2021-22 fiscal year, and the actual 2022-23 enrollment and attendance in the Newark Unified School District. Education Code 42127 requires the governing board of each school district to adopt a budget on or before July 1 of each year for the upcoming fiscal year. Staff recommends the Board adopt the 2022-23 budgets for the following funds: General Fund; Adult Education Fund; Child Development Fund; Cafeteria Fund; Special Reserve for Other Than Capital Outlay Fund; Building Fund; Capital Facilities Fund; Special Reserve Fund for Capital Outlay Projects; Bond Interest and Redemption Fund; and Self-Insurance Fund. Once the Legislature reaches a compromise on the 202223 State Budget Act, each house will need to approve the budget bill by June 15. The Governor will then have 12 days to sign the budget bill as presented, approve the budget bill with line-item reductions, or veto the budget bill and send it back to the Legislature. The District will have 45 days from the date the Governor signs the budget to make public any significant revisions it decides to make to the Adopted Budget based upon the State's enacted budget.

Amend Resolution 2020.21-025 To Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning

for Staff, Teachers, and Students to Mitigate the Effects of COVID-19

Type	Action
Recommended	The recommendation is that the Board adopt Amended Resolution 2020.21-025 To Delegate
Action	Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of COVID-19.

Purpose:

To review Resolution 2020.21-025 To Delegate Authority to Procure Necessary Materials, Equipment, and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of COVID-19 and approve Amended Resolution 2020.21-025 extending it through June 30, 2023.

Background:

Resolution 2020.21-025 was approved by the Board on April 1, 2021. Section 5 of the resolution reads, "The Board of Education will review this resolution on or around September 16, 2021, to determine if it shall be terminated or extended." On September 16, 2021, the Board

approved the amendment to extend the resolution to be reviewed on or around June 30, 2022. On March 4, 2020, the Governor of California declared a state of emergency due to the outbreak and spread of COVID-19. The state of emergency continues to this date. The safety of students, staff, and the community against the continued COVID-19 pandemic and emerging variants remain a top priority. According to the Center for Disease Control and Prevention (CDC) website, "The Delta variant causes more infections and spreads faster than early forms of SARS-CoV-2, the virus that causes COVID-19". Amended Resolution 2020.21-025 allows the district to continue to plan for anticipated needs, adapt to ever-changing needs, and provide equipment, goods, materials, and products needed to continue to combat the spread of COVID-19, the Delta and Omicron variants, and any future variants.

Newark Jr High School Paving Project Update

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$59,704.00
Budget Source	Fund 40 Special Reserve for Capital Outlay Projects
Recommended Action	The recommendation is that the Board of Education approve the parking lot and main drive loop seal coat, restriping and pothole repairs at Newark Junior High School as presented.

[Purpose:](#)
To provide an update on the paving and striping project at Newark Junior High School (NJHS).

[Background:](#)
The Board approved the NJHS Paving and Striping Project and preliminary budget at their May 19, 2022 meeting. The scope of work included asphalt overlay, patching repairs, seal coat, and restriping of the parking lot and main drive loop. The Board highly recommended that staff consider replacing the entire asphalt paving in the parking lot rather than doing the patch repairs. After further review and consultation with a civil engineer and our Project Manager, it was determined that the asphalt replacement would need DSA (Division of the State Architect) approval. This is a new requirement that recently became effective in February 2022. The timeline for DSA approval is normally 6-8 weeks. The goal was to have this project completed before the beginning of the new school year in August 2022. With the added requirement we would not be able to make this timeline. In the meantime, the parking lot is in desperate need of striping. Therefore, staff recommended that we seal-coat and restripe the parking lot now while we go through the process of DSA approval and develop the plans and specifications to replace the asphalt. The estimated cost to seal and restripe would be about \$40,000. We anticipate the asphalt replacement project could be completed next summer or possibly in the Spring (2023) during the Spring Break. At their June 7, 2022 meeting, the Board requested staff to consider repairing the potholes along the main drive loop and in the parking lot at NJHS. To repair the potholes, the cost would be an additional \$19K.

Board Member Request: Board Policy 7310 - Naming of Facility

Type	Discussion, Information
------	-------------------------

[Purpose:](#)
For the Board to review Board Policy 7310 and the suggested edits requested by Member Zhang.

[Background:](#)
Board Member Zhang made a request. that received approval from the majority of the Board members, to review Board Policy 7310. Board reviewed and discussed this agenda item at the June 7th board meeting and asked to bring this item back at the June 16th board meeting for more discussion.
The following derives directly from the Board approved "Governance Team Handbook"
Authority is Collective, Not Individual:
The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this

meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Resolution 2021.22.49 Commit to Budget Balance Reserves for 2022-2023

Type	Action
Recommended	The recommendation is that the Board of Education adopt Resolution 2021.22.49 to Commit
Action	to Budget Balance Reserves for 2022-2023.

Purpose: To approve the commitments to fund balance as presented in the resolution.

Background: As a result of the balance in the Public School System Stabilization Account, the statutory limitation on school district reserves has been triggered for the 2022-23 budget period, pursuant to Education Code (EC) section 42127.01(e). Beginning with the 2022-23 fiscal year, the district reserve cap requires that a school district's adopted or revised budget shall not contain a combined assigned or unassigned ending general fund balance of more than 10 percent of those funds. Assigned and unassigned balances within the Special Reserve Fund for Other than Capital Outlay (Fund 17) are included within the 10 percent reserve cap. Committed funds are not included in the 10 percent reserve cap.

Coyote Hills Elementary 2022-2023 School Plan for Student Achievement (SPSA)

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Recommended	The recommendation is that the Board of Education approve the Coyote Hills Elementary
Action	2022-2023 School Plan for Student Achievement

Purpose:
 This 2022-23 School Plan for Student Achievement (SPSA) is coming forward for Board approval. The SPSA serves as the organizer for an individual school's improvement process. The plan is developed with a deep understanding of the root causes of student academic challenges and identifies and implements research-based instructional strategies to raise the achievement of students who are not yet proficient by state standards.

- The plan:
- Builds on a premise that students are capable of learning with effective instruction.
 - Includes school goals aligned with activities and goals included in the LCAP to maximize school reform efforts.
 - Is based on verifiable data analysis.
 - Focuses on student achievement and academic interventions.
 - Implements high leverage school improvement actions.
 - Directs resources where they will most directly improve student academic achievement.
 - Ensures all resources are aligned to serve identified students' needs.
 - Uses research-based strategies.
 - Implements strategic coordination of resources.

Background:
 The School Plan for Student Achievement (SPSA) is a plan of action to improve student academic performance by coordinating all educational services and resources. Pursuant to California Education Code Section 64001, schools that receive state and federal funds are required to consolidate all school plans into an SPSA.

It is the goal of the Newark Unified School District (NUSD) to provide equitable opportunities to each of our students and school sites. Each site-specific SPSA and the district-wide Local Control and Accountability Plan (LCAP) is a roadmap created in partnership with all district stakeholders to achieve our vision and mission:

NUSD Vision: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.

NUSD Mission: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.

Each school site aligns its SPSA action items to our 3 LCAP goals:

- Goal 1: Promote a culture of instructional excellence and continuous improvement that results in students achieving their full potential and graduating college and career-ready.
- Goal 2: Promote a culture of community and partnership among the parents, students, staff, and NUSD community as a whole that results in an increase in parent involvement, student participation, and a positive school climate.
- Goal 3: Establish exceptional learning conditions and an environment that promotes trust, respect, and acceptance, and results in students and families feeling safe, welcomed, and valued members of NUSD.

Data Analysis: School-level goals are informed by data. Each goal area includes data analysis on current measures across student subgroups, and on outcome measures to determine progress. Local and State data are used to develop each goal.

Evaluating Progress: The SSC agendized a meeting to review Dashboard data and measure the impact of actions on student achievement. The principal and staff evaluate academic progress a minimum of three times a year through an academic Professional Learning Community (PLC) model with benchmark data.

Role of School Advisory Committees: California Education Code Section 64001 requires that the School Site Council (SSC) develop the SPSA. The SSC's responsibilities include approving the plan, recommending it to the local governing board for approval, monitoring its implementation, and evaluating the effectiveness of the plan at least annually. The SSC must seek the review, advice, and certification of applicable advisory committees, including the English Learner Advisory Committee (ELAC).

Contract Sobrato Early Academic Language Program

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$75,000.00
Budgeted	Yes
Budget Source	LCFF
Recommended Action	The recommendation is that the Board of Education approve the contract for Sobrato Early Academic Language (SEAL).

Purpose:

We are seeking the approval of the SEAL contracts in order to expand the program to 4-5th grades at Schilling and Coyote Hills and 6th grade at Newark Junior High School.

Background:

The Model provides intensive professional development to 4-6th grade teachers through workshop sessions, coaching, and collaborative reflection and planning. It also provides hands-on science workshops and field trips to build background knowledge related to the standards-based thematic units, sponsors artist residencies in the classrooms, and purchases high-quality bilingual books and materials for the classrooms. The model focuses on training teachers, administrators, and staff over three years to ensure sustainability. Staff, teachers, and administrators appreciate this model as it builds on previous work with GLAD. Funds to support the SEAL model will be from the district's LCFF/LCAP and Title III funds; these Title III funds are required to be used to support English Learners. The amount in the MOU is for 2 years.

GoTo Technologies Contract Award for Voice Over IP System with Dedicated Phone Data Circuit

Type Action
 Fiscal Impact Yes
 Dollar Amount \$76,994.66
 Budgeted Yes
 Budget Source General Fund
 Recommended Action The recommendation is that the Board of Education approve the contract for GoTo Technologies for a Voice Over IP System with Dedicated Phone Data Circuit as presented.

Purpose:
 To approve the GoTo Technologies contract for a Voice Over IP (VoIP) system with a dedicated phone data circuit to replace the district's current phone system.

Background:
 As part of the CITE (California IT in Education) Jet (Joint Ed Tech) Review, it was pointed out that many sites reported issues with the current phone system that operates on an "open-source" solution with limited support. Many users also reported the "poor" quality of the current handsets. A reliable and supported communication system is essential to district operations as well as safety. Staff worked with a VoIP consulting firm, Stellar Connect, which came recommended by CITE, to evaluate multiple vendors who could provide a replacement solution. After collecting and comparing quotes, and evaluating the costs as well as functions and features, the staff is recommending GoTo Technologies as the replacement phone system for NUSD. Staff found that GoTo Technologies has a more robust call tree/ring group interface, phones are owned by the district vs renting/leasing, and comes recommended by neighboring school districts. The GoTo Technologies contracts for year one, including equipment, installation, one-time setup fees, and annual monthly fees (with discounts), is \$76,994.66 (tax estimates included in pricing, but actual taxes may vary from the quote). Beginning in year two (2), the annual cost will be \$71,670.96 which includes maintenance service and network access. Cost comparison estimates* are as follows:

	GoTo by LogMeIn	net2phone	8x8 Fortis	Global Cloud Communications	
Total Costs Year 1 Includes set up costs and monthly charges (including any first year discounts)		\$82,358.68	\$60,081.08	\$149,274.55	\$177,223.00
Total Costs Year 2	\$61,824.00	\$53,581.08	\$95,689.80	\$96,543.00

Recommended Action	The recommendation is that the Board of Education approve the Agreement for Legal Services with Fagen Friedman & Fulfroost, LLP for 2022 - 2023.

Purpose:
To renew the legal service agreement with Fagen Friedman & Fulfroost, LLP for legal services in the 2022-2023 fiscal year.

Background:
The District started using Fagen Friedman & Fulfroost, LLP in 2020-2021. They have provided NUSD with legal counsel in a wide variety of areas, including general legal services, business and contract services, construction advice, developer fees, litigation, procurement, and governance. The standard hourly rates have increased by \$15.00 per hour in all categories.

Type	Action
Recommended Action	The recommendation if that the Board of Education adopt Resolution 2021.22.41 Budget Transfers for 2021-22 (Year End).

Purpose:
The resolution allows the Superintendent and the Chief Business Official, or designee thereof, to authorize and make necessary budget transfers to allow for the payment of obligations incurred by the District during the end of the 2021-22 school year.

Background:
Education Code Section 42600-42602 and 42610 provide the Board the authority to request from the County Office of Education through their designee any needed transfers as may be necessary to permit the payment of obligations incurred during the school year.

Resolution 2021.22.44 Signature Card - Board Members

Type Action
Recommended Action The recommendation is that the Board of Education adopt Resolution 2021.22.44 Signature Card Board Members.

Purpose: Resolution 2021.22.44 is to provide signatures of each member presently serving on the Governing Board. It is the 2022-23 "Signature Card" to be kept on file at the Alameda County Office of Education.

Background: This resolution reflects those designated as Board Members to the Alameda County Superintendent of Schools, and it is a county requirement. The Alameda County Office of Education recommends that the governing board take necessary action for the completion of the attached resolution no later than the first board meeting of the fiscal year.

Resolution 2021.22.48 Regarding the Education Protection Account (EPA) Use of Funds 2022-23

Type Action
Recommended Action The recommendation is that the Board of Education approve Resolution 2021.22.48 Regarding the Education Protection Account.

Purpose: The purpose of this item is for the Board to approve Resolution 2021.22.48 Regarding the Education Protection Account to fulfill the requirements of Propositions 30 and 55, which created and extended the Education Protection Account.

Background: Pursuant to Article XIII Section 36 of the California Constitution, School Districts, County Offices of Education, and Community College Districts are required to determine how the money received from the Education Protection Account (EPA) will be spent in the schools within its jurisdiction, provided that the governing board makes the spending determinations in an open session of a public meeting. The language in the constitutional amendment requires that funds shall not be used for the salaries and benefits of administrators or any other administrative costs. Resolution 2021.22.48 Regarding the Education Protection Account fulfills the spending determination requirement. All districts must also post on their website annually an accounting of how much money was received from the EPA and how it was spent.

Donations Report

Type Action
Fiscal Impact Budgeted Yes
Budget Source General Fund (Fund 010) Donations
Recommended Action The recommendation is that the Board of Education accept the Donations Report as presented.

Purpose: The purpose is to acknowledge receipt of donations to the District.

Background: Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledgment and budgeted properly according to donor restrictions. There is acknowledgment at the public Board meeting and a letter of thanks is sent to the donor by the Business Office for NUSD.

Warrant Report for May 2022

Type Action
Fiscal Impact Recommended Action No
The recommendation is that the Board of Education approve the Warrant Report as presented.

Purpose:

The purpose of this item is to present warrants, for the total amount of \$3,450,595.83, made from District funds for May 2022.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea.

The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Sunshine Proposal Reopener for Newark Teachers Association (NTA) Contract

Type Procedural

Purpose:

The purpose is to publicly disclose or "sunshine" the proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA).

Background:

Effective June 30, 2022, the current Collective Bargaining Agreement between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA) is set to expire. The California Education Code requires parties to publicly disclose or "sunshine" their proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations. The Newark Teachers Association (NTA) proposal for the reopener agreement is attached and is sunshined at this meeting. Copies of the proposal are made available to the public. This is the public's second opportunity to express itself regarding the proposal. Newark Unified School District will sunshine their initial proposal at a future Board meeting.

12 STAFF REPORT

CA State UPK (Universal Pre-Kindergarten)

Type Discussion, Information

Purpose:

To present UPK Plan to the Board of Education for consideration, per California state grant requirements.

Background:

Decades of research demonstrate that an early and strong foundation for learning matters. Children who have effective learning opportunities before kindergarten have an advantage in school and in life over children who do not, especially children with adverse childhood experiences. Children who attend quality preschool programs are more prepared for school in terms of their early literacy, language, and math skills, their executive function, and social emotional development.

In some cases, preschool participants are less likely to be identified for special education services or to be held back in elementary school than children who do not attend developmentally-informed preschool programs that include strong educational components.

California is poised to realize universal prekindergarten (UPK) for all four-year-old children and to expand services for three-year-old children through bold leadership and the unprecedented investments in the Budget Act of 2021, including universal transitional kindergarten (UTK) and expansion of the California State Preschool Program (CSPP).

NUSD has already started expanding TK options for students in the city of Newark. This presentation will update our Board on elements of our ongoing UPK (including TK expansion) plan.

Governor's May Revise

Type Information

Purpose:

The Chief Business Official will share information with the Board regarding the 2022-23 May Revision to the Governor's Budget.

Background:

The Governor announced the revisions to the State of California 2022-23 Budget on May 13, 2022.

Key factors from the May Revise will be used to build the District's 2022-23 budget.

A few highlights of the Governor's May Revision include:

- 6.56% COLA

- One-Time Discretionary Funds

- One-Time Deferred Maintenance Funds

- Increase in LCFF Base

- TK Funding Add-on

- Declining Enrollment Protection

- COVID-19 ADA Relief

Next Steps:

Now that Governor Newsom has released the May Revision, the Legislature can begin vetting his revised proposals and highlight their own budget priorities as they prepare to build and pass the 2022-23 State Budget by the June 15 constitutional deadline.

In the next couple of weeks, each house will have to approve their own version of the State Budget and then go to Budget Conference Committee where they will reconcile their differences and also work with the Newsom Administration on a budget agreement. Once the Legislature reaches a compromise on the 2022-23 State Budget Act, each house will need to approve the budget bill by June 15. The Governor will then have 12 days to sign the budget bill as presented, approve the budget bill with line-item reductions, or veto the budget bill and send it back to the Legislature.

The District will have 45 days after the Governor signs the budget to make public any revisions made to its 2022-23 Adopted

Budget.

Environmental Literacy Plan

Type	Action
Recommended Action	The recommendation is that the Board of Education accept the 2021-2022 iteration of NUSD's Environmental Literacy Plan.

Purpose:
To present the NUSD Environmental Literacy Plan to the Board of Education. This living document will continue to evolve over time in response to student, staff, and community input as a part of the district's STEM initiative.

Background:
In 2020-2021, the NUSD Environmental Literacy Vision was developed by the Science District Leadership Team, (which consisted of Science teacher leaders, district administrators, principals, local community organizations, and our Bay Sci partners) and presented to the Board of Education. This vision is now an integral part of the growing comprehensive plan. This NUSD Environmental Literacy Plan is in alignment with district and the Superintendent's goals. This plan contains an overview of the curriculum, resources, and classroom and extra-curricular activities for students TK- 12 which will continue to be developed over time.

Newark Jr High School Paving Project Update

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$40,000.00
Budget Source	Fund 40 Special Reserve for Capital Outlay Projects (Ruschin Funds)
Recommended Action	The recommendation is that the Board of Education approve the parking lot and main drive loop seal coat and restriping project at Newark Junior High School as presented.

Purpose:
To provide an update on the paving and striping project at Newark Junior High School (NJHS).

Background:
The Board approved the NJHS Paving and Striping Project and preliminary budget at their May 19, 2022 meeting. The scope of work included asphalt overlay, patching repairs, seal coat, and restriping of the parking lot and main drive loop. The Board highly recommended that staff consider replacing the entire asphalt paving in the parking lot rather than doing the patch repairs. After further review and consultation with a civil engineer and our Project Manager, it was determined that the asphalt replacement would need DSA (Division of the State Architect) approval. This is a new requirement that recently became effective in February 2022. The timeline for DSA approval is normally 6-8 weeks. The goal was to have this project completed before the beginning of the new school year in August 2022. With the added requirement we would not be able to make this timeline. In the meantime, the parking lot is in desperate need of striping. Therefore, the staff is recommending that we seal coat and restripe the parking lot now while we go through the process of DSA approval and develop the plans and specifications to replace the asphalt. The estimated cost to seal and restripe would be about \$40,000. We anticipate the asphalt replacement project could be completed next summer or possibly in the Spring (2023) during the Spring Break.

2022-2023 Proposed Local Control and Accountability Plan (LCAP)

Type Discussion, Information

Purpose:

To present the 2022-23 Local Control and Accountability Plan (LCAP) to the public and the Newark Unified School District Board of Education.

Background:

The 2022-23 LCAP is available for public inspection as an attachment to this agenda and also in person at the Business Services office. Education Code 52062(b)(2) A governing board of a school district shall adopt an LCAP or annual update to the LCAP in a public meeting. This meeting shall be held after, but not on the same day as, the public hearing held pursuant to paragraph (1). This meeting shall be the same meeting as that during which the governing board of the school district adopts a budget pursuant to Education Code 42127 (a)(2). The public hearing on the proposed LCAP was held earlier in this meeting. Staff will recommend the adoption of the 2022-23 LCAP at the Board's meeting on June 16, 2022.

Results of 2022 Bond Feasibility Community Survey

Type Action
Recommended Action The recommendation is that the Board of Education support staff in planning towards the 2024 Bond election.

Purpose:

To review and present the results of the 2022 bond feasibility community survey conducted by Godbe Research.

Background:

The Board approved a contract with Godbe Research, a survey consultant, to conduct a survey on the feasibility of NUSD putting a general obligation (GO) bond on the ballot in November of 2022. The survey was conducted from April 25, 2022 to May 6, 2022. Results of this survey would provide the Board of Education data from a wide base of participants with respect to support for placing a GO Bond on the 2022 ballot. The survey model is considered hybrid and includes both telephone survey and electronic email survey.

16 BOARD MEMBER REQUESTS

Board Member Request: Board Policy 7310 - Naming of Facility

Type Discussion, Information

Purpose:

Board Member Zhang made a request. that received approval from the majority of the Board members, to review Board Policy 7310.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

17 CONSENT AGENDA: PERSONNEL ITEMS

PLACEHOLDER - One Consented Vote

Type Action
Recommended Action It is recommended that the Board of Education approve, under one consented vote, the agenda items under Consent-Personnel, except for agenda items:

Purpose:
(This is specifically a placeholder, and will only be used if multiple agenda items are approved under a consented vote.)

Background:
Items within the Consent Agenda are considered routine and will be approved, adopted, or ratified by a single motion and action. There will not be a separate discussion of these items; however, any item may be pulled from the Consent Agenda upon the request of any member of the Board and acted upon separately.

Receive NTA Initial Proposal to NUSD for Reopeners for the 2022-2023 School Year

Type Action
Absolute Date Jun 02, 2022
Recommended Action The recommendation is that the Board of Education receive the NTA initial proposal to NUSD for reopeners for the 2022-2023 school year.

Purpose:
The purpose is for the Board of Education to receive the Newark Teachers Association (NTA) initial proposal to the Newark Unified School District (NUSD) for reopeners for the 2022-2023 school year.

Background:
Effective June 30, 2022, the current Collective Bargaining Agreement between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA) is set to expire. The California Education Code requires parties to publicly disclose or "sunshine" their proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations. The Newark Teachers Association (NTA) initial proposal for reopeners is "sunshined" at this meeting. Newark Unified School District will sunshine their initial proposal at a future Board meeting. Copies of the NTA proposal are made available to the public. This is the public's second opportunity to express itself regarding the NTA proposal. Following the public hearing, the Board of Education must receive the NTA initial proposal to NUSD for reopeners for the 2022-2023 school year.

MOU Between NTA and NUSD Concerning Summer Work Opportunities

Type Action
Absolute Date Jun 02, 2022
Fiscal Impact Yes
Dollar Amount \$23,000.00
Budget Source General Fund; ELO-P
Recommended Action The recommendation is that the Board of Education approve the MOU between NTA and NUSD concerning summer work opportunities.

Purpose:
The purpose is for the Board of Education to approve the MOU between NTA and NUSD concerning summer work opportunities in ELA/Math Enrichment Grades TK-6, SEAL Summer program, High School Credit Recovery, and Pre-school - TALL Special Education Extended School Year (ESY).

Background:
The Memorandum of Understanding is to raise the hourly compensation from \$40 an hour to \$50 an hour for 2022 summer programs. This will better align NUSD to neighboring districts' hourly compensation for summer school work. The summer programs are for approximately four weeks for four hours a day. It is the shared goal of NUSD and NTA that our current certificated staff apply for these positions, as this best supports the growth of our students.

Birch Grove Primary 2022-2023 School Plan for Student Achievement (SPSA)

Type Action

Fiscal Impact Yes

Budgeted Yes

Recommended The recommendation is that the Board of Education approve the Birch Grove Primary 2022-
Action 2023 School Plan for Student Achievement.

Purpose:

This 2022-23 School Plan for Student Achievement (SPSA) is coming forward for Board approval. The SPSA serves as the organizer for an individual school's improvement process. The plan is developed with a deep understanding of the root causes of student academic challenges and identifies and implements research-based instructional strategies to raise the achievement of students who are not yet proficient by state standards.

The plan:

- Builds on a premise that students are capable of learning with effective instruction.
- Includes school goals aligned with activities and goals included in the LCAP to maximize school reform efforts.
- Is based on verifiable data analysis.
- Focuses on student achievement and academic interventions.
- Implements high leverage school improvement actions.
- Directs resources where they will most directly improve student academic achievement.
- Ensures all resources are aligned to serve identified students' needs.
- Uses research-based strategies.
- Implements strategic coordination of resources.

Background:

The School Plan for Student Achievement (SPSA) is a plan of action to improve student academic performance by coordinating all educational services and resources. Pursuant to California Education Code Section 64001, schools that receive state and federal funds are required to consolidate all school plans into an SPSA.

It is the goal of the Newark Unified School District (NUSD) to provide equitable opportunities to each of our students and school sites. Each site-specific SPSA and the district-wide Local Control and Accountability Plan (LCAP) is a roadmap created in partnership with all district stakeholders to achieve our vision and mission:

NUSD Vision: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.

NUSD Mission: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.

Each school site aligns its SPSA action items to our 3 LCAP goals:

- Goal 1: Promote a culture of instructional excellence and continuous improvement that results in students achieving their full potential and graduating college and career-ready.
- Goal 2: Promote a culture of community and partnership among the parents, students, staff, and NUSD community as a whole that results in an increase in parent involvement, student participation, and a positive school climate.
- Goal 3: Establish exceptional learning conditions and an environment that promotes trust, respect, and acceptance, and results in students and families feeling safe, welcomed, and valued members of NUSD.

Data Analysis: School-level goals are informed by data. Each goal area includes data analysis on current measures across student subgroups, and on outcome measures to determine progress. Local and State data are used to develop each goal.

Evaluating Progress: The SSC agendaized a meeting to review Dashboard data and measure the impact of actions on student achievement. The principal and staff evaluate academic progress a minimum of three times a year through an academic Professional Learning Community (PLC) model with benchmark data.

Role of School Advisory Committees: California Education Code Section 64001 requires that the School Site Council (SSC) develop the SPSA. The SSC's responsibilities include approving the plan, recommending it to the local governing board for approval, monitoring its implementation, and evaluating the effectiveness of the plan at least annually. The SSC must seek the review, advice, and certification of applicable advisory committees, including the English Learner Advisory Committee (ELAC).

Each school site aligns its SPSA action items to our 3 LCAP goals:

- Goal 1: Promote a culture of instructional excellence and continuous improvement that results in students achieving their full potential and graduating college and career-ready.
- Goal 2: Promote a culture of community and partnership among the parents, students, staff, and NUSD community as a whole that results in an increase in parent involvement, student participation, and a positive school climate.
- Goal 3: Establish exceptional learning conditions and an environment that promotes trust, respect, and acceptance, and results in students and families feeling safe, welcomed, and valued members of NUSD.

Data Analysis: School-level goals are informed by data. Each goal area includes data analysis on current measures across student subgroups, and on outcome measures to determine progress. Local and State data are used to develop each goal.

Evaluating Progress: The SSC agendized a meeting to review Dashboard data and measure the impact of actions on student achievement. The principal and staff evaluate academic progress a minimum of three times a year through an academic Professional Learning Community (PLC) model with benchmark data.

Role of School Advisory Committees: California Education Code Section 64001 requires that the School Site Council (SSC) develop the SPSA. The SSC's responsibilities include approving the plan, recommending it to the local governing board for approval, monitoring its implementation, and evaluating the effectiveness of the plan at least annually. The SSC must seek the review, advice, and certification of applicable advisory committees, including the English Learner Advisory Committee (ELAC).

Newark Jr High 2022-2023 School Plan for Student Achievement (SPSA)

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Recommended Action	The recommendation is that the Board of Education approve the Newark Junior High School 2022-2023 School Plan for Student Achievement.

Purpose:

This 2022-23 School Plan for Student Achievement (SPSA) is coming forward for Board approval. The SPSA serves as the organizer for an individual school's improvement process. The plan is developed with a deep understanding of the root causes of student academic challenges and identifies and implements research-based instructional strategies to raise the achievement of students who are not yet proficient by state standards.

The plan:

- Builds on a premise that students are capable of learning with effective instruction.
- Includes school goals aligned with activities and goals included in the LCAP to maximize school reform efforts.
- Is based on verifiable data analysis.
- Focuses on student achievement and academic interventions.
- Implements high leverage school improvement actions.
- Directs resources where they will most directly improve student academic achievement.

Ensures all resources are aligned to serve identified students' needs.
 Uses research-based strategies.
 Implements strategic coordination of resources.

Background:

The School Plan for Student Achievement (SPSA) is a plan of action to improve student academic performance by coordinating all educational services and resources. Pursuant to California Education Code Section 64001, schools that receive state and federal funds are required to consolidate all school plans into an SPSA.

It is the goal of the Newark Unified School District (NUSD) to provide equitable opportunities to each of our students and school sites. Each site-specific SPSA and the district-wide Local Control and Accountability Plan (LCAP) is a roadmap created in partnership with all district stakeholders to achieve our vision and mission:

NUSD Vision: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.

NUSD Mission: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.

Each school site aligns its SPSA action items to our 3 LCAP goals:

Goal 1: Promote a culture of instructional excellence and continuous improvement that results in students achieving their full potential and graduating college and career-ready.

Goal 2: Promote a culture of community and partnership among the parents, students, staff, and NUSD community as a whole that results in an increase in parent involvement, student participation, and a positive school climate.

Award of Agreements for District-Wide Special Ed Transportation

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$1,388,920.00
Budgeted	Yes
Budget Source	Resource 6500 - Special Education
Recommended	The recommendation is that the Board of Education award the contracts for Special Education
Action	Transportation to Zum Services, Inc and Pawar Transportation, LLC.

Purpose:

The purpose is to provide transportation to students in Special Education identified as needing transportation as a related service to access their Free Appropriate Public Education (FAPE).

Background:

For the last three years, Zum Services, Inc has provided the majority of our Special Education transportation. The contracted cost for the 2021-22 school year for Zum was \$886,202 for 199 days of education, a regular school year plus Extended School Year (ESY). Due to the lack of staffing, Zum was not able to provide all services, therefore Special Education contracted with HopSkipDrive to supplement transportation services. HopSkipDrive contracted for the amount of \$274,860 for the 2021-22 school year.

On April 4, 2022, we initiated a bidding process for a new transportation vendor. On May 9, 2022, at 2:00 PM the district opened five bids covering all routes for 180 school days and nineteen days ESY. Bids were received from:

- Zum Services, Inc
- HopSkipDrive, Inc
- Pawar Transportation, LLC
- Kango
- Adroit Advanced Technologies, Inc

The Special Education Department recommends splitting the transportation routes between two bidders. The routes will be divided between elementary and secondary routes.

The recommendation is for the elementary contract to be awarded to Zum. They had a competitive price and our experience with them has been positive. The total project cost for Zum, for 180 school days plus ESY including regular routes, Non-public school routes, and transportation for elementary students is \$782,120.

The recommendation is for the secondary contract to be awarded to Pawar Transportation, LLC. They had a competitive price and came as a recommendation from another district that had positive things to say about them. The total project cost for Pawar for 180 school days plus ESY including regular routes, Non-public school routes, and transportation for secondary students is \$606,800.

The bids account for 103 Special Education students eligible for transportation services in 2022-23. In the 2021-22 school year, 70 students used either Zum or HopSkipDrive to get to and from school and 25 parents received mileage reimbursement to transport their students to and from school. If all 109 students, eligible for transportation in the 2021-22 school year, had used transportation services, actual costs would have been significantly higher.

Transportation services are provided on round-trip routes (or vehicles). Each route includes a base vehicle rate and included mileage. If mileage goes over, then there is a per-mile fee added to the route. There was a significant increase in vehicle base rates compared to three years ago. Also, in the past, vehicle capacity has been up to four (4) students per vehicle. The current vehicle capacity is up to three (3) students per vehicle, increasing the number of routes needed.

2022-23 School Year 2022-23 ESY Total

Zum Services, Inc	\$747,720	\$34,400	\$782,120
Pawar Transportation, LLC	\$601,200	\$5,600	\$606,800
	\$1,388,920		

Total cost = \$1,388,920.00

Proposed Five-Year Child Care Fee Schedule

Type	Action
Recommended	The recommendation is that the Board of Education approve the Five-Year Child Care Fee
Action	Schedule as presented.

[Purpose:](#)

To approve a five-year Child Care Fee Schedule, beginning in the 2022-2023 school year.

[Background:](#)

On March 15, 2016, the Board approved a five-year fee schedule with an annual increase of 3%. On March 7, 2017, the Board approved an annual increase of 3% for Kindergarten Early Release and Drop-in programs, making all Child Care services increase at the same annual rate.

On March 4, 2021, the Board approved maintaining the fee schedule for all Child Care services for 2021-2022 at the same rate as 2020-2021. This rate freeze came during the pandemic when Child Care enrollment was low and Child Care continued providing free child care to NUSD employees.

In order to balance the Child Care budget each year, additional funds are needed from the district. We are proposing a rate increase, which will include adjustments for the early release days and drop-in service, in order to decrease the amount of General Fund money needed to support the Child Care program. The fees for bill itemization requests, NSF, late payment, contract change, and late pick-up will remain the same.

Child Care Services

The child care services schedule is still being finalized and will be available to families by the end of June.

Proposed Child Care Fee Schedule Per Child

Hours	Year 1	Year 2	Year 3	Year 4	Year 5	
Scheduled Weekly Hours	per Month	2022-23	2023-24	2024-25	2025-26

Funding Source Update for Credit Recovery

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$20,850.00
Budgeted	Yes
Budget Source	Expanded Learning Opportunities Grant (ELO-G)

Recommended Action The recommendation is that the Board of Education approve the change in funding source from ELO-P to ELO-G for the 2022-23 Edmentum (APEX) online platform contract approved by the Board at the May 5, 2022 meeting.

Purpose:

To approve the funding source change for the Edmentum (APEX) online platform that will support credit recovery for NUSD students from Expanded Learning Opportunities Program (ELO-P) to the Expanded Learning Opportunities Grant (ELO-G).

Background:

At the May 5, 2022, Board of Education meeting the Board approved Edmentum (APEX) as an online platform that will serve as one of the multiple options that NUSD students have to recover credit using ELO-P funds. The funding source has changed to ELO-G funds.

STAR Lab Furniture

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$110,000.00
Budgeted	Yes
Budget Source	General Fund
Recommended Action	The recommendation is that the Board of Education approve the purchase of furniture from Campbell Keller for the Newark Memorial High School STAR lab as presented.

Purpose:

To approve the purchase of furniture for the Newark Memorial High School STAR Lab.

Background:

The furniture purchase is part of the STAR Lab project at Newark Memorial High School that has been in development since 2020-21. The furniture plan furnishes three (3) Zones in the STAR Lab for student work, each capable of supporting a class of up to 36 students, as follows.
 Zone 1 - A theater/brainstorming lounge featuring round and rectangular tables with active, movable, and reconfigurable seating.
 Zone 2 - A rocketry/aerospace workspace with butcher block tables, stool seating, and storage for tools and parts.
 Zone 3 - A robotics/programming workspace featuring height adjustable laminate tables, chair seating, and large monitors (already purchased with Donors Choose funding) for students to collaborate around.
 The plan also includes movable walls to effectively divide and rearrange spaces depending on event/class needs. In addition, this purchase includes a workbench/workspaces for 3-D printing, laser cutting, and other robotics/rocketry tool use. The pricing on the quote is based on a piggyback bid from Los Rios Community College District. There may be slight changes to the actual order but the purchase will not exceed \$110,000.

CBOC Member Reappointment (Mr. Richard Watters)

Type	Action
Recommended Action	The recommendation is that the Board of Education reappoint Richard Watters to the Citizens' Bond Oversight Committee (CBOC).

Purpose:

By taking this action, the Board will reappoint one member, Richard Watters, to the Citizens' Bond Oversight Committee (CBOC) for a third term beginning July 1, 2022, and expiring June 30, 2024.

Background:

NUSD Board Administrative Regulation 7214 (for General Obligation Bonds) permits members of the CBOC to serve a maximum of three 2-year terms. Mr. Watters has expressed an interest in returning for a third term. The Board meeting at which he was appointed for the first term was August 21, 2018. His community representation is as a Parent/Guardian of Child Enrolled in the District. He is the current Chair of the CBOC.

CBOC Member Reappointment (Ms. Cindy Parks)

Type	Action
Recommended Action	The recommendation is that the Board of Education reappoint Cindy Parks to the Citizens' Bond Oversight Committee (CBOC).

Purpose:

By taking this action, the Board will reappoint one member, Cindy Parks, to the Citizens' Bond Oversight Committee (CBOC) for a second term beginning July 1, 2022, and expiring June 30, 2024.

Background:

NUSD Board Administrative Regulation 7214 (for General Obligation Bonds) permits members of the CBOC to serve a maximum of three 2-year terms. Ms. Parks has expressed an interest in returning for a second term. The Board meeting at which she was appointed for the first term was June 30, 2022. Her community representation is as an At-Large Community Member. She is the current Secretary of the CBOC.

Canon Lease for Copiers

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Budget Source	General Fund
Recommended	The recommendation is that the Board of Education approve the Canon leases as presented.
Action	

Purpose:
 To approve new lease and maintenance agreements with Canon Solutions America. In order to provide District staff with the most efficient copying and scanning technology, the copiers at Birch Grove Intermediate, Birch Grove Primary, Coyote Hills, Lincoln, Schilling, NJHS (the second machine being moved from Coyote Hills), and two machines at NMHS need new contracts to lease and maintain the machines at those sites, as the current leases are expiring. Each machine will be switched out for a new model. In each case, the newer model will have the same functionality as the current models and will have a lower cost to lease. The new lease and maintenance agreement will result in a \$42,900 savings over the next 5 years.

Background:
 Based on performance and cost, the District will be leasing these 8 machines with Canon Solutions America. The Business Office has been using Canon machines for the last 2 years and is very satisfied with the performance of the copiers and customer service. The lease is a 60-month fixed price plan contract. The new lease "piggy-backs" on the University of California Purchasing Agreement #2020002755.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook" Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Letter from the Alameda County Office of Education Regarding the 2021-22 Second Interim Budget Report

Type Discussion, Information

Purpose:

The CBO will discuss and review the letter from the Alameda County Office of Education (ACOE) regarding the Newark Unified School District (NUSD) 2021-22 Second Interim Budget Report.

Background:

The Governing Board approved a Positive Certification of NUSD's Second Interim Budget Report on March 3, 2022. Based on the Alameda County Office of Education's (ACOE) required review and analysis, the Second Interim Budget Report approved by NUSD's Board on March 3, 2022, accurately reflects the financial status of the district based on the budget assumptions and the Board's actions committing to budget balancing solutions in fiscal years 2022-23 and 2023-24. ACOE concurs with the District's POSITIVE certification.

11 PUBLIC HEARINGS

Sunshine Proposal Reopener for Newark Teachers Association (NTA) Contract

Type Procedural

Purpose:
 The purpose is to publicly disclose or "sunshine" the proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA).

Background:
 Effective June 30, 2022, the current Collective Bargaining Agreement between the Newark Unified School District (NUSD) and the Newark Teachers Association (NTA) is set to expire. The California Education Code requires parties to publicly disclose or "sunshine" their proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations. The Newark Teachers Association (NTA) proposal for the reopener agreement is attached and is sunshined at this meeting. Copies of the proposal are made available to the public. This is the public's first opportunity to express itself regarding the proposal. Newark Unified School District will sunshine their initial proposal at a future Board meeting.

Elementary Report Card

Type Action
Fiscal Impact Yes
Dollar Amount \$3,000.00
Budgeted Yes
Budget Source LCAP
Recommended Action The recommendation is that the Board of Education approve the updated drafts of the Elementary Report Card for grades TK-5, as presented.

Purpose:
 The purpose of this presentation is to provide a recommendation to the Board of Trustees to approve updated elementary report cards for grades TK-5 as recommended by the NUSD Elementary Report Card Committee. This presentation will detail steps the Elementary Report Card Committee has taken this year to update grade-level report cards as well as receive staff and community input regarding the Elementary Report Card.

Background:
 In the 2018-19 school year a Report Card Committee was formed and representatives from each of Newark's elementary sites contributed to an updated pilot elementary grading scale. The NUSD Elementary Report Card Committee continued to meet until the pandemic began and resumed meeting in the 2021-22 school year to make updates to grade-level report cards at the elementary level. Ultimately, members of the Elementary Report Card Committee worked collaboratively to update the pilot report card after receiving staff input in order to bring recommendations to the Board of Trustees for approval.

ELD Curriculum Adoption Amendment

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$35,077.25
Budget Source	Lottery
Recommended Action	The recommendation is that the Board of Education approve the ELD Curriculum adoption amendment.

Purpose:
To adopt additional curriculum needed to complete the course sequence for all ELD courses.

Background:
In May of 2021, NUSD Board of Education adopted ELD curriculum for Newark Junior High School and Newark Memorial High School. The curriculum adopted for the high school included Edge Fundamentals, which is the first level of curriculum materials, but didn't include the full sequence of materials for intermediate and advanced ELD. After piloting the full Edge curriculum series, we would like to recommend that the Board amend the curriculum adoption to include the comprehensive set of Edge curriculum in order to serve all ELD courses.

Board Policy & Administrative Regulation 3551 Food Service Operations/Cafeteria Fund (First Reading)

Type	Action
Recommended Action	The recommendation is that the Board of Education approve the revised Board Policy and adopt the Administrative Regulation 3551.

Purpose:
For the board to review the recommended changes and approve the updated policy and adopt the administrative regulation.

Background:
The Child Nutrition department needs to ensure that all policies are updated pertaining to Food Service Operations/Cafeteria Funds. This is the first reading for the attached Board Policy and Administrative Regulation. The language is sanctioned by the California School Board Association. The administration has reviewed these documents for accuracy and made revisions to reflect district practice. This will include the adoption of the Administrative Regulation. If any revisions are recommended, the document(s) will be brought back to the Board of Education for a second reading.

Resolution 2021.22.40 PG&E Easement for Electric Vehicle Charging Stations

Type	Action
Recommended	The recommendation is that the Board of Education approve Resolution 2021.22.40 PG&E
Action	Easement for Electric Vehicle Charging Stations at Newark USD's Maintenance, Operations, and Transportation site to provide power to five electric vehicle charging stations.

Purpose:
To approve Resolution 2021.22.40 providing easement for Pacific Gas and Electric Company (PG&E) to provide power to five electric vehicle charging stations at Newark USD's Maintenance, Operations, and Transportation site.

Background:
June 19, 2019, the Board approved Resolution 2139, confirming its interest in applying for the funding to replace its five school buses with zero-emission buses and the related charging infrastructure.
December 3, 2020, the Board approved the commitment to purchase two electric buses and a charging station infrastructure for a district match of up to \$356,304 through the Bay Area Air Quality Management District (BAAQMD), California Air Resources Board (Hybrid Voucher Incentive Project HVIP) and PG&E grants. The Board also approved future electric vehicle and infrastructure grant applications.
December 14, 2020, the BAAQMD grant was executed with fund awards for the two electric buses and \$75,770 toward infrastructure to install and construct two Level 2 Electric Vehicle Service Equipment charging stations.
December 2020, two electric buses were ordered and delivered.
June 17, 2021, the Board accepted the invitation to join PG&E's EV Fleet Electrification program. The PG&E program requires the commitment to acquire a total of five electric vehicles over a five-year period. The two buses purchased count towards the five required purchases.
Currently, Beacon Consulting is searching for new grants to help fund the three additional electric vehicles. The search is focusing on finding funding for two refrigerated trucks and a dump truck (or similar), depending on what grants and electric vehicles are available and the most cost-effective, by 2025.

Temporarily the buses are being charged with a regular outlet that takes up to two days to charge one bus. Charging stations will only take six hours to charge a bus.

The PG&E grant for five charging stations, covers underground conduits, pipes, manholes, service boxes, wires, cables, and electrical conductors; above-ground marker posts, risers, and service pedestals; underground/above ground switches, fuses, terminals, and transformers with associated concrete pads; electric vehicle charging supply equipment, bollards and/or curbs and other associated safety equipment and signage; and fixtures and appurtenances necessary. PG&E covers the costs up to the meter. The infrastructure from the meter, including the chargers, will be at the district's cost. Two charging stations (including the infrastructure from the meter to the charger) will be paid for by the \$75,770 BAAQMD grant. Beacon Consulting continues to search for grant opportunities for the three additional chargers. The estimated cost for each charger is \$25,000.

The work done by PG&E will provide the necessary distribution of electric energy needed for five charging stations. The area PG&E has identified for the easement island strips of 10 feet near the MOT bus barn and where the electric energy and communication services come from. This strip of land is the former Central Pacific Railway Company site.

As part of the easement, Newark USD agrees to:

1. from time to time, trim or cut down any and all trees and brush within the easement area which may interfere with or be a hazard to the facilities;
2. not build on the easement area;
3. right to assign these rights to another public utility company, as defined by the CA Public Utilities Commission, to install, maintain, replace, remove, and use communication facilities within the easement area including ingress and egress therefrom;
4. In the event the PG&E contract is terminated, a quitclaim shall be executed by PG&E returning the easement to Newark USD; and
5. PG&E will not unreasonably interfere with, disrupt, or materially adversely affect Newark USD's business operations or access rights to property owned by Newark USD.

The next step is for Beacon Consulting to continue working with PG&E to get plans and drawings completed and approved for the charging stations. Once these have been received, then Beacon Consulting will get three quotes for the infrastructure from the meter, up to and including the chargers, in order to confirm actual costs.

Newark Jr High School Paving and Striping Project

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$311,000.00
Budgeted	Yes
Budget Source	Fund 40 Special Reserves for Capital Outlay Projects
Recommended	The recommendation is that the Board of Education approve the Newark Junior High School
Action	Paving & Striping Project and the preliminary project budget to provide safety.

Purpose:

To approve the Newark Jr High School Paving & Striping Project and preliminary budget of \$310,352 to provide safety for campuses and authorize staff to proceed with consulting agreements and bidding as outlined in the budget. Construction Bids will be brought back to the Board.

Background:

On April 7, 2022, the Board of Trustees approved the Deferred Maintenance plan and a list of project priorities. The first item on the Project Priorities List is Asphalt Maintenance Repairs, Sealcoat & Restripe Parking Lots.

At Newark Jr High School the condition of the existing parking lot is nearing the end of its useful life. More than ten (10) areas have alligator cracking, longitudinal cracking, and potholes. The parking lot striping is faded. The current parking layout is not clear and the parking spaces are not clearly marked. In addition, the installation of solar panels required new striping to accommodate DSA accessibility/ADA requirements. Consequently, staff requested a new and improved parking layout. The proposed design (see attached) incorporates the new DSA required spaces and allows drivers to weave from one end of the lot through each row to select a parking space. The new layout also improves congestion during student drop-off times by providing a secondary drop-off route.

The scope of work for this project will include asphalt concrete overlay at the main drive loop, patching repairs at the parking lot, seal coat at the parking lot and restriping at the drive loop and parking lot, and new gates at the drive loop (entrance and exit) and parking lot. To keep the budget minimal, the work being prescribed, while more than just cosmetic, will not fix all of the deteriorated areas or significantly increase longevity. Many areas need a full replacement or more patches than the budget allows for. The estimated cost for this limited scope of work is \$310,352. This work is scheduled to be completed in the Summer of 2022. For budget comparison purposes, the estimated cost to completely repair and replace the asphalt in the parking lot and the main drive loop is \$750,000-\$800,000.

Planning and appurtenant costs include architectural fees for restriping design, planning and construction management, testing and inspection, and contingency allowances for design and construction.

MOU Between NTA and NUSD to Provide a DLI Stipend

Type	Action
Preferred Date	May 19, 2022
Fiscal Impact	No
Dollar Amount	\$4,200.00
Budget Source	General Fund
Recommended	The recommendation is that the Board of Education approve the MOU between NTA and NUSD
Action	to provide a DLI stipend.

Purpose: The purpose is for the Board of Education to approve the MOU between NTA and NUSD to provide a stipend for those currently teaching in the Dual Language Immersion (DLI) Program at Schilling Elementary for the 2021-2022 school year.

Background:

Schilling Elementary School began its DLI program in the 2021-2022 school year with Kindergarten and Grade 1 classes. Each cohort of students has a teacher who instructs in English and a teacher who instructs in the target language. Because of the additional preparation and communication with families, NUSD and NTA agree to provide a tiered stipend to those teaching in the DLI program. This stipend will provide support for the following additional duties including but not limited to: preparation for parent conferences, additional testing, planning, and preparation of aligned units and materials in the target language.

Service Agreement between Newark USD & BaySci 2022-23

Type Action
Fiscal Impact Yes
Dollar Amount \$55,000.00
Budgeted Yes
Budget Source LCAP
Recommended Action The recommendation is that the Board of Education approve the 2022-23 Service Agreement between Newark USD and BaySci.

Purpose:
The purpose of this item is for the Board of Education to approve the Service Agreement between the Regents of the University of California, Berkeley - Lawrence Hall of Science, and Newark Unified School District. This Service Agreement outlines the services to be provided by BaySci for 2022-2023 to support district science initiatives and curriculum development and implementation.

Background:

BaySci at the Lawrence Hall of Science, University of California, Berkeley supports the development and deepening of district-wide capacities for equitable, high-quality science education and environmental literacy. BaySci is dedicated to leadership, innovation, and excellence in STEM education and learning, and has a long history of addressing the needs of groups who are situated at the margins of equitable, high-quality instruction in science, math, engineering, and environmental education.

In 2022-2023, Services: University will:

1. Provide support for the Newark Unified School District (District) a science/environmental literacy leadership team to develop an implementation plan for Districtwide coherence across these disciplines and in connection to other district initiatives and efforts overseen by the District Educational Services department.
2. Provide support for partnerships with community-based organizations as part of a Districtwide, coherent science/environmental literacy program.
3. Provide support for meaningful teacher collaboration, the building of District structures, and lessons learned during COVID to sustain teacher collaboration around science, environmental literacy, and computational thinking.

Moving Services Contract

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$52,415.06
Budget Source	General Fund
Recommended Action	The recommendation is that the Board of Education approve the award of a contract to Crown Worldwide Moving and Storage for moving services based on RFP #02-2021-22.

Purpose:

To obtain Board approval to award the moving services contract to Crown Worldwide Moving and Storage, the lowest, responsive and responsible bidder for RFP #02-2021-22 Moving Services for the consolidation of Musick Elementary School and the transition of Newark Junior High School to a middle school.

Background:

In November 2020, the board voted to move all sixth-grade students to Newark Jr High for the 2022-23 school year. On April 25, 2022, Newark Unified School District sent out RFP #02-2021-22 Moving Services to potential bidders. The scope of the work includes, but is not limited to, moving services for the consolidation of Musick Elementary School and the transition of Newark Junior High School to a middle school. Services include the furnishing of equipment, supplies, and crews as required by the District for the physical relocation of classrooms, offices, and other spaces within the boundaries of the Newark Unified School District, at such times and places as directed by the District, as rapidly as possible with minimal disruption of District staff and the daily operations of the District. A mandatory bid walk was held on May 4, 2022, and the bid was due May 10, 2022. Three (3) moving companies attended the bid walk and three (3) submitted bids but one was non-responsive. The bid results were as follows:

Company	Bid Amount
Crown Worldwide Moving and Storage	\$52,415.06
Suddath	\$77,487.52

Based on bids received, staff, recommends award of a contract to Crown Worldwide Moving and Storage, the lowest responsive, responsible bidder, for moving services based on RFP #02-2021-22.

Warrant Report for April 2022

Type	Action
Fiscal Impact	No
Recommended Action	The recommendation is that the Board of Education approve the Warrant Report as presented.

Purpose:

The purpose of this item is to present warrants, for the total amount of \$2,984,793.61, made from District funds for April 2022.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.

Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea.

The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 STUDY SESSION

Environmental Literacy

Type Discussion, Information

Purpose:

To update the Board of Education on the development of the Environmental Literacy Plan and engage in a dialogue of how this plan can continue to grow the District's STEAM initiative.

Background:

In 2020-2021 the NUSD Environmental Literacy Vision was developed by the Science District Leadership Team, (which consisted of Science teacher leaders, district administrators, principals, local community organizations, and our Bay Sci partners) and presented to the Board of Education. This vision is now an integral part of the growing comprehensive plan. This NUSD Environmental Literacy Plan is in alignment with District and Superintendent's goals; this plan delineates the curriculum, resources, classroom, and extra-curricular activities for students TK- 12.

12 STAFF REPORT

Parent Family Resources

Type Information

Purpose:

To inform the Board and public about the work that Parent Partners are providing to the district, families, and community.

Background:

Family and community partnerships are necessary components of high-quality and culturally responsive instructional programs. They are also critical to students' social and emotional learning and health and wellbeing. To address this need and district priority, NUSD has established a robust Coordination of Services Team (COST) that includes Parent Partners and connects both site-based and district-level initiatives. This presentation serves to provide a brief summary of this work.

13 PUBLIC HEARINGS

Public Hearing on Joint Initial Proposal for Reopeners between the California School Employees Association (CSEA) and the Newark Unified School District

Type Information

Purpose:

The purpose is to publicly disclose or "sunshine" the proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations between the Newark Unified School District (NUSD) and the California School Employees Association (CSEA).

Background:

Effective June 30, 2022, the current Collective Bargaining Agreement between the Newark Unified School District (NUSD) and the California School Employees Association (CSEA) is set to expire. The California Education Code requires parties to publicly disclose or "sunshine" their proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations. Both the California School Employees Association (CSEA) proposal for reopeners and the Newark Unified School District proposal for reopeners are attached and are "sunshined" at this meeting. Copies of the proposals are made available to the public. This is the public's second opportunity to express itself regarding these proposals.

History Curriculum Adoption

Type Action

Fiscal Impact Yes

Dollar Amount \$878,143.40

Budgeted Yes

Budget Source Lottery Funds

Recommended The recommendation is that the Board of Education formally approve the adoption of the
Action recommended history curriculum for grades TK-12, as presented.

Purpose:

The History Adoption Committee comprises K-12 staff who reviewed and piloted History textbooks and curriculum for adoption

for grades K-12. The purpose of this presentation is for members of the History Adoption Committee and Ed Services to recommend to the NUSD Board of Education formal approval of the history curriculum for grades K-12. A public viewing of piloted materials has occurred in order for the History Adoption Committee to make a final recommendation to the Board of Education for the adoption of the new curriculum for the 2022-23 school year. The Committee adhered to a detailed process and timeline, including the use of an evaluation rubric with staff input, in alignment with criteria outlined in the history-social science framework established by the California Department of Education.

Background:

The subjects of English-Language Arts, Science, and Mathematics have been the most recently adopted curriculums within Newark Unified School District. In fact, the last time the History curriculum was formally adopted in Newark Unified was in 2006. As a result, staff and students have expressed widespread interest in adopting a new History curriculum for grades K-12 that will include a state-adopted program and is aligned with the current California history-social science framework. A process for history curriculum adoption was reviewed with the Board on November 18, 2021. In turn, Ed Services convened a History Adoption Committee during the 2021-22 academic school year in order to review and pilot publisher materials and, ultimately, make a recommendation to the Board of Education to adopt a new History curriculum for the 2022-23 school year.

Math Progressions

Type Action

Fiscal Impact No

Recommended The recommendation is that the Board of Education formally approve the updated progression

Action of mathematics courses offered in grades 6-12, as presented.

Purpose:

The purpose of this presentation is to recommend that the NUSD Board of Education formally approve an updated progression of mathematics courses offered in grades 6-12 in NUSD. The presentation will explain the rationale for updating the district's secondary mathematics courses and detail steps taken to engage with staff and community members. The articulated mathematics progression for the secondary level is aligned with the California Department of Education's newly proposed Mathematics Framework, the Common Core State Standards, and meets college and university admissions expectations, including those outlined by the UC and CSU systems.

Background:

The State Board of Education last adopted a Mathematics Framework in 2013 in anticipation of the Common Core State Standards. The state now has a new Mathematics Framework that is set to be adopted in July of 2022. Partnerships between the state board of education and college and university systems have outlined new guidelines and recommendations for a progression of secondary mathematics courses to specifically support and prepare students in grades 6-12. During these years, Newark Unified School District has not updated its articulation of a progression of mathematics courses at the secondary level and is, therefore, not aligned with the state's Mathematics Framework. Through engagement with the NUSD community, NUSD mathematics departments, and the Board of Education, Educational Services aims to improve the alignment of secondary mathematics courses, effective for the 2022-23 school year.

Action an online platform that will serve as one of multiple options that NUSD students have to recover credit, as presented.

Purpose: To approve an Edmentum (APEX) as an online platform that will support credit recovery for NUSD students.

Background: Per request of the Board of Education, on August 18, 2021, September 2, 2021, and September 16, 2021, Educational Services presented the purpose and options for credit recovery as it relates to NUSD high school students. During these sessions, the Board of Trustees learned about the background and usage of NUSD's current credit recovery program delivered through APEX, how APEX is currently utilized in NUSD, and what shifts/changes our secondary schools have made to program implementation in response to recent community input. Board members determined that an online credit recovery option should be utilized, approved of use of APEX for the 21-22 academic year, and requested that Educational Services return during the second semester to report on the following: (1) provide a comparison of online platforms that are used locally and could be used for credit recovery to ensure rigorous and equitable student access to high-quality educational experiences in NUSD during 2022 summer school and beyond, (2) report on the effectiveness of accountability measures that have been put in place for the 21-22 academic school year, and (3) report the results of student polling regarding their experience with APEX.

Audit Report - Measure G Bond

[Type](#) Action

Recommended The recommendation is that the Board of Education accept the Measure G Financial and
Action Performance Audit Report for the year ended June 30, 2021.

[Purpose:](#)

The purpose of this item is for the Board to receive information and accept the Measure G Financial and Performance Audit Report for the fiscal year ended June 30, 2021.

[Background:](#)

On April 25, 2022, the Citizen's Bond Oversight Committee reviewed and accepted the Measure G Financial and Performance Audit Report for the fiscal year ended June 30, 2021.

In accordance with generally accepted auditing standards and Government Auditing Standards, the independent auditing firm of Christy White, Inc. has completed their Financial and Performance Audit Report of the Proposition 39 (Measure G) Bonds of the Newark Unified School District for the fiscal year ended June 30, 2021.

The comprehensive summary of auditors' results on audit report page 17 outlines the following:

The opinions on the financial statements and performance were both unmodified, which is the best opinion that can be provided in an audit.

There were no findings, questioned costs, or audit adjustments in relation to this audit.

Adopt the NUSD Initial Proposal to CSEA for Reopeners for the 2022-2023 school year

[Type](#) Action, Discussion

Absolute Date May 05, 2022

Recommended The recommendation is that the Board of Education adopt the NUSD Initial Proposal to CSEA
Action for reopeners for the 2022-2023 school year.

[Purpose:](#)

The purpose is for the Board of Education to adopt the Newark Unified School District (NUSD) proposal to the California School Employees Association (CSEA) for reopeners for the 2022-2023 school year.

Background:

Effective June 30, 2022, the current Collective Bargaining Agreement between the Newark Unified School District (NUSD) and the California School Employees Association (CSEA) is set to expire. The California Education Code requires parties to publicly disclose or "sunshine" their proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations. Both the California School Employees Association (CSEA) proposal for reopeners and the Newark Unified School District proposal for reopeners are "sunshined" at this meeting. Copies of the proposals are made available to the public. This is the public's second opportunity to express itself regarding these proposals. Following the public hearing, the Board of Education must adopt the NUSD initial proposal to CSEA for reopeners for the 2022-2023 school year.

Classroom Aides (6) for TK Classrooms

Type	Action
Absolute Date	May 05, 2022
Fiscal Impact	Yes
Dollar Amount	\$124,000.00
Budgeted	Yes
Budget Source	General Fund
Recommended	The recommendation is that the board approve six (6) classroom aide positions for
Action	Transitional Kindergarten (TK) classrooms.

Purpose:

The purpose of this agenda item is to approve six classified classroom aide positions for 2022-2023 to satisfy the new 12:1 ratio in Transitional Kindergarten (TK) classrooms.

Background:

Assembly Bill 130 established an early education initiative to expand access to classroom-based prekindergarten programs offered by school districts. The legislation provides for a 12:1 student to staff member ratio in 2022-2023. Newark Unified's model will include one (1) certificated teacher and one (1) classified classroom aide for a TK class of 24 students. The district is slated to have six (6) TK classrooms next year, so this agenda item is to approve the six classroom aides that will be needed. The classified classroom aide position at each site will be 20 hours a week (0.5 FTE).

Action	Equity position and job description.

Purpose:

The purpose of this item is to approve the Coordinator of Access & Equity position and job description for 2022-2023.

Background:

California SB-309 states the AG Completion Improvement Grant Program is to "provide additional supports to local educational agencies to help increase the number of California high school pupils, particularly unduplicated pupils, who graduate high school meeting the AG subject matter requirements for admission to the University of California and the California State University." On March 17th, the NUSD Board of Education adopted a plan for leveraging state funds to address the strategic outcomes of the grants. The plan included a new position to support the execution of this grant under the title Coordinator of Equity and Access. This position is on the certificated management salary schedule range of 132, 205 workdays, \$110,294.10-\$132,883.05.

Budgeted	No
Budget Source	Resource 6500 - Special Education, Resource 6546 - Special Education Mental Health
Recommended	The recommendation is that the Board of Education approve the contract with Falcon Ridge
Action	Ranch as presented.

Purpose:

To ratify the Master Contract and Individual Service Agreement with Falcon Ridge Ranch for residential treatment services for the 2021/22 and 2022/23 school year.

Background:

Newark Unified School District requires a highly intensive individualized residential program in order to meet students' unique needs per the consented Individualized Education Programs (IEPs). This is due to a significant disability, behavioral, or programmatic need that has impacted the student's current ability to be successful within the general education setting.

- In 21/22 academic school year, it is anticipated that \$17,934 of mental health and residential services included in this program will be funded by mental health state funds that NUSD receives annually.
- In 22/23 academic school year, it is anticipated that \$107,310 of mental health and residential services included in this program will be funded by mental health state funds that NUSD receives annually.

California Department of Education Revised Consolidated Application and Reporting System 2021-2022 Winter Data Collection

Type Action

Recommended The recommendation is that the Board of Education ratify the Consolidated Application and Reporting System (CARS) revisions as outlined by the California Department of Education.

Purpose:

The purpose of this item is to inform the Board that the California Department of Education revised the Fiscal Year 2020-21 Title 1, Part A and Title 1, Part D local educational agency (LEA) allocations resulting in approximately a 4.5 percent reduction in funding.

Background:

On March 18, 2021, and April 7, 2022, the Board ratified the Consolidated Application and Reporting System (CARS), 2020-2021, and 2021-2022 Winter Data Collection, respectively. To complete these reports, NUSD used the California Department of Education (CDE) published FY 2021 Title 1 allocations.

All districts were notified by the CDE that the published FY 2021 Title 1 allocations for Title 1, Parts A and D were calculated in error. Therefore, funds are not available for allocation to LEAs and have been adjusted to reflect the actual funding available. The impact on LEAs is an approximate 4.5 percent reduction in their Final 2020-21 Allocations for Title 1, Parts A and D.

HVAC Equipment Purchase Authorized under Resolution 2020.21-030 Authorizing Staff to Acquire Equipment Using Sole

Type Action

Fiscal Impact Yes

Dollar Amount \$599,475.00

Budgeted Yes

Budget Source Fund 25

Recommended The recommendation is that the Board of Education accept the update on costs associated with the implementation of Resolution 2020.21-030 Authorizing Staff to Acquire Equipment Using Sole Source.

Purpose:

To update the Board on costs associated with the implementation of Resolution 2020.21-030 Authorizing Staff to Acquire Equipment Using Sole Source.

Background:

On May 20, 2021, the Newark Unified School District Board approved Resolution 2020.21-030 authorizing staff to acquire equipment using Sole Source. The resolution states, in part: The Board hereby finds and determines that appropriate Carrier HVAC units and Alerton Controls be the sole HVAC and EMS control brands used on the Project and that doing so is in the best interest of the District, its students, and the community; and the Superintendent, or designee thereof, is authorized to take all other actions as necessary to effectuate the intent of this Resolution.

The district purchased HVAC equipment as part of the Phase 1 HVAC Replacement Project under Resolution 2020.21-030.

At the April 7, 2022 Board meeting, RGMK provided an update on the status of the HVAC Replacement Project, Phase 2. Due to the compounding supply chain issues, manufacturing lead times and anticipated price increases, staff recommends procuring the HVAC equipment now to save on further price increases and longer delivery timelines. The construction bidding process for installation is planned to occur this winter with a project start date anticipated in early summer of next year.

Resolution 2021.22.39 Declaring Surplus Equipment

Type	Action
Recommended	The recommendation is that the Board of Education approve Resolution 2021.22.39 Declaring
Action	Surplus Equipment.

Purpose:

The purpose of this item is to obtain Board approval of Resolution 2021.22.39 Declaring Surplus Equipment, which lists items to be declared as surplus equipment.

Background:

Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment, and Supplies. Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility.

The property as described in Resolution 2021.22.39 includes equipment used at secondary schools for Child Nutrition Services. Staff determined that items are obsolete and/or no longer working.

Contracts and Purchase Orders Authorized under Resolution 2020.21-025 (Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19)

Type Action
Recommended Action The recommendation is that the Board of Education accept the update on costs associated with the implementation of Resolution 2020.21-025 (Resolution of the Board of Education of the Newark Unified School District to Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19)

Purpose: To update the Board on costs associated with the implementation of Resolution 2020.21-025 (Resolution of the Board of Education of the Newark Unified School District to Delegate Authority to Procure Necessary Materials, Equipment, and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19) from April 1, 2022, through April 30, 2022.

Background: On April 1, 2021, the Newark Unified School District Board approved Resolution 2020.21-025 delegating authority to the Superintendent or designee to procure necessary materials, equipment, and services that are needed to provide distance and/or in-person learning to mitigate the effects of Covid-19. Language in the resolution states "the Superintendent/Designee shall make periodic reports to the Board of Education and the public regarding implementation of this resolution and the costs associated therewith"; requiring the update provided here.

On September 16, 2021, Amended Resolution 2020.21-025 was approved. The amendment extends it to on or around June 30, 2022, and states that updates will be presented at the first Board meeting of each month.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.

Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea.

The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Budget Balancing Solutions

Type Discussion, Information

Purpose:
To review and discuss budget-balancing solutions for fiscal years 2022-23 and 2023-24 with the Board.

Background:
Based on the Second Interim Budget Report and assumptions in the Multi-Year Projections, the district projects a deficit of \$4.5 million in the fiscal year 2022-23 and \$4.7 million in the fiscal year 2023-24. Consequently, the Board approved Resolution No. 2021.22.29 committing to implement budget-balancing solutions of up to \$4.5 million in 2022-23 and up to \$4.7 million in 2023-24 to maintain the fiscal stability of the district.
Staff will review and discuss potential budget-balancing solutions with the Board for the 2022-23 proposed adopted budget.

RATIFICATION AND APPROVAL OF TK ENROLLMENT: (Ed. Code, 48000 & 35146)

Type Action

Purpose:

The Board will review student information for approval of newly registered Transitional Kindergarten students who shall reach age 5 after

December 2, 2021. This process will continue on a case by case basis for students who register within the extended window.

Background:

Education Code sections 48000 and 48010, and District Administrative Regulation ("AR") 5111, requires the District to enroll any otherwise eligible student who turns age five or six on or before September 1 of a given school year into kindergarten or first grade, as applicable. In addition, if a student turns age five between September 2 and December 2 of a school year, then that student shall be offered an opportunity to enroll in TK. The District may additionally admit younger children to TK "on a case by case basis".

Education Code section 4800 specifically provides as follows:

(c)(1)(C) [A] child who will have their fifth birthday between September 2 and December 2 shall be admitted to a transitional kindergarten program maintained by the school district or charter school.

(c)(2)(A) In any school year, a school district ... may, at any time during a school year, admit a child to a transitional kindergarten program who will have their fifth birthday after the date specified for the applicable year ... but during that same school year, with the approval of the parent or guardian, subject to the following conditions:

(i) The governing board of the school district or the governing body of the charter school determines that the admittance is in the best interests of the child.

(ii) The parent or guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

Consistent with the Education Code, the District's AR 5111 provides:

On a case-by-case basis, a child who will turn five years old in a given school year may be enrolled in kindergarten or TK at any time during that school year with the approval of the child's parent/guardian, provided that: (Education Code 48000)

1. The parent/guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

2. The Governing Board determines that admittance is in the best interest of the child.

Beginning in the 2022-2023 school year, the birthday cut off will be extended to February 2, and will continue being extended by two months each school year, until the 2025-2026 school year, when any student with a birthday after September 1 must be admitted to TK

12 STAFF REPORT

Elementary i-Ready Data Report

Type Information

Purpose:

To present i-Ready mid-year growth data to the Board of Education.

Background:

One of NUSD's three professional development priorities for 2021-2022 is "assessment for learning." Elementary schools use i-Ready assessments as a progress monitoring tool in both ELA and Mathematics. In anticipation of learning loss due to the COVID-19 pandemic, administration and teachers received professional development from i-Ready facilitators on how to access i-Ready data, analyze data, and use i-Ready data for instructional purposes in October 2021. In March, site teams analyzed growth data from February mid-year assessments in order to adjust current instructional planning and inform instructional decisions for trimester III. This presentation serves as a summary of this work.

Presentation on the Impact of SEAL (Sobrato Early Academic Literacy) Investment

Type Discussion

Purpose:

To provide an update on the SEAL program implementation and the impact of this program on teacher practices and student achievement.

Background:

Three (3) years ago NUSD made an investment in Sobrato Early Academic Literacy (SEAL) to support an increase in student performance in grades K-3 with a specific focus on our emerging bilingual and multilingual students. We launched the first cohort of teacher professional development in the fall of 2019 and had to make significant adjustments in response to the pandemic, while we kept the work moving forward. This year will mark the last year of the existing contract unless the district chooses to extend the partnership.

Update on the HVAC Replacement Project - Phase 2

Type Discussion

Purpose:

RGMK, the District's Construction Project Manager, will provide an update on the status of the Phase 2 HVAC Replacement Project.

Background:

The HVAC Replacement Project Phase 1 is in progress. A total of 276 HVAC units will be replaced under Phase 1. The HVAC Replacement Project Phase 2 required DSA (Division of the State Architect) review and approval. There are 45 units being replaced in this phase of the project. The plans have been submitted to DSA and are currently under review. The district's architect anticipates the review to be completed within 30-60 days. RGMK will provide an update on the status of the equipment order, pricing, estimated delivery, and the construction bid schedule for the Phase 2 project.

14 PUBLIC HEARINGS

Public Hearing on the COVID Safety Plan

Type Procedural

Purpose:

To seek public input on the District's COVID Safety Plan (Safe Return to In-Person Instruction and Continuity of Services Plan).

Background:

As part of the American Rescue Plan Act of 2021 (ARP Act), Elementary and Secondary School Emergency Relief III (ESSER III) Fund, and other required local educational agency (LEA) plans, the District is required to review, and if appropriate, revise a Safe Return to In-Person Instruction and Continuity of Services Plan (A.K.A. COVID Safety Plan) until September 2023. In addition, Districts are required to periodically seek public input to inform ongoing revisions and adjustments to the COVID Safety Plan. The public hearing process is one such way Newark Unified has employed to seek public input. The public hearing notices were posted in English and Spanish on March 31, 2022.

Public Hearing on Joint Initial Proposal for Reopeners between the California School Employees Association (CSEA) and the Newark Unified School District

Type Procedural

Purpose:

The purpose is to publicly disclose or "sunshine" the proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations between the Newark Unified School District (NUSD) and the California School Employees Association (CSEA).

Background:

Effective June 30, 2022, the current Collective Bargaining Agreement between the Newark Unified School District (NUSD) and the California School Employees Association (CSEA) is set to expire. The California Education Code requires parties to publicly disclose or "sunshine" their proposals for reopeners at which time the public has an opportunity to provide input on the proposals prior to the commencement of negotiations. Both the California School Employees Association (CSEA) proposal for reopeners and the Newark Unified School District proposal for reopeners are attached and are "sunshined" at this meeting. Copies of the proposals are made available to the public. This is the public's first opportunity to express itself regarding these

proposals.

Public Hearing on Developer Fees Increase

Type Procedural

Purpose:

To conduct a public hearing on approval of the Developer Fee Justification Study dated February 2022, and Resolution 2021.22.34 to increase school developer fees on new residential and commercial/industrial construction.

Background:

Government Code section 65995 provides that the maximum fees which may be levied on development projects shall be increased in 2000 and every two years thereafter according to the adjustment for inflation set forth in the statewide cost index for Class B construction as determined by the State Allocation Board (SAB). The SAB at its February 23, 2022 meeting, set the maximum fee to \$4.79 per square foot for residential development and to \$0.78 per square foot for commercial/industrial development. The new fees are an increase of what is currently being collected by the Newark Unified School District. The Developer Fee Justification Study provides justification for the Newark Unified School District to levy Level 1 developer fees on new residential, commercial, and industrial construction not under mitigation agreement with the District. Level 1 fees are the current statutory fees allowed under Education Code 17620. This code section provides the basic authority for school districts to levy a fee against residential and commercial construction for the purpose of funding school construction or reconstruction of facilities. These developer fees are subject to a biennial inflationary adjustment in an amount equal to the change in the statewide cost index for Class B construction.

Notice of this public hearing ran in the East Bay Times (Argus) on March 18, 2022, and March 25, 2022, and in the Tri-City Voice on March 15, 2022, and March 22, 2022.

A fee of \$4.08 per square foot for residential construction and a fee of \$0.66 per square foot for commercial/industrial construction is currently assessed on applicable permits pulled in the District. The study provides the justification for the District to levy the maximum developer fee. The new fee amounts are \$4.79 per square foot for residential construction and \$0.78 per square foot for commercial/industrial construction. This proposed increase represents \$0.71 per square foot and \$0.12 per square foot for residential and commercial/industrial construction, respectively.

The following table shows the impacts of the new fee amounts:

Total	Previous	New	Change
Residential	\$4.08	\$4.79	\$0.71
Commercial/Industrial	\$0.66	\$0.78	\$0.12

Fees will become effective June 6, 2022, 60 days after the adoption of Resolution 2021.22.34.

Consultant Contracts for Potential 2022 Bond Measure

Type Action

Fiscal Impact Yes
 Dollar Amount \$136,575.00
 Budget Source General Fund

Recommended The recommendation is that the Board of Education approve the consultant agreements with
 Action Terris Barnes Walters Boigon Heath Lester, Inc (TBWBH Props & Measures), Godbe Research, KNN Public Finance and Dannis Woliver Kelley (DWK) as presented.

Purpose:

To approve Consultant Agreements with TBWBH Props & Measures, Godbe Research, KNN Public Finance, and Dannis Woliver Kelley (DWK) for the potential bond measure in November 2022.

Background:

On March 17, 2022, the Board received an informational report on the timeline and process for assessing the feasibility of a November 2022 school facilities improvement bond.

The first step in the process is to conduct a voter survey to evaluate the feasibility of placing a potential future bond measure on the ballot based on voter support.

The deadline to qualify for the November ballot is August 12, 2022.

The estimated cost of pre-election planning services should not exceed \$136,575 based on the following:

Consultant	Amount
Godbe Research	\$34,075
TBWBH	\$6,500/month (Not To Exceed \$32,500)
KNN Public Finance	\$10,000 Flat Fee

Credit Recovery

Type	Action
Recommended	The recommendation is that the Board of Education select and approve an online platform
Action	that will serve as one of multiple options that NUSD students have to recover credit, as presented.

Purpose:
To select and approve an online platform that will support credit recovery for NUSD students.

Background:
Per request of the Board of Education, on August 18, 2021, September 2, 2021, and September 16, 2021, Educational Services presented the purpose and options for credit recovery as it relates to NUSD high school students. During these sessions, the Board of Trustees learned about the background and usage of NUSD's current credit recovery program delivered through APEX, how APEX is currently utilized in NUSD, and what shifts/changes our secondary schools have made to program implementation in response to recent community input. Board members determined that an online credit recovery option should be selected and requested that Educational Services return during the second semester to offer a comparison of online platforms that are used locally and could be used for credit recovery to ensure rigorous and equitable student access to high-quality educational experiences in NUSD during 2022 summer school and beyond.

Resolution 2021.22.34 Developer Fees Increase

Type	Action
Fiscal Impact	Yes
Budget Source	Capital Facilities Fund (Fund 25) - Fiscal impact dependent on sizes of structures built
Recommended	The recommendation is that the Board of Education adopt Resolution 2021.22.34 approving

Action an increase to developer fees on new residential and commercial/industrial construction.

Purpose:

To adopt Resolution 2021.22.34 approving an increase to developer fees on new residential and commercial/industrial construction.

Background:

A public hearing about increasing developer fees was held earlier in this Board meeting. Government Code section 65995 provides that the maximum fees which may be levied on development projects shall be increased in 2000 and every two years thereafter according to the adjustment for inflation set forth in the statewide cost index for Class B construction as determined by the State Allocation Board (SAB). The SAB at its February 23, 2022 meeting, set the maximum fee to \$4.79 per square foot for residential development and to \$0.78 per square foot for commercial/industrial development. The new fees are an increase of what is currently being collected by the Newark Unified School District. The Developer Fee Justification Study provides justification for the Newark Unified School District to levy Level 1 developer fees on new residential, commercial, and industrial construction not under mitigation agreement with the District. Level 1 fees are the current statutory fees allowed under Education Code 17620. This code section provides the basic authority for school districts to levy a fee against residential and commercial construction for the purpose of funding school construction or reconstruction facilities. These developer fees are subject to a biennial inflationary adjustment in an amount equal to the change in the statewide cost index for Class B construction. A fee of \$4.08 per square foot for residential construction and a fee of \$0.66 per square foot for commercial/industrial construction is currently assessed on applicable permits pulled in the District. The study provides the justification for the District to levy the maximum developer fee. The new fee amounts are \$4.79 per square foot for residential construction and \$0.78 per square foot for commercial/industrial construction. This proposed increase represents \$0.71 per square foot and \$0.12 per square foot for residential and commercial/industrial construction, respectively.

Bid Award - Safety and Security Fence and Gate Project at Coyote Hills Elementary

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$219,458.00
Budget Source	Fund 25 Capital Facilities Fund
Recommended	The recommendation is that the Board of Education approve the award of a contract to
Action	Golden Bay Fence plus Iron Works, Inc. for the Security Fence and Gate Project at Coyote Hills Elementary as presented.

Purpose:

To authorize district staff to award a contract to Golden Bay Fence plus Iron Works, Inc. for the Safety and Security Fence and Gate Project at Coyote Hills Elementary School.

Background:

On August 18, 2021, the Board approved a budget for the Coyote Hills Safety and Security Fence and Gate Project in the amount of \$277,625 which included construction, design, and planning costs. A Notice to Bidders was publicly advertised in the Argus Newspaper on February 4, 2022, and February 11, 2022. Plans were placed in industry plan rooms on February 10, 2022. Mandatory pre-bid conferences occurred on February 10, 2022, and February 17, 2022. Seven (7) prospective bidders attended. A public bid opening was held on March 15, 2022, and one (1) bid was received by Golden Bay Fence plus Iron Works, Inc. in the amount of \$224,770, which included a \$25,000 allowance. Public Contract Code provides that the District may negotiate scope and cost no more than 10% upwards with the lowest responsible bidder. We negotiated the costs with Golden Bay and they were able to reduce their price by \$5,312. The construction component of the overall project budget was \$167,500. The original scope of the project included fencing and pedestrian gates around the cafeteria and front office, a video camera and doorbell, and a parking swing gate. The video camera and doorbell were removed from the scope of work. The fence was redesigned to accommodate entry to the main office without the need for a doorbell and video camera. The total base bid with only the original scope of work was \$138,340 which is \$29,160 below the budget. During the design process the scope of work increased at the staff's request to include the following:

1. Replace chain link fence and extend fencing with an ornamental four-foot-high fence along Cherry Street to keep the community from dumping garbage in the parking lot.
2. Add a new entry sign to direct visitors to the school Administrative Office.
3. Add security alarms for the cafeteria doors facing the parking lot exit.

The total estimated budget for the added scope was \$49,375 and the bid amount was \$56,118 which is slightly higher than the estimated budget by \$6,743.

The budget and cost breakdown is as follows:

Description	Prelim Budget	Revised Budget	Actual	Bid Amount	Difference
Base/Original Scope	167,500	167,500	138,340		(29,160)
Added Scope:					
4' Fence	35,250	39,653		4,403	
Signage to Office	8,125	10,927		2,802	
Alarms for cafeteria doors	6,000	5,538		(462)	
Total Added Scope	49,375	56,118		6,743	
Contingency	25,125	25,125	25,000	(125)	
Total Base + Added Scope	192,625	242,000	219,458		(22,542)

The total bid with the added scope was \$194,458 plus an allowance amount of \$25,000 comes out to \$219,458 which is \$22,542 below budget estimates. The recommendation is to award the contract to Golden Bay Fence plus Iron Works, Inc. with the base plus the added scope of work.

Essential Functions: Grade 6 Teacher in Middle School

Type Action
Absolute Date Apr 07, 2022
Recommended Action The recommendation is that the Board of Education approve the Essential Functions (job

Action description) for Grade 6 Teacher in Middle School.

Purpose:

The purpose is for the Board of Education to review the Essential Functions of a Grade 6 Teacher in Middle School prior to the 2022-2023 school year.

Background:

Grade 6 will be moving from the elementary school sites to Newark Junior High/middle school in 2022-2023. As part of the teacher staffing process, we will need two separate teacher Essential Functions: one for K-5 and one for Grade 6 in the middle school. Grade 6 includes a core model, which includes teachers with multiple-subject teaching credentials. The revised Essential Functions highlight the changes for these multiple-subject teachers that are different than the previous expectations for a Grade 6 teacher at an elementary site with self-contained classrooms. This document has been shared with Newark Teachers Association for their input and feedback.

Chromebook and Chromebook Carts Purchase

Type Action

Fiscal Impact Yes

Dollar Amount \$124,370.00

Budgeted Yes

Budget Source Coyote Hills Elementary SPSA Funds

Recommended The recommendation is that the Board of Education approve the purchase of 288 replacement

Action Chromebooks and eight (8) Chromebook Carts for Coyote Hills Elementary.

Purpose:

To obtain Board approval for Coyote Hills Elementary to purchase Chromebooks and management licenses to support student computing technology by adding additional Chromebooks and Chromebook Carts. See attached quote and NCPA participation agreement for more information.

Background:

As many schools experienced as a result of the pandemic and distance learning, significant attrition occurred with respect to site inventory of Chromebooks after devices were distributed to students in our community. As a result, the Coyote Hills Elementary staff conducted an inventory of Chromebooks and the Coyote Hills SSC unanimously approved the purchase of eight (8) complete Chromebook Carts for student use in classrooms. The Coyote Hills School Site Council (SSC) recently met on March 14 and again on March 28 in order to prioritize site budget expenditures based on student need during this academic year. On March 28, 2022, the Coyote Hills Elementary SSC reached consensus to purchase eight (8) Chromebook Carts complete with 36 Chromebooks each for student use in classrooms. This recommendation is based on staff inventory of available Chromebooks for students.

The Chromebooks on the attached order include a three-year limited warranty and Google Chrome Perpetual EDU License. School boards have the authority to "piggyback" on another public agency's bid, per Public Contract Code 20118, when it is in the best interest of a district. It is often advantageous to utilize piggyback bids when contract items are identical to the district's specifications. Using piggyback contracts saves time and often provides lower prices than a single jurisdiction would be able to obtain. Per Board Policy 3311, the District may piggyback onto the contract of another public agency or corporation to lease or purchase equipment or supplies to the extent authorized by law. The piggyback contracts utilized for this purchase are attached. Please note Trinity 3 Technology and FireFly Computers merged, launching a new identity as Trafera. The NCPA agreement with FireFly is now available to Trafera.

Revised 2022-2023, 2023-2024, 2024-2025 School Calendars

Type	Action
Absolute Date	Apr 07, 2022
Recommended Action	The recommendation is that the Board of Education approve the revised 2022-2023, 2023-2024, 2024-2025 School Calendars.

Purpose:

The purpose of this item is for the Board of Education to approve the revised 2022-2023, 2023-2024, 2024-2025 School Calendars.

Background:

Although the Board of Education approved the 2022-2023, 2023-2024, 2024-2025 calendars on March 7, 2022, we became aware of some issues after the fact. The issues and solutions are detailed below.

2022-2023:

Issue: December 23, 2022, is a school day on our newly-approved calendar. Since December 24 is a holiday that falls on a Saturday in 2022, we must have December 23, 2022, be a holiday.

Solution: Have December 23, 2022, be the holiday and extend the last school day from May 31, 2023, to June 1, 2023, and the last teacher workday would be June 2.

2023-2024:

No changes are necessary.

2024-2025:

Issue: Due to payroll issues around 10-month and 11-month employees, it is vital that the school year-end in May.

Solution: Adjust the calendar by four days. The start date would move up to August 6, 2024 (PD day), August 7, 2024 (TWD), and August 8, 2024 (1st day of school for students). Change the last day of school from June 4, 2025, to May 29, 2025, and the last teacher workday would be May 30, 2025.

The Juneteenth holiday has been added to all three calendars with an asterisk (*pending negotiation), since we haven't officially negotiated the successor agreement with CSEA on this holiday, but it is our intention to include it.

Consolidated Application and Reporting System 2021-2022 Winter Data Collection

Type	Action
Recommended Action	The recommendation is that the Board of Education ratify the Consolidated Application and Reporting System (CARS), 2021-2022 Winter Data Collection.

Purpose:

The purpose of this item is to provide the California Department of Education with the information needed to fund a wide variety of federal and state programs that bring supplementary funding into the school district.

Background:

The Consolidated Application and Reporting System (CARS) is the state's mechanism for both funding of identified state and

federal categorical programs and required reporting for many of them. It provides the entitlement amounts of these programs as well as required considerations for expenditures. Each year, the programs included in the CARS change based on federal/state mandates and different methods of gaining or disseminating information. This is the 2021-22 Winter Data Collection. CARS brings funds into the school district for a variety of programs including Title I, Title II, Title III, and Title IV. Each of the identified programs has specified guidelines or requirements for their expenditure. All titled programs are federally funded. Title I, Part A funds are used to support the increased achievement of at-risk students, primarily in reading and math. (We currently have six schools receiving these funds.) Title II, Part A (Teacher Quality) funds are used to support teacher evaluation, as well as teacher professional development. Title III English Learner funds are used to support our English language learners. Title IV funds are used to improve students' academic achievement.

Addendum #1 to Agreement with Jackie Melcher, Behavioral Health Clinician

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$12,772.50
Budgeted	Yes
Budget Source	Schilling School SPSA
Recommended Action	The recommendation is that the Board of Education ratify the addendum to the agreement with Jackie Melcher, Behavioral Health Clinician, for services at Schilling Elementary School.

Purpose:
 To increase the total compensation and amend the contract with Jackie Melcher, Behavioral Health Clinician, previously approved by the Board on September 16, 2021.

Background:
 The Schilling Elementary School Site Council, on January 31, 2022, reviewed the school needs and approved increasing Ms. Melcher's work day to 8 hours/day. Her role is to continue to support the ongoing needs of students and the implementation of PBIS and their Coordination of Services Team (COST). The site is using SPSA funds to add this supplemental service to the school wide program.

MOU with Washington Township Hospital Development Corporation for Athletic Trainer for 2022-2025

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$58,494.00
Budgeted	Yes
Budget Source	General Fund
Recommended	The recommendation is that the Board of Education approve the Memorandum of

Action Understanding with Washington Township Hospital Development Corporation for a Certified Athletic Trainer for 2022-2025.

Purpose:

To renew the 3-year Memorandum of Understanding (MOU) with Washington Township Hospital Development Corporation (DEVCO) in order to continue providing a full time Certified Athletic Trainer dedicated to Newark Memorial High School (NMHS) for the 2022-2025 school years.

Background:

The District entered into its first MOU with DEVCO to provide a Certified Athletic Trainer (ATC) in the 2017-18 school year. The District has had the same ATC for the past 4 years and is very satisfied with his work. He was instrumental in implementing COVID protocols in order to have student-athletes return to sports safely during the pandemic. The ATC would work 40 hours a week starting in August when football starts until the first week in June when sports end. The hours will be flexed to cover practices everyday and as many events as possible. This also includes all of the resources of Washington Hospital Sports Medicine. The trainer would also be there to evaluate and treat any injuries that occur in practice or games and help families navigate the healthcare system if athletes need to be referred out, including a partnership with Kaiser which will streamline appointment scheduling for our families. This partnership would service the nearly 800 student-athletes at NMHS as they participate in multiple sports. The other benefits to our student-athletes include the following

- Proper concussion management and diagnosis including advanced technology that can detect a concussion within 60 seconds.
- Injury evaluations and treatment the same day as they occur.
- Decreased liability by taking the playing decisions out of the coach's hands.
- Streamlined referrals so student-athletes can see specialists right away.
- Partnership with Kaiser so student-athletes get seen right away in that system as well.
- Trainers monitor physical paperwork and return to play protocol for students diagnosed with concussions.
- Ensures compliance with current COVID protocols.
- Provides physical therapy and first aid as needed.
- Coordinates with opposing teams' coaches, athletic trainers and staff for off site facility management such as hydration stations, sideline medical services for immediate care during away events.
- During Spring Semester works with Mission Valley ROP internship students.

Benefits to NMHS/NUSD

- Compliance with California law that requires athletes diagnosed with a concussion to be monitored for a minimum of 7 days and have a progressive staged return to activity. An ATC at NMHS allows this monitoring and reporting to the Washington Hospital team of physicians in order to clear student-athletes for return.
- On field immediate care for injuries.
- Decreased medical costs to families.
- Decreased liability to NUSD.
- Full hospital services available.
- Communication with student-athletes, coaches, parents, providers, etc.
- Trust between student-athletes and Athletic Trainers allow for improved care.
- Possible savings in district liability insurance for districts that have a Certified Athletic Trainer.

Annual fees for the three (3) year MOU are as follows:

School Year	DEVCO Contribution	NUSD Contribution	Total
2022-23	\$23,650	\$58,494	\$82,144
2023-24	\$22,996	\$61,419	\$84,415
2024-25	\$22,271	\$64,490	\$86,761

Budgeted	Yes
Budget Source	ASB funds, PTO funds, Fundraising, Donation and Family/Student Funds
Recommended	The recommendation is that the Board of Education approve the overnight trip for Coyote Hills
Action	fifth grade class to travel to Occidental, CA.

Purpose:

The Coyote Hills Elementary community requests permission to take fifth grade students on a curricular, overnight field trip. Students will travel to Occidental, CA for an outdoor science education camp. Transportation will be by chartered bus. Students will investigate and observe environmental phenomenon in an outdoor science school. Students will be taught concepts from NGSS standards with hands-on experiences. Students will build community through cabin group activities.

School: Coyote Hills Elementary
 Dates: May 9 - May 11, 2022

Williams Uniform Complaint Quarterly Report January 1, 2022 to March 31, 2022

Type	Action
Absolute Date	Apr 07, 2022
Recommended	The recommendation is that the Board of Education approve the Williams Uniform Complaint
Action	Quarterly Report for the period of January 1, 2022 to March 31, 2022.

Purpose:

The purpose is for the Board of Education to receive and approve the Williams Uniform Complaint Quarterly Report for the period of January 1, 2022, to March 31, 2022.

Background:

Education Code 35186 requires that the Superintendent of a school district report summarized data on the nature and resolution of all complaints filed under the Williams Uniform Complaint Procedures to the local Board of Education and the County Superintendent of Schools on a quarterly basis. The report must include the number of complaints by general area, the number of resolved and unresolved complaints, and be publicly presented at a regularly scheduled Board meeting. There is currently one pending facilities issue and the district is working to expedite its remedy. The attached report is presented to the Board for the period of January 1, 2022, to March 31, 2022.

Contracts and Purchase Orders Authorized under Resolution 2020.21-025 (Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19)

Type	Action
Fiscal Impact	No
Recommended Action	The recommendation is that the Board of Education accept the update on costs associated with the implementation of Resolution 2020.21-025 (Resolution of the Board of Education of the Newark Unified School District to Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19)

Purpose:

To update the Board on costs associated with the implementation of Resolution 2020.21-025 (Resolution of the Board of Education of the Newark Unified School District to Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19) from March 1, 2022 through March 31, 2022.

Background:

On April 1, 2021, the Newark Unified School District Board approved Resolution 2020.21-025 delegating authority to the Superintendent or designee to procure necessary materials, equipment, and services that are needed to provide distance and/or in-person learning to mitigate the effects of Covid-19. Language in the resolution states "the Superintendent/Designee shall make periodic reports to the Board of Education and the public regarding implementation of this resolution and the costs associated therewith"; requiring the update provided here.

On September 16, 2021, Amended Resolution 2020.21-025 was approved. The amendment extends it to on or around June 30, 2022, and states that updates will be presented at the first Board meeting of each month.

Updates have been provided to the Board

- June 17, 2021, for contracts and purchase orders between April 2, 2021, and May 31, 2021
- October 7, 2021, for contracts and purchase orders between June 1, 2021, and September 30, 2021

Donations Report

Type	Action
Fiscal Impact	Yes
Budget Source	General Fund (Fund 01) Donations
Recommended Action	The recommendation is that the Board of Education accept the Donations Report as presented.

Purpose:

The purpose is to acknowledge receipt of donations to the District.

Background:

Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment)

donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledgement and budgeted properly according to donor restrictions. There is acknowledgement at the public Board meeting and a letter of thanks is sent to the donor by the Business Office for NUSD.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.

Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea.

The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further

developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 STUDY SESSION

LCAP 2022-23 Input Session

Type Discussion, Information

Purpose:
To provide an overview of LCFF and LCAP process and purpose, and to engage the Board of Trustees in a conversation about what they see as the areas of strength and the areas of growth in order to inform our 22-23 revisions to the LCAP goals and actions.

Background:
This study session is offered in combination with multiple other community engagements. The information collected from the Board will be added to the aggregate comments, solutions, and concerns shared by the staff, families, students, and other educational partners. In April the District will complete a draft of the LCAP for the 22-23 school year and will engage in another round of feedback. In June the LCAP will be presented in a public hearing and will then be presented to the Board for final adoption before being submitted to the Alameda County Office of Education for review. The ACOE will then issue clarifying questions and the Superintendent will respond in writing to these questions in August. Final approval of the LCAP 22-23 will be received by September 15, 2022.

Advanced Placement Access Policy

Type Information

Purpose:

To provide additional information to the Board of Trustees regarding Advanced Placement (AP) course access and prerequisite policies.

Background:

AP prerequisites have been removed from NMHS since 2014. Recently, there have been questions regarding the rationale and history regarding this shift. This presentation briefly addresses these questions.

Culture and Climate Educational Services Update

Type Information

Purpose:

To provide an update to the Board of Trustees regarding school culture and climate, as it relates to the district's priority focus on social emotional learning (SEL) and wellness.

Background:

Reopening schools after a year of distance learning has brought along new challenges and opportunities related to school site culture and climate initiatives, such as PBIS, social emotional learning, culturally relevant pedagogy, and restorative discipline. This presentation will serve to update the community on the impacts of the action steps taken since August of 2021, as well as adjusted site-specific action steps that were planned to be implemented in January at our two largest secondary schools, as shared in the December 16 staff report.

Audit Committee Member Appointment

Type Action

Recommended The recommendation is that the Board of Education appoint Aaron Weisz as the voting
 Action member to the Audit Committee.

Purpose:

By taking this action, the Board will appoint a new voting public (community) member, Aaron Weisz, to the Audit Committee for a first-term beginning March 18, 2022, and expiring January 31, 2024.

Background:

The Audit Committee currently has two members whose terms have expired. Their positions include the voting and non-voting community members.

The request for Audit Committee membership applications was posted at the District Office and online on February 1, 2022. The application deadline was March 1, 2022. The Audit Committee reviewed (2) applications for the voting member position and interviewed applicants on March 7, 2022. The Audit Committee recommends Aaron Weisz be appointed by the Board of Education to the Audit Committee as a voting member. Mr. Weisz has been on the Audit Committee as a non-voting member since he was Board approved on June 6, 2017.

There were no applications for the non-voting member position. This position was re-posted on March 8, 2022, with applications due on March 24, 2022, and the recommendation for an appointment at the April 7, 2022 Board meeting.

2022 Bond Measure Planning for November 8, 2022 Election

Type Action

Recommended The recommendation is that the Board of Education receive an informational report on the
Action timeline and process for assessing the feasibility of a November 2022 school facilities improvement bond.

Purpose:

The Newark Unified School District (NUSD) Facilities Master Plan identifies over \$600 million in needed improvements to its local schools. Passage of a voter-approved school facilities improvement bond measure is the only realistic means for funding the identified needs. The Board will hear a report from the consultant who led NUSD's last successful bond measure in 2011 on the process and timeline for considering placing a new bond measure on the November 8, 2022, ballot.

Background:

On November 8, 2011, 56% of local voters in NUSD approved Measure G, a \$63 million school facilities improvement bond to provide dedicated local funding to:

- Update aging classrooms, libraries, and science labs
- Improve earthquake safety, fire safety, and school security
- Improve access for students with disabilities
- Remove hazardous materials like asbestos and lead
- Improve energy efficiency and other school improvements

All Measure G funds have been expended. NUSD's Facilities Master Plan (FMP) provides a long-range plan for improving school facilities to meet the changing needs of NUSD students and helps to ensure that resources are allocated in an efficient and effective manner. The FMP is the result of a robust stakeholder engagement process and a thorough analysis of existing facilities on the District's elementary school campuses, the Newark Junior High School campus, the Newark Memorial High School campus, and the MacGregor Alternative Education campus.

The FMP identifies over \$600 million in school facilities needs across local campuses and currently, NUSD has no significant source of funding for addressing these identified needs. Based on state school funding policy, NUSD's past experience, and the experience of other school districts around the state, the passage of a local school facilities improvement bond measure is the only realistic means for securing significant funding to address the needs identified in the FMP.

School bond measures require 55% voter approval and may only be placed on the ballot during regularly scheduled elections, typically the primary and general elections conducted in even-numbered years. The next election opportunity for NUSD to consider placing a bond measure on the ballot is November 8, 2022. The Board will hear a report on the timeline and recommended process for assessing a potential bond measure from Charles Heath, a Partner at TBWBH Props & Measures. He is the consultant that assisted NUSD in preparing Measure G for the ballot in 2011 and his firm has assisted most of our neighboring school districts with similar work along with hundreds of other school districts around California.

Curricular, Overnight Trip for Schilling Elementary fifth and sixth grade class to travel to Scotts Valley, CA.

Type Action

Preferred Date Mar 17, 2022

Fiscal Impact Yes

Dollar Amount \$14,400.00

Budgeted Yes

Budget Source Student Fundraising and Donations

Recommended The recommendation is that the Board of Education approve the overnight trip for Schilling

Action Elementary fifth and sixth grade class to Scotts Valley, CA.

Purpose:

The Schilling Elementary community requests permission to take fifth and sixth grade students on a curricular, overnight field trip. Students will travel to Scotts Valley, CA for an outdoor science education camp. Transportation will be by district bus. Students will study content standards in ecology, resources, ecosystems, and conservation while experiencing team building with their peers.

School: Schilling Elementary

Dates: March 28 - March 31, 2022

Location: Occidental, CA

Chaperones for Science Camp:

The ratio of adults to students on school-sponsored trips shall be based on the following formula:

K-3 1 adult for every 5-8 students

4-9 1 adult for every 10 students

10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).

No student will be denied due to a lack of funds.

Background:

According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal and fifth and sixth grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science

camp program that is articulated with grade level curriculum. The programs are taught by credentialed staff members and camp staff and are viewed by the sites as a valuable part of the students' educational experience.

Recommended Action	The recommendation is that the Board of Education approve for the Newark Memorial High School MCA Seniors to travel to Southern California to be exposed to post-secondary opportunities in the greater Los Angeles region in the fields of Arts, Media, and Entertainment.

Purpose:

The Newark Memorial High School Principal requests permission for the MCA Director, Media Communications Academy to take MCA Seniors on a curricular/non-curricular, overnight trip with a one-way distance in excess of 100 miles. The trip is to familiarize our Career Technical Education/California Partnership Academy students with the possibilities available to continue in the multimedia pathway. Students will visit colleges and universities, both private and public, as well as observe professionals in the workplace. Travel will be by chartered bus.

School: Newark Memorial High School Media Communications Academy Seniors

Dates: April 2-5, 2022

Location: Glendale, CA

Field trip requirements met

Grade K-3, one adult for every 5-8 students; Grades 4-12, one adult for every 10 students; Board Policy requires at least two adults on every trip regardless of the number of students (BP 6153 and AR 6153)

Overnight trip supervision must be gender appropriate

No student will be denied due to a lack of funds

Background:

According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval.

New Math Course: Blended Algebra 2-Math Analysis

Type	Action
Preferred Date	Mar 17, 2022
Recommended Action	The recommendation is that the Board of Education approve the new secondary math course.

Purpose:

On January 20, 2022, Ed Services presented the rationale for addressing and updating the progression of mathematics courses offered in grades 6-12 in NUSD. The articulated mathematics progression for the secondary level is aligned with the California Department of Education's newly proposed Mathematics Framework, the Common Core State Standards, and includes two blended math courses in order to accelerate students at the high school. This blended Algebra 2-Math Analysis course is the second blended course within NUSD's updated math progressions; the first blended Geometry-Algebra 2 course was approved by the Board of Education last year. Please see the attached math progression flowchart for details.

Background:

The State Board of Education last adopted a Mathematics Framework in 2013 in anticipation of the Common Core State Standards. The state now has a new Mathematics Framework that is set to be adopted in July of 2022. Partnerships between the State Board of Education and college and university systems have outlined new guidelines and recommendations for a progression of secondary mathematics courses to specifically support and prepare students in grades 6-12. During these years Newark Unified School District had not updated its articulation of a progression of mathematics courses at the secondary level and is, therefore, not aligned with the state's Mathematics Framework. By adopting both blended math courses at the secondary level, NUSD and Newark Memorial High School will provide students for the first time an opportunity to accelerate in mathematics at the high school level. This updated math progression takes into account state recommendations, provides students expanded course offerings to accelerate, and has been approved through the district Curriculum and Assessment Council. Please note, we are not asking that the board approve new math progressions at this time.

Type	Action
Absolute Date	Mar 17, 2022
Fiscal Impact	Yes
Dollar Amount	\$893,400.00
Budgeted	Yes
Budget Source	Resource 6500 - Special Education, Resource 6537 - Learning Recovery Support, and Resource 0000 General Fund
Recommended	The recommendation is that the Board of Education ratify the Addendum to the Master

Action Contract with Ed Sped Solutions Inc.
 Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:
 To ratify the Addendum to the Master Contract for Ed Sped Solutions, Inc. in the amount of \$893,400.

Background:
 The services provided by Ed Sped Solutions, Inc. are essential services for ensuring compliance requirements are met for students with disabilities, that includes assessment timelines, and related services are provided per the students' Individualized Education Programs (IEPs). Related services and assessments are legally mandated per Individual Disability Education Act (IDEA). Without Ed Sped Solutions, Inc. services, Newark Unified School District would be out of compliance. The contracted positions provide services for unfilled district positions.
 The Master Contract for Ed Sped Solutions, Inc. was approved by the Board of Education on August 18, 2021, in the amount of \$987,640.
 The total amount for the Ed Sped Solutions, Inc. contract for the 2021-2022 School year including the proposed addendum is in the amount of \$1,881,040.

Contract with Cinnamon Hills Youth Crisis Center

Type Action
 Absolute Date Mar 17, 2022
 Fiscal Impact Yes
 Dollar Amount \$65,424.52
 Budgeted No
 Budget Source Resource 6500 - Special Education
 Recommended The recommendation is that the Board of Education ratify the Master Contract and Individual
 Action Service Agreement with Cinnamon Hills Youth Crisis Center.
 Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:
 To ratify the Master Contract and Individual Service Agreement with Cinnamon Hills Youth Crisis Center for residential treatment services for the 2021-2022 school year.

Background:
 Newark Unified School District requires a highly intensive individualized residential program in order to meet students' unique needs per the consented Individualized Education Program (IEP).
 As part of the U.S. Individuals with Disabilities Education Act (IDEA), the least restrictive environment is identified as one of the six (6) principles that govern the education of students with disabilities and other special needs. By law, schools are required to provide a Free Appropriate Public Education (FAPE) in the least restrictive environment that is appropriate to the individual student's needs.
 "Least restrictive environment" (LRE) means that a student who has a disability should have the opportunity to be educated with non-disabled peers, to the greatest extent appropriate. Students with disabilities should have access to the general education curriculum, extracurricular activities, or any other program that non-disabled peers would be able to access. Students with disabilities should be provided with supplementary aids and services necessary to achieve educational goals if placed in a setting with non-disabled peers. Should the nature or severity of the student's disability prevent the student from achieving these goals in a regular education setting, the student would then be placed in a more restrictive environment, such as a Resource Program, separate classroom with specialized academic instruction (Special Day Class), or a non-public school or residential treatment center.
 To determine what an appropriate setting is for a student, an IEP (Individualized Education Program) team reviews the student's needs and interests. The types of educational settings for students with disabilities will vary. With the differences in needs and interests among students with disabilities, there is no single definition of what an LRE will be for all students.

Resolution 2021.22.31 Agreement for Participation in the Alameda County Operational Area Emergency Management

Type Action
 Fiscal Impact No
 Recommended The recommendation is that the Board of Education approve Resolution 2021.22.31
 Action Agreement for Participation in the Alameda County Operational Area Emergency Management
 Organization.

Purpose:
 To approve Resolution 2021.22.31 Agreement for Participation in the Alameda County Operational Area Emergency Management Organization.

Background:

In the early 1990s, the State of California established the standardized emergency management system (SEMS). An important component of SEMS is the Operational Area, which the State recognizes as an intermediate level of the state emergency services organization consisting of a county and all political subdivisions within the county area. The preservation of life, property, and the environment is the responsibility of local, state, and federal governments. In 1995 the County of Alameda first established an Operational Area (Op Area) agreement between the County, in cooperation with the cities of Alameda, Albany, Berkeley, Dublin, Emeryville, Fremont, Hayward, Livermore, Newark, Oakland, Piedmont, Pleasanton, San Leandro, Union City, special districts, and other public benefit non-profit corporations, to collaboratively participate in the Op Area Emergency Management Organization. This agreement is intended to ensure unified and coordinated efforts between state and local government agencies, and to facilitate the effective and efficient use of regional and local resources, thereby maximizing our ability to prepare for, mitigate, respond to, and recover from, any disaster or catastrophic event.

The Op Area agreement is renewed every ten (10) years and in May 2016 the Alameda County Board of Supervisors approved the current iteration of that agreement. This new agreement will be effective until December 31, 2025. Through the County's Office of Emergency Services (OES), each partner agency is asked to adopt the Op Area agreement. This is generally accomplished by a Board resolution. The last NUSD Resolution No. 1289, which adopted the 1995 Op Area agreement was approved by the Board on January 14, 1997.

The critical events that have confronted the region over the past couple of years have demonstrated the effectiveness of having approved Op Area agreements in place, as it allowed for the more expedient deployment of resources. This included establishing sites for Covid-19 testing and vaccinations, as well as the distribution of emergency food and water, etc. In those instances where an approved Op Area agreement did not pre-exist, these processes were substantially delayed as new agreements had to be drawn up and approved by both parties. These lessons have served to reinforce the importance of pre-event preparedness in minimizing impediments to our ability to effectively and expediently carry out critical functions of emergency management during a disaster or emergency.

Revised Board Policy Exhibit 7214 - Citizens' Bond Oversight Committee Bylaw (First Reading)

Type Action

Recommended Action The recommendation is that the Board of Education approve the revised Board Policy Exhibit 7214, Citizens' Bond Oversight Committee Bylaw, as presented.

Purpose:

This is the first reading of a revised Exhibit 7214, Citizens' Bond Oversight Committee Bylaws, under Board Policy and Administrative Regulation 7214 General Obligation Bonds.

Background:

At the Citizens' Bond Oversight Committee (CBOC) Regular Meeting on March 8, 2022, the committee discussed the need to update item 5.0 A. Meetings language in the Board Bylaw Exhibit 7214. The current language states "The Committee shall meet at least quarterly, in January, April, July, and October each year". Currently, the CBOC meets in March, June, September, and December. This practice aligns with the timing of the audit report and the annual report and does not have the committee meeting in July when schools are not in session. The CBOC voted unanimously to change the language to read "The Committee shall meet at least quarterly, in March, June, September, and December each year". If any revisions are recommended, the document will be brought back to the Board of Education for a second reading.

Resolution 2021.22.33 Notice of Completion for Planting and Irrigation Project Group 1 Schools

Type Action

Recommended Action The recommendation is that the Board of Education approve Resolution 2021.22.33 Notice of Completion for Planting and Irrigation Project Group 1 Schools (Birch Grove Primary, Birch Grove Intermediate, Kennedy, Lincoln, and Schilling).

Purpose:

To approve Resolution 2021.22.33 and authorize the filing of a Notice of Completion (NOC) with the County Recorder of Alameda County for the Planting and Irrigation Project Group 1 Schools by Marina Landscape Inc.

Background:

On June 17, 2021, the Board of Trustees awarded a contract to Marina Landscape, Inc. for the Planting and Irrigation Project Group 1 Schools (Birch Grove Primary, Birch Grove Intermediate, Kennedy, Lincoln, and Schilling) in the amount of \$535,400. On October 7, 2021, the Board of Trustees approved Change Order #1 in the amount of \$9,799.41 for additional plants at BGP and irrigation changes. On November 18, 2021, the Board of Trustees approved Change Order #2 in the amount of \$5,310.40 for irrigation controllers for a total contract amount and final expenditure of \$550,509.81. All contract items, punch list items, and project closeout items have been satisfied. Accordingly, staff requests acceptance of the project which will allow filing a Notice of Completion with the County and permit the release of retention thirty-five (35) days after approval.

Warrant Report for February 2022

Type Action
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approve the Warrant Report as presented.

Purpose:
 The purpose of this item is to present warrants, for the total amount of \$2,737,222.31, made from District funds for February 2022.

Background:
 The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook" Authority is Collective, Not Individual:

- The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.
- A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative, or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Recommended	The recommendation is that the Board of Education approve Resolution No. 2021.22.32 to lay
Action	off or reduce hours of certain classified positions for lack of work or lack of funds.

Purpose:

Resolution No. 2021.22.32 will be presented to the Board of Education for approval to lay off certain classified positions for lack of work or lack of funds. This resolution gives authorization for the District to formally notify certain classified employees that they are being laid off. This process is required under California Education Code 45117, which requires permanent employees to be notified by March 15, 2022.

Background:

Due to unknown enrollment for the district's childcare programs for the 2022-2023 school year, and the new requirement to provide notice to classified staff by March 15, the district is recommending layoff notices be provided for all classified Lead 1, Lead 2, and assistant positions. The district reviewed the layoff positions with CSEA. Employees affected by layoff will have 39-month re-employment rights and the process will be governed by the collective bargaining agreement.

11 OLD BUSINESS

2022 General Obligation Refunding Bonds

Type Information

Purpose:

In the current low-interest-rate environment, the District acted on the opportunity to refinance a portion of the outstanding Election of 2011, Series A and B bonds to generate taxpayer savings. The sale consisted of \$27.135 million taxable refunding bonds and \$7.47 million tax-exempt refunding bonds (forward delivery). The Board will be receiving an informational report from Blake Boehm of KNN Public Finance providing post refunding sale results.

Background:

District voters authorized Measure G in November 2011 providing \$63 million of General Obligation bond funding for school facility projects. The District subsequently issued three series of bonds in 2012, 2014, and 2016. Property taxes are levied by the County and are ultimately paid by homeowners in order to make annual debt service payments on the outstanding bonds. Refunding bonds, which are similar to refinancing a home mortgage, pay off existing debt with funds borrowed at lower interest rates. The savings are then passed on to taxpayers in the form of lower property taxes.

Presentation of the A-G Completion Improvement Grant Plan

Type Discussion

Purpose:

To provide the Board of Trustees and the public with an opportunity to discuss NUSD's A-G Completion Improvement Grant Plan prior to the adoption by the Board at a subsequent regularly scheduled board meeting.

Background:

California AB-167 states the AG Completion Improvement Grant Program is to "provide additional supports to local educational agencies to help increase the number of California high school pupils, particularly unduplicated pupils, who graduate high school meeting the AG subject matter requirements for admission to the University of California and the California State University." Assistant Superintendent, Nicole Pierce-Davis and Director of Special Projects, Abbey Kerins will present the A-G Completion Improvement Grant Program plan for NUSD.

2021-2022 Second Interim Budget Report

Type Action

Recommended Action The recommendation is that the Board of Education certify the 2021-2022 Second Interim Budget Report with a Positive certification.

Purpose: The purpose of the Interim Report is to advise administrators, the Board of Trustees, the public, and other interested agencies of the District's current financial condition at periodic intervals during the fiscal year.

Background: The Second Interim Budget Report compares the General Fund and other funds' anticipated revenues and expenditures with the current operating budget for the 2021-22 fiscal year, along with actual receipts and expenditures as of January 31, 2022. At each interim reporting period, the District must certify whether the District will be able to meet its financial obligations for the current and subsequent two years. The current year budget is used as the base year and multi-year projections are made based on a number of factors and assumptions for the coming two years. The primary drivers of the budget are the State's fiscal health and District student enrollment and attendance. The multi-year projection indicates the District can issue a POSITIVE certification as the District will be able to meet its obligations for the current fiscal year and two subsequent fiscal years.

Resolution No. 2021.22.23 Classified Layoffs

Type Action
Preferred Date Mar 03, 2022
Absolute Date Mar 03, 2022
Recommended Action The recommendation is that the Board approve Resolution No. 2021.22.23 to lay off or reduce hours of certain classified positions for lack of work or lack of funds.

Purpose: Resolution No. 2021.22.23 will be presented to the Board of Education for approval to lay off certain classified positions for lack of work or lack of funds. This resolution gives authorization for the District to formally notify certain classified employees that they are being laid off. This process is required under California Education Code 45117, which requires permanent employees to be notified by March 15, 2022.

Background: The Musick positions are due to the school closure. The other positions were temporary funded positions, i.e. one-time COVID funding, Single Plan for Student Achievement (SPSA), and Local Control and Accountability Plan (LCAP). The district reviewed the layoff positions with CSEA. Employees affected by layoff will have 39-month re-employment rights and the process will be governed by the collective bargaining agreement.

Resolution No. 2021.22.24 Resolution to Reduce the Number of Certificated Employees Due to a Reduction of Particular Kinds of Services for the 2022-2023 School Year

Type Action
Absolute Date Mar 03, 2022
Recommended Action The recommendation is that the Board of Education approve Resolution No. 2021.22.24 to reduce the number of certificated employees due to a reduction in particular kinds of services for the 2022-2023 school year.

Purpose: Resolution No. 2021.22.24 will be presented to the Board of Education for approval to reduce the number of certificated employees due to a reduction in particular kinds of services for the 2022-2023 school year.

Background:

As the administration has reviewed staffing and projected enrollment for the next school year, it has been determined that these positions will be eliminated from the general fund budget and will not be filled in the 2022-2023 school year. The Musick positions are due to the school closure. The other positions were temporary funded positions (e.g. one-time COVID funding, Single Plan for Student Achievement (SPSA), and Local Control and Accountability Plan (LCAP). Education Code section 44955 permits the Board of Education to reduce or discontinue particular kinds of service and terminate the employment of certain certificated employees of the district as a result of those reductions or discontinuances. The Board of Education is required to take action and to direct staff to notify affected employees of the reduction in force.

Resolution 2021.22.29 to Commit to Budget Balancing Solutions for the 2022- 23 and 2023-24 Fiscal Years

Type Action

Recommended The recommendation is that the Board of Education adopt Resolution 2021.22.29 to Commit to Budget Balancing Solutions for the 2022-23 and 2023-24 fiscal years.

[Purpose:](#)

To address the deficit projected in the 2021-22 Second Interim Budget Report.

[Background:](#)

The Board and staff continue to work together to maintain the fiscal stability of the district.

On October 17, 2019, the Board approved Resolution #2158 committing to \$1,850,000, and \$668,000, in expenditure reductions for the 2020-21 and 2021-22 fiscal years respectively.

The District filed a Qualified certification of its 2019-20 First Interim and Second Interim Financial Reports.

The Board held a study session on February 20, 2020, to discuss additional budget-balancing solutions and subsequently approved Resolution #2061 on March 5, 2020, committing to additional budget reductions of \$2,500,000 in 2020-21 and \$1,000,000 in 2021-22.

On December 3, 2020, based on the First Interim Report, the Board approved Resolution 2020.21-014 committing to \$742,000, and \$3,200,000, in expenditure reductions for the 2021-22 and 2022-23 fiscal years respectively.

On March 4, 2021, based on the Second Interim Report, the Board approved Resolution 2020.21-022 committing to \$819,000 in expenditure reductions for the 2022-23 fiscal year.

On December 6, 2021, based on the First Interim Budget Report, the Board approved Resolution 2021.22.14 committing to \$2.5 million in expenditure reductions for the 2022-23 fiscal year and \$2.5 million in the 2023-24 fiscal year.

Curricular, Overnight Trip for Kennedy Elementary fifth-grade class to travel to Occidental, CA.

Type	Action
Preferred Date	Mar 03, 2022
Fiscal Impact	Yes
Dollar Amount	\$14,636.00
Budgeted	Yes
Budget Source	Fundraisers and Parent Contributions
Recommended Action	The recommendation is that the Board of Education approve the overnight trip for Kennedy Elementary fifth-grade class to Occidental, CA.

Purpose:
The Kennedy Elementary community requests permission to take fifth-grade students on a curricular, overnight field trip. Students will travel to Occidental, CA for an outdoor science education camp. Transportation will be by district bus. Students will study content standards in ecology, resources, ecosystems, and conservation while experiencing team building with their peers.

School: Kennedy Elementary
Dates: April 11 - April 14, 2022
Location: Occidental, CA

Chaperones for Science Camp:
The ratio of adults to students on school-sponsored trips shall be based on the following formula:
K-3 1 adult for every 5-8 students
4-9 1 adult for every 10 students
10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).

No student will be denied due to a lack of funds

Background:
According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal and fifth-grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science camp program that is articulated with grade level curriculum. The programs are taught by credentialed staff members and camp staff and are viewed by the sites as a valuable part of the students' educational experience.

Recommended Action	The recommendation is that the Board approve the 2022-2023, 2023-2024, 2024-2025 School Calendars.

Purpose:
The purpose is for the Board of Education to consider approval of the 2022-2023, 2023-2024, 2024-2025 school calendars.

Background:
The District Calendar Committee worked for several months last school year to draft and consider various calendar formats for the 2022-2023, 2023-2024, and 2024-2025 school years. Drafts have been considered and evaluated based upon their education practicality, analysis of daily student attendance data, the requirements of the Education Code, and the District's collective bargaining agreements. All employees have had the opportunity to review and provide feedback on the drafts. Based on this feedback, the Calendar Committee has developed these calendars. Through the efforts of the committee, the Newark Unified School District and the Newark Teachers Association have reached a tentative agreement on 2022-2023, 2023-2024, and 2024-2025 school calendars pursuant to the collective bargaining agreements. The calendars are presented to the Board for approval.

Resolution 2021.22.27 Declaring Surplus Equipment

Type Action, Discussion
Recommended Action The recommendation is that the Board of Education approve Resolution 2021.22.27 Declaring Surplus Equipment.

Purpose:
 The purpose of this item is to obtain Board approval of Resolution 2021.22.27 Declaring Surplus Equipment, which lists items to be declared as surplus equipment as recommended.

Background:
 Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment, and Supplies. Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility.
 The property as described in Resolution 2021.22.27 includes equipment used at elementary schools for Child Nutrition. Staff determined that items are obsolete and/or no longer working.

[Board of Education Requests](#)

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook" Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 STUDY SESSION

School Culture and Climate

Type Information

Purpose:

To provide additional information to the Board of Trustees regarding school culture and climate, as it relates to restorative practices, social emotional learning, and culturally relevant teaching.

Background:

Reopening schools after a year of distance learning have brought along new challenges and opportunities related to school site culture and climate initiatives, such as PBIS, social-emotional learning, culturally relevant pedagogy, and restorative discipline. This presentation will serve to extend the conversation on culture and climate that started on November 18th as a staff report. This presentation will provide more information to the Board of Trustees and our community on how restorative principles and practices are and can be integrated into culture and climate strategies that are aligned with our district values around equity and excellence.

RATIFICATION AND APPROVAL OF TK ENROLLMENT: (Ed. Code, 48000 & 35146)

Type Action, Discussion, Information

Purpose:

The Board will review student information for approval of newly registered Transitional Kindergarten students who shall reach age 5 after December 2, 2021. This process will continue on a case by case basis for students who register within the extended window.

Background:

Education Code sections 48000 and 48010, and District Administrative Regulation ("AR") 5111, requires the District to enroll any otherwise eligible student who turns age five or six on or before September 1 of a given school year into kindergarten or first grade, as applicable. In addition, if a student turns age five between September 2 and December 2 of a school year, then that student shall be offered an opportunity to enroll in TK. The District may additionally admit younger children to TK "on a case by case basis".

Education Code section 4800 specifically provides as follows:

(c)(1)(C) [A] child who will have their fifth birthday between September 2 and December 2 shall be admitted to a transitional kindergarten program maintained by the school district or charter school.

(c)(2)(A) In any school year, a school district ... may, at any time during a school year, admit a child to a transitional kindergarten program who will have their fifth birthday after the date specified for the applicable year ... but during that same school year, with the approval of the parent or guardian, subject to the following conditions:

(i) The governing board of the school district or the governing body of the charter school determines that the admittance is in the best interests of the child.

(ii) The parent or guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

Consistent with the Education Code, the District's AR 5111 provides:

On a case-by-case basis, a child who will turn five years old in a given school year may be enrolled in kindergarten or TK at any time during that school year with the approval of the child's parent/guardian, provided that: (Education Code 48000)

1. The parent/guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

2. The Governing Board determines that admittance is in the best interest of the child.

Beginning in the 2022-2023 school year, the birthday cut off will be extended to February 2, and will continue being extended by two months each school year, until the 2025-2026 school year, when any student with a birthday after September 1 must be admitted to TK

11 STAFF REPORT

Presentation of the LCAP Supplement to the Annual Update for 2021-22 LCAP and Mid-Year LCAP Report

Type Information

Purpose:

To provide the Board of Trustee with an update on the use of federal and state funds and engagement, actions, and outcomes related to these funds.

Background:

California's 202122 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local school districts with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Abbey Kerins, Director of Special Projects, will present the 2021-22 Supplemental Annual update mid-year report to the NUSD governing board related to engagement on, and implementation of, these Acts. SEC. 124 (e)(2)(B) of AB 130 also requires that all available mid-year outcome data related to metrics identified in the 202122 LCAP, mid-year expenditure & implementation data on all actions identified in the 2021-22 LCAP and update to the 2021-22 Budget Overview for Parents be included in the presentation to the governing board. No board adoption is required until June with the 2022-23 LCAP.

Illuminate Assessments 2020-2021

Type Information

Purpose:

To provide additional information to the Board of Trustees regarding 2020-2021 Illuminate assessments.

Background:

At our February 3, 2022 Board Meeting, members requested more information regarding these assessments. Illuminate is Newark Unified's comprehensive assessment and data management tool for monitoring and measuring student academic progress. As a result of distance learning last year, the California State Board of Education (SBE) provided school districts the flexibility to administer alternative assessments to the CAASPP due to the additional stress that annual assessments can place on students. Illuminate was one of the state-approved local assessments and Newark Unified utilized the Illuminate end-of-year assessments in English-Language Arts and Mathematics for secondary grades 7, 8, and 11. 2020-2021 was the first year of implementation, and will serve as a baseline data for future years should we continue to implement.

12 NEW BUSINESS

Contract with Think Together for After-School Programming

Type Action

Preferred Date Feb 17, 2022

Fiscal Impact Yes

Dollar Amount \$117,123.00

Budget Source ELO-P

Recommended The recommendation is that the Board approve the Think Together contract in support of our

Action approved ELO-P plan, adopted February 3, 2022 and in alignment with the guidelines in AB

130

[Purpose:](#)

We are seeking the approval of the Think Together contract in order to execute the ELO-P plan.

The District is dedicated to carrying out the Board-approved plan for providing an extended day to our TK-6, unduplicated students as outlined in the Expanding Learning Opportunities Program (ELO-P) plan that was presented and approved by the Board on February 3, 2022. These funds will assist in providing additional academic and social-emotional support to students through a 9-hour extended learning day to our student populations that are historically underserved.

[Background:](#)

In July of 2021, Governor Newsome signed Assembly Bill (AB) 130, which included many budgetary and programmatic changes for this school year. One of these changes was to provide comprehensive, district-wide, after-school, and summer school enrichment programs for transitional kindergarten through sixth grade students that are English learners, foster youth, and/or unhoused.

The proposed contract includes the expansion of Think Together for Lincoln Elementary School this school year, 2021-22. Think Together was selected as the primary partner for this work because it supports the district's intention to create a single, comprehensive program. Think Together has been a strong partner, providing our ASES services in Newark for multiple years, and they have proven both within the District and across the state to be an effective program, providing mentorship and care for our students.

An additional contract for the subsequent school year and summer school services will be presented at a future board meeting.

Audit Report for Fiscal Year Ended June 30, 2021

Type Action

Recommended The recommendation is that the Board of Education accept the independent audit report for

Action the fiscal year ended June 30, 2021 as presented.

[Purpose:](#)

The purpose of this item is for the Board to receive information about and accept the financial audit report for the fiscal year

ended June 30, 2021, as presented.

Background:

In accordance with generally accepted auditing standards and Government Auditing Standards, the independent auditing firm of Christy White, Inc. has completed their audit of the combined financial statements of the Newark Unified School District for the year ended June 30, 2021. A representative from Christy White, Inc. will present the audit report to the Board for review. The audit report is the financial document that all outside agencies review, county offices scrutinize, and bond rating agencies rely on. The District prepares all reports in the state approved format, but the audit report is the document that is readily available to the public and is audited in accordance with Government Auditing Standards and the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. The district's Audit Committee met and reviewed the audit report on January 31, 2022.

Curricular, Overnight Trip for Kennedy Elementary sixth-grade class to travel to Occidental, CA.

Type	Action
Preferred Date	Feb 17, 2022
Fiscal Impact	Yes
Dollar Amount	\$21,000.00
Budgeted	Yes
Budget Source	Fundraisers and Parent Contributions
Recommended	The recommendation is that the Board of Education approve the overnight trip for Kennedy
Action	Elementary sixth-grade class to Occidental, CA.

Purpose:
The Kennedy Elementary community requests permission to take sixth-grade students on a curricular, overnight field trip. Students will travel to Occidental, CA for an outdoor science education camp. Transportation will be by district bus. Students will study content standards in ecology, resources, ecosystems, and conservation while experiencing team building with their peers.

School: Kennedy Elementary
Dates: March 29- April 1, 2022
Location: Occidental, CA

Chaperones for Science Camp:
The ratio of adults to students on school-sponsored trips shall be based on the following formula:
K-3 1 adult for every 5-8 students
4-9 1 adult for every 10 students
10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).
No student will be denied due to a lack of funds

Background:
According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal

and sixth-grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science camp program that is articulated with grade level curriculum. The programs are taught by credentialed staff members and camp staff and are viewed by the sites as a valuable part of the students' educational experience.

Athletic Trip, Overnight, One-Way Distance Over 125 Miles Field Trip: Newark Memorial HS Varsity Softball Team to Sparks,

Type	Action
Preferred Date	Feb 17, 2022
Fiscal Impact	Yes
Dollar Amount	\$2,280.00
Budgeted	Yes
Budget Source	Athletics 103, Softball ASB
Recommended	The recommendation is that the Board of Education approve Newark Memorial High School
Action	Varsity Softball Team to travel to Sparks, NV.

Purpose:

The NMHS Principal and Athletic Director request permission to take students on an athletic and overnight trip to Sparks, NV for the Reed High School Softball tournament.

Our Varsity Softball Team has been invited to return to the Reed High School softball tournament. This is a highly competitive, invitation only, tournament which will provide exposure to college recruiting for our student-athletes.

Date: March 24-26, 2022

Location: Sparks, Nevada

Requirements met:

Grade K-3, one adult for every 5-8 students; Grades 4-12, one adult for every 10 students; Board Policy requires at least two adults on every trip regardless of the number of students (BP 6153 and AR 6153)

Overnight trip supervision must be gender appropriate

No student will be denied due to a lack of funds

Background:

According to Board Policy 6153, all trips in excess of 125 miles, athletic trips, and overnight trips require Board approval. Newark Memorial High School Principal and Athletic Director request permission to take the Newark Memorial High School Varsity Softball team on an athletic trip to Sparks, NV.

Comprehensive School Safety Plans

Type	Action
Absolute Date	Feb 17, 2022
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approve the plans as presented.
Action	

Purpose:

To approve the Comprehensive School Safety Plan (CSSP) for each Newark Unified School District school site; all plans are attached. Per Education Code Section 32281, the School Site Council (SSC) writes and develops a comprehensive school safety plan relevant to the needs and resources of that particular school, or may delegate this responsibility to a school safety planning committee. Each school must review and update its plan by March 1 every year.

Background:

A Comprehensive School Safety Plan (CSSP) is an annually-revised plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus. All California K-12 public schools must develop a CSSP that addresses the safety concerns identified through a systematic planning process in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence.

The requirements and mandate for CSSPs are outlined in Education Code Sections 32280 - 32289 School Safety Plans

Donations Report

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Budget Source	General Fund (Fund 010) Donations
Recommended	The recommendation is that the Board of Education accept the donations on the Donations
Action	Report as presented.

Purpose:

The purpose is to acknowledge receipt of donations to the District.

Background:

Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledged and budgeted properly according to donor restrictions. There is acknowledgement at the public Board meeting and a letter of thanks is sent of the donor by the Business Office for NUSD.

Warrant Report for January 2022

Type	Action
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approve the Warrant Report as presented.
Action	

Purpose:

The purpose of this item is to present warrants, for the total amount of \$5,720,490.33, made from District funds for January 2022.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.

Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea.

The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Expanded Learning Opportunities Program Plan

Type Action

Dollar Amount \$1,083,491.00
Budget Source ELOP
Recommended Action The recommendation is that the Board of Education approve the Expanded Learning Opportunities Program (ELO-P) Plan.

Purpose: As part of the State's release of ELO-P funds, we must develop a program plan as required by EC Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development. This Program Plan needs to be approved by the LEA's Governing Board in a public meeting and posted on the LEA's website.

Background: The Expanded Learning Opportunities Program provides funding for afterschool and summer school enrichment programs for transitional kindergarten through sixth grade. The Expanded Learning Division adopted the Quality Standards for Expanded Learning in California (Quality Standards) and introduced requirements for Continuous Quality Improvement (CQI) to help programs engage in reflection and be intentional about program management practices and activities delivered to students. To create the program plan, provide a narrative description in response to the prompts listed under each Quality Standard below. The LEA may customize and include additional prompts, such as describing SEL activities, or refining the plan. In addition to the narrative response, it may be useful to include tables, charts, or other visual representations that contribute to the understanding of the ELO-P. LEAs are encouraged to download and reference the Quality Standards in order to provide ongoing improvements to the program. The Quality Standards can be found on the California Department of Education's (CDE) Quality Standards and CQI web page, located at https://www.cde.ca.gov/ls/ex/qualstandcqi.asp.

Recommended Action It is recommended that the Board of Education approve, under one consented vote, the agenda items under Consent Non-Personnel, except for agenda items:

Purpose:

This is specifically a placeholder, and will only be used if multiple agenda items are approved under a consented vote.

Background:

Items within the Consent Agenda are considered routine and will be approved, adopted, or ratified by a single motion and action. There will not be a separate discussion of these items; however, any item may be pulled from the Consent Agenda upon the request of any member of the Board and acted upon separately.

Motion & Voting

It is recommended that the Board of Education approve, under one consented vote, the agenda items under Consent Non-Personnel, except for agenda items: 15.3 and 15.5.

Motion by Bowen Zhang, second by Terrence Grindall.

Final Resolution: Motion Carries

Curricular, Overnight Trip for Lincoln Elementary fifth and sixth-grade class to travel to Scotts Valley, CA.

Type Action

Preferred Date Feb 03, 2022

Fiscal Impact No

Dollar Amount \$11,070.00

Budgeted Yes

Recommended Action The recommendation is that the Board of Education approve the overnight trip for Lincoln Elementary fifth and sixth-grade class to Scotts Valley, CA.

Purpose:

The Lincoln Elementary community requests permission to take fifth and sixth-grade students on a curricular, overnight field trip. Students will travel to Scotts Creek, CA for an outdoor science education camp. Transportation will be by district bus. Students will study content standards in ecology, resources, ecosystems, and conservation while experiencing team building with their peers.

School: Lincoln Elementary

Dates: February 22-25, 2022

Location: Scotts Valley, CA

Chaperones for Science Camp:

The ratio of adults to students on school-sponsored trips shall be based on the following formula:

K-3 1 adult for every 5-8 students

4-9 1 adult for every 10 students

10-12 1 adult for every 10 students where strict supervision is required (tours, theaters, etc.)

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).

No student will be denied due to a lack of funds.

Background:

According to Board Policy, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. The site principal and sixth-grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science camp program that is articulated with grade level curriculum. The programs are taught by credentialed staff members and camp staff and are viewed by the sites as a valuable part of the students' educational experience.

School Accountability Report Cards

Type	Action
Preferred Date	Feb 03, 2022
Fiscal Impact	No
Recommended Action	The recommendation is that the Board of Education approve the School Accountability Report Cards.

Purpose:

All public schools are required to prepare and disseminate a Student Accountability Report Card (SARC) for the primary purpose of providing parents with data and information to make meaningful comparisons between schools. Specific items are required to be reported in the following categories: demographic information, school safety and climate for learning, academic data, school completion, class size, teacher and staff information, curriculum and instruction, and postsecondary preparation. Due to the pandemic, the California Department of Education has confirmed that for some categories the most recent data available will be from the 2019-20 school year.

Background:

All public schools in California are required annually to prepare Student Accountability Report Cards (SARCs) and disseminate them to the public. SARCs are intended to provide the public with important information about each public school and to communicate a school's progress in achieving its goals.

Board of Education Requests

Type Action, Discussion, Information

Purpose: This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background: The following derives directly from the Board approved "Governance Team Handbook" Authority is Collective, Not Individual: The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority. A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction. Bringing New Ideas Forward The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting. Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge. Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff. The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas. Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

10 STAFF REPORT

Math Progressions

Type Information

Purpose:

The purpose of this presentation is to provide the NUSD Board of Education with the rationale for addressing and updating the progression of mathematics courses offered in grades 6-12 in NUSD. The presentation will also detail steps taken to engage with staff and community members to receive input in order to craft this plan. The articulated mathematics progression for the secondary level is aligned with the California Department of Education's newly proposed Mathematics Framework, the Common Core State Standards, and meets college and university admissions expectations, including those outlined by the UC and CSU systems.

Background:

The State Board of Education last adopted a Mathematics Framework in 2013 in anticipation of the Common Core State

Standards. The state now has a new Mathematics Framework that is set to be adopted in July of 2022. Partnerships between the state board of education and college and university systems have outlined new guidelines and recommendations for a progression of secondary mathematics courses to specifically support and prepare students in grades 6-12. During these years, Newark Unified School District has not updated its articulation of a progression of mathematics courses at the secondary level and is, therefore, not aligned with the state's Mathematics Framework. Through engagement with the NUSD community, NUSD mathematics departments, and the Board of Education, Educational Services aims to improve alignment of secondary mathematics courses, effective for the 2022-23 school year.

Update on NUSD Environmental Literacy Plan

Type Information

Purpose:

Share progress on the development of one component of the STEM Initiative: Environmental Literacy.

Background:

In 2020-2021 the NUSD Environmental Literacy Vision was developed by the Science District Leadership Team, (which consisted of Science teacher leaders, district administrators, principals, local community organizations, and our Bay Sci partners) and presented to the Board of Education. This vision is now an integral part of the growing comprehensive plan. This draft NUSD Environmental Literacy Plan is in alignment with the district and the Superintendent's goals and delineates the curriculum, resources, classroom, and extra-curricular activities for students TK- 12.

Letter from the Alameda County Office of Education Regarding the 2021-22 First Interim Budget Report

Type Information

Purpose:

The Chief Business Official will review the letter from the Alameda County Office of Education (ACOE) regarding the Newark Unified School District (NUSD) 2021-22 First Interim Budget Report.

Background:

The Governing Board approved a POSITIVE Certification of NUSD's First Interim Budget Report on December 6, 2021. The district subsequently submitted the report to ACOE, as required, for their review and analysis. In accordance with Education Code (EC) Section 42131, ACOE reviewed the First Interim Budget Report based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to EC Section 33127. Based on ACOE's review and analysis, the 2021-22 First Interim Budget Report approved by NUSD's Board of Education on December 6, 2021, accurately reflects the financial status of the District. ACOE, therefore, concurs with NUSD's POSITIVE certification with comments.

Variable Term Waiver for 30-Day Substitute California Basic Skills Test (CBEST)

Type Action

Absolute Date Jan 20, 2022

Recommended Action The recommendation is that the Board of Education approve the Variable Term Waiver for 30-Day Substitute California Basic Skills Test (CBEST).

Background:

The Newark Unified School District has experienced a shortage of substitute teachers over the past few years. The California Commission on Teacher Credentialing is allowing districts to temporarily waive the CBEST exam requirement for substitute teachers. The district-wide waiver would be for a maximum of one calendar year. In order to request a Variable Term Waiver for 30-Day Substitute Basic Skills Test (CBEST) from the California Commission on Teacher Credentialing, the District must provide public notice and obtain the approval of the Board of Education.

Purpose:

To help increase the substitute teacher pool, we are requesting Board approval of a waiver for the CBEST requirement for substitute teaching. This will allow us to hire substitutes who have not yet taken and/or passed the CBEST during the one-year term of the waiver.

Motion & Voting

The recommendation is that the Board of Education approve the Variable Term Waiver for 30-Day Substitute California Basic Skills Test (CBEST).

Tile Art Mural at Kennedy Elementary

Type Action
Recommended The recommendation is that the Board of Education approve the installation of a Tile Art
Action Mural at Kennedy Elementary

Purpose:
To obtain Board approval to create a tile mural at Kennedy Elementary, to be created by students and placed on the external wall of the school building in order to beautify the school facility.

Background:
Murals provide a sense of community, school spirit, and pride to the campus. The proposed tile mural, displaying colored, ceramic tile "footprints" made by Kennedy students, will add to the aesthetic of the school for years to come. The tile mural project is made possible through a generous grant awarded to Kennedy Elementary by the Rotary Club of Newark, which is covering the cost of supplies and materials. The project is also being made possible by the in-kind donation of two Kennedy community members who will partner with teachers and school leadership to facilitate the student creation of the mural.

Recommended	The recommendation is that the Board of Education approve the Birch Grove Intermediate
Action	fifth-grade class travel to Boulder Creek, CA.

Purpose:

The Birch Grove Intermediate community requests permission to take fifth-grade students on a curricular, overnight field trip. Students will travel to Scotts Creek, CA for an outdoor science education camp. Transportation will be by district bus. Students will study content standards in ecology, resources, ecosystems, and conservation while experiencing team building with their peers.

School: Birch Grove Intermediate

Dates: February 22-25, 2022

Location: Boulder Creek, CA

Chaperones for Science Camp

Camp only allows two (2) teachers from school to attend. Camp must ensure that camp staff provides adequate supervision (AR 6153).

Teachers and the bus driver meet requirements for bus transportation.

Overnight trip supervision must be gender appropriate. However, in the event that the supervisors, who stay overnight in proximity to students, are of a gender other than that group of campers, adequate planning, and preparation of campers and the physical arrangements of the camp shall be made to ensure optimal safety and privacy of students (AR 6153).

No student will be denied due to a lack of funds.

Background:

According to Board Policy, all trips in excess of 100 miles, non-curricular trips and overnight trips require Board approval. The site principal and fifth-grade teachers request permission to take students on an overnight curricular trip to attend an outdoor education/science camp program that is articulated with grade level curriculum. Requirements met:

Grade K-3, one adult for every 5-8 students; Grades 4-12, one adult for every 10 students; Board Policy requires at least two adults on every trip regardless of the number of students (BP 6153 and AR 6153)

Overnight trip supervision must be gender appropriate

No student will be denied due to a lack of funds

Background:

According to Board Policy 6153, all trips in excess of 100 miles, non-curricular trips, and overnight trips require Board approval. Newark Memorial High School Principal and staff request permission to take Class of 2022 seniors on a non-curricular trip that will include transportation by chartered bus to Anaheim, CA.

Resolution 2021.22.20 Notice of Completion of Newark Jr High Stairs Project

Type	Action
Recommended Action	The recommendation is that the Board of Education approve Resolution No. 2021.22.20 and authorize the filing of Notice of Completion (NOC) with the County Recorder of Alameda County for Newark Jr High stair improvements and barrier removal work completed by Cal-Pacific Construction, Inc.

Purpose:

To authorize the filing of Notice Of Completion (NOC) with the County Recorder of Alameda County in order to start the 35-day

deadline for filing liens. At the end of 35 days, the retention will be released.

Background:

On June 17, 2021, the Board of Trustees awarded a contract to Cal-Pacific Construction Inc. for Stair Improvements and Barrier Removal at Newark Junior High School in the amount of \$631,700. On August 5, 2021, the Board of Trustees approved Change Order #1 in the amount of \$21,353.65 for irrigation, removal, and disposal of transit (asbestos) pipe. On October 7, 2021, the Board of Trustees approved Change Order #2 in the amount of \$232,032.70 for the replacement of Stair #2 due to unforeseen conditions for a total contract amount and final expenditure of \$884,386.35. All contract items, Punchlist, and project closeout items have been satisfied. Accordingly, Staff requests acceptance of the project which will allow filing a Notice of Completion with the County and permit the release of retention thirty-five (35) days after approval.

Warrant Report for December 2021

Type Action
Fiscal Impact No
Recommended Action The recommendation is that the Board of Education approve the Warrant Report as presented.

Purpose:
The purpose of this item is to present warrants, for the total amount of \$2,443,064.29, made from District funds for December 2021.

Background:
The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

- The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.
- A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

12 NEW BUSINESS

Increase in Minimum Wage

Type Action

Recommended Action The recommendation is that the Board approve the revised hourly pay rates for classified non-management, unrepresented employees as presented to comply with the increase in minimum wage effective January 1, 2022.

Purpose:

To update the rates for classified unrepresented employees to comply with the increase in the minimum wage from \$14.00 to \$15.00 per hour effective January 1, 2022.

POSITION	CURRENT RATE	NEW RATE
Campus Monitor, Elementary	\$14.00	\$15.00
Classified Substitute - Food Service Assistant	\$14.00	\$15.00
Classified Substitute - Child Care Attendant	\$14.00	\$15.00
Student Assistant	\$14.00	\$15.00

Background:

The State of California minimum wage will increase from \$14.00 to \$15.00 per hour effective January 1, 2022. The hourly rates for the Elementary School Campus Monitor, Student Assistant, and Classified Substitute positions for the Food Service Assistant and Child Care Attendant are currently below the new minimum wage. All classified CSEA unit employees are currently paid above the minimum wage.

Resolution 2021.22.21 Overnight Field Trips (Second Semester 2021-2022)

Type Action

Recommended Action The recommendation is that the Board of Education approve the Resolution 2021.22.21 Overnight Field Trips.

Purpose:

The purpose of this resolution is for the Board of Education to approve a resolution adopting new safety guidelines for overnight field trips for the second semester of the 2021-2022 academic school year in alignment with Alameda County Public Health Department guidance.

Background:

Many of our Newark Unified schools make plans for outdoor overnight experiences. Most notably, many of our 5th grade students get the incredible opportunity to attend "Science Camp" as a longstanding NUSD tradition. These experiences are seminal educational experiences and align with the district's focus on environmental literacy.

However, during the past eighteen months, the COVID-19 pandemic has severely impacted these types of enrichment opportunities due to local, state, and federal safety protocols. Safety protocols, such as mask-wearing and social distancing, have resulted in the cancellation of overnight field trips during this time.

Although the Covid-19 pandemic continues, we know more than we did a year ago about how to mitigate the spread of Covid-19 and its variants, thus in December of 2021 Alameda County Public Health Department (ACPHD) released new school-sponsored overnight field trip guidance in alignment with new regulations and learning.

We are excited and eager for students to have outdoor educational experiences once again and are deeply committed to growing Science Camp programming vertically and horizontally across NUSD. If passed, this resolution will allow schools to attend overnight field trips during the second semester of the 2021-2022 academic year with specific ACPHD safety guidelines in place (for both students and chaperones) that will promote the safety of all attendees.

Resolution 2021.22.19 Declaring Surplus Equipment

Type	Action
Recommended Action	The recommendation is that the Board of Education approve Resolution 2021.22.19 Declaring Surplus Equipment.

Purpose:

The purpose of this item is to obtain Board approval of Resolution 2021.22.19 Declaring Surplus Equipment, which lists items to be declared as surplus equipment as recommended.

Background:

Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment And Supplies (Personal Property) which states in part that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility (Education Code 17546).

The personal property as described in Resolution 2021.22.19 includes equipment used in the Information Technology Department. Staff determined that items are obsolete and/or beyond economic repair.

Board of Education Requests

Type Action, Discussion, Information

Purpose:
This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.
Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:
The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea.

The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Elementary Report Card Update

Type Information

Purpose:

To provide an update to the Board of Trustees about the progress of the Elementary Report Card Committee to date and the plan of action for the remainder of the school year. This presentation will detail developments that have occurred thus far, current issues that the Committee is addressing, and next steps that will be taken when the school year resumes after winter break.

Background:

In the 2018-19 school year a Report Card Committee formed and representatives from each of Newark's elementary sites contributed to an updated pilot elementary grading scale. The NUSD Elementary Report Card Committee continued to meet until the pandemic began and has resumed meeting in the 2021-22 school year. Ultimately, the goal for the Elementary Report Card Committee this year is to update and make changes to the pilot report card after receiving staff input and to bring recommendations to the Board of Trustees for approval in the spring.

13 OLD BUSINESS

Resolution 2021.22.16 Authorizing the Issuance and Sale of 2022 Refunding General Obligation Bonds

Type Action

Recommended The recommendation is that the Board of Education approve Resolution 2021.22.16

Action authorizing the issuance and sale of 2022 refunding General Obligation Bonds in the aggregate principal amount of not to exceed \$35,000,000 for the purpose of refinancing outstanding General Obligation Bonds, and approving related documents and actions.

Purpose:

To approve Resolution 2021.22.16 authorizing the issuance and sale of 2022 refunding General Obligation Bonds in the aggregate principal amount of not to exceed \$35,000,000 for the purpose of refinancing outstanding General Obligation Bonds, and approving related documents and actions, to achieve interest cost savings, as presented.

Background:

On November 18, 2021, the Board received an informational report from Blake Boehm of KNN Public Finance providing an overview of a potential bond refinancing and associated timeline. In the current low-interest rate environment, there is an

opportunity to refinance a portion of the District's outstanding General Obligation bonds in an effort to generate taxpayer savings.

The District has issued voter-approved general obligation bonds pursuant to Measure G of 2011 in order to address facilities improvement needs in the District. At this time, favorable conditions in the bond markets suggest that interest cost savings can be realized by refinancing two prior series of bonds, being Series A and Series B, which were issued by the District in 2012 and 2013, respectively. Because the outstanding bonds are secured by ad valorem property taxes levied and collected annually on taxable properties in the District, the savings will be passed on to property taxpayers in the form of lower property tax levies. The Resolution authorizes the issuance of the Bonds pursuant to the applicable provisions of the Government Code, as current interest bonds only (no capital appreciation bonds). Under federal tax law, the Bonds are considered advance refunding bonds, and as such, they will be issued as federally taxable bonds, in compliance with all requirements of the federal tax code. As required by State law, the Bonds will only be issued if savings can be realized. Disclosures to the Board regarding estimates of the true interest cost and other details required by Gov. Code 5852.1 (SB 450) are set forth in Appendix B to the resolution. The Resolution authorizes the Bonds to be underwritten through a negotiated underwriting with an investment banking firm to be identified with the assistance of the District's Municipal Advisor, which banking firm will underwrite all the bonds and have the responsibility for placing them with investors. The Bonds will be marketed to potential purchasers through a disclosure document called the Preliminary Official Statement. This document is subject to securities laws standards that require it to contain all material information for investors to make informed investment decisions, and not contain material omissions or misstatements. The POS can continue to be edited and refined any time prior to release to potential bond investors and District staff will collaborate with the financing team to refine and complete it. The Resolution approves the continued engagements of the District's financing experts for the Bonds, with KNN Public Finance serving as Municipal Advisor and Jones Hall, A Professional Law Corporation, serving as Bond Counsel and Disclosure Counsel. The refunding is expected to be completed in early February 2022.

Adoption of Educator Effectiveness Block Grant Plan

Type	Action
Absolute Date	Dec 16, 2021
Fiscal Impact	Yes
Dollar Amount	\$1,197,550.00
Budget Source	Educator Effectiveness Block Grant
Recommended Action	The recommendation is that the Board of Education approve the adoption of the Educator Effectiveness Block Grant plan.

Purpose:
To approve and adopt the Educator Effectiveness Block Grant plan.

Background:
The 2021-22 state budget package allocated \$1.5 billion one-time funding to school districts, county offices of education, charter schools, and state special schools for the Educator Effectiveness Block Grant (EEBG). Newark Unified School District has been allocated \$1,197,550 of these funds to provide professional learning for teachers, administrators, paraprofessionals, and classified staff in order to promote educator equity, quality, and effectiveness. Funds may be expended during the 2021-22, 2022-23, 2023-24, 2024-25, and 2025-26 school years and must be fully expended by June 30, 2026. The district is required to submit an annual report to the CDE by September 30th each year. The EEBG plan was presented to the Board at their December 6, 2021, meeting along with a public hearing and represents a collaboration with union leadership, Educational Services, Business Services, and Human Resources. The plan must be Board approved by December 30, 2021.

HVAC Replacement Project Phase 1- Contracts for Air Balancing and Commissioning Services

Type	Action
Preferred Date	Dec 16, 2021
Fiscal Impact	Yes
Dollar Amount	\$265,050.00
Budgeted	Yes
Budget Source	Fund 25 Capital Facilities Fund
Recommended Action	The recommendation is that the Board of Education approve proposals and enter into agreements with Alpha Air Balancing Agency, Inc. in the amount of \$173,400 and with Cypress Engineering Group in the amount of \$91,650 for Air Balancing and Commissioning Services for the Phase 1 HVAC Replacement Project for 276 units as presented.

Purpose:

1. To approve the proposal from Alpha Air Balancing Agency, Inc. for HVAC Testing and Balancing of new HVAC Units, Supply & Return Air Distribution and setting outside air to the required minimum set points for the HVAC Replacement on six campuses (Kennedy, Birch Grove Primary, Coyote Hills, Schilling, Newark Jr High, and Newark Memorial High School).
2. To approve the proposal from Cypress Engineering Group for Commissioning Services including verifying installed HVAC systems to design requirements, verifying installed Building Management Systems to design requirements, and providing final commissioning report for the HVAC Replacement on six campuses (Kennedy, Birch Grove Primary, Coyote Hills, Schilling, Newark Jr High, and Newark Memorial High School).

Background:

At the October 7, 2021, Board meeting, a bid was awarded for Phase 1 Increment 2 Newark Junior High School and Newark Memorial High School HVAC replacement projects.

At the August 5, 2021, Board meeting, a bid was awarded for Phase 1 Increment 1 elementary school HVAC replacement projects.

Air balancing and commissioning are standard services to independently verify the mechanical systems have been installed as designed and are working properly in sync with the energy management controls and have become critical to ensure mechanical systems are operating pursuant to the Centers for Disease Control Prevention (CDC) and American Society of Heating, Refrigerating, Air-Conditioning Engineers (ASHRAE) COVID protocol.

HVAC Replacement Project Phase 2 - Contracts for Architectural Services, Air Balancing and Commissioning Services

Type	Action
Preferred Date	Dec 16, 2021
Fiscal Impact	Yes
Dollar Amount	\$280,166.00
Budget Source	Fund 25 Capital Facilities Fund
Recommended Action	The recommendation is that the Board of Education authorize approval of (1) a contract with Ratcliff Architects, not to exceed \$226,716, for Design and Engineering Services for HVAC Phase 2 projects; and (2) a contract with Alpha Air Balance Agency, for Testing and Air Balance, in the amount not to exceed \$34,200; and (3) a contract with Cypress Engineering Group, for Commissioning Verification, in the amount not to exceed \$19,250; and (4) the overall preliminary budget of \$2,431,193 for HVAC Phase 2 projects including soft costs and contingencies, and (5) authorize staff to complete agreements with other consultants as needed and outlined in the budget. Bids, when received, will be brought to the board for approval with an updated budget.

Purpose:

To authorize Phase 2, HVAC Replacement Project to include two (2) units @ Birch Grove Primary; one (1) unit @ Coyote Hills; two (2) units @ Kennedy; five (5) units @ NJHS; and thirty-one (31) units @ NMHS, which require full engineering and DSA approval.

Background:

On Feb. 20, 2020, the Board of Trustees assigned \$3.5M to replace additional mechanical units as a part of the final project list and funds assigned under Measure G.

On September 17, 2020, the Board of Trustees approved an agreement with mechanical engineers, MacCracken & Woodman,

Inc., to help assess the units' conditions and prioritize needs. As the COVID pandemic emerged, the District endeavored to allocate additional funds to include more replacements than previously budgeted.

On June 3, 2021, the Board of Trustees approved a contract with Ratcliff Architects to develop plans and specifications to replace the highest prioritized units. The goal was to replace "in-kind" units expeditiously, where the weights of the new units were commensurate with existing units, as provided as an exception to Division of the State Architect (DSA) review under applicable regulations. However, DSA required a review to verify an exception was applicable. This was subsequently obtained and the project bid in two increments and is now under construction. At present, the remaining forty-one (41) units that were removed from the initial submission and included in Phase 2 (five (5) units @ the elementary schools; five (5) units @ NJHS; and thirty-one (31) units @ NMHS), will require DSA review. Note that DSA can require additional ADA & Fire Life-Safety additions. An Allowance of \$265,500 is included in the budget.

Following approval of this project and budget, the District will complete the replacement of three hundred seventeen (317) HVAC units; 276 units completed under Phase 1 (99 units in Increment 1 plus 177 units in Increment 2), and an additional 41 units under Phase 2, which will satisfy current replacement needs. In previous years, the District completed the replacement of another 22 units, bringing the grand total since 2012 to 339 HVAC systems replaced.

An overall preliminary budget of \$2,431,193 has been developed, including soft costs and contingencies, and is included in the board packet.

This Action is:

To authorize approval of (1) a contract with Ratcliff Architects, not to exceed \$226,716, for Design and Engineering Services; and (2) a contract with Alpha Air Balance Agency, for Testing and Air Balance, in the amount not to exceed \$34,200; and (3) a contract with Cypress Engineering Group, for Commissioning Verification, in the amount not to exceed \$19,250; and (4) to approve the overall preliminary budget of \$2,431,193.00, including soft costs and contingencies, and (5) authorize staff to complete agreements with other consultants as needed and outlined in the budget. Bids, when received, will be brought to the board for approval with an updated budget.

Resolution No. 2021.22.18 Classified Management Reduction in Hours

Type	Action
Absolute Date	Dec 16, 2021
Recommended	The recommendation is that the Board of Education approve Resolution No. 2021.22.18 to
Action	reduce hours of a classified management position for lack of work or lack of funds.

Purpose:

To approve the classified management staff layoff or reduction in hours due to lack of funds and/or lack of work due to the projected deficit in the Child Care program.

Background:

The Child Care program is a fee-based program available at all elementary schools except for Coyote Hills and Schilling. The program is projected to deficit spend this school year by \$341,000. This includes \$117,000 transferred from the general fund last school year to cover last year's deficit. Last year's deficit was due to the child care program being closed for the majority of last school year due to the Covid-19 pandemic and staff remained employed. Consequently, there was no income generated but the same level of expenditures in salaries and benefits were maintained. ESSER funds also contributed \$339,707 to maintain employees.

The Child Care program currently serves 189 students which is significantly lower than the 340 students served in March 2020, prior to the Covid-19 pandemic.

The recommended reductions of both the classified management in this resolution and the classified positions in the subsequent resolution will reduce the deficit by an estimated \$75,000 for the remainder of the year while maintaining services for all students currently in the program. The remaining deficit balance of \$266,000 would need to be covered by the General Fund and/or ESSER funds.

Additional savings considered would eliminate services at one school site where enrollment currently only serves 10 students. Another consideration would be to eliminate services for nine (9) TK students served at three (3) of the schools. Eliminating these services would provide an additional \$22,000 in savings.

Currently, layoff/reduction in hours for classified staff requires a 60-day notice. As of January 2022, AB 438 will come into effect which will change the notification requirements to mirror the notification/timeline of certificated staff to March 15 notice for end-of-year changes. As such, staff recommends approval of this resolution before January 2022 to allow for budget adjustments in the current fiscal year.

Resolution No. 2021.22.17 Classified Layoffs or Reduction in Hours

Type	Action
Absolute Date	Dec 16, 2021
Recommended	The recommendation is that the Board of Education approve Resolution No. 2021.22.17 to lay
Action	off or reduce hours of certain classified positions for lack of work or lack of funds.

[Purpose:](#)
 To approve the classified staff layoff or reduction in hours due to lack of funds and/or lack of work due to the projected deficit in the Child Care program.

[Background:](#)
 The Child Care program is a fee-based program available at all elementary schools except for Coyote Hills and Schilling. The program is projected to deficit spend this school year by \$341,000. This includes \$117,000 transferred from the general fund last school year to cover last year's deficit. Last year's deficit was due to the child care program being closed for the majority of last school year due to the Covid-19 pandemic and staff remained employed. Consequently, there was no income generated but the same level of expenditures in salaries and benefits were maintained. ESSER funds also contributed \$339,707 to maintain employees.
 The Child Care program currently serves 189 students which are significantly lower than the 340 students served in March 2020, prior to the Covid-19 pandemic.
 The recommended reductions of both the classified in this resolution and the classified management in the previous resolution will reduce the deficit by an estimated \$75,000 for the remainder of the year while maintaining services for all students currently in the program. The remaining deficit balance of \$266,000 would need to be covered by the General Fund and/or ESSER funds. Additional savings considered would eliminate services at one school site where enrollment currently only serves 10 students. Another consideration would be to eliminate services for nine (9) TK students served at three (3) of the schools. Eliminating these services would provide an additional \$22,000 in savings.
 Currently, layoff/reduction in hours for classified staff requires a 60-day notice. As of January 2022, AB 438 will come into effect which will change the notification requirements to mirror the notification/timeline of certificated staff to March 15 notice for end-of-year changes. Appointment of a Board Representative to Mission Valley Regional Occupational Center/Program (ROC/P) Governing Council

Type Action

Recommended The recommendation is that the Board of Education appoint a Board Representative and

Action Alternate to Mission Valley Regional Occupational Center/Program Governing Council.

Purpose:

To nominate and appoint a representative and alternate to the Mission Valley Regional Occupational Center/Program (ROC/P) Governing Council.

Background:

Board Bylaw 9140: The Governing Board recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Board may appoint any of its members to serve as its representative on a district committee or on a committee of another public agency or organization of which the Board or district is a member or to which the Board is invited to participate. The Education Code requires a Regional Occupational Center/Program Exhibit to be governed by a board of trustees as established by the Joint Powers Agreement. The Mission Valley ROC/P board of trustees is composed of one member of the Board of Education from Fremont, Newark, and New Haven unified school districts. Each year at this time a representative from the Board is selected to be the District's representative to the ROC/P Executive Board. Meetings are held on the third Thursday of the month.

Appointment of a Board Representative to Regional Policy Board of Special Education Local Plan Area (SELPA)

Type Action
Recommended The recommendation is that the Board of Education re-appoint the current Board
Action Representative and Alternate to the Regional Policy Board of Special Education Local Plan Area (SELPA).

Purpose:

To re-appoint a representative and alternate to the Mission Valley SELPA.

Background:

Board Bylaw 9140:The Governing Board recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Board may appoint any of its members to serve as its representative on a district committee or on a committee of another public agency or organization of which the Board or district is a member or to which the Board is invited to participate. In 1977, all school districts and county school offices were mandated to form consortiums in geographical regions of sufficient size and scope to provide for all special education service needs of children residing within the region boundaries. Each region, Special Education Local Plan Area (SELPA), developed a local plan describing how it would provide special education services. SELPAs are dedicated to the belief that all students can learn and that special needs students must be guaranteed equal opportunity to become contributing members of society. SELPAs facilitate high-quality educational programs and services for special needs students and training for parents and educators. The SELPA collaborates with county agencies and school districts to develop and maintain healthy and enriching environments in which special needs students and families can live and succeed. The Mission Valley SELPA consists of three school districts: New Haven Unified, Newark and Fremont Unified School Districts. The SELPA was formed for the purpose of ensuring that quality special education programs and services are available to students living throughout the area. All three school districts coordinate to provide services to identified students who require special education programs and services. The special education directors within each of the districts meet regularly to share resources and coordinate as related to shared program goals. Next Mission Valley SELPA Regional Policy Board Meeting: Tuesday, Jan 18th at 9:00 am Tuesday, March 29th at 9:00 am Tuesday, June 14th at 9:00 am It is recommended that the Board re-appoint the current representative and an alternate to the SELPA.

Appointment of a Board Representative to Newark Teacher Induction Advisory Council

Type Action

Recommended Action The recommendation is that the Board of Education re-appoint the current Board Representative and Alternate to the Newark Teachers Induction Advisory Council.

Purpose:
To nominate and appoint a representative and alternate to the Newark Teachers Induction Advisory Council.

Background:
Board Bylaw 9140: The Governing Board recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Board may appoint any of its members to serve as its representative on a district committee or on a committee of another public agency or organization of which the Board or district is a member or to which the Board is invited to participate. The California Teacher Induction Program (CTIP) formerly known as Beginning Teacher Support and Assessment Induction (BTSA Induction) is a program co-sponsored by the California Department of Education (CDE) and California Commission on Teacher Credentialing (CCTC) designed to support the professional development of newly-credentialed teachers and fulfill the requirements for the California professional clear Multiple/ Single-subject and/or Education Specialist credentials. Senate Bill 2042 identified it as the only pathway to a clear credential. While the name changed in 2014, the intent and purpose remain the same:

Teacher Induction Program Goals:

- Provide an effective transition into the teaching career.
- Improve the educational performance of students through improved training, information, and assistance of new teachers.
- Enable candidates to be effective in teaching students who are culturally, linguistically, and academically diverse.
- Ensure the professional success and retention of new teachers.
- Ensure that a mentor provides individualized & job-embedded support and professional learning guidance.
- Ensure that an Individualized Learning Plan is developed by each candidate and is based on ongoing self-assessment on the California Standards for the Teaching Profession / Continuum of Practice.
- Ensure continuous program improvement through an ongoing process of inquiry.

Newark Teacher Induction is a commission-approved Induction program. It is approved to support general and special education teachers who need to clear preliminary and/or Level I credentials.

A Program Director provides day-to-day coordination within the local school districts and is responsible for implementing and coordinating local support, and ensuring program accountability and quality. An Advisory Council provides support and recommendations to the Program Director in matters of program implementation and evaluation. The Advisory Council consists of mentors, administrators and board members from all the partner districts and/or schools. The Program Director serves as the program manager and executive officer of the Advisory Council.

Meetings are quarterly and usually held on a Friday morning, however, the council will come to an agreement on a time that works best for all.

The Assistant Superintendent of Educational Services and/or Superintendent also attend the Newark Teacher Induction Council meetings. The board will re-appoint the current representative and an alternate to the Newark Teachers Induction Advisory Council, as it is recommended that the representatives remain the same for the school calendar year.

Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment And Supplies (Personal Property). Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may

be donated to a charitable organization, or it may be disposed of in a public disposal facility. The personal property as described in Resolution 2021.22.15 includes equipment used in the Child Nutrition Services and Child Care Departments. Staff determined that items are obsolete and/or beyond economic repair.

Master Contract between Summitview Child & Family Service, Inc. and NUSD for Residential Treatment Center Services

Type	Action
Absolute Date	Dec 16, 2021
Budget Source	Resource 6500 - Special Education
Recommended	The recommendation is that the Board of Education ratify the Master Contract with
Action	Summitview Child & Family Services, Inc.

Purpose:
For the Board of Education to approve the Master Contract with Summitview Child & Family Services, Inc. for residential treatment center services for the 21/22 school year.

Background:
As part of the U.S. Individuals with Disabilities Education Act (IDEA), the least restrictive environment is identified as one of the six (6) principles that govern the education of students with disabilities and other special needs. By law, schools are required to provide a Free Appropriate Public Education (FAPE) in the least restrictive environment that is appropriate to the individual student's needs.
"Least restrictive environment"(LRE) means that a student who has a disability should have the opportunity to be educated with non-disabled peers, to the greatest extent appropriate. Students with disabilities should have access to the general education curriculum, extracurricular activities, or any other program that non-disabled peers would be able to access. Students with disabilities should be provided with supplementary aids and services necessary to achieve educational goals if placed in a setting with non-disabled peers. Should the nature or severity of the student's disability prevent the student from achieving these goals in a regular education setting, the student would then be placed in a more restrictive environment, such as a Resource Program, separate classroom with specialized academic instruction (Special Day Class), or a non-public school or residential treatment center.
To determine what an appropriate setting is for a student, an IEP (Individualized Education Program) team reviews the student's needs and interests. The types of educational settings for students with disabilities will vary. With the differences in needs and interests among students with disabilities, there is no single definition of what an LRE will be for all students.

Maxim Healthcare Services, Inc. Agreement for Nursing Services for Special Education Student

Type	Action
Absolute Date	Dec 16, 2021
Fiscal Impact	Yes
Dollar Amount	\$66,430.00
Budget Source	Resource 6500 - Special Education
Recommended	The recommendation is that the Board of Education ratify the agreement with Maxim
Action	Healthcare Services, Inc.
Goals	1. To provide academic excellence via equity and opportunities for all students.

Purpose:
 For the Board of Education to approve the agreement with Maxim Healthcare Services, Inc. in the amount of \$66,430.00 for the 21/22 school year.

Background:
 Nurse practitioners improve children's health in the educational setting by performing physical examinations, developmental assessments, and management of common pediatric illnesses. These services enhance children's attendance in school and assist families to meet their health care needs. A nurse practitioner is required by the district to provide essential health functions for a student to meet their unique medical needs. Functions of a nurse practitioner include but are not limited to the following:
 Provide health maintenance care for children, including well-child examinations
 Perform routine developmental screenings i.e. vision/hearing
 Provide childhood immunizations for school requirements
 Record and maintain an accurate, cumulative health record for each examined child
 Participate in a multidisciplinary team approach by collaborating with other health care providers in the delivery of health care
 Function as a resource person in health-related issues
 Monitor and interpret public health and communicable disease issues, which impact the delivery of health care for children

San Jose State University Internship Memorandum of Understanding

Type	Action
Absolute Date	Dec 16, 2021
Recommended	The recommendation is that the Board of Education approve the San Jose State University
Action	Internship Memorandum of Understanding.

Purpose:
 The purpose is for the Board of Education to approve the Internship Memorandum of Understanding between San Jose State University and Newark Unified School District commencing on December 6, 2021, and ending December 6, 2026.

Background:
 The District works closely with local institutes of higher education (IHE) and supports student teacher placements and interns. Agreements between Newark Unified School District and a university must be in place before a student teacher or intern can be placed at a school site in the District.
 Student teachers and interns in training do fieldwork in our schools and are supervised by the administrators who provide supervision and training.
 Student teachers and interns are able to learn, practice teaching, and fine-tune their craft under the direct supervision of a master teacher. The opportunity to student teach or intern in the District benefits both the student and the District.
 As vacancies become available in the district, it is invaluable to have the opportunity to observe directly student teachers and interns who may be eligible to interview for vacancies and observe how well they fit into the culture of Newark.

Warrant Report for November 2021

Type	Action
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approve the Warrant Report as presented.
Action	

Purpose:
 The purpose of this item is to present warrants, for the total amount of \$2,995,365.47, made from District funds for

November 2021.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Donations Report

Type Action
 Fiscal Impact Yes
 Budgeted Yes
 Budget Source General Fund (Fund 010) Donations
 Recommended The recommendation is that the Board of Education accept the Donations Report as
 Action presented.

Purpose:

The purpose is to acknowledge receipt of donations to the District.

Background:

Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledgment at the public Board meeting and a letter of thanks is sent of the donor by the Business Office for NUSD.

Board of Education Requests

Type Action, Discussion, Information

Purpose: This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background: The following derives directly from the Board approved "Governance Team Handbook" Authority is Collective, Not Individual: The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority. A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting. Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting. When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge. Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff. The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas. Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 STUDY SESSION

2021-22 District Goals and Superintendent Objectives

Type Discussion, Information

Purpose:

For the board to review, provide input, and finalize the district goals and superintendent objectives as articulated in the NUSD Accountability Framework for Implementation of Initiatives.

Background:

"Each year of the agreement, the Board and the Superintendent shall establish by mutual agreement the Superintendent's performance and benchmarks for the next school year. Evaluations shall be based upon the achievement of the mutually agreed upon performance goals for the year in question, the Superintendent's effectiveness at discharging his duties as defined in this Agreement and Board Policies, and job description, if any." (Superintendent Contract)

"Evaluation criteria shall be agreed upon by the Board and Superintendent prior to the evaluation and shall include, but not be limited to, district goals and success indicators; educational, management, and community leadership skills; and the Superintendent's professional relationship with the Board. The Board and Superintendent shall jointly determine the evaluation method(s) and schedule that will best serve the district and the structure and format of the instrument to be used." BP 2140
At the October 27 Board meeting, the Board reviewed the prior year's goals and objectives and identified the areas of focus which the District should either start, stop, or continue for the 2021-2022 school year. At the December 6th and November 18, 2021, meeting the Board provided direction to have a study session to discuss the 2021-22 District Goals and Superintendent Objectives. The Board provided valuable feedback and input into the direction for this current school year. Per the direction of the Board, the Superintendent created the document titled, "NUSD Accountability Framework for Implementation of Initiatives," which provides a SMART goal accountability framework in order to track the level of implementation and impact of desired outcomes. During the school year, there are thousands of actions the administration takes in order to serve our students and families. The purpose of this document is to name the top priority areas for the year and the means to measure progress in these priority areas, in order to collectively stay focused on those areas with the highest leverage potential and the greatest academic return on investment for our students, families, and district.

2021-22 First Interim Budget Report

Type Action
Recommended The recommendation is that the Board of Education approve the 2021-22 First Interim Report
Action with Positive Certification.

Purpose:

The purpose of the Interim Report is to advise the Board of Education, administrators, the public and other interested agencies of the District's financial condition at periodic intervals during the fiscal year. At each interim reporting period, the District must make a certification as to its fiscal health for the current and upcoming two years. A POSITIVE certification indicates that the District WILL be able to meet its financial obligations for the current and upcoming two years. A QUALIFIED certification indicates the District MAY NOT be able to meet its financial obligations for the current and upcoming two years. A NEGATIVE certification indicates the District WILL NOT be able to meet its financial obligations in the current or upcoming two years.

Background:

The First Interim Budget Report is a "snapshot" in time of the District's revenue and expenditure forecasts for the current fiscal year as well as a projection of the two subsequent fiscal years. It is a good time to adjust the budget based upon any known changes. The First Interim Budget Report covers the period of time from July 1 through October 31 each fiscal year. AB 1200 requires all California school districts to submit two interim reports to their County Office of Education. This year, the First Interim Report is due to the Alameda County Office of Education (ACOE) by December 15, 2021.

Resolution 2021.22.14 to Commit to Budget Balancing Solutions for the 2022- 23 and 2023-24 Fiscal Years

Type Action
Recommended The recommendation is that the Board of Education adopt Resolution 2021.22.14 to Commit
Action to Budget Balancing Solutions for the 2022-23 and 2023-24 fiscal years.

Purpose:

To address the deficit projected in the 2021-22 First Interim Budget Report.

Background:

The Board and staff continue to work together to maintain the fiscal stability of the district. On October 17, 2019, the Board approved Resolution #2158 committing to \$1,850,000, and \$668,000, in expenditure reductions for the 2020-21 and 2021-22 fiscal years respectively. The District filed a Qualified certification of its 2019-20 First Interim and Second Interim Financial Reports. The Board held a study session on February 20, 2020, to discuss additional budget balancing solutions and subsequently approved Resolution #2061 on March 5, 2020, committing to additional budget reductions of \$2,500,000 in 2020-21 and \$1,000,000 in 2021-22. On December 3, 2020, based on the First Interim Report, the Board approved Resolution 2020.21-014 committing to \$742,000, and \$3,200,000, in expenditure reductions for the 2021-22 and 2022-23 fiscal years respectively. On March 4, 2021, based on the Second Interim Report, the Board approved Resolution 2020.21-022 committing to \$819,000 in expenditure reductions for the 2022-23 fiscal year.

In the 2021-22 First Interim Budget Report, the district projects a deficit of \$2.5 million in the 2022-23 fiscal year and \$2.5 million in the 2023-24 fiscal year.

11 CONSENT AGENDA: PERSONNEL ITEMS

PLACEHOLDER - One Consented Vote

Type Action

Recommended Action It is recommended that the Board of Education approve, under one consented vote, the agenda items under Consent-Personnel, except for agenda items:

Purpose:

(This is specifically a placeholder, and will only be used if multiple agenda items are approved under a consented vote.)

Background:

Items within the Consent Agenda are considered routine and will be approved, adopted, or ratified by a single motion and action. There will not be a separate discussion of these items; however, any item may be pulled from the Consent Agenda upon the request of any member of the Board and acted upon separately.

Personnel Report

Type Action

Preferred Date Dec 06, 2021

Recommended Action The recommendation is that the Board of Education ratify the personnel report as presented.

Action

Purpose:

The purpose is for the Board to review and ratify that attached personnel report.

Background:

All personnel activities including new hires, changes in status, resignation, leaves, and retirements are routinely submitted to the Board for ratification.

1.0 FTE English Language Arts Teacher on Special Assignment (ELA TOSA) at Coyote Hills Elementary

Type Action

Absolute Date Dec 06, 2021

Fiscal Impact Yes

Dollar Amount \$74,000.00

Budgeted Yes

Budget Source Expanded Learning Opportunities Grant

Recommended Action The recommendation is that the Board approve the 1.0 FTE English Language Arts Teacher on

Special Assignment (ELA TOSA) for Coyote Hills Elementary for the remainder of the school year, in order to provide instructional support for staff.

Purpose:

The purpose is to approve a 1.0 FTE English Language Arts Teacher on Special Assignment (ELA TOSA) for Coyote Hills Elementary for the remainder of the school year in order to provide instructional support for staff.

Background:

Coyote Hills Elementary is the largest elementary school and in its first year after the merge of Snow and Graham Elementary. There is currently one TOSA supporting Kindergarten to third grade. This additional position is necessary for Coyote Hills Elementary due to the large enrollment and support needed for Grades 4-6. The TOSA will work directly with teachers providing classroom-based demonstrations, collaborative and one-to-one support, and facilitating teacher inquiry and related professional development. The TOSA will focus on enhancing teachers' ability to provide instruction that builds students' sense of engagement

in the ownership of learning. The TOSA will also work with administrators and teachers to collect and analyze data, interpret, and use it to guide instructional decisions.

Motion & Voting

The recommendation is that the Board approve the 1.0 FTE English Language Arts Teacher on Special Assignment (ELA TOSA) for Coyote Hills Elementary for the remainder of the school year, in order to provide instructional support for staff.

Contract for Mental Health Support with Wellness Together and HearYou.org

Type	Action
Preferred Date	Nov 18, 2021
Fiscal Impact	Yes
Dollar Amount	\$138,520.00
Budgeted	Yes
Budget Source	ESSER III
Recommended	The recommendation is that the Board of Education approve the Wellness Together and
Action	HearYou.org Contract.

Purpose:
 We are seeking the approval of Wellness Together contracts in order to execute the ESSER III plan. The District is dedicated to carrying out the Board approved plan for using Elementary and Secondary School Emergency Relief (ESSER III) funds. These funds have been directed in a way that will directly impact students, staff, and families and mitigate learning loss and other social and emotional impacts that were a result of school closures and the pandemic.

Background:
 One of the key strategies identified by the NUSD community is to strengthen services for mental health. This strategy has 2 parts: 1) to hire additional staff for Mental Health Clinician roles, and 2) to partner with an external provider to provide additional resources at school sites, including families that are uninsured. We have identified Wellness Together and their sub-organization HearYou.org to provide these services. If approved, services will begin in January and carry through to June. The contract includes 3 Clinicians serving 5 schools. Additionally, the contract includes a component of telehealth support for all NUSD staff members that are experiencing a crisis. The telehealth component will be provided by HearYou.org.

Resolution No. 2021.22.13 Annual Report of Developer Fees for 2020-2021

Type	Action
Recommended	The recommendation is that the Board of Education approve Resolution No. 2020.21.13, the
Action	Annual Report of Developer Fees (Fund 25) for 2020-2021.

Purpose:
 The purpose of this item is to seek Board approval of the 2020-21 Annual Report of Developer Fees (Fund 25 Capital Facilities Fund).

Background:
 Districts that maintain a developer fee fund are required to prepare an annual accounting of that fund. The Board of Education enacted developer fees to provide for the reconstruction and/or modernization of existing facilities. Under Government Code Section 66006(b), each school district that imposes developer fees is required to annually review the income and the amount of expenditures from developer fees. Three fee schedules were used when collecting developer fees for FY 2020-21 (July 1, 2020, through June 30, 2021): residential development, commercial & industrial development, and mini-storage development.

Board Approved	Fees in Effect	Residential	Commercial	Mini-Storage
March 20, 2018	5/19/18 - 10/4/20	3.79	0.61	0.14
August 6, 2020	10/5/20 - present	4.08	0.66	0.08

The total amount in Fund 25, Capital Facilities Fund, was \$20,043,187.76 as of June 30, 2021.

Mission Valley ROP Agreement Addendum III

Type	Action
Absolute Date	Dec 06, 2021
Fiscal Impact	Yes
Dollar Amount	\$969,359.00
Budgeted	Yes
Budget Source	LCAP
Recommended	It is recommended that the Board of Education approve Addendum III to the Joint Powers
Action	Agreement (JPA) of Mission Valley Regional Occupational Center/Program.

Purpose:

The purpose of this item is to seek Board approval for the Mission Valley ROP JPA Agreement, Addendum III, to set the funding level for 2022-23, 2023-24, and 2024-25 triennium. The proposal is to continue funding the JPA at the 2021-22 level for the next three years.

Background:

Newark Unified School District has been a member of the Mission Valley Regional Occupational Program (MVROP) JPA along with Fremont Unified School District since June 26, 1989. New Haven Unified School District joined the JPA on July 1, 1991. On February 18, 2016, the Mission Valley ROP board set its projected funding level for the purposes of budget projection and documentation of matching requirements for the Career Technical Education Incentive Grant (CTEIG). They requested the three member school district boards to agree to the same level of funding provided during the 2015/16 school year. When the Local Control Funding Formula (LCFF) replaced the old revenue limit and categorical funding model, the funding for ROP was transferred into the LCFF base. Since the board is given flexibility as to using LCFF base funding, an action of the board was needed to set ROP funding levels. Under our current agreement, the District has continued to transfer the amount calculated under the old ROP categorical funding model each year to the Mission Valley ROP to continue our partnership. As part of the application for the CTEIG funding, the ROP must be able to show a source of funds for matching the grant. They ask the board to commit to flat funding as a backup for applying for the matching grant from the State. Addendum I set the funding level for 2016-17 through 2018-19 and was approved by the Board on March 15, 2016. Addendum II set the funding level for 2019-20 through 2021-22 and was approved by the Board on January 31, 2019. Addendum III agrees to pass-thru/transfer the same level of funding as 2021-22, \$969,359, for each year in 2022-23, 2023-24, and 2024-25. This transfer of LCFF funding is based on the old ROP categorical funding level and is already included in the budget for the current year and reflected in the multi-year projections going forward.

Board of Education Requests

Type Action, Discussion, Information

Purpose:
This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:
The following derives directly from the Board approved "Governance Team Handbook"
Authority is Collective, Not Individual:
The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.
A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.
Bringing New Ideas Forward
The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.
Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.
When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.
Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.
The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.
Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 CONSENT AGENDA: NON-PERSONNEL ITEMS

Warrant Report for October 2021

Type	Action
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approve the Warrant Report as presented.
Action	

Purpose:
The purpose of this item is to present warrants, for the total amount of \$1,871,831.89, made from District funds for October 2021.

Background:
The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

To provide the Board with an update on the progress of the solar projects at Newark Memorial High School and Newark Jr High School.

Background:

Updates on the Solar Project have been provided to the Board on March 18, 2021 and August 5, 2021. At the November 4, 2021 Board meeting, Member Nguyen requested staff to provide another update on the solar project.

On November 7, 2019, the Board approved the Power Purchase Agreement (PPA) between Newark Unified School District &

ForeFront Power for solar facilities and battery energy storage systems at Newark Memorial High School and Newark Junior High School including the option for the district to incorporate costs such as, but not limited to, inspector fees, DSA fees, PG&E upgrades, and ADA compliance requirements, currently estimated at \$100,000 for both sites.

On December 3, 2020 the Board approved Forefront Power to upgrade the battery at Newark Memorial High School from a 2-Hour to a 4-Hour to increase savings and the energy storage capacity.

ForeFront Power gave presentations to the Board on May 16, 2017 and August 1, 2019.

Inspector fees (estimated cost \$20,000 per site), DSA fees, PG&E upgrades and ADA compliance upgrades (estimated cost if needed is \$30,000 per site) are the district's upfront costs; however, the PPA will incorporate these costs and the district will be reimbursed or ForeFront will pay for them directly.

ForeFront Power worked with NUSD in 2017 to submit interconnection applications to get the District grandfathered on lucrative Time of Use rates.

SPURR, the Joint Powers Authority, ran a statewide RFP (Request for Proposal) process in 2017 for solar and storage systems that K12 Districts can "piggyback" off to procure solar facilities, storage systems, and EVCS (Electric Vehicle Charging Stations). Eight companies submitted proposals and the RFP was awarded to ForeFront Power.

ForeFront Power has updated the numbers since 2017 and presented a district wide solution in the Board Study Session on August 1, 2019.

After careful consideration, the District determined that as Phase I of this project, Newark Memorial High School and Newark Junior High School would be the best locations to initially install solar facilities to start this project. Initial estimates indicated that the District could save \$145K (25%) in year 1, and \$4.6 million over 20 years with this solar solution, using very conservative assumptions. Phase II of this project would potentially include other school locations in the future.

The PPA includes a buyout option after year 5.

Other Districts who have partnered with ForeFront Power through the use of the SPURR REAP (Renewable Energy Aggregated Procurement) RFP include:

- Central USD (in Fresno)
- Stockton USD
- Fresno USD (4th largest school district in the state)
- Shasta Union High School District
- Paso Robles JUSD
- South Monterey County JUHSD
- Bakersfield CSD
- Sierra CCD
- State Center CCD
- Kings Canyon USD

Feasibility Study for New School in the Sanctuary Development (Area 3)

Type Discussion, Information

Purpose:

To review the New School Area 3 Feasibility Study report from SchoolWorks, Inc. This is a feasibility study for building a new school on land provided by the developer in the Sanctuary development located in the City of Newark's Area 3. The 2021/22 Demographics and Enrollment Projections report for NUSD is also provided for reference.

Background:

At the May 6, 2021, Board meeting, the Board requested that staff begins to review the feasibility of building a new school in the Sanctuary development located in the City of Newark's Area 3.

On June 17, 2021, the Board approved the proposal from SchoolWorks, Inc to provide services for a feasibility study of building a new school in the Sanctuary development located in the City of Newark's Area 3.

On April 9, 2015, a Development Agreement between the City of Newark and Newark Partners, LLC Developer was executed.

As part of this agreement, the City of Newark required the dedication of 6 acres of land to the City for use as a school site. In addition, there is to be an adjacent 3-acre park that would be for joint City/School use.

As per the provisions of the Development Agreement, an elementary school must begin construction on the site within 7 years of the first building permit granted for the Sanctuary (Area 3) development. If school construction does not take place by that time, the property would revert to the developer.

The first building permit was granted on August 8, 2018. Therefore, school construction would need to commence by August 7, 2025.

History Adoption Process

Type Information

[Purpose:](#)

The History Adoption Committee comprises K-12 staff as well as site and district administrators in order to review, pilot, and recommend History textbooks and curriculum for adoption, grades K-12. A public viewing of piloted materials will occur in February 2022 in order for the History Adoption Committee to make a final recommendation to the Board of Education for adoption for the 2022-23 school year. The Committee will adhere to a detailed process and timeline, including the use of an evaluation rubric with staff input, that is aligned with criteria outlined in the history-social science framework established by the California Department of Education.

[Background:](#)

The subjects of English-Language Arts, Science, and Mathematics have been the most recently adopted curriculums within Newark Unified School District. In fact, the last time History curriculum was formally adopted in Newark Unified was in 2006. As a result, staff and students have expressed widespread interest in adopting a new History curriculum grades K-12 that will include a state-adopted program and is aligned with the current California history-social science framework. Therefore, Ed Services has convened a History Adoption Committee during the 2021-22 school year in order to review and pilot publisher materials and, ultimately, make a recommendation to the Board of Education to adopt a new History curriculum for the 2022-23 school year.

2021-22 District Goals and Superintendent Objectives

Type Action, Discussion, Information

Recommended The recommendation is that the Board of Education approves the 2021-22 District Goals and Superintendent Objectives as articulated in the NUSD Accountability Framework for Implementation of Initiatives

[Purpose:](#)

For the board to review and approve the district goals and superintendent objectives as articulated in the NUSD Accountability Framework for Implementation of Initiatives.

[Background:](#)

"Each year of the agreement, the Board and the Superintendent shall establish by mutual agreement the Superintendent's performance and benchmarks for the next school year." (Superintendent Contract)

At the October 27 Board meeting, the Board reviewed the prior year's goal and objectives and identified the areas of focus which the District should either start, stop, or continue for the 2021-2022 school year. The Board provided valuable feedback and input into the direction for this current school year. Per the direction of the Board, the Superintendent created the document titled, "NUSD Accountability Framework for Implementation of Initiatives," which provides a SMART goal accountability framework in

order to track the level of implementation and impact of desired outcomes. During the school year, there are thousands of actions the administration takes in order to service our students and families. The purpose of this document is to name the top priority areas for the year, in order to collectively stay focused on those areas with the highest leverage potential and the greatest academic return on investment for our students, families, and district.

Refinancing of Measure G Bond

Type Discussion, Information

[Purpose:](#)

In the current low-interest rate environment, there is an opportunity to refinance a portion of the District's outstanding General Obligation bonds in an effort to generate taxpayer savings. The Board will be receiving an informational report from Blake Boehm of KNN Public Finance providing an overview of a potential bond refinancing and associated timeline.

[Background:](#)

District voters authorized Measure G in November 2011 providing \$63 million of General Obligation bond funding for school facility projects. The District subsequently issued three series of bonds in 2012, 2014, and 2016. Property taxes are levied by the County and are ultimately paid by homeowners in order to make annual debt service payments on the outstanding bonds. Refunding bonds, which are similar to refinancing a home mortgage, pay off existing debt with funds borrowed at lower interest rates. The savings are then passed on to taxpayers in the form of lower property taxes.

The District's Election of 2011, Series A and B bonds, are both strong candidates for a potential bond refinancing, estimated to generate taxpayer savings in excess of \$4.89 million over the remaining life of the bonds.

Interest rates on the outstanding Series A & Series B bonds range between 4% and 5%. The bond refinancing will lower interest rates to an estimated 3.1%.

The term of the refunding bonds will not extend the current repayment of bonds.

There is no fiscal impact to the District as all costs associated with the refunding, including the KNN Public Finance Agreement, will be paid through the issuance of refunding bonds.

A recommendation to approve the refinancing of the Bond will be presented to the Board at the December 16, 2021, meeting.

Report on Recent Needle Point Bipolar Ionization (NBPI) Air Testing

Type Discussion, Information

[Purpose:](#)

The Board will receive a report on the recent air quality and chemical composition testing conducted on October 2nd and 3rd, 2021 by Forensic Analytical Consulting Services (FACS) on the Needle Point Bipolar Ionization devices (NBPI).

The intended objective was to determine if the use of the Needle Point Bipolar Ionization devices (NBPI) produce harmful chemical byproducts.

[Background:](#)

Amid concerns expressed and recognition of the pending class action lawsuit brought against Global Plasma Solutions (GPS), the District disconnected the Needle Point Bipolar Ionization (NBPI) devices and engaged Forensic Analytical Consulting Services (FACS) to provide analytical air quality and chemical testing on the operation of the NBPI devices installed in Heating, Ventilating and Air Conditioning systems intended to help protect students, faculty and staff from the COVID 19 pandemic.

Gerard L. Baril, MS, CIH, Senior Project Manager, from Forensic Analytical Consulting Services (FACS) will review the purpose, testing criteria, methodology, and summary results of the subject air testing conducted.

2021-22 Purchase of Curriculum Associates, LLC for I-Ready Services

Type Action

Preferred Date Nov 18, 2021

Fiscal Impact Yes

Dollar Amount \$126,552.00

Budgeted Yes

Budget Source ELO

Recommended The recommendation is that the Board of Education approve the purchase of Curriculum

Action Associates, LLC for I-Ready Services.

Purpose:

i-Ready is a comprehensive assessment and instruction program for English-Language Arts (ELA) and Mathematics that provides diagnostics and assessments for students grades Kindergarten through 6th grade. i-Ready provides teachers with clear reports and actionable data to identify students' strengths and areas of need and enables teachers to intervene with lessons and instructional resources that can be individualized for students or used with whole classes to accelerate academic growth for specific grade-level standards.

Background:

This is the 6th year of district implementation of i-Ready and the program serves as a part of the district's comprehensive assessment program. Maintaining continuity allows NUSD to monitor students' instructional progress and identify trends and patterns in order to utilize data analysis for instructional planning and intervention purposes. i-Ready is utilized to support principals' professional development in leading data analysis for staff meetings and has been incorporated in the past for teachers as a part of district-wide professional development. Additionally, as a result of distance learning and in order to provide targeted intervention in the subjects of ELA and Mathematics in earlier grade levels, Newark Unified has expanded i-Ready to include grades K-6. This allows teachers to receive professional development, have access to online instructional and intervention resources, and provide targeted lessons for all students in elementary grades, K-6. By expanding to all elementary

grades, Ed Services, K-6 teachers, and principals are able to monitor students' academic growth with data analysis reports and strategic and timely instruction and support. Due to the expansion of i-Ready for grades K-6 in both English-Language Arts and Mathematics, the total cost is \$126,552.

Change Order #2 - Landscaping and Irrigation Project Group 1

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$5,310.40
Budgeted	Yes
Budget Source	Bond Measure G
Recommended	The recommendation is that the Board of Education approve Change Order #2 for the
Action	Landscaping and Irrigation Project Group 1, with Marina Landscape, as presented.

[Purpose:](#)

Approve Change Order #2 in the amount of \$5,310.40 for a total contract amount of \$550,509.81 with Marina Landscape for the Landscaping and Irrigation Group 1 Project. This change is due to an unforeseen condition of the existing irrigation controllers not being wired to the system. This change is less than a 3% change of the contract and well within the project budget.

[Background:](#)

The Board approved the contract with Marina Landscape for the Landscaping and Irrigation Group 1 Project on June 17, 2021. The budget for the landscape and irrigation contract was estimated at \$894,141.00. The base contract awarded to Marina Landscape was \$535,400.00. The budget included a 5% contingency amount of \$26,770.00. Change Order #1 was approved October 7, 2021, in the amount of \$9,799.41.

This action item is to approve Change Order #2 (Final) which entails the following:

Locating controllers within a weatherproof pedestal type enclosure, for Birch Grove Primary, Birch Grove Intermediate, and Schilling Elementary Schools.	\$5,310.40
Total This Change Order	\$5,310.40

Contract Summary	
Bid/Contract Amount	\$535,400.00

Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approve the Warrant Report as presented.
Action	

[Purpose:](#)

The purpose of this item is to present warrants, for the total amount of \$1,871,831.89, made from District funds for October 2021.

[Background:](#)

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

RATIFICATION AND APPROVAL OF TK ENROLLMENT: (Ed. Code, 48000 & 35146)

Type Action, Discussion, Information

Purpose:
The Board will review student information for approval of newly registered Transitional Kindergarten students who shall reach age 5 after December 2, 2021. This process will continue on a case by case basis for students who register within the extended window.

Background:
Education Code sections 48000 and 48010, and District Administrative Regulation ("AR") 5111, requires the District to enroll any otherwise eligible student who turns age five or six on or before September 1 of a given school year into kindergarten or first grade, as applicable. In addition, if a student turns age five between September 2 and December 2 of a school year, then that student shall be offered an opportunity to enroll in TK. The District may additionally admit younger children to TK "on a case by case basis".

Education Code section 4800 specifically provides as follows:
(c)(1)(C) [A] child who will have their fifth birthday between September 2 and December 2 shall be admitted to a transitional kindergarten program maintained by the school district or charter school.

(c)(2)(A) In any school year, a school district ... may, at any time during a school year, admit a child to a transitional kindergarten program who will have their fifth birthday after the date specified for the applicable year ... but during that same school year, with the approval of the parent or guardian, subject to the following conditions:

(i) The governing board of the school district or the governing body of the charter school determines that the admittance is in the best interests of the child.

(ii) The parent or guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

Consistent with the Education Code, the District's AR 5111 provides:

On a case-by-case basis, a child who will turn five years old in a given school year may be enrolled in kindergarten or TK at any time during that school year with the approval of the child's parent/guardian, provided that: (Education Code 48000)

1. The parent/guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

2. The Governing Board determines that admittance is in the best interest of the child.

Beginning in the 2022-2023 school year, the birthday cut off will be extended to February 2, and will continue being extended by two months each school year, until the 2025-2026 school year, when any student with a birthday after September 1 must be admitted to TK

Graduate Profile Graphic Designs

Type Information

Purpose:

Present the renderings created by ImageSetters based on our NUSD student's (Guadalupe Angel Morales) original design to the Board of Education for their comments and feedback.

Background:

In 2020-2021, 151 members of the Newark community: students, teachers, administrators, parents, business partners, community partners, university representatives, and the Board of Education collaborated to identify the top six characteristics of a graduate of Newark USD. A high school student, Guadalupe Morales created three visual representations of these characteristics. The six characteristics were approved by the BOE in June 2021. ImageSetters created three professional quality graphics based on Guadalupe's designs.

Eliminate Excess Sick Leave Allotment for NEWMA New Hires Effective November 5, 2021.

Type Action
Recommended The recommendation is that the Board of Education approves to eliminate the excess sick
Action leave allocation to NEWMA new hires effective November 5, 2021, and reduce the liability and
cost to the district, as presented.

Purpose:
To eliminate the excess sick leave allocation to NEWMA (Newark Management) new hires effective November 5, 2021, and reduce the liability and cost to the district.

Background:
Current NEWMA employees receive a basic sick leave of up to 12 days per year and, in addition, they are also granted excess sick leave of 6-10 days depending on their position. Pre-1985, the excess sick leave was granted to NEWMA in lieu of a salary increase during difficult financial times. Any unused excess sick leave upon retirement results in a penalty that the district is required to pay. From 2004 to 2020, the district paid \$305K in excess sick leave penalties. The board approval would eliminate the excess sick leave allocation for NEWMA employees hired on or after November 5, 2021. NEWMA employees hired before November 5, 2021, will be "grandfathered" in, and they will retain their excess sick leave allocation. The estimated liability as of October 2021 is about \$160K. This estimate would increase each year as additional excess sick leave is accumulated.

Motion & Voting
The recommendation is that the Board of Education approves to eliminate the excess sick leave allocation to NEWMA new hires effective November 5, 2021, and reduce the liability and cost to the district, as presented.

Technology Purchase for First 5 Grant

Type Action
Preferred Date Nov 04, 2021
Dollar Amount \$74,870.93
Budgeted Yes
Budget Source First 5 Grant
Recommended The recommendation is that the Board of Education approves the purchase of Chromebooks,
Action carts, and software programs to set up reading centers and technology stations at each of the
TK sites throughout the district.

Purpose:
Newark Unified intends to utilize the First 5 Grant monies awarded to the district to create a developmentally appropriate reading center and technology station at each of the TK sites throughout the district. Included in the stations will be age-appropriate furniture with reading materials and instructional resources for content areas such as mathematics manipulatives and opportunities for phonics awareness. For the technology station, part of the First 5 Grant monies will include Chromebooks, carts, and age-appropriate software programs for TK students.

Background:
In response to Covid-19, the organization First 5 Alameda County (F5AC) established Kindergarten Transition Grants for school districts. These grants are intended to offer needed resources to districts in support of programming for students in this age group. First 5 recognizes that the transition into Kindergarten is a pivotal one and during the current crisis both families and schools are managing unprecedented conditions in order to support student learning at an early age. After applying for the grant, Newark Unified was awarded the First 5 grant by First 5 Alameda County to support students transitioning to Kindergarten.

MOU Between NTA and NUSD to Increase In-House Substitute Rates

Type Action
Absolute Date Nov 04, 2021
Recommended The recommendation is that the Board of Education approves the MOU between NTA and
Action NUSD to increase the in-house substitute rates.

Purpose:
The purpose is to increase the in-house substitute rates for the remainder of the 2021-22 school year to help compensate for missed prep periods.

Background:
This year we have experienced a significant increase in the need for substitute teachers, while at the same time experiencing a significant decrease in the substitute pool list. When a substitute cannot be secured, per the Collective Bargaining Agreement with NTA, site administrators first ask for volunteers to in-house substitute. If there are no volunteers, a teacher is assigned to be an in-house substitute based on a rotating schedule. In-house substitutes are currently compensated \$40 for their missed prep period. The MOU between NTA and NUSD would increase the rate from \$40 to \$55 per missed prep period. The District will continue to advertise for and attempt to recruit and hire substitutes, and shall not use the MOU to avoid filling any vacancies.

Contracts and Purchase Orders Authorized under Resolution 2020.21-025 (Delegate Authority to Procure Necessary Materials, Equipment and Services to

Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19)

Type Action
Recommended The recommendation is that the Board of Education accepts the update on costs associated
Action with the implementation of Resolution 2020.21-025 (Resolution of the Board of Education of

the Newark Unified School District to Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19)

Purpose:

To update the Board on costs associated with the implementation of Resolution 2020.21-025 (Resolution of the Board of Education of the Newark Unified School District to Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19) from October 1, 2021 through October 31, 2021.

There were no contracts and/or PO's authorized under this resolution for the month of October 2021.

Background:

On April 1, 2021, the Newark Unified School District Board approved Resolution 2020.21-025 delegating authority to the Superintendent or designee to procure necessary materials, equipment, and services that are needed to provide distance and/or in-person learning to mitigate the effects of Covid-19. Language in the resolution states "the Superintendent/Designee shall make periodic reports to the Board of Education and the public regarding implementation of this resolution and the costs associated therewith"; requiring the update provided here.

On September 16, 2021, Amended Resolution 2020.21-025 was approved. The amendment extends it to on or around June 30, 2022, and states that updates will be presented at the first Board meeting of each month.

Resolution 2021.22.10 Notice of Completion of Flooring Project

Type	Action
Recommended	The recommendation is that the Board of Education approve Resolution No. 2021.22.10 and
Action	authorize the filing of Notices of Completion (NOC) with the County Recorder of Alameda County for flooring work completed by JB Jordan & Associates at Newark Memorial High School, Schilling Elementary and Birch Grove Intermediate.

Purpose:

To authorize the filing of Notices Of Completion (NOC) with the County Recorder of Alameda County in order to start the 35-day deadline for filing liens. At the end of 35 days, the retention will be released.

Background:

The District approved a budget in February 2020 of \$1,200,000 from Measure G Bond funds for flooring projects. On August 6, 2020, the Board of Trustees awarded a contract to JB Jordan to install flooring at Newark Memorial High School (NMHS) in the amount of \$466,145. On December 17, 2020, the Board of Trustees approved an amendment (Change Order #1) in the amount of \$106,470 to include flooring work at Schilling, Birch Grove Intermediate, and NMHS for a total contract amount and final expenditure of \$572,615. Savings from the project was reallocated to support the HVAC replacement projects. Due to COVID-19, some work was deferred to summer 2021. The project was completed on August 11, 2021, and is ready for final acceptance. Staff requests acceptance of the project which will allow filing Notices of Completion with the County and permit the release of retention thirty-five (35) days after approval.

Resolution 2021.22.11 State Treasurer LAIF Signatories Authorization

Type	Action
Recommended	The recommendation is that the Board of Education approves Resolution No. 2021.22.11,
Action	State Treasurer LAIF Signatories Authorization.

Purpose:

The District currently has funds deposited with the Local Agency Investment Fund (LAIF). Due to the fact that the District has a new Superintendent and Chief Business Official (CBO), it's necessary to update the authorized persons associated with our account in order to conduct transactions relative to these accounts.

Background:

The Local Agency Investment Fund (LAIF) is a voluntary program created by statute; began in 1977 as an investment alternative for California's local governments and special districts and continues today under Treasurer Fiona Ma's administration. The LAIF is part of the Pooled Money Investment Account (PMIA). The PMIA began in 1955 and oversight is provided by the Pooled Money Investment Board (PMIB) and an in-house Investment Committee. The PMIB members are State Treasurer Fiona Ma, Director of Finance Keely Martin Bosler, and State Controller Betty Yee. The last update on the LAIF Signatories Authorization was October 16, 2018. Since then the district has hired a new Superintendent and CBO. Newark Unified School District has a LAIF balance of \$776.48.

Amendment No. 1 and 2 for Gelfand Partner Architects for Newark Junior High School Stair Replacement Project

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$11,120.00
Budgeted	Yes
Budget Source	Fund 25 Capital Facilities Fund
Recommended	The recommendation is that the Board of Education approves Amendment No. 1 and 2 for
Action	Gelfand Partner Architects to provide architectural services for the Stair Replacement Project at Newark Junior High School.

Purpose:
To approve Amendment No. 1 and 2 with Gelfand Partners Architects to provide architectural services for the Stair Replacement Project at Newark Junior High School.

Background:
The District approved a contract with Gelfand Partner Architects on February 18, 2021 in the amount of \$62,110 for the NJHS Stairs project architect services. At the May 6, 2021, Board meeting, an update on the NJHS Stair Project was provided. It included Amendment No. 1 in the amount of \$6,120 in the budget. The amendment is to provide design services for the Division of the State Architect (DSA) accessible path of travel requirements to support the Solar Parking Structure Project. The work included a revised ramp design at stairway 1.
On October 7, 2021, the Board approved a change order with the general contractor for the NJHS Stair Replacement Project which is related to the architect's Amendment No. 2. The change order and Amendment No. 2 was due to the unforeseen conditions found at stairways 2 and 3 where steel rebar was exposed which was not in concurrence with the original drawings of the building from the 1960s. This has required Gelfand Partners Architects to perform additional architectural services, including investigations, instructions, and processing the change in scope through DSA for an added service of \$5,000, which brings the total contract amount to \$73,230.

Quarterly Report on Contracts Over \$10,000 and Under \$48,350

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Budget Source	General Fund
Recommended	The recommendation is that the Board of Education receive the Quarterly Report on
Action	Contracts.

Purpose:
These quarterly reports on contracts are submitted to the Board for review.

Background:
The Board has requested a report of all contracts for services over \$10,000 and under \$48,350 (one-half of the current bid limit for purchases of equipment, materials, or supplies, pursuant to Public Contract Code 20111) be reviewed by the Board on a quarterly basis. This report only includes contracts that have not been previously approved by the Board.
Contracts are reported quarterly based on the Purchase Order date. Please note the service period on the attached contracts is from the fiscal year 2020-21. Although the contracts were signed in February and March 2021, the corresponding PO's were not processed until July 2021 when invoices were being processed for payment. The process to ensure a more timely reporting of contracts has been addressed by the Business Office.

Board of Education Requests

Type Action, Discussion, Information

Purpose:
This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.
Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:
The following derives directly from the Board approved "Governance Team Handbook"
Authority is Collective, Not Individual:
The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.
Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea.

The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 BOARD WORKSHOP

2021-22 District Goals and Objectives

Type Action, Discussion, Information

Purpose:

The superintendent, Dr. Triplett, will share with the Board a draft of the 2021-22 District Goals and Objectives for the Newark Unified School District.

I. Review Purpose of the Creation and Adoption of Goals and Objectives

1. To provide clear direction, coherence and accountability regarding area(s) of focus for the District.

II. Underlying Assumptions

1. Governance Team and Staff need clear goals and objectives to prioritize resources and effectively measure progress toward goals.

2. Consistency of goals over time is necessary to deepen the work throughout the district, to realize desired outcomes, and to make course corrections based on lessons learned.

3. Corresponding objectives need to be SMARTER (Specific, Measurable, Achievable, Realistic, Time Sensitive, and Equitable)

III. Timeline for Board Approval

1. Superintendent will recommend 2021-22 Goals and Objectives for community and Board input on Wednesday October 27, 2021.
2. Superintendent will make revisions based on community and Board input and present to the Board for approval on November 4, 2021.

Boundaries for Musick Elementary School Consolidation

Type	Action
Recommended	The recommendation is that the Board of Education approves the new boundaries for the
Action	consolidation of Musick Elementary School effective the 2022-23 school year.

Purpose:
The purpose of this item is for the Board of Education to approve the new boundaries for the consolidation of Musick Elementary School effective the 2022-2023 school year.

Background:
On November 19, 2020, the Board approved to consolidate Musick Elementary School for the 2022-23 school year. At the October 7, 2021, Board meeting, the proposed new boundaries for the consolidation of Musick Elementary School were presented. Students living north of, or on the north side of Thornton Avenue will be assigned to Kennedy Elementary, and students living south of, or on the Southside of Thornton Avenue will be assigned to Birch Grove Primary or Birch Grove Intermediate. Students currently attending Musick will be given a unique option to request their "top 3" choices of schools which will include their new home school as one of the choices. The district will work with families to accommodate requests as much as possible.

ESSER III Expenditure Plan

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$4,178,139.00
Recommended	The recommendation is that the Board of Education approve the ESSER III Expenditure Plan
Action	as presented.

Purpose:
The purpose of this item is to have the Board of Education approve the ESSER III Expenditure Plan.

Background:
A draft of the ESSER III Expenditure Plan was presented at the October 7, 2021, Board meeting. School districts, county offices of education, or charter schools, collectively known as LEAs, that receive Elementary and Secondary School Emergency Relief (ESSER) funds under the American Rescue Plan Act, referred to as ESSER III funds are required to develop a plan for how they will use their ESSER III funds. In the plan, an LEA must explain how it intends to use its ESSER III funds to address students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. An LEA may also use its ESSER III funds in other ways, as detailed in the Fiscal Requirements section of the instructions. In developing the plan, the LEA has the flexibility to include community input and/or actions included in other planning documents, such as the Local Control and Accountability Plan (LCAP), provided that the input and actions are relevant to the LEA's plan to support students. The ESSER III Expenditure Plan must be approved by the Board by October 29, 2021.

Update Administrative Regulation 1220: Citizen Advisory Committee

Type	Action
Fiscal Impact	No

Recommended Action The recommendation is that the Board of Education approves the following CSBA recommended changes to the AR 1220, to align with the current state law.

Purpose:

In accordance with Board ByLaw 9310, which states that "[t]he Board may review and/or approve regulations for the purpose of ensuring conformity with the intent of Board policy," we are seeking approval of the following changes to AR 1220. The proposed revised AR 1220 moves LCAP Parent Advisory into the category of committees that are exempt from the Brown Act. This change is in compliance with Ed Code section 37147, which specifically exempts councils and committees from the requirements of the Brown Act. It explicitly references LCAP parent advisory committees (as defined in Ed Code 52063) as exempt and that these committees shall be governed by the Green Act.

Background:

NUSD supports transparency, accountability, and parent involvement. The updated AR 1220 will continue to ensure that we are in compliance with the state regulations related to public oversight. Ed Code 37147 was updated for the following reasons:

When LCFF was enacted, the Green Act was not updated to apply to LCFF-created parent committees.

The Brown Act regulation undermines the ability of parents on PAC and DELAC committees to organize, plan, and speak out in a meaningful way, undermining the intent through LCFF to empower parents to participate in the LCAP development process.

In at least one district, members of a PAC met outside the formal PAC meetings to discuss how to advocate for more inclusive meeting procedures and received a letter from district counsel that referenced potential criminal prosecution because they had organized outside the PAC meeting.

To ensure that LCFF parent committees operate as intended and to avoid different legal standards for parent advisory committees.

Chromebooks Purchase

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$422,623.00
Budgeted	Yes
Budget Source	ESSER III
Recommended Action	The recommendation is that the Board of Education approves the purchase of 1,100 replacement Chromebooks.

Purpose:

To obtain Board approval for a purchase of Chromebooks and management licenses to support student computing technology by replacing equipment that is no longer usable. See attached quote and NCPA participation agreement for more information.

Background:

The new chromebooks will replace old chromebooks that have reached their end of expected life period.

The Chromebooks on the attached order include a three-year limited warranty and Google Chrome Perpetual EDU License.

School boards have the authority to "piggyback" on another public agency's bid, per Public Contract Code 20118, when it is in the best interest of a district. It is often advantageous to utilize piggyback bids when contract items are identical to the district's specifications. Using piggyback contracts saves time and often provides lower prices than a single jurisdiction would be able to obtain. Per Board Policy 3311, the District may piggyback onto the contract of another public agency or corporation to lease or purchase equipment or supplies to the extent authorized by law. The piggyback contracts utilized for this purchase are attached. Please note Trinity 3 Technology and FireFly Computers merged, launching a new identity as Trafera. The NCPA agreement with FireFly is now available to Trafera.

Contract with Welldom Inc. for Special Education Services

Type Action

Absolute Date Oct 21, 2021

Fiscal Impact Yes

Dollar Amount \$65,000.00

Budgeted Yes

Budget Source Resource 6500 - Special Education

Recommended The recommendation is that the Board of Education approves the contract with Welldom Inc.

Action

Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:
To approve the contract with Welldom Inc. for physical therapy services for Special Education.

Background:
Welldom Inc. will provide physical therapy services and assessments to ensure compliant practices in supporting students' Individual Education Program (IEP). Physical Therapists are well-trained to design and perform therapeutic interventions, remediation, and prevention strategies and adaptations, focusing on functional mobility and safe, efficient access and participation in educational activities in natural learning environments. Physical therapy services and assessments are legally mandated per Individual Disability Education Act (IDEA). Without Welldom Inc. services, Newark Unified School District would be out of compliance.

Warrant Report for September 2021

Type Action

Fiscal Impact No

Recommended The recommendation is that the Board of Education approves the Warrant Report as
Action presented.

Purpose:
The purpose of this item is to present warrants, for the total amount of \$2,324,999.26, made from District funds for September 2021.

Background:
The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and

approved by the County Office of Education.

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Budget Source	General Fund
Recommended	The recommendation is that the Board of Education receives the Quarterly Report on
Action	Contracts.

Purpose:
These quarterly reports on contracts are submitted to the Board for review.

Background:
The Board has requested a report of all contracts for services over \$10,000 be reviewed by the Board on a quarterly basis. This report only includes contracts that have not been previously approved by the Board.
This report lists contracts from the 1st Quarter of FY 2021-22 (July, August, September 2021).

Williams Uniform Complaint Quarterly Report July 1, 2021 to September 30, 2021

Type	Action
Absolute Date	Oct 21, 2021
Recommended	The recommendation is that the Board of Education approves the Williams Uniform Complaint
Action	Quarterly Report for the period of July 1, 2021 to September 30, 2021.

Purpose:
For the Board to receive and approve the Williams Uniform Complaint Quarterly Report for the period of July 1, 2021, to September 30, 2021.

Background:
Education Code 35186 requires that the Superintendent of a school district report summarized data on the nature and resolution of all complaints filed under the Williams Uniform Complaint Procedures to the local Board of Education and the County Superintendent of Schools on a quarterly basis. The report must include the number of complaints by general area, the number of resolved and unresolved complaints, and be publicly presented at a regularly scheduled Board meeting. The attached report is presented to the Board for the period of July 1, 2021, to September 30, 2021.
During the period of July 1, 2021 - September 30, 2021, there were 27 Williams Uniform Complaint forms submitted with a total of 28 complaints, filed by six teachers.
Of the 17 Textbook/Instructional Materials complaints, six were related to "supplementary" material requests for Special Ed classes, rather than students not having access to standards-aligned textbooks. Therefore, those were all unfounded. The remaining 11 have been resolved.
Of the six Teacher Vacancy complaints, five of the positions are currently filled with substitutes who have an emergency permit from the CTC. We are in compliance with CTC/CDE requirements and those are resolved. We have one 0.2 FTE unfilled/unresolved. We will continue to advertise, interview and otherwise recruit for all vacant positions.
Of the five Facilities complaints, all are resolved.

Donations Report

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$4,856.94
Budgeted	Yes
Budget Source	General Fund (Fund 010) Donations
Recommended Action	The recommendation is that the Board of Education accepts the Donations Report as presented.

Purpose:

The purpose is to acknowledge receipt of donations to the District.

Background:

Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledgment and budgeted properly according to donor restrictions. There is acknowledgment at the public Board meeting and a letter of thanks is sent to the donor by the Business Office for NUSD.

Board of Education Requests

Type	Action, Discussion, Information
-------------	---------------------------------

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook" Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 CONSENT AGENDA: NON-PERSONNEL ITEMS

Contract with Hop Skip Drive, Inc. for District-Wide Special Education Transportation

Type Action

- Absolute Date Oct 12, 2021
- Fiscal Impact Yes
- Dollar Amount \$274,860.00
- Budgeted Yes

Budget Source Resource 6500 - Special Education

Recommended The recommendation is that the Board of Education approves the contract with HopSkipDrive,

Action Inc.

Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:

To approve the contract with HopSkipDrive Inc., for district wide transportation for Special Education students with IEP recommended transportation for the 2021-22 school year.

Background:

There has been challenges associated with driver shortages this school year. Contracting with HopSkipDrive Inc., will provide safe and affordable transportation for students in Special Education identified as needing transportation as a related service to access their Free Appropriate Public Education (FAPE). Special Education transportation is defined in federal regulation [34 CFR Section 300.34(c)(16)] as a related service. Transportation is required to be provided as a related service if it is required to assist a child with a disability to benefit from Special Education.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.

Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea.

The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further

developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

11.1 ACOE Approval of NUSD 2021-22 Adopted Budget and Local Control and Accountability Plan

Type Information

Purpose:

To inform the Board of the approval of NUSD's 2021-22 Adopted Budget and Local Control Accountability Plan (LCAP) by the Alameda County Office of Education (ACOE).

Background:

ACOE approved the District's 2021-22 Adopted Budget and LCAP (see attached letter). Please note in the ACOE letter (page 2), there is a statement regarding a projected deficit in the general fund of \$4.2M in 2021-22. This deficit is in the restricted funds which represents carryover spending from the prior year's restricted fund balance. The unrestricted general fund is projected with a slight surplus of \$381K. A Public Hearing was held on June 3, 2021, on the 2021-22 Local Control and Accountability Plan (LCAP) and the 2021-22 Proposed Budget. At the Special Meeting of the Board on June 29, 2021, both the 2021-22 Local Control Accountability Plan (LCAP) and 2021-22 Adopted Budget were approved.

14.4 Proposed Boundaries for Musick Elementary School Consolidation

Type Discussion, Information

Purpose:

To present the proposed boundaries for the consolidation of Musick Elementary School for the 2022-2023 school year.

Background:

On November 19, 2020, the Board approved to consolidate Musick Elementary School for the 2022-23 school year.

The proposed new boundary line is Thornton Avenue. Students living north of, or on the north side of Thornton Avenue will be assigned to Kennedy Elementary, and students living south of, or on the Southside of Thornton Avenue will be assigned to Birch Grove Primary or Birch Grove Intermediate. Students currently attending Musick will be given a unique option to request their "top 3" choices of schools which will include their new home school as one of the choices. The district will work with families to accommodate requests as much as possible.

A recommendation to approve the new boundaries will be presented to the Board at the October 21, 2021, meeting.

14.5 Draft ESSER III Expenditure Plan

Type Discussion, Information

Purpose:

To present the draft ESSER III Expenditure Plan to the Board. The final draft will be presented for approval at the October 21, 2021 Board meeting.

Background:

School districts, county offices of education, or charter schools, collectively known as LEAs, that receive Elementary and Secondary School Emergency Relief (ESSER) funds under the American Rescue Plan Act, referred to as ESSER III funds, are required to develop a plan for how they will use their ESSER III funds. In the plan, an LEA must explain how it intends to use its ESSER III funds to address students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. An LEA may also use its ESSER III funds in other ways, as detailed in the Fiscal Requirements section of the Instructions. In developing the plan, the LEA has flexibility to include community input and/or actions included in other planning documents, such as the Local Control and Accountability Plan (LCAP), provided that the input and actions are relevant to the LEA's Plan to support students.

The ESSER III Expenditure Plan must be approved by the Board by October 29, 2021. Staff will present the District's final plan to the Board at the October 21, 2021 meeting.

Recommended	The recommendation is that the Board of Education approve Resolution 2021.22.09 Declaring
Action	the Futility of Public Bidding for Work Arising from Unforeseen Conditions and Approving Change Order #2 in the amount of \$232,032.70 to the Agreement with Cal-Pacific for the Stairway Project at Newark Junior High School Project, as presented.

Purpose:

The Board will consider the recommendation from staff to approve Resolution 2021.22.09 and approve Change Order #2

scope adjustments in the amount of \$232,032.70 for the Newark Junior High School Stair Improvement & Barrier Removal Project.

Background:

The Board approved the contract with Cal- Pacific Construction Inc. for the Newark Junior High School Stair Improvement & Barrier Removal Project on June 17, 2021. The base contract awarded to Cal-Pacific was for \$631,000.00. Change Order #1 in the amount of \$21,353.65 was approved on August 5, 2021, for a total contract amount of \$652,353.65.

The Newark Junior High School Stair Improvement & Barrier Removal Project has been under construction since June 2021. Stair #1 has been completed. During the course of the work, there have been significant changes in scope due to unforeseen conditions. Change Order #2 is for additional steel reinforcement, installation of skateboard deterrents, concrete repair work, removal and replacement of staircase 2 and 3 due to unforeseen conditions (the unforeseen conditions will be explained more in detail at the Board meeting), credit for remaining work for pedestrian coating, striping and concrete patchwork and footing at Newark Junior High School, as presented.

Because this Change Order is above 10% of the original contract value the Board needs to approve Resolution 2021.22.09 Declaring the Futility of Public Bidding of Additional Construction Work on the project. The resolution contains recitals to support the findings required under Public Contract Code.

The scope and cost of each COR have been verified and negotiated by the Architect and Construction Manager.

15 CONSENT AGENDA: PERSONNEL ITEMS

15.1 PLACEHOLDER - One Consented Vote

Type Action
Recommended Action It is recommended that the Board of Education approve, under one consented vote, the agenda items under Consent-Personnel, except for agenda items:

Purpose:
(This is specifically a placeholder, and will only be used if multiple agenda items are approved under a consented vote.)

Background:
Items within the Consent Agenda are considered routine and will be approved, adopted, or ratified by a single motion and action. There will not be a separate discussion of these items; however, any item may be pulled from the Consent Agenda upon the request of any member of the Board and acted upon separately.

Motion & Voting
It is recommended that the Board of Education approve, under one consented vote, the agenda items under Consent-Personnel, except for agenda items: 15.2 and 15.3.

15.3 Revised 2021-22 Department Chair Salary Schedule

Type Action
Recommended Action The recommendation is that the Board of Education approve the revised 2021-22 Department Chair Salary Schedule with updated stipend language.

Purpose:
To clarify the stipend for Department Chairs so that the language is the same as the NTA agreement.

Background:
On August 5, 2021, the salary schedule was approved to read: Stipend Grade 7-8 \$3,150, Grade 9-12 \$3,150.
Per the NTA 2019-2022 Agreement, Appendix G Department Chair Stipends, the base amount is \$1800 plus \$60 per section for both High School and Junior High School. The salary schedule is corrected to read: Grade 7-8 \$1,800 plus \$60/section, Grade 9-12 \$1,800 plus \$60/section.

16.2 Updated School Lunch Prices 2021-2022

<p>Type Recommended Action</p>	<p>Action The recommendation is that the Board of Education approve the updated fees for school meals, effective for the 2021-2022 school year.</p>
--	---

Purpose:
 Students will continue to receive free meals based on the current USDA guidance of the Summer Seamless Option which allows for free meals to all students no matter their status. There is no guarantee, however, that this program will continue beyond the 2021-2022 school year.
 The USDA Paid Lunch Equity Requirement remain in effect during the Summer Seamless Option. Annually, NUSD Child Nutrition Department uses the Paid Lunch Equity Tool (provided by the US Department of Agriculture) to determine weighted average lunch prices. This tool uses the monthly average of all lunches purchased in October of the prior school year. For the 2021-22 calculations, October 2019 lunch sales numbers were used in order to accurately reflect sales.
 Currently, the NUSD weighted average lunch price is \$3.12. For the 2021-2022 school year, the required weighted average lunch price is \$3.18. In order to be in compliance, NUSD Child Nutrition must increase elementary paid lunch fees for the 2021-2022 School Year.
 Elementary School Lunch Prices will increase from \$2.75 to \$3.00 (\$0.25 increase)
 Newark Jr High School Lunch Prices will remain at \$3.25
 Newark Memorial High School Lunch Prices will remain at \$3.50
 Students eligible for free meals will continue to receive meals at no cost.
 Increasing lunch prices will increase revenues in the National School Lunch Program and that will ensure more monies to the nonprofit school food service account and allow them to avoid impinging on the general fund.

Background:
 Regulation 7 CFR 210.14 (e) requires school food authorities (SFAs) participating in the National School Lunch Program to ensure sufficient funds are provided to the nonprofit school food service account for meals served to students not eligible for free or reduced-price meals. There are two ways to meet this requirement: changing the prices charged for "paid" meals, or through other non-Federal sources provided to the nonprofit school food service account.

16.3 Resolution 2021.22-07 - Sufficiency of Instructional Materials

<p>Type Fiscal Impact Recommended Action Goals</p>	<p>Action No The recommendation is that the Board of Education approves Resolution 2021.22-07 declaring sufficiency of instructional materials for students. 1a. Student Achievement</p>
--	--

Purpose:
 To certify compliance with Education Code Section 60119 (as revised by Chapter 704, Statutes of 2006 and California Code of Regulations (CCR), Title 5, Section 9531). In order to be eligible to receive instructional materials funds, the governing board of each district and county office of education is required to hold an annual public hearing and adopt a resolution stating whether each pupil in the district has sufficient textbooks or instructional materials in specified subjects that are aligned to the academic content standards and consistent with the content and cycles of the curriculum frameworks adopted by the state board. This is an annual process.

Background:
 Under EC Section 60119, the governing board of every local educational agency that receives state instructional materials funds must hold an annual public hearing before the end of the eighth week from the first-day pupils attend school for that year. At the public hearing, the governing board must make a determination as to whether each pupil in each school has sufficient textbooks or instructional materials, or both, that are aligned to the content standards and are consistent with the content and cycles of the curriculum framework adopted by the State Board of Education in reading/language arts, mathematics, science, and history-social science.
 Site principals reviewed site sufficiency of materials and affirm.
 Governing boards that have met the requirements of Education Code Section 60119 and have also certified compliance with the Instructional Materials Funding Realignment Program (IMFRP) requirements regarding the provision of adopted standards-aligned instructional materials for all students (Education Code Section 60422) may spend 100% of any remaining IMFRP funds from that year's allocation for other approved purposes.

Purpose:

To update the Board on costs associated with the implementation of Resolution 2020.21-025 (Resolution of the Board of Education of the Newark Unified School District to Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of Covid-19) from June 1, 2021, through September 30, 2021.

Background:

On April 1, 2021, the Newark Unified School District Board approved Resolution 2020.21-025 delegating authority to the Superintendent or designee to procure necessary materials, equipment, and services that are needed to provide distance and/or in-person learning to mitigate the effects of Covid-19. Language in the resolution states "the Superintendent/Designee shall make periodic reports to the Board of Education and the public regarding implementation of this resolution and the costs associated therewith"; requiring the update provided here. An update was provided to the Board on June 17, 2021, for contracts and purchase orders authorized between April 2, 2021, and May 31, 2021.

On September 16, 2021, Amended Resolution 2020.21-025 was approved. The amendment extends it to on or around June 30, 2022, and states that updates will be presented to the Board at the first Board meeting of each month.

16.5 University of San Francisco MOU and Agreement Regarding Teaching and Counseling Experience

Type	Action
Absolute Date	Oct 07, 2021
Recommended	The recommendation is that the Board of Education approve the University of San Francisco
Action	MOU and Agreement Regarding Teaching and Counseling Experience.

Purpose:

The purpose of this item is for the Board of Education to approve the MOU and agreement between the University of San Francisco and Newark Unified School District regarding student teachers and counselors beginning May 1, 2021, and ending June 30, 2026.

Background:

The District works closely with local institutes of higher education (IHE) and supports student teacher placements and interns. Agreements between Newark Unified School District and a university must be in place before a student teacher or intern can be placed at a school site in the District.

Student teachers and interns in training do fieldwork in our schools and are supervised by the administrators who provide supervision and training.

Student teachers and interns are able to learn, practice teaching, and fine-tune their craft under the direct supervision of a master teacher. The opportunity to student teach or intern in the District benefits both the student teacher and the District. As vacancies become available in the district, it is invaluable to have the opportunity to observe directly student teachers and interns who may be eligible to interview for vacancies and observe how well they fit into the culture of Newark.

16.6 Contract with Hop Skip Drive, Inc. for District-Wide Special Education Transportation

Type	Action
Absolute Date	Oct 07, 2021
Fiscal Impact	Yes
Dollar Amount	\$274,860.00
Budgeted	Yes
Budget Source	Resource 6500 - Special Education
Recommended	The recommendation is that the Board of Education approves the contract with HopSkipDrive,
Action	Inc.
Goals	1a. Student Achievement

Purpose:
To approve the contract with HopSkipDrive Inc., for district wide transportation for Special Education students with IEP recommended transportation for the 2021-22 school year.

Background:
There has been challenges associated with driver shortages this school year. Contracting with HopSkipDrive Inc., will provide safe and affordable transportation for students in Special Education identified as needing transportation as a related service to access their Free Appropriate Public Education (FAPE). Special Education transportation is defined in federal regulation [34 CFR Section 300.34(c)(16)] as a related service. Transportation is required to be provided as a related service if it is required to assist a child with a disability to benefit from Special Education.

16.7 Amendment to Inspectacon Contract

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$20,000.00
Budgeted	Yes
Budget Source	Fund 40 Special Reserves for Capital Outlay Projects
Recommended	The recommendation is that the Board of Education approve the amendment to the
Action	Inspectacon contract as presented.

Purpose:
To approve the amendment to increase the Inspectacon contract for DSA inspection services for the Newark Junior High (NJHS) Solar Arrays, Newark Memorial High School (NMHS) Solar Arrays, and Newark Memorial High School Battery Storage solar projects.

Background:
Inspectacon is the required DSA inspector for the solar projects at NMHS and NJHS. The amendment to the contract is needed due to unforeseen conditions with the solar project. The original contract was \$47,950 and with this increase, the new total will be \$67,950. Forefront, the solar project contractor, will reimburse the district \$20,000 for the inspection services. The net cost to the district is \$47,950.

17.3 Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.

Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 INTERVIEW AND APPOINTMENT

Candidate Interview

Type Discussion, Information

Purpose:

The Board of Education will have the opportunity to interview the candidates.

Background:

Member Martinez accepted an appointed position on the Ohlone Community College Board and has resigned from the NUSD Board of Education. Her resignation took effect on July 28. The Education Code provides that the Board can decide whether the vacancy is filled by a special election or through an appointment made by the Board. On August 5, 2021, the Board decided to proceed with the appointment process. On August 23, 2021, the applications were made available to the public, with a closing date of September 1, 2021. A Board directive was given to diligently review the board bylaws, and an administrative oversight was discovered. As a result, the application process was re-opened on September 3, 2021, and closed on September 10, 2021. Four applications were submitted, and three candidates confirmed their attendance at the September 21, 2021, Special Board of Education Meeting.

The candidates will be selected at random in order to decide the order of the candidates to be interviewed. The Board members will ask the candidates interview questions, and all candidates will be asked the same questions.

Candidates to be interviewed:

Candidate Selection

Type Action, Discussion

Purpose:

For the Board to score the candidates based on the interview questions, select, and approve one candidate to take the vacant seat on the NUSD Board of Education.

Background:

Per Board direction, the past practices will be followed when scoring and selecting the candidates. Traditionally, candidate selection consists of two rounds. Normally in the first round, the Board members will each select their top three (3) candidates without a number scale or grade, and no more or no less than three will be selected. Per guidance from the Board vacancy sub-committee, the first round can be bypassed due to only being three candidates who will be interviewed. In the second round, the

Board ranks the three candidates using a 3 - 2 - 1 number scale (3 for their first and top choice, 2 for their second choice, and 1 for their third or last choice). All Board members will rank the candidates using a 3, 2, or 1. Each candidate must be given a 3, 2, or 1 score. After a sum of the scores provided by the Board, the candidate with the highest score will be selected to move forward as the candidate selected to join the NUSD Board of Education. A motion and second, with approval from the majority of the Board will affirm the selection.

10 STAFF REPORT

Dual Language Immersion Program

Type Information

Goals VISION: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.
MISSION: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.
1. To provide academic excellence via equity and opportunities for all students.
3. Newark Unified School District will increase our enrollment.

Purpose:

To provide the Board of Trustees an update on the Spanish Dual Language Immersion (DLI) Program, which opened this Fall 2021 on the Schilling Elementary campus.

Background:

NUSD opened a Spanish Dual Language Immersion (DLI) Program this year (2021) on the A. L. Schilling Elementary campus. This is a result of many discussions, explorations, and research that has taken place since 2018. Initiating a DLI program in NUSD was one of many strategies identified by previous district leadership and board members to increase enrollment, support parent choice as required by Proposition 58, support English Learner students as per the CA EL Roadmap, and work towards the mission and goals outlined in the Global California 2030 report. Although the DLI program was scheduled to open last academic school year (2020-21), district leadership decided to suspend implementation for one year due to pandemic related school closures. This presentation will provide an update on the opening of NUSD's new DLI program, tools for program assessment, and next steps for continued program expansion.

11 OLD BUSINESS

Determination of Interview Process to Fill Board Vacancy and Timeline

Type Action, Discussion

Purpose:

The purpose is to provide any updates regarding the appointment interview process to fill the Trustee vacancy.

Background:

Member Martinez accepted an appointed position on the Ohlone Community College Board and has resigned from the NUSD Board of Education. Her resignation took effect on July 28. The Education Code provides that the Board can decide whether the vacancy is filled by a special election or through an appointment made by the Board. On August 5, 2021, the Board decided to proceed with the appointment process.

APEX Credit Recovery

Type Action, Discussion

Preferred Date Sep 16, 2021

Recommended Action The recommendation is that the Board of Trustees approve the use of APEX as credit recovery platform, combined with site-based accountability structures to ensure rigorous and equitable student access to high quality educational experiences.

Goals MISSION: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.
2. Establish financial stability and fiscal solvency in order to drive continuous improvement.
1. To provide academic excellence via equity and opportunities for all students.

Purpose:

To provide additional information to the Board of Trustees about the background and usage of NUSD's current credit recovery program delivered through APEX, for the purpose of determining the next steps regarding APEX implementation within NUSD. Through this follow-up agenda item, the Board of Trustees will have an opportunity to hear answers to their questions from the previous study sessions and learn more about how APEX is currently utilized in NUSD and what shifts/changes our secondary schools have made to program implementation in response to recent community input.

Background:

This study session was presented upon request at the August 18th and September 2 regular meetings of the Board of Education. At the end of both study sessions, board members requested additional information, which will be presented for the purpose of making a time-sensitive decision regarding APEX credit recovery options for NUSD students in 2021-2022 and beyond. As we continue to explore the benefits and challenges of how to utilize technology in support of student achievement, the Board of Trustees has requested information regarding current APEX implementation in NUSD, to ensure rigorous and equitable student access to high quality educational experiences.

Amend Resolution 2020.21-025 To Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of COVID-19

Type Action, Discussion
Recommended The recommendation is that the Board adopt Amended Resolution 2020.21-025 To Delegate
Action Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or
In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of COVID-19

Purpose:
To review Resolution 2020.21-025 To Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers, and Students to Mitigate the Effects of COVID-19 and approve Amended Resolution 2020.21-025 extending it through June 30, 2022.

Background:
Resolution 2020.21-025 was approved by the Board on April 1, 2021. Section 5 of the resolution reads: The Board of Education will review this resolution on or around September 16, 2021 to determine if it shall be terminated or extended. On March 4, 2020, the Governor of California declared a state of emergency due to the outbreak and spread of COVID-19. The state of emergency continues to this date. The safety of students, staff and community against the continued COVID-19 pandemic and emerging variants remains a top priority. According to the Center for Disease Control and Prevention (CDC) website, "The Delta variant causes more infections and spreads faster than early forms of SARS-CoV-2, the virus that causes COVID-19". Amended Resolution 2020.21-025 allows the district to continue to plan for anticipated needs, adapt to ever-changing needs and provide equipment, goods, materials and products needed to continue to combat the spread of COVID-19, the Delta variant and any future variants.

Resolution 2021.22.04 Declaring Surplus Equipment

Type Action, Discussion

Fiscal Impact No

Recommended The recommendation is that the Board of Education approve Resolution 2021.22.04: Declaring

Action Surplus Equipment

Purpose:

The purpose of this item is to obtain Board approval of Resolution 2021.22.04: Declaring Surplus Equipment, which lists items to be declared as surplus equipment as recommended.

Background:

Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment And Supplies. Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility.

The property as described in Resolution 2021.22.04 includes equipment used at Kennedy Elementary Library. Staff determined that items are obsolete and/or beyond economical repair.

MOU with Mark Bishop, Mental Health Clinician

Type Action

Fiscal Impact	Yes
Dollar Amount	\$74,000.00
Budgeted	Yes
Budget Source	SPSA and ESSER Funds
Recommended	The recommendation is that the Board approve the Memorandum of Understanding with Mark
Action	Bishop, Mental Health Clinician for Newark Memorial High School.

Purpose:

Mr. Mark Bishop serves as a Mental Health Clinician supporting the students at Newark Memorial High School. This Memorandum of Understanding (MOU) is for his continued service and work for the 2021-2022 school year.

Background:

Newark Memorial High School (NMHS) will provide individual therapy to students as part of the school's Coordination of Services Team (COST) referral process. Mr. Mark Bishop, a Mental Health Clinician, will provide individual therapy with a caseload of 20-25 students and will also support the school with crisis mental health support for the whole student body along with supporting the referrals from the COST. This work will be accomplished under the direction of the Principal.

Agreement with Jackie Melcher, Mental Health Clinician

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$72,750.00
Budgeted	Yes
Budget Source	Title 1 and LCAP
Recommended	The recommendation is that the Board approve the agreement with Jackie Melcher, Behavioral
Action	Health Consultant, for services at Schilling Elementary.

Purpose:

To provide Schilling Elementary students an onsite mental health clinician who will support Tier I and Tier II needs. The clinician, Ms. Jackie Melcher, will also support the implementation of Positive Behavioral Interventions and Support (PBIS) and work at the school five (5) days a week.

Background:

The Schilling Elementary School Site Council reviewed the school needs and approved to continue this support role to meet the ongoing needs of students and the implementation of PBIS and their Coordination of Services Team (COST). The site is using restricted site funds (Title 1 and LCAP) to add this supplemental service to the school wide program.

Warrant Report for August 2021

Type	Action
Fiscal Impact	No
Recommended	The recommendation is that the Board of Education approves the Warrant Report as
Action	presented.

Purpose:

The purpose of this item is to present warrants, for the total amount of \$3,123,976.94, made from District funds for August 2021.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.

Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea.

The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

3 STUDY SESSION

Continuation of APEX Credit Recovery

Type Discussion, Information

Purpose:
To provide additional information to the Board of Trustees about the background and usage of NUSD's current credit recovery program delivered through APEX. Through this follow up a study session, the Board of Trustees will have an opportunity to hear answers to their questions from the previous study session and learn more about how APEX is currently utilized in NUSD and what shifts/changes our secondary schools have made to program implementation in response to recent community input.

Background:
This study session is presented upon request at the August 18th regular meeting of the board of education. At the end of the study session, board members requested additional information and data, which will be presented along with more information from NMHS stakeholders, at this follow-up study session.
To reiterate, as we continue to explore the benefits and challenges of how to utilize technology in support of student achievement, the Board of Trustees has requested information regarding current APEX implementation in NUSD, so as to ensure rigorous and equitable student access to high-quality educational experiences.

12 STAFF REPORT

NUSD Safety Plan and COVID-19 Update

Type Discussion, Information

Purpose:

To provide the Board and the community an update on the NUSD Safety Plan and COVID-19 protocols.

Background:

We have created this plan to aid in navigating the Covid-19 global pandemic so that our students, staff, and families feel safe and to reduce the impact of COVID-19 conditions upon returning to in-person learning. The guidelines referenced in this plan are based on guidance from the Centers for Disease Control and Prevention (CDC), California Department of Public Health (CDPH), and Alameda County Public Health Commission (ACPHC). Regular updates will be made to this plan based on information provided by the CDC, CDPH, ACPHC, and applicable federal, state, and local agencies.

Newark Unified School District is committed to creating an environment in which our students can return to in-person learning while ensuring the safety and health of our students, staff and families. Due diligence and proper planning will be the strategy that will guide our work. To do this, we will continue to work together to reduce the number of COVID-19 cases by observing all the precautions, guidance, and requirements from health experts. Given the reality that COVID-19 will remain a very real threat for the foreseeable future, we stand committed to a plan of what will get us through this period by working together.

To provide information about COVID readiness preparations of the District's HVAC mechanical systems.

Background:

In addition to extraordinary COVID readiness measures the District has been undertaking as a part of our preparations to return to in classroom learning, over the past several months we have been aggressively inspecting, testing, repairing, upgrading, adjusting the equipment and outside air intake, air flow balancing and commissioning all of the District's HVAC and air handling equipment, energy management control systems and thermostats.

These measures have been undertaken by:

Cypress Engineering, Inc - Commissioning Agent and Equipment Balancing Certifications

Alpha Air Balancing Agency, Inc Testing and Air Balancing

Western Allied, HVAC Contractor Tune up and Repairs

Syserco Energy Solutions - Building Energy Management Controls Systems

Most of these associated costs will be covered by Covid-19 related funds (i.e. CARES Act, ESSER, In-Person Instruction Grant). These measures were coordinated by the Director of MOT and the District's HVAC technician along with administrative support and oversight by the Chief Business Official and RGM Kramer.

At this Board of Education meeting, Cypress Engineering, Inc, commissioning agent, will report on the District's efforts, results, and certifications of the District-wide mechanical systems.

Bond Projects Update

Type Discussion, Information

Purpose:

RGM Kramer, the district's Bond Project Manager, and the CBO will provide an update on the Measure G Bond projects.

Background:

An update on the projects and a revised budget was presented at the April 15, 2021 board meeting.

The Board approved a list of Measure G priority projects on October 16, 2018.

A Board Study Session was held on February 6, 2020 to review the status of the Measure G bond projects and the amount of remaining funds. There was approximately \$7,800,000 remaining in Measure G funds.

The Board asked staff to review facilities needs and get input on priorities from Principals.

The Superintendent and CBO met with the Principals on February 12, 2020 to gather input.

A list of projects and a budget was approved by the Board on February 20, 2020. Projects included HVAC system upgrades, new flooring, landscaping improvements, plumbing and irrigation repairs, roof repairs, and security fencing.

The budget was revised on September 17, 2020 and October 6, 2020

Budget revisions and project changes will be submitted to the Board for approval as needed.

Determination of Interview Process to Fill Board Vacancy and Timeline

Type Action, Discussion

Purpose:

The purpose is to provide the Board of Education the opportunity to provide input and suggestions to the subcommittee regarding the appointment interview process to fill the Trustee vacancy.

Background:

Member Martinez accepted an appointed position on the Ohlone Community College Board and has resigned from the NUSD Board of Education. Her resignation took effect on July 28. The Education Code provides that the Board can decide whether the vacancy is filled by a special election or through an appointment made by the Board.

On August 5, 2021, the Board decided to proceed with the appointment process. On August 23, 2021, the application became available to the public and was due on September 1, 2021.

2020-21 Unaudited Actuals Financial Report

Type Action, Discussion

Absolute Date Sep 02, 2021

Fiscal Impact No

Recommended The recommendation is that the Board approve the 2020-21 Unaudited Actuals Financial Report

Purpose:

The purpose of this item is for the Board to review and approve the 2020-21 Unaudited Actuals Financial Report.

Background:

Assembly Bill 1200 requires that the prior year unaudited actuals of revenues and expenditures be approved by the Board of Trustees (EC 42100). The unaudited actuals will be reviewed by independent auditors and presented in an annual independent audit report. The report includes the actual results of 2020-21 operations for all funds of the District, and includes various supplemental schedules that are used to convert the District's fund level statements into entity-wide statements in compliance with Governmental Accounting Standards Board Statement #34 (GASB 34).

The District is required to close its books for the 2020-21 fiscal year by September 15, 2021, and submit the financial statement to the Alameda County Office of Education who will review the information and forward it to the state.

This report is prepared using the state software in a format approved by the California Department of Education (Standardized Account Code Structure, known as SACS). Individual SACS report forms are prepared for each of the District's funds. The financials present the 2020-21 revenues, expenses, assets, liabilities and fund balances by fund.

Resolution 2021.22.05 Gann Limit

Type Action, Discussion
Fiscal Impact No
Recommended Staff recommends the Board adopt Resolution No. 2021.22.05 for the 2020-21 and 2021-
Action 22 Gann Limit.

Purpose:
The purpose of this item is for the Board to approve Resolution No. 2021.22.05, adopting the 2020-21 and 2021-22 Gann Limit.

Background:
Each year local jurisdictions in the State of California must determine that certain appropriations and revenues are within the guidelines set forth in Article XII, Section B of the State Constitution commonly known as the Gann Amendments (Proposition 4, 1979). These calculations are based upon expenditures in the base year of 1978-79. The provisions of that Article establish maximum appropriation limitations for public agencies, including school districts. Newark Unified School District must establish a revised Gann limit for the 2020-21 fiscal year and a projected Gann limit for the 2021-22 fiscal year in accordance with the provisions of Article XII B and applicable statutory law. A School Services of California article is attached for reference and information on the Gann Limit.

Master Contract with Ascend Rehab Services Inc. for Special Education Services

Type Action, Discussion
Absolute Date Sep 02, 2021
Fiscal Impact Yes
Dollar Amount \$966,890.00
Budgeted Yes
Budget Source Resource 6500 - Special Education
Recommended The recommendation is that the Board of Education ratifies the master contract with Ascend
Action Rehab Services Inc.
Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:
For the Board of Education to approve the master contract for Ascend Rehab Services Inc. contract in the amount

of \$966,890.00 for the 2021-2022 school year.

Background:

The District contracts with nonpublic agencies when necessary to provide related services to students with Individual Education Programs (IEPs). For the upcoming school year Ascend Rehab Services, Inc. will provide the following personnel to support related services for occupational therapy & speech therapy to Students With Disabilities (SWDs):

- .2 FTE Occupational Therapist (OT)
- 6 FTE Speech-Language Pathologists (SLP)
- 1 Speech-Language Assistant (SLPA)
- 1 Assistive Technology Professional (ATP)

The above positions will cover the needs of unfilled positions for the 2021-2022 school year. Additionally, Ascend Rehab Services, Inc. will provide Extended School Year (ESY) related services, and summer assessment services to students to determine eligibility for special education-related services. This past school year the Special Education Department had to add additional Speech-Language Pathologists support due to the number of students requiring assessments and related speech services for speech.

Assistive Technology Professional (ATP)

Ascend Rehab Services Inc. will provide assistive technology assessments and services. A service provider will assess the needs of students with disabilities, assist in the selection of appropriate assistive technology for the student, and provide training in the use of the selected device(s).

Students served through Individualized Education Programs (IEPs) and identified as needing speech and occupational therapy-related services are legally mandated to receive these required services. Without the agency's therapists, Newark Unified School District would be out of compliance in providing these necessary related services. The District has actively recruited to fill these FTE positions and has only been able to fill 1 SLP for the 21/22 school year. The District requires speech-related services to fulfill the District's obligation to serve special education students. The ongoing shortage of special education personnel nationally requires the District to act with a sense of urgency to ensure service providers are in place at the commencement of the school year. Districts throughout California have similar challenges to Newark Unified School District in securing qualified personnel to serve special education students' speech services. The shortage of Speech-Language Pathologists is part due to the limited number of graduate programs, along with an increasing number of students qualifying for speech-related services.

For the 21/22 school year, Newark Unified School District has the following employees serving students requiring speech-related services:

- 2.2 FTE Speech-Language Pathologists
- 1 FTE Speech-Language Assistant (SLPA).

For the upcoming school year, Ascend Rehab Services Inc. will support the District with the following additional speech & occupational therapy personnel:

- .2 FTE Occupational Therapist (OT)
- 6 FTE Speech-Language Pathologists (SLP)
- 1 Speech-Language Assistant (SLPA)
- 1 Assistive Technology Professional (ATP)

The speech FTE is an increase of .4 FTE from the previous school year. The increase is due to the number of students qualifying for speech-related services. Students' speech services may include 1:1 intense services, along with group services, depending on the unique needs of the student. In recent years the increase of students qualifying for special education-related services under the primary eligibility of autism has further impacted the number of students that require speech-related services to meet students' unique needs. Moreover, the District is required to ensure caseloads of providers are within the recommended Education Code- EDC requirements. These requirements are as follows:

56363.3.

The average caseload for language, speech, and hearing specialists in special education local plan areas shall not exceed 55 cases unless the local plan specifies a higher average caseload and the reasons for the greater average caseload.

(Amended by Stats. 2007, Ch. 56, Sec. 58. Effective January 1, 2008.)

56441.7.

(a) The maximum caseload for a speech and language specialist providing services exclusively to individuals with exceptional needs, between the ages of three and five years, inclusive, as defined in Section 56441.11 or 56026, shall not exceed a count of 40.

(b) The superintendent shall issue caseload guidelines or proposed regulations to local educational agencies for individuals with exceptional needs between the ages of three and five years, inclusive, by January 1, 1988.

(Added by Stats. 1987, Ch. 311, Sec. 6.5. Effective July 30, 1987.)

California State University MOU and Agreement Regarding CalStateTEACH Student Teacher Placements

Type	Action, Discussion
Preferred Date	Sep 02, 2021
Absolute Date	Sep 02, 2021
Recommended Action	The recommendation is that the Board of Education approve the California State University MOU and Agreement regarding CalStateTEACH student teacher placements.

Purpose:

The purpose of this item is for the Board of Education to approve the MOU and agreement between California State University and Newark Unified School District regarding CalStateTEACH student teacher placements beginning August 1, 2021 and ending July 31, 2024.

Background:

The District works closely with local institutes of higher education (IHE) and supports student teacher placements and interns. Agreements between Newark Unified School District and a university must be in place before a student teacher or intern can be placed at a school site in the District.

Student teachers and interns in training do fieldwork in our schools and are supervised by the administrators who provide

supervision and training.

Student teachers and interns are able to learn, practice teaching, and fine-tune their craft under the direct supervision of a master teacher. The opportunity to student teach or intern in the District benefits both the student teacher and the District. As vacancies become available in the district, it is invaluable to have the opportunity to observe directly student teachers and interns who may be eligible to interview for vacancies and observe how well they fit into the culture of Newark

Board of Education Requests

Type Action, Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests. Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.

Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

10 PUBLIC HEARINGS

Public Hearing on Interfund Borrowing

Type Discussion, Information, Procedural

Purpose:

Hold a public hearing on inter-fund borrowing. The 2020-21 state-enacted budget included an increase in the inter-fund borrowing limits from 75% to 85% for the 2020-21 and 2021-22 fiscal years. This increase allows school districts to borrow more, in the face of uncertain financial exposure and funding challenges, as a result of the COVID-19 pandemic, including cash deferrals from the State.

The staff will recommend passing the attached Resolution 2021.22-002, Temporary Borrowing Between Funds, later in this meeting.

Background:

In accordance with Education Code Section 42603, the governing board of any school district may direct that moneys held in any fund or account may be temporarily transferred to another fund or account of the district for payment of obligations. This temporary transfer of funds will be accounted for as temporary borrowing between funds and will not be available for appropriation or be considered revenue to the borrowing fund or account. Amounts transferred must be repaid either in the same fiscal year or in the following fiscal year if the transfer occurs within the final 120 calendar days of a fiscal year.

Borrowing will occur only when the fund or account receiving the money will earn sufficient revenue, during the current fiscal year, to repay the amount transferred. Normally, no more than 75% of the maximum of moneys held in any fund or account during a fiscal year may be transferred; however, for fiscal years 2020-21 and 2021-22, the State has increased this limit to 85% (per Education Code section 42603.1).

Authorize Project and Budget for Coyote Hills Security Fence and Gate Project

Type Action, Discussion
Fiscal Impact Yes
Dollar Amount \$277,625.00
Budget Source Fund 25 Capital Facilities Fund
Recommended The recommendation is that the Board of Education approve the Coyote Hills Fence and
Action Gate Project, preliminary project budget, and architect contract to provide safety and security for the campus, as presented.

Purpose:
To approve the Coyote Hills fencing project and preliminary budget to provide safety and security for the campus and authorize staff to proceed with consulting agreements, planning, design, and DSA approval. Construction bids will be brought back to the board.

Background:
It is the District's responsibility to keep all students safe on campus. The site has been experiencing vandalism from people climbing existing chain link fencing to tamper with mechanical units. Currently, students sometimes exit the cafeteria and access the parking lot. This project will remedy these issues. The scope of work for this project is the design and installation of an ornamental fence with gates, including a designated entry onto the campus. The entry gate will provide a single point of entry to the campus during school hours and will include a video surveillance camera with a doorbell, so an office attendant

can admit visitors.

The project is required to have the Division of the State Architect review for Access Compliance and therefore architectural services are needed to provide design and DSA regulatory approval. The project will be publicly bid upon DSA review. Planning and appurtenant costs include architectural fees, DSA fees, testing and inspection, and contingency allowances for design and construction.

A Request for Proposal was issued for architectural services for the project. We received two (2) proposals. Gelfand Partners provided the best value and staff requests approval of their contract in the amount of \$40,309 which is within the project budget.

2021-2022 Revised School and Classified Work Calendars

Type Action, Discussion
Absolute Date Aug 18, 2021
Recommended Action The recommendation is that the Board of Education approves the revised 2021-2022 school and classified work calendars.

Purpose:
The purpose of this item is for the Board of Education to approve the 2021-2022 revised school and classified work calendars.

Background:
The Board of Education approved the 2019-2020, 2020-2021, 2021-2022 calendars on June 19, 2018. President Biden signed legislation to make Juneteenth a federal holiday, enshrining June 19 as the national day to commemorate the end of slavery in the United States. The 2021-2022 school and classified work calendars have been revised to add June 20 as a holiday in observance of Juneteenth.

Contract with Shalom Staffing for Special Education Teacher

Type Action, Discussion
Absolute Date Aug 18, 2021
Fiscal Impact Yes
Dollar Amount \$126,480.00
Budgeted Yes
Budget Source Resource 6500 - Special Education
Recommended Action The recommendation is that the Board of Education ratifies a contract with Shalom Staffing.
Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:
For the Board of Education to approve a contract agreement with Shalom Staffing to provide 1.0 FTE RSP Teacher at Newark Memorial High School required for an unfilled position for the 2021-2022 school year.

Background:
Despite intensive efforts, the District has not been able to hire for this unfilled position. This contracted teacher is intended to fill the RSP position for the 2021-2022 school year only. Although there is a national shortage of Special Education Teachers, School Psychologists, and Speech and Language Therapists, the District will continue to look at more effective ways to recruit and retain Special Education teachers.

Master Contract with Ed Sped Solutions Inc. for Special Education Services

Type Action, Discussion
Absolute Date Aug 18, 2021
Fiscal Impact Yes
Dollar Amount \$987,640.00
Budgeted Yes
Budget Source Resource 6500 - Special Education
Recommended Action The recommendation is that the Board of Education ratifies a master contract with Ed Sped Solutions Inc.
Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:
For the Board of Education to approve the master contract for Ed Sped Solutions, Inc. contract in the amount of \$987,640.00 for the 2021/2022 school year.

Background:
Related services and assessments are legally mandated per Individual Disability Education Act (IDEA). Without Ed Sped Solutions Inc. services Newark Unified School District would be out of compliance. Ed Sped Solutions Inc. will provide a variety of related services and assessments to ensure compliant practices in supporting students' Individual Education Program (IEP). The services provided to Newark Unified School District are as follows:
Mental Health Therapist
Ed Sped Solutions Inc. will provide therapeutic support to students per their IEP. Ed Sped Solutions Inc. will provide fully credentialed

mental health therapists with a PPS Counseling license. The mental health therapists will have acquired the expertise to provide individual, group, and family therapy. The total cost for two Mental Health Therapists will be in the amount of \$264,600.

Assistive Technology Professional (ATP)

Ed Sped Solutions Inc. will provide assistive technology assessments and services for students with disabilities. A service provider will assess the needs of the students with disabilities, assist in the selection of appropriate assistive technology for the student, and provide training in the use of the selected device(s). The total cost for ATP services will be in the amount of \$50,000.

Instructional Assistants

Ed Sped Solutions Inc. will provide Instructional Assistants (IA) to support students with disabilities. Instructional Assistants provide both program support within the classroom setting and one-to-one support for high-needs students per students' IEPs. A total of seven Instructional Assistants are required to support special education programs throughout the District for unfilled positions. The total cost for the seven Instructional Assistants is \$291,600. Additionally, two 1:1 Instructional Assistants are needed for two students that require 1:1 support per their IEP. The total cost for the two 1:1 Instructional Assistants is \$118,800. The total cost of nine Instructional Assistants including the 1:1 Instructional Assistants will be in the amount of \$410,400.

Board Certified Behavior Analyst (BCBA)

Ed Sped Solutions Inc. will provide a licensed Board Certified Behavior Analyst (BCBA) to provide services and program support at school sites as needed for an unfilled position. The total cost for one BCBA will be in the amount of \$132,300.

Credentialed Preschool Teacher

Ed Sped Solutions Inc. will provide a fully credentialed preschool teacher to provide assessments and support to the preschool assessment team as needed for an unfilled position.

The total cost for one Credentialed Preschool Teacher will be in the amount of \$130,340.

Warrant Report for July 2021

Type Action, Discussion

Fiscal Impact No

Recommended Action The recommendation is that the Board of Education approves the Warrant Report as presented.

Purpose:

The purpose of this item is to present warrants, for the total amount of \$1,598,022.51 made from District funds for July 2021.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

The Trustees may acknowledge or recognize specific programs, activities, or personnel at this time.

Board of Education Requests

Type Action, Discussion, Information

Purpose:
This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.
Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:
The following derives directly from the Board approved "Governance Team Handbook"
Authority is Collective, Not Individual:
The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.
Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Approval of Brown Act Commitment

Type Action, Discussion
Recommended The recommendation is that the Board of Education approve the Brown Act Commitment
Action pursuant to Government Code, section 54960.2(c)(1) and provide notification in response to the cease and desist letter.

Purpose:
To respond to a cease and desist letter alleging violation of the Ralph M. Brown Act.

Background:
The Board of Education of the Newark Unified School District (Board) has received a cease and desist letter alleging that the following described past action of the legislative body violates the Ralph M. Brown Act: during the "Superintendent Report" agenda item, Board discussion beyond a reference to staff or other resources for factual information, request for staff to report back to the Board at a subsequent meeting concerning any matter, or direction to staff to place a matter of business on a future agenda.
In order to avoid unnecessary litigation and without admitting any violation of the Ralph M. Brown Act, pursuant to

Government Code, section 54960.2(c)(1), the Board may unconditionally commit that it will cease, desist from, and not repeat the challenged past action as described above and will provide notification of its commitment in response to the cease and desist letter.

Purpose:

The purpose of this agenda item is to report out the local indicator results related to NUSD's 2020-2021 Local Control and Accountability Plan (LCAP).

Background:

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to do the following.

- Annually measure its progress.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body.
- Report results to the public through the CA School Dashboard for each local indicator.

Update on ForeFront Power Solar Projects at Newark Memorial High School and Newark Jr High School

Type Discussion, Information

Purpose:

To provide the Board with an update on the progress of the solar projects at Newark Memorial High School and Newark Jr High School.

Background:

The last update on the Solar Project provided to the Board was on March 18, 2021, and prior to that December 3, 2020. On November 7, 2019, the Board approved the Power Purchase Agreement (PPA) between Newark Unified School District & ForeFront Power for solar facilities and battery energy storage systems at Newark Memorial High School and Newark Junior High School including the option for the district to incorporate costs such as, but not limited to, inspector fees, DSA fees, PG&E upgrades, and ADA compliance requirements, currently estimated at \$100,000 for both sites.

ForeFront Power gave presentations to the Board on May 16, 2017, and August 1, 2019. Inspector fees (estimated cost \$20,000 per site), DSA fees, PG&E upgrades and ADA compliance upgrades (estimated cost if needed is \$30,000 per site) are the district's upfront costs; however, the PPA will incorporate these costs and the district will be reimbursed or ForeFront will pay for them directly. ForeFront Power worked with NUSD in 2017 to submit interconnection applications to get the District grandfathered on lucrative Time of Use rates.

SPURR, the Joint Powers Authority, ran a statewide RFP (Request for Proposal) process in 2017 for solar and storage systems that K12 Districts can "piggyback" off to procure solar facilities, storage systems, and EVCS (Electric Vehicle Charging Stations). Eight companies submitted proposals and the RFP was awarded to ForeFront Power.

ForeFront Power has updated the numbers since 2017 and presented a district wide solution in the Board Study Session on August 1, 2019.

After careful consideration, the District determined that as Phase I of this project, Newark Memorial High School and Newark Junior High School would be the best locations to initially install solar facilities to start this project. Initial estimates indicated that the District could save \$145K (25%) in year 1, and \$4.6 million over 20 years with this solar solution, using very conservative assumptions. Phase II of this project would potentially include other school locations in the future.

The PPA includes a buyout option after year 5.

11 BOARD OF EDUCATION AGENDA REQUESTS

Addendum to Employment Agreement between Newark Unified School District and District Superintendent

Type Action, Discussion

Fiscal Impact	Yes
Dollar Amount	\$4,400.00
Budgeted	No
Budget Source	General Fund
Recommended	The recommendation is that the Board of Education approve the addendum to the

Action employment agreement between Newark Unified School District and District Superintendent for a 2% one-time, lump-sum payment for the 2020-21 school year.

Purpose:

The Board of Education will consider approval of the addendum to the employment agreement between Newark Unified School District and District Superintendent for a 2% one-time, lump-sum payment for the 2020-21 school year.

Background:

The Superintendent's Employment Agreement became effective July 2, 2020, and is for a 3-year term, ending on June 30, 2023. The agreement states that "At the discretion of the Board, and based on Superintendent's merit, job performance, District fiscal considerations, and any other criteria determined relevant by the Board, the Board may grant a compensation increase for any year of the Agreement. Specific Board action, approving a written amendment to this Agreement in open session, is required to approve any such salary increase. Any salary increase shall not be considered either as entering into a new Agreement or extending the term of this Agreement." After the Board conducted the Superintendent's evaluation, the Board requested this agenda item be brought forth to consider approval of an addendum to the employment agreement between Newark Unified School District and District Superintendent for a 2% one-time, lump-sum payment for the 2020-21 school year.

Public Disclosure of NEWMA 2021-22 Salary Increase

Type Discussion, Information

Purpose:

To provide the Board additional information on the 2021-22 salary increase for NEWMA (Newark Management Association) per Alameda County Office of Education (ACOE) guidance and FCMAT (Fiscal Crisis Management Assistance Team) recommendation.

Background:

On June 3, 2021, the Board approved a 2021-22 salary increase for NEWMA. NEWMA includes Certificated Management, Classified Management, Confidential, Classified Supervisory, Behavioral Specialists, and Occupational Therapists. The NEWMA salary increase on the salary schedules for 2021-22 is 1% effective July 1, 2021, and 1.5% effective February 1, 2022. The fiscal impact on the General Fund is \$79,011 for 2021-22. Although not specifically required by Government Code and Education Code provisions, ACOE and FCMAT recommend that it is best practice to provide information on the impact of salary increases for unrepresented employees, such as NEWMA.

Independent Study Board Policy Revision to Meet New State Regulations AB/SB 130

Type Action, Discussion
Absolute Date Aug 05, 2021
Fiscal Impact No
Recommended The recommendation is that the Board of Education approve the updated Board Policy 6158
Action and Administrative Regulation 6158 (Independent Study).

Purpose:

The purpose of this agenda item is to update Board Policy 6158 and Administrative Regulation 6158 (Independent Study), regarding the independent study program and its alignment with new AB/SB 130 regulations.

Background:

Governor Gavin Newsom signed Assembly Bill (AB) 130 into law on July 9, 2021. This bill makes changes to the independent study (IS) program, and establishes IS programming as an alternative educational option to in-person instruction. Some important changes include the Independent Study offering requirements, a provision for waivers of the offering requirements, as well as required parent notification, pupil-parent-educator conferences, and additions to board policies and written agreements.

45-Day Budget Revision 2021-22

Type Action, Discussion

Recommended The recommendation is that the Board of Education accept and approve the report on the

Action 45-day budget revision as presented.

Purpose:

The purpose is to advise the Board, and the public, concerning the impact of the State Enacted Budget on the District's Adopted Budget.

Background:

The Board approved and adopted the District's 2021-22 budget on June 29, 2021.

The 2021-22 State Budget was signed by the Governor on June 28, 2021. Not later than 45 days after the governor signs the Budget Act, school districts must make available to the public any budget revisions made to include the funding made available by that Budget Act [E.C. 42127].

Change Order #1 and Change in Funding Source for NJHS Stairs Project

Type Action, Discussion

Fiscal Impact Yes

Dollar Amount \$21,353.65

Budgeted Yes

Budget Source Fund 25 Capital Facilities Fund

Recommended The recommendation is that the Board of Education approve Change Order #1 and the

Action change in funding source for the Newark Junior High School Stairs Project from Fund 40 to

Fund 25 as presented.

Purpose:

To approve Cal Pacific Change Order #1 scope adjustments in the amount of \$21,353.65 for the Newark Junior High School (NJHS) Stairs Project and to change the funding source from Fund 40 Special Reserve for Capital Outlay Projects to Fund 25 Capital Facilities Fund.

Background:

The Board approved the contract with Cal-Pacific Construction Inc. for the NJHS Stairs Project on June 17, 2021. The base contract awarded to Cal-Pacific was for \$631,000.00. The approved budget included a \$37,142 contingency for unforeseen items such as these.

This action item is to approve Change Order #1 which entails the following:

- 1 Time and material work performed on 7/13/21 to fix existing 4" transit pipe per RFI#5\$ 2,369.08
- Additional cost to provide AGAVE Bracteosa plants 5
- 2 gal per comments on submittal #15 request for the quantity. \$ 2,169.42
- 3 Additional cost for the scope of work to remove and replace areas that are not ADA compliant per RFI #3\$ 3,609.29
- 5 Time & Material cost to repair unforeseen damaged 4" transit pipe per RFI#7\$ 1,975.84
- 6 Time and Material for new irrigation line per ASI # 1 \$ 9,086.56
- 7 T & M for work on 7/23/21 to fix existing unforeseen 4" transit pipe per RFI # 7\$ 2,143.46
- TOTAL \$ 21,353.65

The Board approved the project under Fund 40 Special Reserve for Capital Outlay Projects; however, after consultation with legal counsel, it was determined that the project could be funded with Capital Facilities Fund (Fund 25). The fund balance in Fund 25 is \$19.4M and \$10.2M in Fund 40.

Budgeted	Yes
Budget Source	Measure G Bond
Recommended Action	The recommendation is that the Board of Education accept the update on costs associated with the implementation of Resolution 2020.21-030 Authorizing Staff to Acquire Equipment Using Sole Source.

Purpose:

To update the Board on costs associated with the implementation of Resolution 2020.21-030 Authorizing Staff to Acquire Equipment Using Sole Source.

Background:

On May 20, 2021, the Newark Unified School District Board approved Resolution 2020.21-030 authorizing staff to acquire equipment using Sole Source. The resolution states, in part: The Board hereby finds and determines that appropriate Carrier HVAC units and Alerton Controls be the sole HVAC and EMS control brands used on the Project and that doing so is in the best interests of the District, its students, and the community; and the Superintendent, or designee thereof, is authorized to take all other actions as necessary to effectuate the intent of this Resolution.

The district purchased 99 WeatherMaster Gas/Electric Rooftop units for elementary school sites: Birch Grove Primary, Coyote Hills, Kennedy and Schilling. These items were purchased from Russell Sigler using a CMAS contract.

Bid Award of the HVAC Units Replacement Project at Birch Grove Primary, Kennedy Elementary, Coyote Hills Elementary, and Schilling Elementary

Type	Action, Discussion
Fiscal Impact	Yes
Dollar Amount	\$2,993,000.00
Budgeted	Yes
Budget Source	Bond Measure G
Recommended Action	The recommendation is that the Board of Education accept the withdrawal of bid from Trahan Mechanical due to clerical error as provided under the Public Contract Code, and authorize staff to award the HVAC Units Replacement Project to the lowest, responsible, and responsive bidder, S&H Construction as presented.

Purpose:

To authorize district staff to award the contract to S&H Construction for the HVAC Units Replacement Project at Birch Grove Primary, Kennedy Elementary, Coyote Hills Elementary, and Schilling Elementary.

Background:

On February 20, 2020, the Board of Trustees approved a list of projects for the balance of the Measure G Bond proceeds which included HVAC Replacement projects.

The Project includes replacement of 99 HVAC units at Birch Grove Primary (23 units), Kennedy Elementary (21 units), Coyote Hills Elementary (27 units), and Schilling Elementary (28 units),

This project has undergone a competitive bidding process. A Notice to Bidders was publicly advertised in the Argus Newspaper on June 25, 2021 and July 2, 2021. Mandatory pre-bid conferences occurred on July 8, 2021 and July 13, 2021 and placed in industry plan rooms on July 7, 2021. Bids were publicly opened on July 27, 2021.

On July 27, 2021, three (3) bids were received. The first low bidder, Trahan Mechanical, withdrew their bid due to clerical errors. The second lowest qualified bid was submitted by S & H Construction at \$2,993,000.00.

The total construction cost for the equipment purchase and the labor to install the units for this phase of the HVAC project is \$3,666,462 which is within the Measure G budget of \$4,788,938.

This action item is:

To authorize staff to award the contract to the lowest, responsive, responsible bidder S & H in the Base Bid amount of \$2,993,000; and to reject the Additive Bid Alternates to reinstall the GPS Ionization devices, which can be reinstalled at a later date if so determined.

Determination to Fill Board Vacancy and Timeline

Type	Action, Discussion
-------------	--------------------

Recommended Action The recommendation is that the Board of Education select _____ to fill the Board vacancy.

Purpose:

The purpose is to determine which process, special election or appointment, will be used to fill the vacancy on the Board of Education.

Background:

Member Martinez has accepted an appointed position on the Ohlone Community College Board and has resigned from the NUSD Board of Education. Her resignation took effect on July 28. The Education Code provides that the Board can decide whether the vacancy is filled by a special election or through an appointment made by the Board. The decision to call a special election or the Board's selection of the appointee must be completed within 60 days from the date of the board member's resignation. Depending on the Board's action, staff will return with a resolution calling a special election or begin an appointment process.

Board Bylaw 9223:

Events Causing a Vacancy

A vacancy on the Governing Board may occur for any of the following events:

1. The death of an incumbent (Government Code 1770)
2. The adjudication pursuant to a quo warrant proceeding declaring that an incumbent is physically or mentally incapacitated due to disease, illness, or accident and that there is reasonable cause to believe that the incumbent will not be able to perform the duties of his/her office for the remainder of his/her term (Government Code 1770)
3. A Board member's resignation (Government Code 1770)

A vacancy resulting from resignation occurs when the written resignation is filed with the County Superintendent of Schools having jurisdiction over the district, except where a deferred effective date is specified in the resignation so filed, in which case the resignation shall become operative on that date. A Board member may not defer the effective date of his/her resignation for more than 60 days after he/she files the resignation with the County Superintendent. Upon being filed with the County Superintendent, a written resignation, whether specifying a deferred effective date or otherwise, shall be irrevocable. (Education Code 5090, 5091)

4. A Board member's removal from office, including by recall (Elections Code 11384; Government Code 1770)
5. A Board member's ceasing to be a resident of the district (Government Code 1770)
6. A Board member's absence from the state for more than 60 days, except in the following situations: (Government Code 1064, 1770)

a. Upon district business with the approval of the Board

b. With the consent of the Board for an additional period not to exceed a total absence of 90 days

In the case of illness or other urgent necessity, and upon a proper showing thereof, the time limited for absence from the state may be extended by the Board.

c. For federal military deployment, not to exceed an absence of a total of six months, as a member of the armed forces of the United States or the California National Guard

If the absence of the Board member for this purpose exceeds six months, the Board may approve an additional six-month absence upon a showing that there is a reasonable expectation that the member will return within the second six-month period, and the Board may appoint an interim member to serve in his/her absence. If two or more members of the Board are absent by reason of these circumstances, and those absences result in the inability to establish a quorum at a regular meeting, the Board may immediately appoint one or more interim members as necessary to enable the Board to conduct business and discharge its responsibilities. The term of an interim member appointed in these circumstances shall not extend beyond the return of the absent Board member or beyond the next regularly scheduled election for that office, whichever occurs first.

7. A Board member's ceasing to discharge the duties of his/her office for the period of three consecutive months, except when prevented by illness or when absent from the state with the permission required by law (Government Code 1770)

8. A Board member's conviction of a felony or any offense involving a violation of his/her official duties or conviction of a designated crime resulting in a forfeiture of office (Government Code 1770, 3000-3003)

9. A Board member's refusal or neglect to file his/her required oath or bond within the time prescribed (Government Code 1770)

(cf. 9224 - Oath or Affirmation)

10. The decision of a competent tribunal declaring void a Board member's election or appointment (Government Code 1770)

11. The making of an order vacating a Board member's office or declaring the office vacant when the Board member fails to furnish an additional or supplemental bond (Government Code 1770)

12. A Board member's commitment to a hospital or sanitarium as a drug addict, dipsomaniac, inebriate, or stimulant addict by a court of competent jurisdiction, in which case the office shall not be deemed vacant until the order of commitment has become final (Government Code 1770)

13. A "failure to elect" in which no candidate or an insufficient number of candidates have filed to run for a Board seat(s) (Education Code 5090, 5326, 5328)

Timelines for Filling a Vacancy

When a vacancy occurs, the Board shall take the following action, as appropriate:

1. When a vacancy occurs within four months of the end of a Board member's term, the Board shall take no action. (Education Code 5093)

2. When a vacancy occurs longer than four months before the end of a Board member's term, the Board shall, within 60 days of the date of the vacancy or the filing of the member's deferred resignation, either order an election or make a provisional appointment, unless a special election is mandated as described in item #3 below. (Education Code 5091, 5093)

3. When a vacancy occurs from six months to 130 days before a regularly scheduled Board election at which the position is not scheduled to be filled a special election to fill the position shall be consolidated with the regular election. The person so elected shall take office at the first regularly scheduled Board meeting following the certification of the election and shall serve only until the end of the term of the position which he/she was elected to fill. (Education Code 5093)

Eligibility

In order to be appointed or elected to fill a vacancy on the Board, a person must meet the eligibility requirements specified in Education Code 35107.

(cf. 9220 - Governing Board Elections)

Provisional Appointments

When authorized by law to make a provisional appointment to fill a vacancy on the Board, the Board shall advertise in the local media to solicit candidate applications or nominations. A committee consisting of less than a quorum of the Board shall ensure that applicants are eligible for Board membership and announce the names of the eligible candidates. The Board shall interview the candidates at a public meeting, accept oral or written public input, and select the provisional appointee by a majority vote.

(cf. 9130 - Board Committees)
(cf. 9323.2 - Actions by the Board)

Within 10 days after the appointment is made, the Board shall post notices of the actual vacancy, or the filing of a deferred resignation, and the provisional appointment. The notice shall be published in the local newspaper pursuant to Government Code 6061 and posted in at least three public places within the district. (Education Code 5092)

The notice shall contain: (Education Code 5092)

1. The date of the occurrence of the vacancy or the date of the filing of, and the effective date of, the resignation
2. The full name of the appointee.
3. The date of appointment.
4. A statement notifying the voters that the provisional appointment shall become effective immediately and shall continue unless a petition calling for a special election pursuant to Education Code 5091 is filed in the office of the County Superintendent of Schools within 30 days of the provisional appointment. A statement notifying the voters that unless a petition calling for a special election pursuant to Education Code 5091 is filed in the office of the County Superintendent within 30 days of the provisional appointment, it shall become an effective appointment.

The person appointed shall hold office until the next regularly scheduled election for district Board members and shall be afforded all the powers and duties of a Board member upon appointment. (Education Code 5091)

Appointment Due to Failure to Elect

When a vacancy occurs because no candidate or an insufficient number of candidates have been nominated (i.e., a failure to elect) and a district election will not be held, the Board shall appoint a qualified person to the office. This appointment shall be made at a meeting prior to the day fixed for the election and the appointee shall be seated at the organizational meeting as if elected at the district election. (Education Code 5328)

(cf. 9100 - Organization)

When an appointment is being made because of a failure to elect, the district shall publish a notice once in a newspaper of general circulation published in the district, or if no such newspaper exists, in a newspaper having general circulation within the district. This notice shall state that the Board intends to make an appointment and shall inform persons of the procedure available for applying for the appointment. (Education Code 5328.5)

The procedure for selecting and interviewing candidates shall be the same as the procedures for "Provisional Appointments," as specified above.

Motion & Voting

The recommendation is that the Board of Education selects an appointment to fill the Board vacancy and bring forward a resolution.

15 CONSENT AGENDA - NON-PERSONNEL ITEMS

PLACEHOLDER - One Consented Vote

Type Action

Recommended It is recommended that the Board of Education approve, under one consented vote, the

Action agenda items under Consent Non-Personnel, except for agenda items:

Purpose:

(This is specifically a placeholder, and will only be used if multiple agenda items are approved under a consented vote.)

Background:

Items within the Consent Agenda are considered routine and will be approved, adopted, or ratified by a single motion and action. There will not be a separate discussion of these items; however, any item may be pulled from the Consent Agenda upon the request of any member of the Board and acted upon separately.

Motion & Voting

It is recommended that the Board of Education approve, under one consented vote, the agenda items under Consent Non-Personnel, except for agenda items 15.22, 15.23, 15.9, 15.10.

Motion by Bowen Zhang, second by Terrence Grindall.

Final Resolution: Motion Carries

Yea: Bowen Zhang, Phuong Nguyen, Terrence Grindall, Aiden Hill

Resolution 2021.22.01 Declaring Surplus Equipment

Type Action, Discussion

Fiscal Impact No

Recommended The recommendation is that the Board of Education approve Resolution 2021.22.01:

Action Declaring Surplus Equipment

Purpose:

The purpose of this item is to obtain Board approval of Resolution 2021.22.01: Declaring Surplus Equipment, which lists items to be declared as surplus equipment as recommended.

Background:

Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books,

Equipment And Supplies (Personal Property). Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility. The personal property as described in Resolution 2021.22.01 includes equipment used in the Child Nutrition Services Department and the IT Department. Staff determined that items are obsolete and/or beyond economic repair.

Addendum to Moving Services Contract

Type	Action, Discussion
Fiscal Impact	Yes
Dollar Amount	\$4,188.00
Budgeted	Yes
Budget Source	Fund 40 Special Reserve for Capital Outlay Projects
Recommended	The recommendation is that the Board of Education ratify the addendum to the contract for
Action	Waters Moving & Storage, Inc.

Purpose:

To ratify an increase to the moving services contract for the move related to the Snow/Graham merger.

Background:

The board approved the contract for moving services on May 20, 2021, for the amount of \$85,719. An increase of \$4,188 was necessary to cover the cost of disposal services and additional items moved that were not included in the original scope of work.

Refrigerated Truck for Child Nutrition Services

Type	Action, Discussion
Fiscal Impact	Yes
Dollar Amount	\$80,000.00
Budgeted	Yes
Budget Source	Child Nutrition Services Fund 130
Recommended	The recommendation is that the Board of Education approve the purchase of a new or used,
Action	refrigerated truck in order to transport our school meals from the central kitchen out to school sites. This purchase is not to exceed \$80,000.

Purpose:

To get pre-approval from the Board to purchase a new, or used, refrigerated truck for Child Nutrition Services to reliably transport food at a constant temperature.

Background:

The refrigerated truck currently in use is no longer legal to register based on the California Air Resources Board's (CARB) Truck and Bus Regulation. The regulation states that any vehicle, heavier than 26,000 lbs. Gross Vehicle Weight Rating (GVWR) is a vehicle model year between 2001-2005, the DMV is supposed to verify compliance as of January 1, 2021.

To confirm compliance with using Child Nutrition funds to purchase a vehicle, a formal request must go through the California Department of Education (CDE). The CDE reviews the request to see if the item is allowable under federal and state regulations and laws. On July 20, 2021, Child Nutrition was notified, by email, that their request had been approved.

Efforts to replace the existing refrigerated truck are currently being researched. Such vehicles are not easily found and, therefore, are purchased quickly when they become available. Recent advertisements for used refrigerated trucks (of various sizes), with over 140,000 miles, range from \$63,000 to \$83,000. An exact cost, including taxes and fees, is not currently available, therefore, the request is to not exceed \$80,000.00.

Contract Amendment #1 with Integrated Design Studio for the Irrigation & Planting projects at multiple sites

Type	Action, Discussion
Fiscal Impact	Yes
Dollar Amount	\$9,000.00
Budgeted	Yes
Budget Source	Fund 21 Measure G Bond and Fund 40 Special Reserve for Capital Outlay Projects
Recommended	The recommendation is that the Board of Education approve contract amendment #1 for
Action	Integrated Design Studio in the amount of \$9,000 to provide additional design services, bidding, and construction administration services for the Irrigation and Planting Projects.

Purpose:

To approve contract amendment #1 with Integrated Design Studio to provide additional design services, bidding and construction administration services for Irrigation and Planting Projects.

Background:

On October 21, 2020, the Board of Education approved a contract in the amount of \$94,500 with Integrated Design Studio to provide landscape design services at the following sites: Birch Grove Intermediate, Birch Grove Primary, Kennedy, Lincoln, Schilling, Coyote Hills/Graham, Musick, Newark Memorial High School, MacGregor Campus and District Office.

The original contract (see attached) was for design services only and did not include bidding and construction administration support. It is necessary for the landscape architect to review submittals and answer questions from the contractor to ensure the projects are successful. Also, after review of the designs with the sites, some changes were requested which required IDS to modify the drawings. This work will be performed on a time and material basis not to exceed \$9,000 (see attached). The budget included contingencies and costs that was within the overall master budget.

Consolidated Application and Reporting System 2020-2021 Spring Data Collection

Type	Action, Discussion
Fiscal Impact	No
Recommended Action	The recommendation is that the Board of Education ratify the Consolidated Application and Reporting System (CARS) 2020-21 Spring Data Collection.

Purpose:
 The purpose of this item is to provide the California Department of Education with the information needed to fund a wide variety of federal and state programs that bring supplementary funding into the school district.

Background:
 The Consolidated Application and Reporting System (CARS) -- formerly known as Consolidated Application or "Con App" for short -- is the state's mechanism for both funding of identified state and federal categorical programs and required reporting for many of them. It provides the entitlement amounts of these programs as well as required considerations for expenditures. Each year, the programs included in the CARS change based on federal/state mandates and different methods of gaining or disseminating information. This is the 2020-21 Spring Data Collection.
 CARS brings funds into the school district for a variety of programs including Title I, Title II, and Title III. Each of the identified programs has specified guidelines or requirements for their expenditure. All titled programs are federally funded. Title I, Part A dollars are used to support the increased achievement of at-risk students, primarily in reading and math. Title II, Part A (Teacher Quality) monies are used to support teacher evaluation, as well as teacher professional development. Title III English Learner and Immigrant are used to support our English language learners.

2021-22 Lease Agreements between Kidango, Inc. and NUSD

Type	Action, Discussion
Recommended Action	The recommendation is that the Board of Education approve the 2021-22 lease agreements for Kidango locations at Coyote Hills Elementary and Schilling Elementary.

Purpose:
 To enter into lease agreements for two Kidango locations at Coyote Hills Elementary and Schilling Elementary for the 2021-22 fiscal year.

Background:
 Kidango is a non-profit early childhood, preschool and childcare program for low-income families. Kidango's current lease agreements at both Coyote Hills and Schilling expired on June 30, 2021. Kidango agrees to a 2% rent increase that is imposed every July 1. Kidango has been a partner with NUSD since 1993. They had a location at Ruschin Elementary for many years before Ruschin closed. The location at Graham (now Coyote Hills) opened in 2014 and the location at Schilling opened in 2015. Kidango leases one portable at Coyote Hills and two portables at Schilling.

Agreement with Think Together for ASES for 2021-2022, 2022-2023, 2023- 2024

Type	Action, Discussion
Fiscal Impact	Yes
Dollar Amount	\$323,319.32
Budgeted	Yes
Budget Source	After School Education and Safety Grant (Fund 010 - Resource 6010)
Recommended Action	The recommendation is that the Board of Education approve the renewal of the agreement with Think Together for ASES (After School Educational and Safety) for 2021-2022, 2022-2023, 2023-2024 (3 years).

Purpose:
 The purpose is to approve the renewal of the agreement with Think Together for running the ASES (After School Educational

and Safety) program for 2021-22, 2022-23, 2023-24 (3 years) at Schilling, Coyote Hills, and NJHS.

Background:

NUSD has contracted with Think Together to run the ASES (After School Educational and Safety) program since 2013-14. Students at the three identified schools take part in a daily program that starts after classes end for the day until 6 pm. Students take part in STEAM related activities along with time to complete homework and also take a nutrition break. This year, Think Together has secured additional grant funding to offset increasing costs, and based on this, there is no charge to students for the 2021-2022 school year.

This school year, Think Together served students after school each day, and we are projecting the same number for this coming school year, per the grant allocation:

- Schilling Elementary - 70 students
- Coyote Hill Elementary - 84 students
- Newark Jr. High School - 69 students

Individual Service Agreement with Solstice - ISA 22-01a

Type	Action, Discussion
Absolute Date	Aug 05, 2021
Fiscal Impact	Yes
Dollar Amount	\$206,350.00
Budgeted	No
Budget Source	Special Education
Recommended	The recommendation is that the Board of Education ratify the agreement.
Action	

Purpose:

Newark Unified School District student's least restrictive environment per Individuals with Disabilities Education Act (IDEA) was determined to be a placement in a Non-Public School (NPS) setting a residential treatment center (RTC). This is due to a significant disability, behavioral, or programmatic need that has impacted the student's current ability to be successful within the general education setting. (Education Code 56342.1 & EC 56366) <http://www.gamutonline.net/district/newark/DisplayPolicy/137894/> This proposed action is consistent with the existing Board of Education Policy 0200.

Background:

As part of the U.S. Individuals with Disabilities Education Act (IDEA), the least restrictive environment is identified as one of the six (6) principles that govern the education of students with disabilities and other special needs. By law, schools are required to provide a Free Appropriate Public Education (FAPE) in the least restrictive environment that is appropriate to the individual student's needs. "Least restrictive environment"(LRE) means that a student who has a disability should have the opportunity to be educated with non-disabled peers, to the greatest extent appropriate. Students with disabilities should have access to the general education curriculum, extracurricular activities, or any other program that non-disabled peers would be able to access. Students with disabilities should be provided with supplementary aids and services necessary to achieve educational goals if placed in a setting with non-disabled peers. Should the nature or severity of the student's disability prevent the student from achieving these goals in a regular education setting, the student would then be placed in a more restrictive environment, such as a Resource Program, separate classroom with specialized academic instruction (Special Day Class), or a non-public school or residential treatment center. To determine what an appropriate setting is for a student, an IEP (Individualized Education Program) team reviews the student's needs

and interests. The types of educational settings for students with disabilities will vary. With the differences in needs and interests among students with disabilities, there is no single definition of what an LRE will be for all students.

Fiscal Impact	Yes
Dollar Amount	\$124,215.00
Budgeted	Yes
Budget Source	Resource 7422
Recommended	The recommendation is that the Board of Education ratify the agreement.
Action	

[Purpose:](#)

For the Board of Education to approve the master contract for the Therapy Travelers contract in the amount of \$124,215 for the 21/22 school year.

[Background:](#)

Nurse practitioners improve children's health in the educational setting by performing physical examinations, developmental assessments, and management of common pediatric illnesses. These services enhance children's attendance in school and assist families to meet their health care needs. A nurse practitioner is required by the district to provide essential health functions. These functions include but are not limited to the following:

- Provide health maintenance care for children, including well-child examinations
- Perform routine developmental screenings i.e. vision/hearing
- Provide childhood immunizations for school requirements
- Record and maintain an accurate, cumulative health record for each examined child
- Participate in a multidisciplinary team approach by collaborating with other health care providers in the delivery of health care
- Function as a resource person in health-related issues
- Monitor and interpret public health and communicable disease issues, which impact the delivery of health care for children

 As part of the U.S. Individuals with Disabilities Education Act (IDEA), the least restrictive environment is identified as one of the six (6) principles that govern the education of students with disabilities and other special needs. By law, schools are required to provide a Free Appropriate Public Education (FAPE) in the least restrictive environment that is appropriate to the individual student's needs.
 "Least restrictive environment" (LRE) means that a student who has a disability should have the opportunity to be educated with non-disabled peers, to the greatest extent appropriate. They should have access to the general education curriculum, extracurricular activities, or any other program that non-disabled peers would be able to access. The student should be provided with supplementary aids and services necessary to achieve educational goals if placed in a setting with non-disabled peers. Should the nature or severity of his or her disability prevent the student from achieving these goals in a regular education setting, the student would then be placed in a more restrictive environment, such as a Resource Program, separate classroom with specialized academic instruction (Special Day Class), or a non-public school.
 To determine what an appropriate setting is for a student, an IEP (Individualized Education Program) team reviews the student's needs and interests. The types of educational settings for students with disabilities will vary. With the differences in needs and interests among students with disabilities, there is no single definition of what an LRE will be for all students.

Contract with ATX Learning for Special Education Teacher at Birch Grove Primary

Type Action, Discussion
 Absolute Date Aug 05, 2021
 Fiscal Impact Yes
 Dollar Amount \$124,440.00
 Budgeted Yes
 Budget Source Expanded Learning Opportunity Grant-Resource 7425
 Recommended Action The recommendation is that the Board of Education ratify the contract with ATX Learning.

Purpose:
 ATX Learning will provide 1.0 FTE Moderate/Severe Teacher at Birch Grove Primary needed for the unfilled position for the 2021-2022 school year.

Background:
 Despite intensive efforts, the District has not been able to hire for this position this school year. This contracted teacher is intended to fill this open position for the 2021-2022 school year only. The District is continuing to look at more effective ways to recruit Special Education teachers. There is a national shortage of Special Education Teachers, School Psychologists, and Speech and Language Therapists.

[Williams Uniform Complaint Quarterly Report April 1 to June 30, 2021](#)

Type	Action, Discussion
Recommended	The recommendation is that the Board of Education approve the Williams Uniform
Action	Complaint Quarterly Report for the period of April 1, 2021 to June 30, 2021.

Purpose:
For the Board to receive and approve the Williams Uniform Complaint Quarterly Report for the period of April 1, 2021, to June 30, 2021.

Background:
Education Code 35186 requires that the Superintendent of a school district report summarized data on the nature and resolution of all complaints filed under the Williams Uniform Complaint Procedures to the local Board of Education and the County Superintendent of Schools on a quarterly basis. The report must include the number of complaints by general area, the number of resolved and unresolved complaints, and be publicly presented at a regularly scheduled Board meeting. The attached report is presented to the Board for the period of April 1, 2021, to June 30, 2021.

Action	presented.

Purpose:

The purpose of this item is to present warrants, for the total amount of \$2,264,907.65 made from District funds for June 2021.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Donations Report

Type	Action, Discussion
Fiscal Impact	Yes
Budget Source	General Fund (Fund 010) Donations
Recommended Action	The recommendation is that the Board of Education accept the Donations Report as presented.

Purpose:

The purpose is to acknowledge receipt of donations to the District.

Background:

Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledged and budgeted properly according to donor restrictions. There is acknowledgment at the public Board meeting and a letter of thanks is sent to the donor by the Business Office for NUSD.

DEBRIEF AND DISCUSSION

Type Discussion, Information

Purpose:

This is an opportunity for the Board of Education to suggest items for placement on future agendas and to review Board requests.

Approval from the majority of the Board will be required for direction to be provided to the Superintendent.

Background:

The following derives directly from the Board approved "Governance Team Handbook"

Authority is Collective, Not Individual:

The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting. Outside of this meeting, there is no authority.

A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bringing New Ideas Forward

The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.

Trustees will first notify the Board President and Superintendent of their interest in bringing forward a new idea at a board meeting.

When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.

The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Approval of the 2021-22 Local Control and Accountability Plan (LCAP)

Type Action
Recommended Action Staff recommends the Board of Education approve the 2021-22 Local Control and Accountability Plan as presented.

Purpose:
The administration presents the 2021-22 Local Control and Accountability Plan (LCAP) for approval.

Background:
On June 17, 2021, the Board approved the 2021-22 Local Control and Accountability Plan (LCAP). After a review of the procedures, the LCAP is being brought back to the Board for approval.
Education Code 52062(b)(2) A governing board of a school district shall adopt an LCAP or annual update to the LCAP in a public meeting. This meeting shall be held after, but not on the same day as, the public hearing held pursuant to paragraph

(1). This meeting shall be the same meeting as that during which the governing board of the school district adopts a budget pursuant to Education Code 42127 (a)(2).

Our district has conducted the following meetings in 2020-21:

- February 23, 2021 6:00 pm - 7:00 pm - LCAP Advisory Committee
- March 23, 2021 6:00 pm - 7:00 pm - LCAP Advisory Committee

Resolution 2020.21-041: 2021-22 Budget Adoption and Public Hearing Reserve Disclosure Certificate

Type	Action
Preferred Date	Jun 29, 2021
Absolute Date	Jun 30, 2021
Recommended	Staff recommends that the Board of Education adopt Resolution 2020.21-041 2021-22
Action	Budget Adoption and the Public Hearing Reserve Disclosure Certificate and certify that the budget was developed using the state-adopted Criteria and Standards.

Purpose:
The purpose of this item is for the Board of Education to adopt the 2021-22 Proposed Budget prior to July 1, 2021.

Background:
Following a mandated public hearing, held June 3, 2021, on the 2021-22 Proposed Budget, the Board will consider adopting the District budget. The most significant items that will impact this budget are the actual closing of the books on 2020-21, and the actual 2021-22 enrollment and attendance in Newark Unified School District.
On June 17, 2021, the Board approved Resolution 2020.21-032 2021-22 Budget Adoption and Public Hearing Reserve Disclosure Certificate. The approval of the 2021-22 Local Control Accountability Plan (LCAP) is being presented to the Board on this June 29, 2021, meeting agenda. Consequently, Board approval of Resolution 2020.21-041 2021-22 Budget Adoption will replace Resolution 2020.21-032 2021-22 Budget Adoption. Per Education Code 52062(b)(2), a governing board of a school district shall adopt an LCAP or annual update to the LCAP in a public meeting. This meeting shall be held after, but not on the same day as, the public hearing held pursuant to paragraph (1). This meeting shall be the same meeting as that during which the governing board of the school district adopts a budget pursuant to Education Code 42127 (a)(2). Education Code 42127 requires the governing board of each school district to adopt a budget on or before July 1 of each year for the upcoming fiscal year. Staff recommends the Board adopt the 2021-22 budgets for the following funds: General Fund; Adult Education Fund; Child Development Fund; Cafeteria Fund; Special Reserve for Other Than Capital Outlay Fund; Building Fund; Capital Facilities Fund; Special Reserve Fund for Capital Outlay Projects; Bond Interest and Redemption Fund; and Self-Insurance Fund.
Once the Legislature reaches a compromise on the 202122 State Budget Act, each house will need to approve the budget bill by June 15. The Governor will then have 12 days to sign the budget bill as presented, approve the budget bill with line-item reductions, or veto the budget bill and send it back to the Legislature. The District will have 45 days from the date the Governor signs the budget to make public any significant revisions it decides to make to the Adopted Budget based upon the State's enacted budget.

Addendum to Contract with Ed Sped Solutions, Inc

Type Action

Absolute Date Jun 29, 2021

Fiscal Impact Yes

Dollar Amount \$98,200.00

Budgeted No

Budget Source Special Education

Recommended The staff recommends that the Board of Education ratify the addendum to the master

Action contract for Ed Sped Solutions.

Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:

For the Board of Education to approve the addendum to the master contract for Ed Sped Solutions, Inc contract in the amount of \$98,200. The services provided by Ed Sped Solution, Inc. are essential services for ensuring compliance requirements are met for Students With Disabilities, that includes assessment timelines, and related services are provided per the student's IEP.

Background:

Related services and assessments are legally mandated per Individual Disability Education Act (IDEA). Without Ed Sped Solutions, Inc. services, Newark Unified School District would be out of compliance.

The master contract for Ed Sped Solutions, Inc. was approved by the Board of Education on August 6, 2020, in the amount of \$333,000.

Addendum to the master contract was approved by the Board of Education on September 9, 2020, in the amount of \$180,223 for a Board Certified Behavior Analyst & Resource Specialist Program teacher at NJHS.

Addendum to the master contract was approved by the Board of Education on March 18, 2021, in the amount of \$59,250 for a Program Specialist position.

The total amount for the Ed Sped Solutions, Inc. contract for the 20/21 school year including the proposed addendum is in the amount of \$670,673.

Ed Sped Solutions, Inc. will continue to provide the following services with the Board's approval.

1. Educationally Related Mental Health Services (ERMHS) are IEP driven counseling services (group and Individual). The District has two therapeutic Special Day Class (SDC) programs (one at the Junior High and one at the High school) serving 30 students that require counseling services. Due to two school psychologists' absence, Ed Sped Solutions, Inc provided counseling services to students per their IEPs. Ed Sped Solution, Inc will continue to serve special education students during Extended School Year (ESY) with counseling services per the student's IEP. The total cost for these services is \$15,000.
2. Psycho-educational assessments for initial Special Education eligibility, triennial assessment of continued eligibility, and Educationally Related Mental Health assessments & academic assessments. The district has had two psychologists absent for an extended period of time resulting in the need for the Special Education Dept. to acquire services from Ed Sped Solution, Inc to remain compliant and meet the unique needs of students. The total cost for these services is \$64,000.
3. Instructional Assistants (IA) are necessary personnel to support students with disabilities. Instructional Assistants provide both program support within the classroom setting and one-to-one support for high-needs students per the student's IEP. Ed Sped Solution, Inc will provide IA support during the Extended School Year (ESY) program. The total cost for these services is \$19,200.

Coyote Hills Elementary Design Team Presentation

Type Information

Purpose:

To present to the Board information regarding the work conducted by the Design Team in regard to the Graham/Snow merger.

Background:

Design Team Background

On November 17, 2020, the NUSD Board of Education, acting on the recommendation of the School Consolidation Advisory Committee, voted to merge Snow Elementary and Graham Elementary on the Graham campus in order to provide increased equity and access to a high-quality school program in a single merged school located at the Graham campus.

The merger process was an important opportunity for stakeholders from both Snow Elementary and Graham Elementary to:

- Design and develop the new school's mission and vision.
- Clarify the student population needs the newly designed school seeks to serve
- Assess current school structures, respective cultures, site programs, and systems in place that can be applied and/or adapted to the new school community
- Identify our NUSD priorities for ensuring all students that we seek to serve at the new school have the programs and supports they need to thrive as learners and leaders
- Building consensus on a plan for our community to take collective responsibility for a successful merger of our new school

The Design Team

The Design Team was responsible for:

- Centering and advocating for the needs of our most vulnerable students throughout both Graham Elementary and Snow Elementary in the merger planning
- Communicating with and collecting input and feedback from peers related to merger planning
- Participating in design and decision-making processes related to the mission and vision of the merger planning
- Participating in and advocating with other NUSD schools to ensure their support and coordination for the success of the redesign efforts to ensure a successful start to a new school

Design Team Expectations

Members of the Design Team committed to:

Attending all meetings, via Zoom, on the 2nd and 4th Thursdays of each month, January 28th, 2021 through June 10, 2021.

Leading up to & throughout the process, collecting feedback/ input from peers needed to support our design work.

This is a live, working document for the Coyote Hills Elementary School Community to guide their work. The document was developed as a starting place and allows for flexibility throughout the implementation of the programs.

LCAP Membership Roster

Type Action

Preferred Date Jun 17, 2021

Recommended Action Staff recommends that the Board of Education ratify the updated LCAP roster and provide staff discretion to update the roster within the school year.

Purpose:

The purpose of this item is to inform the Board of an update to the 2020-21 LCAP Advisory Committee roster.

Background:

The 2020-2021 LCAP Advisory Committee roster was first reviewed and approved by the Board on January 21, 2021. Since then, two members of the original committee resigned due to personal reasons that kept them from participating for the entire semester. In collaboration with the principals of the sites that lost representation, replacements were recruited. The attached document is the updated roster of the 2020-21 LCAP Advisory Committee.

Resolution 2020.21-039: Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ+) Pride Month

Type	Action
Preferred Date	Jun 17, 2021
Fiscal Impact	No
Budgeted	No
Recommended Action	Staff recommends that the Board of Education adopt Resolution 2020.21-039 recognizing June as LGBTQ+ (or LGBTQIA+) Pride Month.

Purpose:

To adopt Resolution 2020.21-039 recognizing June as LGBTQ+ (or LGBTQIA+) Pride Month.

Background:

The proposed NUSD resolution was drafted in partnership with Castro Valley Pride as well as NUSD students, who provided feedback and input on the resolution's content. Castro Valley Pride, Livermore Pride, and Oakland Pride are working with local Alameda County districts to adopt resolutions recognizing the month of June as Pride Month by raising a rainbow flag at each school site as well as district offices.

The following districts have already passed similar resolutions:

- Alameda County Office of Education
- Castro Valley Unified School District
- Hayward Unified School District
- San Lorenzo Unified School District
- New Haven Unified School District
- Pleasanton Unified School District
- Piedmont Unified School District
- Dublin Unified School District
- Berkeley Unified School District (pending 6/2/21 outcome)
- Albany Unified School District (pending 6/8/21 outcome)
- San Leandro Unified School District (pending 6/8/21 outcome)
- Sunol Glen Unified School District (TBD)
- Alameda Unified School District (TBD)

Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) Pride Month is currently celebrated each year in the month of June to honor the 1969 Stonewall Uprising in Manhattan. Today, celebrations include pride parades, picnics, parties, workshops, symposia, concerts, and more. Memorials are held during this month for those members of the community who have been lost to hate crimes or HIV/AIDS. The purpose of the commemorative month is to recognize the impact that lesbian, gay, bisexual and transgender individuals have had on history locally, nationally, and internationally.

NUSD Graduate Profile

Type	Action
Preferred Date	Jun 17, 2021
Recommended Action	Staff recommends that the Board of Education approve the six characteristics of an NUSD graduate finalized by the Graduate Profile Design Team.

Purpose:

The purpose of this item is for the Board of Education to approve the six characteristics of a NUSD graduate as well as provide feedback on the final visual design of the Graduate Profile.

Background:

"A graduate profile is a visual representation of the essential skills and habits that define the learning experiences at your school." This presentation will describe the development of the NUSD Graduate Profile from November 2020 to May 2021 through a series of collaborative and interactive activities which engaged over one hundred stakeholders: students, teachers, community members, university partners, business partners, and the NUSD Board of Education. Since the engagement session of the Board of Education on March 4, 2021, the Graduate Profile Design Team came to consensus and identified the six characteristics of a NUSD Graduate: Critical Thinker, Creative Problem Solver, Effective Communicator, Integrity, Empathy, and Resilience. At this meeting, we will also present three images designed by one of our NMHS students. We request feedback from the NUSD Board of Education on each of the designs presented, prior to professional finishing.

Action Design Team and construction manager to complete vetting of bids and award the contract to the lowest, responsible and responsive bidder for the Landscaping and Irrigation Project: Group 1 Schools at Birch Grove Primary, Birch Grove Intermediate, Kennedy, Schilling and Lincoln Elementary Schools.

Purpose:

To authorize district staff to award the contract to the lowest, responsible and responsive bidder for the Landscaping and Irrigation Project: Group 1 Schools at Birch Grove Primary, Birch Grove Intermediate, Kennedy, Schilling, and Lincoln Elementary Schools.

Background:

On February 20, 2020, the Board of Trustees approved a list of projects for the balance of the Measure G Bond proceeds which included landscaping and irrigation projects. On August 20, 2020, the Board approved a list of landscaping and irrigation improvements at Birch Grove Primary, Birch Grove Intermediate, Graham, Kennedy, Schilling, Lincoln, Musick, Newark Memorial High School, and MacGregor. Projects will bid in two increments.

The Landscaping and Irrigation Project Group 1, which includes Birch Grove Primary, Birch Grove Intermediate, Kennedy, Schilling, and Lincoln Elementary Schools, will provide curb appeal as outlined by the Measure G Bond.

These projects have undergone a competitive bidding process. The projects were publicly advertised on May 28, 2021 and June 4, 2021. Mandatory pre-bid site walks occurred on June 1 & 3 & 9, 2021. Bids are scheduled to be publicly opened on June 16, 2021 at 2:00 PM.

The lowest, responsible and responsive bidder and the bid amount are to be announced at the June 17, 2021 Board meeting.

Bid Award of Newark Junior High School Stair Improvements and Barrier Removal Project

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$631,700.00
Budgeted	Yes
Budget Source	Fund 40 Special Reserve for Capital Outlay Projects (Ruschin Funds)
Recommended Action	Staff recommends the Board of Education authorize staff to award the Newark Junior High School Stair Improvements and Barrier Removal Project to the lowest, responsible and responsive bidder, Cal-Pacific Construction Inc., as presented.

Purpose:

To award the contract to Cal-Pacific Construction Inc. for the Newark Junior High School Stair Improvements and Barrier Removal Project.

Background:

Staff presented conceptual renderings and budget depicting the project designs at the May 5, 2021, Board meeting (see attached).

Staff had duly advertised and released for competitive public bid the Stair Improvements and Barrier Removal Project at Newark Junior High School. A Notice to Bidders was advertised in the Argus Newspaper on May 7, 2021, and May 14, 2021, and was placed in industry plan rooms on May 7, 2021. Mandatory Pre-bid conferences were held on May 18, 2021, and May 20, 2021.

On June 6, 2021, two (2) bids were received. The lowest bid was submitted by Cal-Pacific Construction Inc. at \$631,700.00 which includes a base bid of \$437,000, and Alternates 1A, 1B, 2A, and 2B totaling \$194,700. The lowest bid is within the construction budget and about \$90K below the estimated construction cost.

This action item is:

PG&E Electric Vehicle Fleet Electrification Program Grant for Electric Vehicle Charging Station Infrastructure

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$75,146.00
Budgeted	No
Budget Source	Fund 40 - Special Reserve for Capital Outlay Projects (Ruschin Funds)
Recommended	Staff recommends that the Board of Education accept the PG&E Electric Vehicle Fleet

Action Electrification Program Grant.

Purpose:

Newark Unified School District has been extended an invitation to join PG&E's EV Fleet Electrification program. The purpose is to inform the Board of the details of the program, which includes incentives and rebates to reduce the cost of constructing an electric vehicle charging infrastructure at the MOT Yard at 37370 Birch Street, and obtaining Board approval to accept the invitation and commit to ongoing infrastructure grants.

Background:

On June 19, 2019, the Board approved Resolution 2139, confirming its interest in applying for the funding to replace its five school busses with zero-emissions buses and the related charging infrastructure. On December 3, 2020, the Board approved a commitment to purchasing two (2) electric buses and a charging station infrastructure for a district match of \$356,304 through the Bay Area Air Quality Management District (BAAQMD), California Air Resources Board (Hybrid Voucher Incentive Project - HVIP) and PG&E grants. The Board also approved future electric vehicle and infrastructure grant applications. In December 2020, two electric buses were ordered and delivered. Execution of the BAAQMD grant in December 2020 provides \$75,770 towards infrastructure and qualified Newark USD for the PG&E's EV Fleet Electrification program. The PG&E program requires the commitment to acquire a total of five (5) electric vehicles over a five-year period. The two (2) buses purchased will count towards the five (5) required purchases. Newark USD proposes to obtain 3 additional electric vehicles (2 refrigerated trucks and a dump truck or similar, depending on what grants and electric vehicles are available and are the most cost-effective). Once Newark USD signs off on the grant, PG&E will design the infrastructure at their cost and pay for a new electric transformer.

The 10-year PG&E grant contract has actual costs to be determined pending the final design. Once PG&E has completed its design, Newark USD can consider either:

- Ownership Option: Newark USD pays for and receives grants from BAAQMD and PG&E for electric infrastructure, or
- Lease Option: PG&E pays for and owns the electric vehicle infrastructure from the PG&E electric transformer to Newark USD's electric meter. Newark USD will pay PG&E a lease cost monthly to cover the cost of this work and operating costs (electricity, maintenance, etc.)

Once PG&E has completed its design and cost analysis has been received, Business Services and MOT can review and recommend the best financial alternative.

An estimate of \$75,146 is for the ownership option. Under this scenario, it is estimated that Newark USD will be paying 25% of the total cost of the charging station infrastructure. PG&E is also required to provide a discounted Business Electric Vehicle Charging rate (BEV1 or BEV2).

Fiscal Impact	Yes
Dollar Amount	\$10,500.00
Budgeted	No
Budget Source	Capital Facilities Fund
Recommended	Staff recommends the Board of Education approve the proposal from SchoolWorks, Inc. to
Action	provide services for a Feasibility Study of building a new school in the Sanctuary development on land provided by the developer in the City of Newark Area 3.

Purpose:

To review and approve the proposal from SchoolWorks, Inc. to provide services for a feasibility study of building a new school on land provided by the developer in the Sanctuary development located in the City of Newark's Area 3.

Background:

At the May 6, 2021, Board meeting, Board Member Grindall requested that staff begin to review the feasibility of building a new school in the Sanctuary development located in the City of Newark's Area 3. On April 9, 2015, a Development Agreement between the City of Newark and Newark Partners, LLC Developer was executed. As part of this agreement, the City of Newark required the dedication of 6 acres of land to the City for use as a school site. In

addition, there is to be an adjacent 3-acre park that would be for joint City/School use. As per the provisions of the Development Agreement, an elementary school must begin construction on the site within 7 years of the first building permit granted for the Sanctuary (Area 3) development. If school construction does not take place by that time, the property would revert to the developer. The first building permit was granted on August 8, 2018. Therefore, school construction would need to commence by August 7, 2025.

Resolution 2020.21-032: 2021-22 Budget Adoption and Public Hearing Reserve Disclosure Certificate

Type	Action
Fiscal Impact	No
Recommended	Staff recommends that the Board of Education adopt Resolution 2020.21-032 2021-22
Action	Budget Adoption and the Public Hearing Reserve Disclosure Certificate and certify that the budget was developed using the state-adopted Criteria and Standards.

Purpose:
 The purpose of this item is for the Board of Education to adopt the 2021-22 Proposed Budget prior to July 1, 2021.

Background:
 Following a mandated public hearing, held June 3, 2021, on the 2021-22 Proposed Budget, the Board will consider adopting the District budget. The most significant items that will impact this budget are the actual closing of the books on 2020-21, and the actual 2021-22 enrollment and attendance in Newark Unified School District. Education Code 42127 requires the governing board of each school district to adopt a budget on or before July 1 of each year for the upcoming fiscal year. Staff recommends the Board adopt the 2021-22 budgets for the following funds: General Fund;

Adult Education Fund; Child Development Fund; Cafeteria Fund; Special Reserve for Other Than Capital Outlay Fund; Building Fund; Capital Facilities Fund; Special Reserve Fund for Capital Outlay Projects; Bond Interest and Redemption Fund; and Self-Insurance Fund.

Once the Legislature reaches a compromise on the 202122 State Budget Act, each house will need to approve the budget bill by June 15. The Governor will then have 12 days to sign the budget bill as presented, approve the budget bill with line-item reductions, or veto the budget bill and send it back to the Legislature. The District will have 45 days from the date the Governor signs the budget to make public any significant revisions it decides to make to the Adopted Budget based upon the State's enacted budget.

Addendum to the Chief Business Official Employment Agreement

Type	Action
Budget Source	General Fund
Recommended	Staff recommends that the Board of Education approve the proposed addendum to the
Action	Chief Business Official employment agreement.

Purpose:
 Governing Boards must orally report out a summary of a recommendation for final action on certain local agency salaries, salary schedules or other compensation.

Background:
 The Chief Business Official's employment agreement states that compensation "shall be increased each year in the same percentage amount that is granted to the NEWMA salary schedule...". On June 3, 2021, the Board approved a NEWMA salary increase on the salary schedules for 2021-22 of 1% effective July 1, 2021, and 1.5% effective February 1, 2022. The addendum to the Chief Business Official Employment Agreement reflects the increase for the Chief Business Official, Marie dela Cruz.

Murals at Schilling Elementary

Type	Action
Fiscal Impact	No
Recommended	Staff recommends that the Board of Education approve the painting of two murals at
Action	Schilling Elementary School, to be painted by Illuminaries Mural & Design.

Purpose:
 To obtain Board approval to have Illuminaries Mural & Design paint two murals of the school mascot, the Schilling Stallion, at Schilling Elementary School: one mural to be painted on a portable and the other on a school building.

Background:
 Murals and school mascots provide a sense of community, school spirit, and pride to the campus. The proposed murals, displaying the school mascot, the Schilling Stallion, not only supports the Schilling community, but also the youth in our area. Illuminaries is a program in Union City whose passion is to inspire youth through art. They bring their own unique "spray blast" style of art which students can enjoy and take pride in. The murals are being donated to the school at no charge.

Alameda County Inter-District Transfer MOU

Type Action
 Recommended Staff recommends that the Board of Education approve the renewal of NUSD's Inter-District

Action Transfer MOU
 Goals 2. Establish financial stability and fiscal solvency in order to drive continuous improvement.
 1. To provide academic excellence via equity and opportunities for all students.
 MISSION: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.

Purpose:
 The purpose of this item is for the Board of Education to approve the renewal of NUSD's Inter-District Transfer MOU.

Background:
 Education code mandates that all districts review the MOU and Interdistrict Transfer Application, and make updates where needed at least once every five years. 2020-21 is the last year of our current five-year agreement. The Student Services Council, with representatives from all county school districts, along with legal counsel from the county and several school districts, began reviewing this document in March of 2020. No major changes have been made to the agreement/MOU at this time. However, parties recognize that there may be a need for an addendum once the state clarifies language around "independent study," and "specialized programs." In this current MOU, "independent study" and "virtual academies" are not specifically named and addressed. This county-wide Interdistrict Transfer Agreement (MOU) has been in place, working effectively, for the last five years.

Services Agreement between Newark USD and BaySci

Type	Action
Preferred Date	Jun 15, 2021
Dollar Amount	\$55,000.00
Budgeted	Yes
Budget Source	LCFF
Recommended Action	Staff recommends that the Board of Education approve the services agreement between Newark USD and BaySci.

Purpose:
 The purpose of this item is for the Board of Education to approve the Service Agreement between the Regents of the University of California, Berkeley - Lawrence Hall of Science and Newark Unified School District. This Service Agreement outlines the services to be provided by BaySci for 2021-2022 to support district Science initiatives and curriculum development and implementation.

Background:
 BaySci at the Lawrence Hall of Science, University of California, Berkeley supports the development and deepening of district-wide capacities for equitable, high-quality science education and environmental literacy. BaySci is dedicated to leadership, innovation, and excellence in STEM education and learning, and has a long history of addressing the needs of groups who are situated at the margins of equitable, high-quality instruction in science, math, engineering, and environmental education. In 2021-2022, BaySci will:

1. Provide support for the NUSD Science Leadership Team to develop an implementation plan for district-wide coherence across disciplines.
2. Provide support for partnerships with community-based organizations as part of a district-wide coherent Science/environmental literacy program.
3. Provide support for meaningful teacher collaboration, building off NUSD structures and lessons learned during COVID-19 to sustain teacher collaboration around Science, environmental literacy, and computational thinking.

Resolution 2020.21-033: Education Protection Act (EPA) Use of Funds 2021- 22

Type	Action
Fiscal Impact	No
Recommended Action	Staff recommends that the Board of Education approve the Education Protection Act, Resolution 2020.21-033.

Purpose:
 The purpose of this item is for the Board to approve the Education Protection Act Resolution 2020.21-033 to fulfill the requirements of Propositions 30 and 55, which created and extended the Education Protection Account.

Background:
 Pursuant to Article XIII Section 36 of the California Constitution, School Districts, County Offices of Education, and Community College Districts are required to determine how the money received from the Education Protection Account (EPA) will be spent in the schools within its jurisdiction, provided that the governing board makes the spending determinations in an open session of a public meeting. The language in the constitutional amendment requires that funds shall not be used for the salaries and benefits of administrators or any other administrative costs.

The Education Protection Act Resolution 2020.21-033 fulfills the spending determination requirement. All districts must also post on their website annually an accounting of how much money was received from the EPA and how it was spent.

Type	Action
Fiscal Impact	No
Recommended	Staff recommends that the Board of Education adopt Resolution 2020.21-034 Budget
Action	Transfers for 2020-21 (Year End).

Purpose:
The resolution allows the Superintendent and the Chief Business Official, or designee thereof, to authorize and make necessary budget transfers to allow for the payment of obligations incurred by the District during the end of the 2020-21 school year.

Background:
Education Code Section 42600-42602 and 42610 provides the Board the authority to request of the County Office of Education through their designee any needed transfers as may be necessary to permit the payment of obligations incurred during the school year.

Type	Action
Fiscal Impact	No
Recommended	Staff recommends that the Board of Education adopt Resolution No. 2020.21-037:
Action	Authorized Agents to Sign Official Documents and Reports.

Purpose:
The purpose is to adopt Resolution No. 2020.21-037, Authorized Agents to Sign Official Documents and Reports. It is the "Signature Card" to be kept on file at the Alameda County Office of Education.

Background:
Whenever a change in the official signers of the District occurs, the County Superintendent of Schools requires certification in the form of a resolution from the Board of Education naming the new official signers for reports on behalf of the District. This resolution reflects those designated to sign on reports to the County and State on behalf of the District. The Executive Cabinet members are the designated signers for reports. This authorization is in place for all official documents of the District, and it is a county requirement. Alameda County Office of Education recommends that the governing board take necessary action for completion of the attached resolution no later than the first board meeting of the fiscal year.

Recommended	Staff recommends that the Board of Education adopt Resolution No. 2020.21-038:
Action	Authorized Agents to Sign Payroll Warrants and Disbursements.

Purpose:
The purpose is to adopt Resolution No. 2020.21-038, Authorized Agents to Sign Payroll Warrants and Disbursements. It is the 2021-22 "Signature Card" to be kept on file at the Alameda County Office of Education.

Background:
Pursuant to Education Code Section 42632 for Education, each order drawn on the funds of the School District shall be signed by at least a majority of the members of the governing board of the district or by a person(s) authorized by the governing board to sign orders in its name. This resolution reflects those designated to sign on the payroll warrants and disbursements to the Alameda County Superintendent of Schools. This authorization is in place for all disbursements for payroll and accounts payable, and it is a county requirement. Alameda County Office of Education recommends that the governing board take necessary action for completion of the attached resolution no later than the first board meeting of the fiscal year.

Donations Report

Type	Action
Budget Source	General Fund (Fund 010) Donations
Recommended	Staff recommends that the Board of Education accept the Donations Report as presented.
Action	

Purpose:
The purpose is to acknowledge receipt of donations to the District.

Background:
Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledgment at a public Board meeting and a letter of thanks is sent to the donor by the Business Office for NUSD.

Action

Purpose:
The purpose of this item is to present warrants, for the total amount of \$1,646,502.49, made from District funds for May 2021.

Background:
The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

DEBRIEF AND DISCUSSION

Type Information

Purpose:
This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background:
Governance Team Handbook
Authority is collective, not individual:
The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside this meeting, there is no authority.
A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.
Bring up new ideas/decide to move new ideas forward:

The Board will be open to having "brainstorming" discussions about any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting.

Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff.

The new idea will be agendized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas.

9 RECOGNITIONS AND CELEBRATIONS

Certificated and Classified Employee of the Year

Type Information

Every year the district honors a certificated and classified employee of the year. It is our belief that Newark Unified School District is honored to have so many highly qualified employees who dedicate and share their time, caring, compassion, skills, and wealth of knowledge with the students and families in the City of Newark. Eligibility was extended to all classified and certificated employees in the district.

The following process was followed in selecting the certificated and classified employee of the year:

Nomination letters and forms were sent to all certificated and classified employees in February.

A committee, comprised of representatives from CSEA, NTA, and NEWMA reviewed all the nominations. The criteria included:

- Unusual or outstanding characteristics or achievements.
- Acts of service demonstrating how the employee fulfills the District Core Beliefs.
- Ways in which the employee demonstrates the Core Values of Character, Leadership, Innovation, and Continuous Improvement.
- Community service.

The committee members submitted their top three choices from each association to the Board of Education for final selection.

Retirement and Longevity Honorees

Type Information

Newark Unified School District would like to recognize employees who have retired this year. It is with the deepest appreciation and gratitude we honor and thank them for their years of dedication and service to the Newark Community. The District would also like to recognize employees who have been part of the Newark family for 25 years or longer. These employees are an essential part of our team and their continual vital contribution to the District promotes success in meeting our District's Mission, Vision, and Values.

11 BOARD OF EDUCATION AGENDA REQUESTS

NUSD Affinity Groups and Cultural Clubs

Type Discussion

Purpose:

This item is brought forth to the Board as a request by Member Hill at the May 20, 2021, regular board meeting. The Board is asked to decide if they want to hear the content of the request, and if heard, to decide if the request merits additional discussion and further development from staff for a later meeting, or if the request has been satisfied.

Background:

"It is the intent of the Legislature that members of the public be able to place matters directly related to school district business on the agenda of school district governing board meetings," as long as it "is within the subject matter jurisdiction of the governing board." (Ed. Code 35145.5) It is within the role of the board president, working with the superintendent, to develop the board agenda. A school district may exercise discretion not to place an item on the agenda if the district determines that the matter is not "directly related to school business." *Mooney v. Garcia* (2012) Cal. App.4th 229, 231.

"A board is not required to place an item on a specific portion of an agenda (closed versus open), is not required to discuss, prepare a report, or take any action on an item requested by a member of the public, and is not required to provide any additional time to the requester for public comment. To meet the requirements of the statute, a board must only agendize the item, call the item, and allow for public comment as it would for any other agenda item." (DWC Brown Act Manual)

"Even if a district places the matter on the agenda, however, no action is legally required and the item need only be considered. The law does not require the item be placed on the agenda immediately, but it is advisable to place the item on the agenda within a reasonable time frame, ... Interested members of the public may comment on the item, subject to the Board's policies regarding public comment generally." (SCLS)

"The Board will be open to having 'brainstorming' discussions about any idea that a Board member may feel merits exploratory consideration. 'New Ideas' are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting.

Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff.

The new idea will be agendized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the 'fleshing out' of new ideas.

Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas." (NUSD Governance Team Handbook)

Public Hearing on the 2021-22 Local Control and Accountability Plan (LCAP)

Type Discussion, Information

Purpose:

To present the 2021-22 Local Control and Accountability Plan (LCAP) to the public and Newark Unified School District Board of Education, and for the Board to conduct a Public Hearing.

Staff will recommend the adoption of the 2021-22 LCAP at the Board's meeting on June 17, 2021.

Background:

Notice of the public hearing was posted in English and Spanish at all NUSD school sites and the District Office on May 24, 2021 (see attached).

The 2021-22 LCAP is available for public inspection as an attachment to this agenda and also in person at the Business Services office.

Education Code 52062(b)(1) A governing board of a school district shall hold at least one public hearing to solicit the recommendations and comments of members of the public regarding the specific actions and expenditures proposed to be included in the LCAP or annual update to the LCAP. The agenda for the public hearing shall be posted at least 72 hours before the public hearing and shall include the location where the LCAP or annual update to the LCAP will be available for public inspection. The public hearing shall be held at the same meeting as the public hearing for the budget to be adopted required by Education Code 42127(a)(1).

Education Code 52062(b)(2) A governing board of a school district shall adopt an LCAP or annual update to the LCAP in a public meeting. This meeting shall be held after, but not on the same day as, the public hearing held pursuant to paragraph (1). This meeting shall be the same meeting as that during which the governing board of the school district adopts a budget pursuant to Education Code 42127 (a)(2).

15 NEW BUSINESS

School Naming - Merged Graham/Snow Elementary

Type Action

Recommended Staff recommends the Board of Education approve the name selected by the Design Team

Action for the merged Graham/Snow Elementary

Purpose:

To provide the Board of Education with a recommendation from the Design Team regarding the new proposed name for the merged Graham/Snow Elementary.

Background:

On November 19, 2020, the Newark Unified School District Board of Education voted to merge Snow Elementary and Graham Elementary on the Graham campus in the 2021-22 school year. As part of this merger, an inclusive and transparent process was created to select a name for the merged school. The school naming process followed the criteria outlined in Board Policies 7310 and 7511 (attached here). The Board policy articulates that a committee would be formed to weigh the different school name options, engage the school community in the naming process, and bring forth a name recommendation to the Board of Education for approval.

The school naming process (articulated in the attached document titled, Design Team School Naming Process Doc) was begun on February 2, 2021, and included an open-call for students, staff, families, and the community to submit name ideas. The submissions were then reviewed by the Design Team and narrowed to 6 school name suggestions that fit the criteria outlined in the Board Policy. The 6 school name suggestions were then shared with students, staff, families, and community on a ballot (online and paper forms) to narrow the selection to the final three choices.

These top three choices were presented at a public hearing at May 20th, 2021 Board of Education meeting:

1. Coyote Hills Elementary
2. Cherry Elementary
3. GROW Elementary

After which, the Design Team voted to select a final single choice to present to the Board for approval. The name, unanimously selected by the Design Team, and the recommendation presented to the Board is Coyote Hills Elementary.

Syserco (HVAC Management System) Multi-Year Service Agreement

Type Action

Fiscal Impact Yes

Dollar Amount \$195,736.00

Budgeted Yes
 Budget Source Routine Restricted Maintenance Account
 Recommended Staff recommends the Board of Education approve the Syserco Multi-year Service Agreement, including Option Years 4 and 5, covering the period of July 1, 2021 thru June 30, 2026.
 Action

Purpose:

To renew the service agreement for the Alerton Building Automation System which remotely and electronically monitors and controls the HVAC (Heating, Ventilation, Air Conditioning) systems district-wide. The purpose of this agreement is to provide the short and long-term support needed to ensure the district operates at peak efficiency with minimum downtime.

Background:

To control and monitor the complex HVAC mechanical systems that ensure occupant comfort and safety, Newark Unified School District installed the Alerton Building Automation System. Syserco Inc., located in Fremont, currently provides the energy management services to support the Alerton Building Automation System which remotely monitors and controls the HVAC systems district-wide. Alerton control systems are only available through approved Alerton dealers. Syserco is the Alerton dealer serving Newark, therefore, they are the only company authorized to sell, install, and service the Alerton system for the district. Syserco began installing the Alerton system at Newark USD in 2003 and began partnering with the district for service support in 2015. This long-term relationship provides Syserco the experience and knowledge to best serve Newark USD.

On January 7, 2021, the Board approved a Syserco six-month Service Agreement covering the period of January 1, 2021, through June 30, 2021.

On May 20, 2021, the Board approved the software upgrade on the district's Syserco HVAC management system to the Alerton Compass software.

The proposed agreement covers the period from July 1, 2021, through June 30, 2024, with the option of extending an additional two years, 2024-25 and 2025-26. The annual increase from July 1, 2021-June 30, 2026 is about 3.7%. (The previous 5-year agreement expired on December 31, 2020.)

Scope Item:	Year 1 7/1/21 to 6/30/22	Year 2 7/1/22 to 6/30/23	Year 3 7/1/23 to 6/30/24	Option Year 4 7/1/24 to 6/30/25	Option 7/1/25
Total	\$36,748	\$37,580	\$38,989	\$40,451	\$41,96

Summary of the deliverables:

Year 1:

1. Annual Global Controller Firmware Updates
2. Annual Disaster Recovery Backups
3. Preventative Maintenance for Alerton Energy Management System
4. (2) Correction Action Implementation Days
5. (8) Operator Support and Coaching Days
6. (2) Seats in Compass Operator Seminar
7. (1) Seat in Field Level Troubleshooting Seminar
8. Online Technical Support
9. Preferred Emergency Response
10. Discounted Labor and Material Rates

Year 2-3 (and optional year 4-5):

1. Annual Software and Cybersecurity Updates
2. Annual Global Controller Firmware Updates
3. Annual Disaster Recovery Backups
4. Preventative Maintenance for Alerton Energy Management System
5. (2) Correction Action Implementation Days
6. (8) Operator Support and Coaching Days
7. Online Technical Support
8. Preferred Emergency Response
9. Discounted Labor and Material Rates

Summary of Services:

Preventative Maintenance of Alerton Energy Management System

Software & Cybersecurity Updates: Software Updates provide new features, security patches, bug fixes, and compliance with evolving standards. These features make it more convenient to operate your system, reduce system vulnerabilities, and ensure compatibility with future products.

Global Controller Firmware Updates: As the automation system product line is enhanced, modifications are often made to the Firmware to provide faster speed of response, greater flexibility, and new applications.

Disaster Recovery: In the event of a catastrophic system failure, these backups allow Syserco to completely restore your system to the last backup state.

System-Level Preventive Maintenance Routines for Alerton Energy Management System.

Corrective Action Implementation (PM): After completing the Preventative Maintenance routines, Syserco will provide two (2) days of labor for each PM period to remediate any identified deficiencies that the Syserco Team deems critical to the operation of your system or require immediate attention.

Customer Support for Alerton Energy Management System

Operator Support and Coaching: Syserco will provide eight (8) days per year of pre-scheduled Operator Support to assist staff in modifying the system, identifying, verifying, and resolving issues found, and/or providing supplemental training.

Local Classroom Training (Fremont).

Emergency Response Services: Online Technical Support, Priority Response Time, Emergency Response.

Service Delivery & Discounts

HVAC Replacement Project

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$722,685.00
Budgeted	Yes
Budget Source	Measure G Bond Funds
Recommended Action	Staff recommends the Board approve the Ratcliff Architects proposal for Phase 1 of the HVAC Replacement project and the Master Project Budget as presented.

Purpose:

To approve the proposal from Ratcliff Architects for Construction Documents, permitting through DSA and Construction Administration services for the HVAC Replacement on six campuses (Kennedy, Birch Grove Primary, Graham, Schilling, Newark Jr High, and Newark Memorial High School).

Background:

On February 18, 2021, the Board authorized District administration to negotiate and award a preliminary service agreement to Ratcliff Architects, in the amount not to exceed \$35,000, and a design and engineering contract not to exceed 11% of the construction cost. Phase 1 of the HVAC replacement upgrades includes 318 units:

Campus	Count
Kennedy E.S	23
Birch Grove Primary	25
Graham E.S	28
Schilling E.S	28
Newark J.H.S	65
Newark Memorial H.S	149
Total HVAC Units	318

Recommended Action:

(1) Approve/ratify design engineering agreement with Ratcliff Architects in the amount of \$722,685 for the Phase 1 HVAC Replacement Project (318 total units); (2) Review and approve Master Project Budget including soft costs and contingencies and authorize staff to enter into agreements with other consultants including RGMK for planning and CM oversight on a Time and Expense NTE \$469,100; Testing and Inspection services (Vendors TBD); Air Balancing with Cypress Engineering Group (Cost TBD) and Commissioning for the controls with Cypress Engineering and other services and expenses within the approved budget and contingency allocations. Construction contracts will be brought to the board for approval upon receipt of bids and evaluation.

Additional background and history:

At the April 15, 2021, Board meeting, staff provided an update on bond projects, including the pending HVAC replacement projects. The presentation and discussion identified approximately 378 Rooftop HVAC units nearing the end of their useful life and have been earmarked for replacement. Of those units, approximately 70-75% were smaller Carrier brand HVAC units. Specifying more efficient Carrier brand models that are of similar size and weight that can reuse the existing roof curbs, align with the ductwork, electrical and gas connections can save considerable time and cost and may require less regulatory review time. The architectural and engineering team has matched nearly 300 units that can meet these criteria, whereas other models or brands would require structural roof framing modifications, new curbs, roofing, and rework of utility connections. On May 20, 2021, the Board of Education adopted Resolution No. 2020.21-030 Authorizing Staff to Acquire Equipment Using Sole Source and authorize the District to specify and pre-purchase Carrier brand HVAC replacement units and Alerton/Syserco Energy Management System as a district proprietary standard.

Resolution 2020.21-031 Declaring Surplus Equipment

Type Action

Fiscal Impact No

Recommended Staff recommends the Board of Education approve Resolution 2020.21-031 which lists

Action items to be declared as surplus to the needs of the District.

Purpose:

The purpose of this item is to obtain Board approval of Resolution No. 2020.21-031, declaring surplus equipment as recommended.

Background:

Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment And Supplies (Personal Property). Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility.

The personal property as described in Resolution No. 2020.21-031 includes equipment used in the Maintenance Operations and Transportation (MOT) Department, Child Nutrition Services Department, and Lincoln Elementary School. Staff determined that items are obsolete and/or beyond economic repair.

The equipment is currently stored and will be recycled/disposed of upon Board approval.

[Lincoln Elementary 2021-22 School Plan for Student Achievement \(SPSA\)](#)

Type	Action
Preferred Date	Jun 03, 2021
Fiscal Impact	Yes
Budgeted	Yes
Recommended Action	Staff recommends the Board of Education approve the 2021-2022 School Plan for Student Achievement.
Goals	<ol style="list-style-type: none"> 1. To provide academic excellence via equity and opportunities for all students. 2. Establish financial stability and fiscal solvency in order to drive continuous improvement. 3. Newark Unified School District will increase our enrollment. <p>VISION: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.</p> <p>MISSION: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.</p>

Purpose:

This 2021-22 School Plan for Student Achievement (SPSA) is coming forward for Board approval. The SPSA serves as the organizer for an individual school's improvement process. The plan is developed with a deep understanding of root causes of student academic challenges and identifies and implements research-based instructional strategies to raise the achievement of students who are not yet proficient by state standards.

The plan:

- Builds on a premise that students are capable of learning with effective instruction.
- Includes school goals aligned with activities and goals included in the LCAP to maximize school reform efforts.
- Is based on verifiable data analysis.
- Focuses on student achievement and academic interventions.
- Implements high leverage school improvement actions.
- Directs resources where they will most directly improve student academic achievement.
- Ensures all resources are aligned to serve identified students' needs.
- Uses research-based strategies.
- Implements strategic coordination of resources.

Background:

The School Plan for Student Achievement (SPSA) is a plan of action to improve student academic performance by coordinating all educational services and resources. Pursuant to California Education Code Section 64001, schools that receive state and federal funds are required to consolidate all school plans into a SPSA.

It is the goal of the Newark Unified School District (NUSD) to provide equitable opportunities to each of our students and school sites. Each site-specific SPSA and the district-wide Local Control and Accountability Plan (LCAP) is a roadmap created in partnership with all district stakeholders to achieve our vision and mission:

NUSD Vision: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.

NUSD Mission: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful and productive citizens.

Each school site aligns its SPSA action items to six of our LCAP goals:

- Goal 1.1 Implement Common Core State Standards in Mathematics
- Goal 1.2 Implement Common Core State Standards in English Language Arts
- Goal 1.3 Implement NGSS and Common Core Literacy Standards Literacy
- Goal 1.4 Implement ELD Standards and Monitor English Language Proficiency Progress
- Goal 1.5 Promote College and Career Readiness for all students (high schools)
- Goal 1.6 Identify and address learning gaps among students, including low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children in foster care
- Goal 1.7 Implement activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth
- Goal 2.1 Promote parent involvement in decision-making and participation in various advisory groups as well as other parent/family activities
- Goal 2.2 Promote a school climate that centers around student engagement and allows students to feel safe and connected to the school community
- Goal 2.3 Promote a culture that values and supports mental health and social-emotional learning (SEL)
- Goal 3.1 Provide access to a broad course of study (VAPA, Health, STEAM, PE, etc.)

Data Analysis: School level goals are informed by data. Each goal area includes data analysis on current measures across student subgroups, and on outcome measures to determine progress. Local and State data are used to develop each goal. I-Ready is a source of local data. The California School Dashboard is the source of State data.

Evaluating Progress: The SSC agendaed a meeting to review Dashboard data and measure the impact of actions on student achievement. The principal and staff evaluate academic progress at minimum three times a year through an academic Professional Learning Community (PLC) model with benchmark data.

Role of School Advisory Committees: California Education Code Section 64001 requires that the School Site Council (SSC) develop the SPSA. The SSC's responsibilities include approving the plan, recommending it to the local governing board for approval, monitoring its implementation, and evaluating the effectiveness of the plan at least annually. The SSC must seek the review, advice, and certification of applicable advisory committees, including the English Learner Advisory Committee (ELAC).

John F. Kennedy Elementary 2021-2022 School Plan for Student Achievement (SPSA)

Type	Action
Preferred Date	Jun 03, 2021
Fiscal Impact	Yes
Budgeted	Yes
Recommended	Staff recommends the Board of Education approve the 2021-2022 School Plan for Student
Action	Achievement.
Goals	<ol style="list-style-type: none"> 1. To provide academic excellence via equity and opportunities for all students. 2. Establish financial stability and fiscal solvency in order to drive continuous improvement. 3. Newark Unified School District will increase our enrollment. <p>VISION: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.</p> <p>MISSION: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.</p>

Purpose:

This 2021-22 School Plan for Student Achievement (SPSA) is coming forward for Board approval. The SPSA serves as the organizer for an individual school's improvement process. The plan is developed with a deep understanding of root causes of student academic challenges and identifies and implements research-based instructional strategies to raise the achievement of students who are not yet proficient by state standards.

The plan:

Builds on a premise that students are capable of learning with effective instruction.

Includes school goals aligned with activities and goals included in the LCAP to maximize school reform efforts.

Is based on verifiable data analysis.

Focuses on student achievement and academic interventions.

Implements high leverage school improvement actions.

Directs resources where they will most directly improve student academic achievement.

Ensures all resources are aligned to serve identified students' needs.

Uses research-based strategies.

Implements strategic coordination of resources.

Background:

The School Plan for Student Achievement (SPSA) is a plan of action to improve student academic performance by coordinating all educational services and resources. Pursuant to California Education Code Section 64001, schools that receive state and federal funds are required to consolidate all school plans into a SPSA.

It is the goal of the Newark Unified School District (NUSD) to provide equitable opportunities to each of our students and school sites. Each site-specific SPSA and the district-wide Local Control and Accountability Plan (LCAP) is a roadmap created in partnership with all district stakeholders to achieve our vision and mission:

NUSD Vision: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.

NUSD Mission: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful and productive citizens.

Each school site aligns its SPSA action items to six of our LCAP goals:

Goal 1.1 Implement Common Core State Standards in Mathematics

Goal 1.2 Implement Common Core State Standards in English Language Arts

Goal 1.3 Implement NGSS and Common Core Literacy Standards Literacy

Goal 1.4 Implement ELD Standards and Monitor English Language Proficiency Progress

Goal 1.5 Promote College and Career Readiness for all students (high schools)

Goal 1.6 Identify and address learning gaps among students, including low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children in foster care

Goal 1.7 Implement activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth

Goal 2.1 Promote parent involvement in decision-making and participation in various advisory groups as well as other parent/family activities

Goal 2.2 Promote a school climate that centers around student engagement and allows students to feel safe and connected to the school community

Goal 2.3 Promote a culture that values and supports mental health and social-emotional learning (SEL)

Goal 3.1 Provide access to a broad course of study (VAPA, Health, STEAM, PE, etc.)

Data Analysis: School level goals are informed by data. Each goal area includes data analysis on current measures across student subgroups, and on outcome measures to determine progress. Local and State data are used to develop each goal. I-Ready is a source of local data. The California School Dashboard is the source of State data.

Evaluating Progress: The SSC agendaized a meeting to review Dashboard data and measure the impact of actions on student achievement. The principal and staff evaluate academic progress at minimum three times a year through an academic Professional Learning Community (PLC) model with benchmark data.

Role of School Advisory Committees: California Education Code Section 64001 requires that the School Site Council (SSC) develop the SPSA. The SSC's responsibilities include approving the plan, recommending it to the local governing board for approval, monitoring its implementation, and evaluating the effectiveness of the plan at least annually. The SSC must seek the review, advice, and certification of applicable advisory committees, including the English Learner Advisory Committee (ELAC).

Crossroads Alternative High School 2021-2022 School Plan for Student Achievement (SPSA)

Type	Action
Preferred Date	Jun 03, 2021
Fiscal Impact	Yes
Budgeted	Yes
Recommended	Staff recommends the Board of Education approve the 2021-2022 School Plan for Student
Action	Achievement.
Goals	<ol style="list-style-type: none"> 1. To provide academic excellence via equity and opportunities for all students. 2. Establish financial stability and fiscal solvency in order to drive continuous improvement. 3. Newark Unified School District will increase our enrollment. <p>VISION: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.</p> <p>MISSION: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.</p>

Purpose:

This 2021-22 School Plan for Student Achievement (SPSA) is coming forward for Board approval. The SPSA serves as the organizer for an individual school's improvement process. The plan is developed with a deep understanding of the root causes of student academic challenges and identifies and implements research-based instructional strategies to raise the achievement of students who are not yet proficient by state standards.

The plan:

Builds on a premise that students are capable of learning with effective instruction.

Includes school goals aligned with activities and goals included in the LCAP to maximize school reform efforts.

Is based on verifiable data analysis.

Focuses on student achievement and academic interventions.

Implements high leverage school improvement actions.

Directs resources where they will most directly improve student academic achievement.

Ensures all resources are aligned to serve identified students' needs.

Uses research-based strategies.

Implements strategic coordination of resources.

Background:

The School Plan for Student Achievement (SPSA) is a plan of action to improve student academic performance by coordinating all educational services and resources. Pursuant to California Education Code Section 64001, schools that receive state and federal funds are required to consolidate all school plans into a SPSA.

It is the goal of the Newark Unified School District (NUSD) to provide equitable opportunities to each of our students and school sites. Each site-specific SPSA and the district-wide Local Control and Accountability Plan (LCAP) is a roadmap created in partnership with all district stakeholders to achieve our vision and mission:

NUSD Vision: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student.

NUSD Mission: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens.

Each school site aligns its SPSA action items to six of our LCAP goals:

Goal 1.1 Implement Common Core State Standards in Mathematics

Goal 1.2 Implement Common Core State Standards in English Language Arts

Goal 1.3 Implement NGSS and Common Core Literacy Standards Literacy

Goal 1.4 Implement ELD Standards and Monitor English Language Proficiency Progress

Goal 1.5 Promote College and Career Readiness for all students (high schools)

Goal 1.6 Identify and address learning gaps among students, including low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children in foster care

Goal 1.7 Implement activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth

Goal 2.1 Promote parent involvement in decision-making and participation in various advisory groups as well as other parent/family activities

Goal 2.2 Promote a school climate that centers around student engagement and allows students to feel safe and connected to the school community

Goal 2.3 Promote a culture that values and supports mental health and social-emotional learning (SEL)

Goal 3.1 Provide access to a broad course of study (VAPA, Health, STEAM, PE, etc.)

Data Analysis: School level goals are informed by data. Each goal area includes data analysis on current measures across student subgroups, and on outcome measures to determine progress. Local and State data are used to develop each goal. I-Ready is a source of local data. The California School Dashboard is the source of State data.

Evaluating Progress: The SSC agendaized a meeting to review Dashboard data and measure the impact of actions on student achievement. The principal and staff evaluate academic progress at minimum three times a year through an academic Professional Learning Community (PLC) model with benchmark data.

Role of School Advisory Committees: California Education Code Section 64001 requires that the School Site Council (SSC) develop the SPSA. The SSC's responsibilities include approving the plan, recommending it to the local governing board for approval, monitoring its implementation, and evaluating the effectiveness of the plan at least annually. The SSC must seek the review, advice, and certification of applicable advisory committees, including the English Learner Advisory Committee (ELAC).

Board of Education Requests

DEBRIEF, AND DISCUSSION

Type Information

Purpose: This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background: Governance Team Handbook
Authority is Collective, Not Individual:
The only authority to direct action rests with the Board as a whole when seated at a regular or special board meeting.
Outside of this meeting, there is no authority.
A majority Board vote provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.
Bringing New Ideas Forward
The Board will be open to having "brainstorming" discussions, or study sessions, around any idea that a Trustee may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Trustee, at their initiative or at the request of a constituent, which was previously discussed during a board meeting.
Trustees will first notify the board president and Superintendent of their interest in bringing forward a new idea at a board meeting.
When initially agendized, the preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.
Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to District staff.
The new idea may be agendized for discussion only. The Board majority will decide if the new idea should be further developed and studied by staff. The Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.
Individual Trustees, in the course of interactions with constituents, will be careful not to make or imply the commitment of the full Board to explore or proceed with implementing new ideas.

Elementary Report Card Update

Type Information

Purpose:

To provide information to the Board of Trustees about the background of NUSD's current elementary pilot grading scale and the plan of action in the 2021-22 school year. Through this interactive study session, the Board of Trustees will have an opportunity to engage with an article regarding standards-based grading and clarify historical developments that occurred in NUSD prior to the elementary grading pilot taking effect. A plan of action will also be presented to clearly outline how Educational Services intends to re-engage with staff and the community at the start of the 2021-22 school year.

Background:

After the Common Core State Standards were adopted there was a great deal of interest in updating the Elementary grading scale to improve alignment and complete a transition to standards-based grading. In the 2018-19 school year a Report Card Committee formed and representatives from each of Newark's 8 elementary sites contributed to an updated pilot elementary grading scale. A part of the presentation for this study session will detail the events that unfolded and ultimately led to the current pilot elementary grading scale.

7 PUBLIC HEARINGS

School Naming - Merged Graham/Snow Elementary

Type Discussion, Information, Procedural
Purpose:
The purpose of this public hearing is for citizens to provide and receive information related to the three final school name options being presented for the naming of the Graham and Snow Elementary merged school.
Background:
On November 19, 2020, the Newark Unified School District Board of Education voted to merge Snow Elementary and Graham Elementary on the Graham campus in the 2021-22 school year. As part of this merger, an inclusive and transparent process was created to select a name for the merged school. The school naming process followed the criteria outlined in Board Policies 7310 and 7511 (attached here). The Board policy articulates that a committee would be formed to weigh the different school name options, engage the school community in the naming process, and bring forth a name recommendation to the Board of Education for approval.
The school naming process (articulated in the attached document titled, Design Team School Naming Process Doc) was begun on February 2, 2021, and included an open-call for students, staff, families, and the community to submit name ideas. The submissions were then reviewed by the Design Team and narrowed to 6 school name suggestions that fit the criteria outlined in the Board Policy. The 6 school name suggestions were then shared with students, staff, families, and community on a ballot (online and paper forms) to narrow the selection to the final three choices.
The top three choices are being presented in a public hearing at the Board meeting on May 20, 2021, after which the Design Team will vote to select a final single choice to present to the Board for approval in June.
The top three choices voted for by the community to be discussed during this public hearing are:
1. Coyote Hills Elementary
2. Cherry Elementary
3. GROW Elementary

12 STAFF REPORT

Governor's May Revise

Type Information

Purpose:

The Chief Business Official will share information with the Board regarding the Governor's May Revision to the State's 2021-22 budget.

Background:

The Governor announced the revisions to the State of California 2021-22 budget on May 14, 2021. Attached is the K-12 Education section of the Governor's 2021-22 May Revision.

Key factors from the May Revision will be used to build the District's 2021-22 budget.

A few highlights of the Governor's May Revision include:

- Prop 98 - three-year increase of \$17.7 billion
- 5.07% compounded COLA for LCFF (includes 2.31% for 2020-21, 1.7% for 2021-22 and a 1% increase to the LCFF Base Grant)
- Reduced deferrals by \$1.1 billion (leaves \$2.6 billion in inter-year deferrals)
- Additional \$2 billion to supplement the In-Person Instruction Grant
- Additional \$2.6 billion to supplement the Expanded Learning Opportunity Grant
- Proposed expansions to after school programs, Universal TK, student supports, school workforce, among others

Next Steps:

Now that Governor Newsom has released the May Revision, the Legislature can begin vetting his revised proposals and highlight their own budget priorities as they prepare to build and pass the 202122 State Budget by the June 15 constitutional deadline.

In the next couple of weeks, each house will have to approve their own version of the State Budget and then go to Budget Conference Committee where they will reconcile their differences and also work with the Newsom Administration on a budget agreement. Once the Legislature reaches a compromise on the 2021-22 State Budget Act, each house will need to approve the budget bill by June 15. The Governor will then have 12 days to sign the budget bill as presented, approve the budget bill with line-item reductions, or veto the budget bill and send it back to the Legislature.

The District will have 45 days after the Governor signs the budget to make public any revisions made to the Adopted Budget which is scheduled to be presented to the Board on June 3, 2021 (public hearing) and June 17, 2021.

Expanded Learning Opportunity Grant Plan

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$3,966,170.00
Budgeted	Yes
Budget Source	Expanded Learning Opportunity Grant
Recommended Action	Staff recommends the Board of Education approve the Expanded Learning Opportunity Grant Plan.

Purpose:

To obtain Board approval for the Expanded Learning Opportunity (ELO) Grant Plan in order to submit to the Alameda County Office of Education (ACOE) by the June 1, 2021 deadline.

Background:

On March 19, 2021, the California Department of Education shared a News Release: \$6 Billion in Reopening and Expanded Learning Funding Amounts for TK-12 Schools Now Available. The one-time funding, provided by AB 86 is available to accelerate the safe return to in-person instruction across California and provide schools the resources to expand academic, mental health, and social-emotional supports, including over the summer.

The Expanded Learning Opportunities Grant makes up \$4.6 billion of the AB 86 funding, which can be used for extended instructional learning time, learning supports, health, counseling, mental health and social-emotional learning, community learning hubs, supports for credit deficient pupils, and training for staff. School districts are required to adopt and submit a plan for the new one-time funding. NUSD's one-time allocation is \$3,966,170. The requirements for the plan include:

- Addressing strategies as outlined in the grant
 - Extending instructional learning time
 - Accelerating progress to close learning gaps
 - Integrated student supports to address other barriers to learning
 - Community learning hubs (access to technology and other academic supports)
 - Supports for credit deficient students (graduation/promotion)
 - Additional academic services for students
 - Training for school staff on strategies to engage students and families
- Addressing paraprofessional support
- Obtaining stakeholder engagement
- Obtaining local school Board approval
- Submitting the plan to ACOE by the June 1, 2021 deadline

Purpose:
To have the Board authorize the District to specify and pre-purchase Carrier replacement units and Alerton/Syserco as a district proprietary standard.

Background:
At the April 15 Board meeting, staff provided an update on bond projects, including the pending HVAC replacement projects. The presentation and discussion identified approximately 378 Rooftop HVAC units nearing the end of their useful life and have been earmarked for replacement. Of those units, approximately 70-75% were smaller Carrier brand HVAC units. Specifying more efficient Carrier brand models that are of similar size and weight that can reuse the existing roof curbs, align with the ductwork, electrical and gas connections can save considerable time and cost and may require less regulatory review time. The architectural and engineering team has matched nearly 300 units that can meet these criteria, whereas other models or brands would require structural roof framing modifications, new curbs, roofing, and rework of utility connections. Similarly, the district has an Alerton/Syersco Energy Management System (EMS) at all its campuses that it is currently being upgraded to help meet the COVID readiness preparations and would like to make the system a district standard.

Syserco Software Upgrade (HVAC Management System)

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$25,281.00
Budgeted	Yes
Budget Source	Routine Restricted Maintenance Account
Recommended	Staff recommends the Board of Education approve the Syserco HVAC management system
Action	software upgrade to the Alerton Compass software as proposed.

Purpose:
To approve the software upgrade on the district's HVAC management system, Syserco, to the Alerton Compass software as proposed.

Background:
Syserco is the Alerton dealer serving Newark, therefore, they are the only company authorized to sell, install, and service the Alerton system for the district. Syserco began partnering with Newark USD in 2003, offering remote management system support for the district's HVAC units. On January 7, 2021 the Board approved the Syserco one year Service Agreement covering the period of January 1, 2021 through June 30, 2021. At the time of the approval, additional future services were outlined, including the need to upgrade from the Alerton Envision for BACtalk software, which has been obsolete for 5 years, to the Alerton Compass software. Updating to the Alerton Compass software ensures it is keeping up with Windows updates and deploys fixes for system vulnerabilities and/or bugs. The Alerton Compass software will support up to 1000 HVAC devices (currently we have 560).

Award of Moving Services Bid

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$85,719.00
Budgeted	Yes
Budget Source	Fund 40 Special Reserve for Capital Outlay Projects (Ruschin Funds)
Recommended	Staff recommends the Board of Education approve the bid award for Moving Services RFP
Action	01-2020-21 to Waters Moving & Storage, Inc.

Purpose:
 To obtain Board approval to award the moving services contract to Waters Moving & Storage, the lowest responsive and responsible bidder for RFP 01-2020-21 Moving Services for School Merger.

Background:
 In November 2020, the board voted to merge Snow Elementary and Graham Elementary on the Graham campus for the 2021-22 school year.
 On May 3, 2021, Newark Unified School District sent out RFP 01-2020-21 Moving Services for School Merger. The scope of the work includes moving services for Snow Elementary, Graham Elementary, and three (3) TK and K classrooms at Musick Elementary School. Services include furnishing of equipment, supplies, and crews as required by the District for the physical relocation of classrooms, offices, and other spaces within the boundaries of the Newark Unified School District, as such times and places as directed by the District, as rapidly as possible with minimal disruption of District staff and the daily operations of the District.

A mandatory bid walk was held on May 10, 2021, and the bid was due May 13, 2021. Five (5) moving companies attended the walkthrough and three (3) submitted bids. One company, Suddath, withdrew its bid. The bid results were as follows:

Company	Bid Amount
Waters Moving & Storage, Inc.	\$85,719
Nor-Cal Moving Services	\$93,840
Suddath (withdrew bid)	\$31,272.37

Based on bids received, staff recommends award to Waters Moving & Storage the lowest responsive, responsible bidder.

San Jose State University Student Teaching Agreement

Type Action
Absolute Date May 20, 2021
Recommended Staff recommends the Board of Education approve the San Jose State University Student
Action Teaching Agreement.

Purpose:
The purpose is for the Board of Education to approve the student teaching agreement between San Jose State University and Newark Unified School District commencing on July 1, 2021, and ending June 30, 2026.

Background:
The District works closely with local institutes of higher education (IHE) and supports student teacher placements and interns. Agreements between Newark Unified School District and a university must be in place before a student teacher or intern can be placed at a school site in the District.
Student teachers and interns in training do fieldwork in our schools and are supervised by the administrators who provide supervision and training.
Student teachers and interns are able to learn, practice teaching, and fine-tune their craft under the direct supervision of a master teacher. The opportunity to student teach or intern in the District benefits both the student and the District.
As vacancies become available in the district, it is invaluable to have the opportunity to observe directly student teachers and interns who may be eligible to interview for vacancies and observe how well they fit into the culture of Newark.

Purchase of Swimming Pool Chemicals for Newark Memorial High School

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$15,000.00
Budgeted	No
Budget Source	General Fund
Recommended	Staff recommends the Board of Education approve an increase to the existing Lincoln
Action	Aquatics purchase order by \$15,000.00 to cover the estimated future chemical costs (through June 30, 2021) for Newark Memorial High School swimming pool.

Purpose:
To increase the existing Lincoln Aquatics purchase order by \$15,000.00 to cover the estimated future chemical costs (through June 30, 2021) for Newark Memorial High School swimming pool.

Background:
Each year the district budgets for swimming pool chemicals to maintain both the Newark Jr High and Newark Memorial High School swimming pools. The Newark Memorial High School swimming pool has leaks and is in need of repairs. In the current state, excess chemicals are needed to maintain the integrity of the swimming pool water. Currently, \$48,000 is budgeted for swimming pool chemicals. The increase of \$15,000 to the Lincoln Aquatics purchase order, to purchase additional chemicals, brings the total to \$63,000.

Warrant Report for April 2021

Type	Action
Fiscal Impact	No
Budgeted	No
Recommended	Staff recommends the Board of Education approve the Warrant Report as presented.
Action	
Goals	2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:
The purpose of this item is to present warrants, for the total amount of \$2,540,634.54, made from District funds for April 2021.

Background:
The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

DEBRIEF AND DISCUSSION

Type Information

Purpose: This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background: Governance Team Handbook Authority is collective, not individual: The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside this meeting, there is no authority. A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction. Bring up new ideas/decide to move new ideas forward: The Board will be open to having "brainstorming" discussions about any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting. Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge. Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff. The new idea will be agendaized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas. Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas.

11 STAFF REPORT

Letter from the Alameda County Office of Education Regarding the 2020-21 Second Interim Budget Report

Type Information

Purpose:

The Chief Business Official will review the letter from the Alameda County Office of Education (ACOE) regarding the Newark Unified School District (NUSD) 2020-21 Second Interim Budget Report.

Background:

The Governing Board approved a POSITIVE Certification of NUSD's Second Interim Budget Report on March 4, 2021. The district subsequently submitted the report to ACOE, as required, for their review and analysis. In accordance with Education Code (EC) Section 42131, ACOE reviewed the Second Interim Budget Report based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to EC Section 33127. Based on ACOE's review and analysis, the 2020-21 Second Interim Budget Report approved by NUSD's Board of Education on March 4, 2021, accurately reflects the financial status of the District. ACOE, therefore, concurs with NUSD's POSITIVE certification with comments.

Update on the Newark Junior High School Stairs Project

Type Discussion, Information

Purpose:

The CBO and Project Manager, RGM Kramer, will provide an update on the Newark Junior High School (NJHS) Stairs Project. The Board is invited to provide input and feedback on the design and scope of work presented.

Background:

The Board approved the NJHS Stairs Project on February 18, 2021. The staff has been working with the architects to review preliminary drawings and possible options on the stairs design. Concrete repair in front of the large staircase (stairway #2) on Lafayette has been added to the scope as an alternate. There will be work on the ADA access ramp at stairway #1 (main stairs by the parking lot) that is tied to the solar project due to DSA (Division of State Architect) requirements. Construction is projected to begin in late June 2021 and completed in early August 2021.

Declaration of Need for Fully Qualified Educators

Type Action
Recommended Staff recommends the Board of Education approve the Declaration of Need for Fully
Action Qualified Educators as presented.

Purpose:
The California Commission on Teacher Credentialing requires that each school district file a Declaration of Need for Fully Qualified Educators for the pending academic year.

Background:
The declaration specifies the number of teachers the school district anticipates hiring in designated subjects and at designated levels on emergency permits and the number of interns the school district anticipates hiring. The declaration is valid for one academic year and is a prerequisite to the issuance of any emergency permits to the school district from the Commission on Teacher Credentialing. The declaration may be amended throughout the academic year as needed.

English Language Development (ELD) Curriculum Adoption

Type	Action
Absolute Date	May 06, 2021
Fiscal Impact	Yes
Dollar Amount	\$30,000.00
Budgeted	Yes
Budget Source	Lottery
Recommended Action	Staff recommends that the Board of Education approve the adoption and purchase of the recommended English Language Development (ELD) curriculum, instructional materials, and licenses for the secondary ELD courses (7th - 12th).

Purpose:
 The NUSD staff recommends that the Local Board approves the following English Language Development (ELD) Curriculum/Instructional materials for secondary ELD courses:
 Get Ready! (Grades 6-8)
 Get Ready! (Grades 9-12)
 Pathways: Level 3 (Grades 6-8)
 EDGE: Fundamentals Level (Grades 9-12)

Background:
 California Education Code (EC) Section 60811 requires the adoption of English language development (ELD) standards for students identified as English learners. The purpose of such standards is to support school districts in developing their programs and services to meet the needs of English learners as well as help them:
 Achieve proficiency in English (in a quick, swift, and effective manner)
 Attain access to the standards-based curriculum (all core/subject areas)
 Achieve state and local grade-level academic standards (performance levels similar to that of their native English-speaking peers)
 Achieve reclassification status

In November 2012, the California School Board of Education approved the most recent ELD standards. These standards were established to purposefully align and augment the California State Standards for English Language Arts and Literacy in History/Social Studies, Science, and Technical Subjects (ELA/Literacy). Common Core State Standards (ELA and Literacy). Such alignment allows for English learners to receive English language development instruction in support of English proficiency and access to a standards-based curriculum.
 The last time NUSD adopted a curriculum for ELD was prior to 2012. The adopted program was Accelerated-English - (Kevin) Clark Consulting and Training Inc. which was aligned to the old ELD standards. In 2018-19, NUSD began the discussion of searching for and adopting a new ELD curriculum. In 2019-2020, a committee was formed to begin the process by identifying programs to pilot. In 2020-21, secondary ELD teachers piloted identified programs. To that end, the NUSD secondary ELD team recommends that the local board approve the recommended ELD programs to implement Fall 2020.

Graduation Requirements - Class of 2021

Type	Action
Fiscal Impact	No
Recommended Action	Staff recommends the Board of Education approve the following temporary modifications to graduation requirements for the class of 2021:
	<ol style="list-style-type: none"> 1. Allow 5th Year (Criteria-based, with Principal Approval), 2. Reduce Graduation Credit Requirements by 10 at NMHS, and 3. Implement Graduation/Summer School Senior Contracts.

Purpose:

Recommendations will be presented to the Board of Education for approval to adopt flexible graduation requirements (for the duration of one year) given the impact of pandemic-related school closures on the graduating class of 2021.

Background:

Given the additional challenges high school seniors have faced during the COVID-19 pandemic locally and nationally, NUSD high schools would like to recommend temporary, flexible graduation requirement options to be considered for the class of 2021. Preliminary information regarding this year's graduating class was provided at the 4/15/21 board meeting.

Resolution 2020.21-029 Honoring May as Asian American and Pacific Islander Heritage Month & Denouncing Hate Crimes and Bigotry Targeting AAPI Communities

Type Action

Recommended	Staff recommends the Board of Education adopt Resolution No. 2020.21-029 Honoring May
Action	as Asian American and Pacific Islander Heritage Month & Denouncing Hate Crimes and Bigotry Targeting AAPI Communities

Purpose:

To adopt Resolution 2020.21-029 Recognizing May as Asian American and Pacific Islander Heritage Month & Denouncing Hate Crimes and Bigotry Targeting AAPI Communities.

Background:

In 1990 Congress voted to expand Asian Pacific Heritage from a week to a month-long celebration and in May 1992, the month of May was permanently designated as National Asian American and Pacific Islander Heritage Month- a celebration of Asian and Pacific Islander Americans in the United States. This is an opportunity to share the historical and current contributions of all Asian and Pacific Islander Americans.

The diversity of these groups include Asian Indian, Bengali, Burmese, Cambodian, Chinese, Filipino, Guamanian, Hawaiian, Hmong, Indonesian, Japanese, Korean, Lao, Malayan, Okinawan, Pakistani, Samoan, Thai, Vietnamese, and others.

In Newark Unified School District, 24% of the student population are identified as Asian, Filipino, or Pacific Islander.

Addendum #2 To Agreement with Jackie Melcher, Behavioral Health Clinician

Type Action
Fiscal Impact Yes
Dollar Amount \$77,500.00
Budgeted Yes
Budget Source Title 1
Recommended Staff recommends the Board of Education ratifies the addendum to the agreement with
Action Jackie Melcher, Behavioral Health Clinician, for services at Schilling Elementary School.

Purpose:
To increase the total compensation and amend the contract with Jackie Melcher, Behavioral Health Clinician, previously approved by the Board on August 20, 2020.

Background:
This agreement provides Schilling Elementary School students an onsite Behavioral Health Clinician who supports Tier I and Tier II needs. The clinician also supports the implementation of Positive Behavioral Interventions and Support (PBIS). The original Independent Contractor Agreement and Memorandum of Understanding (MOU), were approved on August 20, 2020. Addendum #1, approved on September 17, 2020, corrected the hourly compensation rate from \$51.78 to \$65.00 per hour. The hourly rate increase did not affect the Financial Provisions that Schilling Elementary School would contribute (an amount not to exceed \$64,000.00). The original Independent Contractor Agreement, MOU, and Addendum #1 are attached for reference.
As a result of the pandemic, the Clinician has been expanding services, and working more hours after school, supporting students and parents. Additional services include, but are not limited to:
Making videos for SEL curriculum and providing parent support for SEL after school hours
Looking through the new SEL curriculum and integrating Character Strong lessons with Second Step
Providing Second Step training for all teachers after school
Hosting social groups with students after hours to help them during non-academic times
Providing individualize supported tier services and supporting parents, after hours, with implementing these strategies at home
Addendum #2 to the Independent Contractor Agreement for Behavior Health Clinician, Jackie Melcher increases the total compensation by \$13,500.00, making the total amount of the agreement \$77,500.00.

Individual Service Agreement -Esther B. Clark ISA 21-05b

Type	Action
Preferred Date	May 06, 2021
Absolute Date	May 20, 2021
Fiscal Impact	Yes
Dollar Amount	\$7,108.00
Budgeted	Yes
Budget Source	Special Education
Recommended Action	The staff recommends the Board of Education ratifies the agreement.
Goals	1. To provide academic excellence via equity and opportunities for all students.

Purpose:

Newark Unified School District's least restrictive environment (LRE) for a student with disabilities (SWDs) per IDEA was determined by the IEP team to be a placement in a Non-Public School (NPS). This placement is due to the significant disability, behavioral, or programmatic need that has impacted the student's current ability to be successful within the general education setting. (Education Code 56342.1 & EC 56366) <http://www.gamutonline.net/district/newark/DisplayPolicy/137894/>
 This proposed action is consistent with the existing Board of Education Policy 0200.

Background:

As part of the U.S. Individuals with Disabilities Education Act (IDEA), the least restrictive environment is identified as one of the six (6) principles that govern the education of students with disabilities and other special needs. By law, schools are required to provide a Free Appropriate Public Education (FAPE) in the least restrictive environment that is appropriate to the individual student's needs. "Least restrictive environment" (LRE) means that a student who has a disability should have the opportunity to be educated with non-disabled peers, to the greatest extent appropriate. They should have access to the general education curriculum, extracurricular activities, or any other program that non-disabled peers would be able to access. The student should be provided with supplementary aids and services necessary to achieve educational goals if placed in a setting with non-disabled peers. Should the nature or severity of a student's disability prevents the student from achieving these goals in a regular education setting, the student would then be placed in a more restrictive environment, such as a Resource Program, separate classroom with specialized academic instruction (Special Day Class), or a non-public school.
 To determine what an appropriate setting is for a student, an IEP (Individualized Education Program) team reviews the student's needs and interests. The types of educational settings for students with disabilities will vary. With by the differences in needs and interests among students with disabilities, there is no single definition of what an LRE will be for all students.

Board of Education Requests

DEBRIEF, AND DISCUSSION

Type Information

Purpose:

This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background:

Governance Team Handbook
 Authority is collective, not individual:
 The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside this meeting, there is no authority.
 A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of

staff to carry out Board direction.

Bring up new ideas/decide to move new ideas forward:

The Board will be open to having "brainstorming" discussions about any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting.

Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff.

The new idea will be agendaized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas.

2021-22 Local Control Accountability Plan - Board of Trustees Input

Type Discussion, Information

Goals MISSION: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens. VISION: The Newark Unified School District, in partnership with the community, will be a model of world-class education that develops the unique abilities of every student. 1. To provide academic excellence via equity and opportunities for all students.

Purpose:

We invite the Board of Trustees to provide input on the development of the 2021-22 Local Control Accountability Plan (LCAP).

Background:

As part of the development process of the LCAP, Local Education Agencies (LEAs) are to engage stakeholders in the process and obtain input. As per EC section 52060(g) and 52066(g), LEAs are to consult with parents, students, teachers, principals, administrators, other school personnel, and local bargaining units. In addition, they must establish and involve a Parent Advisory Committee (PAC) and an English Learner Advisory Committee (ELPAC), if the English Learner enrollment numbers meet a certain threshold. NUSD has established an LCAP Advisory Committee that is composed of all the stakeholder groups mentioned above and where the majority of the members are parents. The District English Learner Advisory Committee (DELAC) serves as the ELPAC.

For the development of the 2021-2022 LCAP, NUSD is inviting its Board of Trustees to participate in the process by holding a study session where they can discuss and provide input in the focus areas that will shape the goals and actions of this plan.

Type Information

Purpose:

RGM Kramer, the district's Bond Project Manager, and the CBO will provide an update on the Measure G Bond projects.

Background:

The Board approved a list of Measure G priority projects on October 16, 2018.

A Board Study Session was held on February 6, 2020 to review the status of the Measure G bond projects and the

amount of remaining funds. There was approximately \$7,800,000 remaining in Measure G funds. The Board asked staff to review facilities needs and get input on priorities from Principals. The Superintendent and CBO met with the Principals on February 12, 2020 to gather input. A list of projects and a budget was approved by the Board on February 20, 2020. Projects included HVAC system upgrades, new flooring, landscaping improvements, plumbing and irrigation repairs, roof repairs, and security fencing. The budget reflected rough estimates of the cost of the projects. Budget revisions and project changes will be submitted to the Board for approval as needed. The budget was revised and approved by the board on September 17, 2020 and October 6, 2020. An update on the projects and a revised budget will be presented at the April 15, 2021 board meeting.

Quarterly Report on Contracts - FY 2020-21, 3rd Quarter

Type Action

Fiscal Impact Yes

Dollar Amount \$38,500.00

Budget Source General Fund

Recommended Staff recommends the Board of Education receive the Quarterly Report on Contracts.

Action
Goals 2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:

These quarterly reports on contracts are submitted to the Board for review.

Background:

The Board has requested a report of all contracts for services over \$10,000 be reviewed by the Board on a quarterly basis. This report only includes contracts that have not been previously approved by the Board. This report lists contracts from the 3rd Quarter of FY 2020-21 (January, February, March 2021). Contracts are on file in the Business Office.

Warrant Report for March 2021

Type Action
Fiscal Impact No
Recommended Staff recommends the Board of Education approve the Warrant Report as presented.
Action
Goals 2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:
The purpose of this item is to present warrants, for the total amount of \$1,463,425.58 made from District funds for March 2021.

Background:
The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Board of Education Requests

DEBRIEF AND DISCUSSION

Type Information

Purpose:
This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background:
Governance Team Handbook
Authority is collective, not individual:
The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside this meeting, there is no authority.
A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.
Bring up new ideas/decide to move new ideas forward:
The Board will be open to having "brainstorming" discussions about any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting.
Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a

new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff.

The new idea will be agendized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas.

Elementary Social-Emotional Learning (SEL) Curriculum - Character Strong

Type Action

Absolute Date	Apr 01, 2021
Fiscal Impact	Yes
Dollar Amount	\$15,993.60
Budgeted	Yes
Budget Source	LLM
Recommended	Staff recommends that the Board approve Character Strong as a elementary SEL curriculum
Action	for Newark Unified School District.

Purpose:

Character Strong, a comprehensive Social-Emotional Curriculum, is designed for students in grades TK-12 at both the elementary and secondary levels. The curriculum is updated each year and includes relevant topics for students, including character education, navigating social media, and dealing with emotions as a result of the pandemic. The curriculum includes ready-made videos, lessons, and supplementary resources for teachers. Students and teachers have voiced significant interest in having an SEL curriculum and with Character Strong, Newark Unified will have a comprehensive vertically-aligned SEL curriculum TK-12. Focusing on the mental health of our students stands as one of the district's three instructional priorities.

Background:

As a result of the pandemic, educators and leaders at the state and county level strongly recommend creating a space for students to engage in Social-Emotional Learning. Teachers and students alike have requested an SEL curriculum to create a space to engage in relevant topics that are not covered in traditional academic courses. Moving forward with Character Strong will allow Newark Unified teachers to have a comprehensive vertically-aligned SEL curriculum for grades TK-12.

Type Action
Absolute Date Apr 01, 2021
Recommended Staff recommends the Board adopts Resolution No. 2020.21-024 recognizing April as Child Abuse Prevention Month.
Action Abuse Prevention Month.

Purpose:
For the board to review and adopt Resolution No 2020.21-024: Child Abuse Prevention Month

Background:
A presidential proclamation in 1983 declared April as Child Abuse Prevention Month. Since then, April has been a time to acknowledge the importance of families and communities working together to prevent child abuse. We are joining forces with other districts and cities to promote the well-being of all children by participating in the National Child Abuse Prevention Month during April 2021.

Resolution 2020.21-025 To Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers and Students to Mitigate the Effects of COVID-19

Type Action
Recommended Staff recommends the Board adopt Resolution 2020.21-025: To Delegate Authority to Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers and Students to Mitigate the Effects of COVID-19.
Action Procure Necessary Materials, Equipment and Services to Provide Distance and/or In-Person Learning for Staff, Teachers and Students to Mitigate the Effects of COVID-19.

Purpose:
To allow the District to procure necessary materials, equipment, and services that are needed for the education of students via distance and in-person learning.

Background:
On March 4, 2020, the Governor of California declared a state of emergency due to the outbreak and spread of COVID-19. The Governor's proclamation is attached for reference. The proclamation states, in part, as necessary to assist local governments and for the protection of public health, state agencies shall enter into contracts to arrange for the procurement of materials, goods, and services needed to assist in preparing for, containing, responding to, mitigating the effects of, and recovering from the spread of COVID-19. Applicable provisions of the Government Code and the Public Contract Code, including but not limited to travel, advertising, and competitive bidding requirements, are suspended to the extent necessary to address the effects of COVID-19.
Adoption of this resolution approves the delegation of authority and appoints the Superintendent/designee, who is hereby authorized and directed, pursuant to a majority of the vote of the Board and Education Code section 17604 and similar statutes, to take any and all actions necessary to ensure the continuation of public education, and the health and safety of the students and staff at the District sites, including, but not limited to: make alterations, repairs or improvements to school property, and/or execute, deliver or otherwise negotiate a contract with vendors for the purchase of sanitizer, sneeze guards and barriers, masks, gloves, and other personal protection equipment, and any other equipment, goods, materials, services or products that are recommended by any federal, state or local agency or determined to be necessary to keep students, staff and administration personnel safe to the extent possible.

Donations Report

Type	Action
Budget Source	General Fund (Fund 010) Donations
Recommended	Staff recommends the Board accept the Donations Report as presented.
Action	

Purpose:

The purpose is to acknowledge receipt of donations to the District.

Background:

Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledgment at a public Board meeting and a letter of thanks is sent to the donor by the Business Office for NUSD.

10 STAFF REPORT

Update on ForeFront Power Solar Projects at Newark Memorial High School and Newark Jr High School

Type Information

Purpose:

To provide the Board with an update on the progress of the solar projects at Newark Memorial High School and Newark Jr High School.

Background:

The last update on the Solar Project provided to the Board was on December 3, 2020.

On November 7, 2019, the Board approved the Power Purchase Agreement (PPA) between Newark Unified School District & ForeFront Power for solar facilities and battery energy storage systems at Newark Memorial High School and Newark Junior High School including the option for the district to incorporate costs such as, but not limited to, inspector fees, DSA fees, PG&E upgrades, and ADA compliance requirements, currently estimated at \$100,000 for both sites.

ForeFront Power gave presentations to the Board on May 16, 2017, and August 1, 2019.

Inspector fees (estimated cost \$20,000 per site), DSA fees, PG&E upgrades and ADA compliance upgrades (estimated cost if needed is \$30,000 per site) are the district's upfront costs; however, the PPA will incorporate these costs and the district will be reimbursed or ForeFront will pay for them directly.

ForeFront Power worked with NUSD in 2017 to submit interconnection applications to get the District grandfathered on lucrative Time of Use rates.

SPURR, the Joint Powers Authority, ran a statewide RFP (Request for Proposal) process in 2017 for solar and storage

systems that K12 Districts can "piggyback" off to procure solar facilities, storage systems, and EVCS (Electric Vehicle Charging Stations). Eight companies submitted proposals and the RFP was awarded to ForeFront Power. ForeFront Power has updated the numbers since 2017 and presented a districtwide solution in the Board Study Session on August 1, 2019.

After careful consideration, the District determined that as Phase I of this project, Newark Memorial High School and Newark Junior High School would be the best locations to initially install solar facilities to start this project. Initial estimates indicated that the District could save \$145K (25%) in year 1, and \$4.6 million over 20 years with this solar solution, using very conservative assumptions. Phase II of this project would potentially include other school locations in the future.

The PPA includes a buyout option after year 5.

Other Districts who have partnered with ForeFront Power through the use of the SPURR REAP (Renewable Energy Aggregated Procurement) RFP include:

- Central USD (in Fresno)
- Stockton USD
- Fresno USD (4th largest school district in the state)
- Shasta Union High School District
- Paso Robles JUSD
- South Monterey County JUHSD
- Bakersfield CSD
- Sierra CCD
- State Center CCD
- Kings Canyon USD

Professional Development Plan

Type Information

[Purpose:](#)

To inform the Board and detail district instructional priorities, and provide a comprehensive overview of the professional development trainings that Educational Services has coordinated and led for TK-12 staff during the 2020-21 school year.

[Background:](#)

With the district remaining in distance learning since the beginning of the academic year, professional development priorities and related partnerships have shifted in order to support the new realities for our students and teaching staff. As a result, the district strategically transitioned to a new approach to support teaching in a distance learning environment and support staff with relevant professional development trainings that foster student engagement and learning.

12 BOARD OF EDUCATION AGENDA REQUESTS

NUSD Personnel Hiring Policy and Procedures

Type Discussion

[Purpose:](#)

This item is brought forth to the Board as a request by Member Hill at the March 4th, 2021, regular board meeting. The Board is asked to decide if they want to hear the content of the request, and if heard, to decide if the request merits additional discussion and further development from staff for a later meeting, or if the request has been satisfied.

[Background:](#)

"It is the intent of the Legislature that members of the public be able to place matters directly related to school district business on the agenda of school district governing board meetings," as long as it "is within the subject matter jurisdiction of

the governing board." (Ed. Code 35145.5) It is within the role of the board president, working with the superintendent, to develop the board agenda. A school district may exercise discretion not to place an item on the agenda if the district determines that the matter is not "directly related to school business." *Mooney v. Garcia* (2012) Cal. App.4th 229, 231. "A board is not required to place an item on a specific portion of an agenda (closed versus open), is not required to discuss, prepare a report, or take any action on an item requested by a member of the public, and is not required to provide any additional time to the requester for public comment. To meet the requirements of the statute, a board must only agendize the item, call the item, and allow for public comment as it would for any other agenda item." (DWK Brown Act Manual)

"Even if a district places the matter on the agenda, however, no action is legally required and the item need only be considered. The law does not require the item be placed on the agenda immediately, but it is advisable to place the item on the agenda within a reasonable time frame, ... Interested members of the public may comment on the item, subject to the Board's policies regarding public comment generally." (SCLS)

"The Board will be open to having 'brainstorming' discussions about any idea that a Board member may feel merits exploratory consideration. 'New Ideas' are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting. Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge. Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff. The new idea will be agendized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the 'fleshing out' of new ideas. Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas." 2020-21 LCFF Budget Overview for Parents- Revised Template

Type	Action
Recommended	Staff recommends that the Board adopt the 2020-21 Local Control Funding Formula (LCFF)
Action	Budget Overview for Parents.

Purpose:
To resubmit the LCFF Budget Overview for Parents in the correct template.

Background:
On December 3, 2020, the Board adopted the Local Control Funding Formula (LCFF) Budget Overview for Parents for the 2020-21 school year, as required by SB 98, prior to December 15, 2020; however, after the district submitted the report to the Alameda County Office of Education (ACOE), staff was informed that ACOE provided the incorrect template. The data contained in the report remains the same.
The slide deck presented to the Board on December 3, 2020 is attached for reference.
A representative from ACOE will be present at the Board meeting to address questions from the Board if needed.

Reopening Plan

Type	Discussion, Information
-------------	-------------------------

Purpose:
To review the district's plan and preparations for the reopening of in-person learning, and receive Board input regarding the appropriate timeline for reopening.

Background
 On January 25, 2021, a Reopening Plan was submitted and approved to the Alameda County Office of Education (ACOE) and the Alameda County Public Health Department.
 Since January 2021, we have held three town halls with a focus on the reopening plans. On February 22, a commitment form was sent to all NUSD families (in Spanish and English) asking them for their choice between continued distance learning or in-person learning. A repeat of the February 22 town hall was held on March 2 in Spanish. Finally, on March 9, a follow-up town hall was held to review the data from the commitment form and any subsequent updates.
 Board will receive a synopsis of the data received from the community as well as plans and preparations that have been completed by the district, and seek input regarding an appropriate reopening timeline.

School Naming Policies and Procedures

Type Discussion, Information

Purpose:

The superintendent will provide the Board with an update on the steps taken to date by the Design Team with regard to the school naming process. The Board will give input in the themes relevant to the school community as part of the school naming criteria.

Background:

In November 2020, the board voted to merge Snow Elementary and Graham Elementary on the Graham campus for the 2021-22 school year. As part of the design process, a design team was created to facilitate the combining of the two schools into a new school. Per Board policy, an ad hoc committee (the Design Team) was created representing district staff, parents/guardians, and the public. The committee is responsible for receiving and screening name suggestions and submitting recommendations to the Superintendent or designee for the Board's consideration and adoption.

Audit Report - Measure G Bond

Type Action
Recommended Staff recommends the Board accept the Measure G Financial and Performance Audit Report
Action for the 2019-20 fiscal year.

Purpose:

The purpose of this item is for the Board to receive information about the Measure G Financial and Performance Audit Report for the fiscal year ended June 30, 2020.

Background:

On March 2, 2021, the Measure G Financial and Performance Audit Report for the fiscal year ended June 20, 2020, was reviewed by the Citizens' Bond Oversight Committee.

In accordance with generally accepted auditing standards and Government Auditing Standards, the independent auditing firm of Christy White Associates has completed their Financial and Performance Audit Report of the Proposition 39 (Measure G) Bonds of the Newark Unified School District for the fiscal year ended June 30, 2020.

The comprehensive summary of auditors' results on audit report page 16 outlines the following:

The opinions on the financial statements and performance were both unmodified, which is the best opinion that can be provided in an audit.

There were no findings, questioned costs, or audit adjustments in relation to this audit.

Resolution 2020.21-023 Committing to Funding of Reserves for Economic Uncertainties to 17% of Total General Fund

Type Action
Recommended Staff recommends the Board adopt Resolution No. 2020.21-023 committing to reach the
Action District's goal of building combined reserves in the General Fund and Fund 17 (Reserve for
Emergency Purposes) to 17% of total General Fund expenditures by June 30, 2026.

Purpose:

To commit to reaching the district's goal of maintaining reserves for economic uncertainties at 17% of total General Fund expenditures.

Background:

On October 15, 2020, and January 21, 2021, the Board held study sessions to review the budget and agreed that it would be in the best interest of the district to build district reserves for economic uncertainties to 17% of total expenditures. The Board subsequently requested staff to develop a plan to reach the 17% level of reserves.

As of Second Interim, the reserves for economic uncertainties were \$8.6 million. Based on projected total expenditures of \$68,000,000, 17% would equal \$11,560,000. An additional \$2.96 million in contribution to reserves would be required to bring the reserves to this amount.

The district's average monthly payroll is \$4.5 million. A 17% reserve would cover about 2.5 months of payroll.

Resolution No. 2020.21-23 states the following:

- 1) The Board commits to increasing the combined General Fund and Fund 17 reserve balance to 17% of total General Fund expenditures by June 30, 2026.
- 2) This increase in reserve balance shall be achieved by contributing at least \$592,000 annually to the reserve funds in the years 2021 through 2026.

AR (Administrative Regulation) 3312 Contracts (First Reading)

Type	Action
Fiscal Impact	No
Recommended	Staff recommends the Board of Education approve the revised Administrative Regulation
Action	3312 as presented with the recommended revisions or move to bring back for a second reading with recommended revisions.

Purpose:

For the Board to review the recommended changes and approve the updated administrative regulation. Administrative Regulation (AR) 3312 needs to be updated to reflect the same signature authority as Board Policy (BP) 3312.

Background:

BP 3312 was adopted on January 20, 2004. The BP was revised on February 2, 2016, to update the signature authority of the superintendent or designee to approve contracts for professional services, that are exempt from competitive bidding, in an amount not to exceed one-half of the current bid limit for purchases of equipment, materials or supplies, pursuant to Public Contract Code 20111. (BP 3312 is attached for reference. There are no recommended changes to the board policy.) AR 3312 was adopted January 16, 2007, and indicates the Superintendent and the Chief Business Officer (CBO) are designated as the only administrators vested with signature authority for contracts up to \$20,000 for professional services that are exempt from competitive bidding. The proposed revision updates the language for signature authority to match BP 3312 which authorizes the superintendent or designee to approve contracts for professional services, that are exempt from competitive bidding, in an amount not to exceed one-half of the current bid limit for purchases of equipment, materials or supplies, pursuant to Public Contract Code 20111. The current bid limit for 2021 is \$96,700 which, therefore, provides signature authority for the Superintendent and CBO up to \$48,350. The administration has reviewed this document for accuracy and made revisions to reflect district practice. If any revisions are recommended, the policy will be brought back to the Board of Education for a second reading.

Addendum to Ascend Rehab Contract

Type Action

Absolute Date Mar 18, 2021

Fiscal Impact Yes

Dollar Amount \$26,775.00

Budgeted No

Budget Source Special Education

Recommended Action The staff recommends the Board ratify the addendum to the Ascend Rehad contract.

Purpose:

This is a ratification of the current contract with Ascend Rehab in the amount of \$26,775.00 for services rendered for .5 FTE Speech-Language Pathologist. This brings the total contract amount to \$982,085.00

Background:

The District contracts with nonpublic agencies when necessary to provide related services to students with Individual Education Programs (IEPs). The ratification of the Ascend Contract is due to a Speech-Language Pathologists (SLP) requiring a leave of absence in September 2020. As a result, a .4 FTE SLP is required. Additionally, a .1 FTE SLP is being sought to support the preschool assessment team with pending speech assessments for the remainder of the school year and pending summer assessments. This past school year the Special Education Department had to add additional Speech-Language Pathologists support due to the number of students requiring assessments and related speech services for speech. Additional support was also acquired from another contractor at the end of the school year to support the high demand of assessments, particularly at the preschool level. This continues to manifest due to the current outstanding in-person assessments that the District has pending due to COVID-19.

Students served through Individualized Education Programs (IEPs) and identified as needing speech and occupational therapy-related services are legally mandated to receive these required services. Without the agency's therapists, Newark Unified School District would be out of compliance in providing these necessary related services. The District has actively recruited to fill these FTE positions but has been unable to fill them. The District requires speech-related services to fulfill the District's obligation to serve special education students. The ongoing shortage of special education personnel nationally requires the District to act with a sense of urgency to ensure service providers are in place at the commencement of the school year. Districts throughout California have similar challenges faced in Newark Unified School District in securing qualified personnel to serve special education students speech services. The shortage of Speech-Language Pathologists is due in part to the limited number of graduate programs, along with an increasing number of students qualifying for speech-related services. Currently, Newark Unified School District has the following employees serving students requiring speech-related services, they are as follows:

1.6 FTE Speech-Language Pathologists, and 1 FTE Speech-Language Assistant (SLPA).

For the upcoming school year, Ascend Rehab Inc. will support the District with 7.6 FTE. This is an increase of .6 from the previous school year. The increase is due to the number of students qualifying for speech-related services. Students' speech services may include 1:1 intense services, along with group services, depending on the unique needs of the student. In recent years with the increase of students qualifying for special education-related services under the primary eligibility of autism, has further impacted the number of students that require speech-related services to meet students' unique needs. Moreover, the District is required to ensure caseloads of providers are within the recommended Education Code- EDC requirements they are as follows:

56363.3.

The average caseload for language, speech, and hearing specialists in special education local plan areas shall not exceed 55 cases unless the local plan specifies a higher average caseload and the reasons for the greater average caseload.

(Amended by Stats. 2007, Ch. 56, Sec. 58. Effective January 1, 2008.)

56441.7.

(a) The maximum caseload for a speech and language specialist providing services exclusively to individuals with exceptional needs, between the ages of three and five years, inclusive, as defined in Section 56441.11 or 56026, shall not exceed a count of 40.

(b) The superintendent shall issue caseload guidelines or proposed regulations to local educational agencies for individuals with exceptional needs between the ages of three and five years, inclusive, by January 1, 1988.

(Added by Stats. 1987, Ch. 311, Sec. 6.5. Effective July 30, 1987.

Dollar Amount	\$59,250.00
Budgeted	No
Budget Source	Special Education
Recommended	The staff recommends the Board ratify the addendum to the Ed Sped Solutions Inc
Action	contract.
Goals	1. To provide academic excellence via equity and opportunities for all students.

[Purpose:](#)

This is a ratification of the current contract with Ed Sped Solutions Inc. in the amount of \$59,250.00 for services rendered for a Program Specialist for the remainder of the school year. This brings the total contract amount to \$572,473.00.

[Background:](#)

The Program Specialist is essential for ensuring the District adheres to IDEA requirements. The following outlines the roles and responsibilities of a Program Specialist: Coordinates program and service recommendations with stakeholders. Ensures compliance with state and federal regulations, reporting requirements with the Department of Education, and department policies and procedures. Participates in the development of IEP's and facilitates when needed. Recommends additional resources for assessment when necessary. Consults with and assists service providers. Provides oversight and assistance to ensure effective programs and services are being implemented. Participates in staff development, program development, and innovation of research-based methods and practices. Provides coordination, consultation, and program development in the area of his/her expertise. Ensures educational benefit for students receiving special education services. Serves as a resource to administrators, psychologists, other special education-related support staff, teachers, and parents regarding program function, and state and federal mandates regarding special education. Acts as liaison between special education office, school sites, and community agencies. Completes administrative placements. Represents LEA in offering Free Appropriate Public Education (FAPE) based on IEP team recommendations regarding placement, program, and services. Builds consensus among the IEP team. Provides research-based staff development opportunities, including planning and coordination of regular staff meetings. Schedules and writes IEP's as needed. Coordinates and serves on committees. Manages caseloads. Coordinates transition services. Addresses concerns from students, parents, and staff. Maintains statistical data, facilitates program projections, and makes recommendations regarding staffing assignments. Facilitates the development of positive relationships with students, parents, and district personnel. Contributes to the attainment of district and board of education goals.

[Consolidated Application and Reporting System 2020-2021 Winter Data Collection](#)

Type	Action
Fiscal Impact	No
Recommended	Staff recommends ratification of the Consolidated Application and Reporting System
Action	(CARS), 2020-21 Winter Data Collection.

[Purpose:](#)

The purpose of this item is to provide the California Department of Education with the information needed to fund a wide variety of federal and state programs that bring supplementary funding into the school district.

Background:

The Consolidated Application and Reporting System (CARS) -- formerly known as Consolidated Application or "Con App" for short -- is the state's mechanism for both funding of identified state and federal categorical programs and required reporting for many of them. It provides the entitlement amounts of these programs as well as required considerations for expenditures. Each year, the programs included in the CARS change based on federal/state mandates and different methods of gaining or disseminating information. This is the 2020-21 Winter Data Collection. CARS brings funds into the school district for a variety of programs including Title I, Title II, and Title III. Each of the identified programs has specified guidelines or requirements for their expenditure. All titled programs are federally funded. Title I, Part A dollars are used to support the increased achievement of at-risk students, primarily in reading and math. (We currently have six schools receiving these funds.) Title II, Part A (Teacher Quality) monies are used to support teacher evaluation, as well as teacher professional development. Title III English Learner and Immigrant are used to support our English language learners.

Approval of Contract with SI&A for Attendance Services

Type	Action
Absolute Date	Mar 18, 2021
Fiscal Impact	Yes
Dollar Amount	\$118,800.00
Budgeted	Yes
Budget Source	Resource 7085 - Proposition 47 California Learning Communities for School Success Program Grant
Recommended Action	Staff recommends the Board approve the contract with School Innovations & Advocacy (SI&A) for the attendance management system, Attendance 2 Attendance (A2A).

Purpose:

A2A provides the tools, training, and support to successfully reduce absenteeism systematically across the entire district.

Background:

A2A is an early warning system for at-risk students, combining an easy-to-use web-based application with SI&A's unique expertise in attendance management. This program also helps with the paperwork and requirements for the SARB process. A2A is a comprehensive approach to attendance management and dropout prevention that supports the following:

- Increase Student Attendance
- Decrease Dropout Rates
- Improve Graduation Rates
- Increase Revenue
- Recover Learning Time
- Improve Parent Communications

This is a three-year contract -- 2021-22, 2022-23, and 2023-2024 (i.e., July 1, 2021, through June 30, 2024). The current contract expires June 30, 2021. If this agreement is approved by March 31, 2021, the annual fee is \$39,600 per year. If this agreement is approved after March 31, 2021, the annual fee would be \$41,600 per year.

Updated Alameda County Office of Education Triennial Plan for Serving Expelled and High-Risk Students

Type	Action
Absolute Date	Mar 18, 2021
Fiscal Impact	No
Recommended Action	The administration recommends the approval of the updated Alameda County Office of Education (ACOE) Triennial Plan.
Goals	MISSION: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens. <ol style="list-style-type: none"> 1. To provide academic excellence via equity and opportunities for all students. 2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:

The County-Wide Educational Services Plan for Serving Expelled and High-Risk Students (the Triennial Plan), July 1, 2021 - June 30, 2024, fulfills the Education Code mandate. All districts of Alameda County enter into this agreement every three years.

Financial Impact Note:

The financial impact to the District comes in the loss of daily attendance apportionment when an expelled student is placed at a county community school after expulsion. Additionally, if the expelled student has an IEP, the District may be charged (in future school years) for additional special education services for that student. ACOE has indicated that they are flexible and willing to be creative in serving students with IEPs, and if the District chooses to continue special education services under the IEP instead of having ACOE provide the services, there will be no charge. However, the feasibility of such an arrangement must be considered on a case-by-case basis and agreed to in the usual IEP process.

County Wide Plan Overview

Educational programs within Alameda County provide numerous alternatives and opportunities for students who are in need of

traditional and/or alternative education programs. Individual school districts offer a broad spectrum of services and the County Office of Education (COE) offers additional options. In combination, these two sources provide a continuum of education alternatives to expelled and high-risk students.

Under Education Code Section 48926, school districts throughout California have been mandated to provide educational services for students expelled from their district. The original county-wide plan was adopted by the local governing boards of education and the Alameda County Board of Education in 1997.

This current county-wide plan is the triennial update to the existing plan. The law also states that "At the time an expulsion of a pupil is ordered, the governing board of the school district shall ensure that an education program is provided to the pupil who is subject to the expulsion order for the period of the expulsion."

In Alameda County, this mandate impacts 18 school districts spread over a region comprised of urban, suburban, and semi-rural or isolated communities. The educational placement of a student is determined on an individual basis by the district's governing board based on 1) seriousness of the offense, 2) available educational alternatives, and 3) other related factors.

The county-wide plan for the provision of educational services to expelled students for the period 2021-2024 shall identify:

1. Existing educational alternatives for expelled students, as well as strategies for improvement during the next three years in behavioral intervention practices utilized at the site and district levels.
2. Gaps in educational services to expelled students, strategies implemented to fill those service gaps, the success of these strategies, and additional measures taken.
3. Alternative placement for students who are expelled and placed in district community day school programs (for applicable districts), but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils, as determined by the governing board.
4. Existing alternatives offered by school districts in the countywide plan.

Key Questions/Answers

1. Is this plan substantially the same as prior Triennial Plans?

Yes. Newark's offerings have not changed from the prior 2018-2021 Triennial Plan. (Other districts detailed in the Triennial Plan may have changed.) The ACOE community school offerings are substantially the same as well.

2. What changes are in the plan?

No Changes.

3. Is there a charge from ACOE to educate general education students?

No. With the enactment of AB 922, Statutes of 1995, Chapter 974, California Education Code Section 48926 requires each county superintendent who operates community schools, in conjunction with the superintendents of the school districts within the county, to develop a county-wide plan for providing education services for all expelled pupils in the county. The plan is to be adopted by the governing board of each school district within the county and by the county board of education; the plan is to be submitted to the State Superintendent of Public Instruction.

Education Code Section 48926 provides specifically that:

EC Section 48926 further requires that each county superintendent of schools, in conjunction with district superintendents in the county, submit a triennial update to the State Superintendent of Public Instruction the next date being June 30, 2021 (effective July 1, 2021, to June 30, 2024).

1. The county-wide plan shall enumerate existing educational alternatives for expelled pupils, identify gaps in educational services to expelled pupils, and strategies for filling those service gaps.
2. The county-wide plan shall identify alternative placements for pupils who are expelled and placed in district community day school programs but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils, as determined by the district governing board.

Warrant Report for February 2021

Type	Action
Fiscal Impact	No
Recommended Action	Staff recommends the Board approve the Warrant Report as presented.
Goals	2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:
The purpose of this item is to present warrants, for the total amount of \$1,748,168.78, made from District funds for February 2021.

Background:
The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the Alameda County Office of Education. No warrant can be paid until such time as it is examined and approved by the Alameda County Office of Education.

Board of Education Requests

DEBRIEF AND DISCUSSION

Type Information

Purpose:
This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background:
Governance Team Handbook
Authority is collective, not individual:
The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside this meeting, there is no authority.
A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.
Bring up new ideas/decide to move new ideas forward:
The Board will be open to having "brainstorming" discussions about any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting.
Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.
Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff.
The new idea will be agendized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.
Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas.

NUSD Graduate Profile

Type Information

Purpose:

We invite The Board of Education to participate in a ground-breaking initiative in Newark, the development of a Graduate Profile!

Background:

A Graduate Profile is a visual representation that shows the characteristics of a graduating student from a school district. At this session, the Board members will collaboratively select their choice of five important characteristics of a Newark graduate. These ideas will be analyzed amongst all the other ideas collected from other groups: parents, community, students, teachers, and principals. The goal is to develop a clear vision of how our community prepares its students to be successful adults in the 21st century and autonomous individuals with multiple options of career, college readiness, and beyond. Together, we hope to create a framework that rethinks, revises, and redesigns NUSD educational programs. This endeavor will help us best prepare our students to meaningfully compete and contribute in the 21st Century. Join us for an hour of interactive collaboration and let your voices be heard!

2020-21 Second Interim Budget Report

Type	Action
Absolute Date	Mar 04, 2021
Fiscal Impact	No
Recommended	Staff recommends the Board certify the 2020-21 Second Interim Budget Report with a
Action	Positive certification.
Goals	2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:
The purpose of the Interim Report is to advise administrators, the Board of Trustees, the public, and other interested agencies of the District's current financial condition at periodic intervals during the fiscal year.

Background:
The Second Interim Budget Report compares the General Fund and other funds' anticipated revenues and expenditures with the current operating budget for the 2020-21 fiscal year, along with actual receipts and expenditures as of January 31, 2021. At each interim reporting period, the District must certify whether the District will be able to meet its financial obligations for the current and subsequent two years. The current year budget is used as the base year and multi-year projections are made based on a number of factors and assumptions for the coming two years. The primary drivers of the budget are the State's fiscal health and District student enrollment and attendance. The multi-year projection indicates the District can issue a POSITIVE certification as the District will be able to meet its obligations for the current fiscal year and two subsequent fiscal years.

Resolution 2020.21-022 to Commit to Budget Balancing Solutions for the 2022-23 Fiscal Year

Type	Action
Recommended	Staff recommends the Board adopt Resolution 2020.21-022 to commit to budget balancing
Action	solutions for the 2022-23 fiscal year.

Purpose:
To address the deficit projected in the 2020-21 Second Interim Financial Report and to commit to continue to resolve the district's structural budget deficit.

Background:

The Board and staff continue to work together to solve the district's structural budget deficit. On October 17, 2019, the Board approved Resolution #2158 committing to \$1,850,000, and \$668,000, in expenditure reductions for the 2020-21 and 2021-22 fiscal years respectively. The District filed a Qualified certification of its 2019-20 First Interim and Second Interim Financial Reports. The Board held a study session on February 20, 2020 to discuss additional budget balancing solutions and subsequently approved Resolution #2061 on March 5, 2020, committing to additional budget reductions of \$2,500,000 in 2020-21 and \$1,000,000 in 2021-22. On December 3, 2020, based on the First Interim Report, the Board approved Resolution 2020.21-014 committing to \$742,000, and \$3,200,000, in expenditure reductions for the 2021-22 and 2022-23 fiscal years respectively.

Resolution No. 2020.21-020 - Eliminate Vacant Certificated Positions

Table with 2 columns: Type, Action. Row 1: Absolute Date, Mar 04, 2021. Row 2: Recommended, Staff recommends the Board approve Resolution No. 2020.21-020 to permanently eliminate 5.4 FTE of vacant certificated positions as of July 1, 2021.

Purpose:

The resolution will identify certificated positions which will not be filled in the 2021-22 school year.

Background:

As sites have reviewed their staffing for the next year and looked at projected enrollment, they determined that these positions will be eliminated from the general fund budget and will not be filled in the 2021-2022 school year. This reduction has been identified through natural attrition, vacancies, retirements, and program needs. This is a reduction of proposed vacancies, not a layoff. This will result in an estimated cost savings of \$540,000. This reduction is in line with the goal of reducing and eliminating the district's structural deficit.

2021-2022 Child Care Fees

Type Action

Fiscal Impact No

Recommended Staff recommends the Board approve the 2021-2022 Child Care fees as presented.

Action

Purpose:

To maintain the fee schedule for all Child Care services for 2021-2022 at the same rate as 2020-2021.

Background:

On March 15, 2016, the Board approved a five-year fee schedule with an annual increase of 3%. On March 7, 2017, the Board approved an annual increase of 3% for Kindergarten Early Release and Drop-in programs, making all Child Care services increase at the same annual rate.

The Child Care Department would like to keep the approved 2020-2021 rate during the 2021-2022 school year. Due to the pandemic, Child Care did not apply the 2020-2021 rate to enrollment contracts because sites have been closed since March 2020. Newark Unified School District wants to support Newark families who are facing unemployment and difficult income problems during this year.

Child Care Services

In 2021-2022 Child Care will be provided at five (5) campuses (Birch Grove Primary, Birch Grove Intermediate, Kennedy, Lincoln, and Musick) which includes both mornings and after-school care services. Morning care is from 7:00 to 8:00/8:20 a.m. and afternoons from 2:32/2:47 p.m. to 6:00/6:15 p.m. Friday afternoons from 1:05/1:20 p.m. to 6:00/6:15 p.m (subject to change with early release day).

Kindergarten Early Release includes after-school services for the first 18 days of school during the beginning of the year assessment. This is available to contracted families as an additional fee and to non-contracted Kindergarten families as a one-time contract.

Pre-Paid Drop-In Service provides non-contracted parents with emergency Child Care needs during the school year. This service is not to exceed twice a month and is charged at an hourly rate.

Proposed Child Care Fee Schedule

Scheduled Weekly Hours	2020/2021	2021/2022
Up to 6 Hours	\$175	\$175
6.5 - 12 Hours	\$350	\$350
12.5 - 18 Hours	\$575	\$575
18.5 - 24 Hours	\$700	\$700

Proposed Kindergarten Early Release and Pre-Paid Drop-In Service Fees

\$248 flat fee per Kindergarten student for early release days (offered as an additional fee to currently contracted families or as a one-time contract for non-contracted families)

Pre-Paid Drop-In minimum fee \$78.00 for 10 hours or \$156.00 for 20 hours that can be used through the last day of school (\$10.00 administrative fee added to this service)

NOTE: All fees are per child, there is no sibling discount

Before the end of the 2021-2022 school year, a new five-year fee schedule will be presented to the Board.

Motion & Voting

Staff recommends the Board approve the 2021-2022 Child Care fees as presented.

Motion by Bowen Zhang, second by Phuong Nguyen.

Final Resolution: Motion Carries

Yea: Elisa Martinez, Bowen Zhang, Phuong Nguyen, Terrence Grindall, Aiden Hill, Wahhab Salemi

Board of Education Requests

DEBRIEF, AND DISCUSSION

Type Information

Purpose:

This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background:

Governance Team Handbook
Authority is collective, not individual:

The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside this meeting, there is no authority.

A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bring up new ideas/decide to move new ideas forward:

The Board will be open to having "brainstorming" discussions about any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting.

Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff.

The new idea will be agendaized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas.

Resolution 2020.21-018 to Declare Permanent Transfers from Fund 17 Reserve for Emergency Purposes to General Fund

Type Action

Fiscal Impact No
 Recommended Staff recommends approval of Resolution 2020.21-018 to Declare Transfers of \$6,960,000
 Action from Fund 17 Reserve for Emergency Purposes to the General Fund as Permanent Transfers.

Purpose:

To declare transfers from Fund 17 Reserve for Emergency Purposes to the General Fund as permanent transfers. The transfers were made during the period of 2012-13 to 2017-18 for a total amount of \$6,960,000.

Background:

Fund 17 had a beginning fund balance of \$3,252 in July 2005.
 On Feb 21, 2006 the board approved Administrative Regulation (AR) 3050 to establish Fund 17 Reserve for Emergency Purposes. Fund 17 was established at \$1,500,000 using a transfer from Fund 53, the tax override fund. The main purpose of Fund 17 was to maintain a reserve over and above the minimum 3% reserve required. The fund may not be used for ongoing operational and instructional purposes. The fund may be used as a resource to allow loans to the General Fund or other funds, as necessary, which shall be repaid under terms and conditions established by the Board at the time of such loan.
 After the Board Study Session held on January 21, 2021, staff conducted a more in depth review of Fund 17 transactions since the AR was approved in 2006. In addition to the transfers made in 2008-09, 2016-17 and 2017-18, staff identified transfers made in 2012-13, 2013-14 and 2014-15. In 2008-09, \$1,457,380 was budgeted to be transferred from Fund 17 to the General Fund. The actual transfer from Fund 17 to the General Fund was \$300,000 and this was transferred back from the General Fund to Fund 17 in 2010-11.
 In 2010-11 the Board approved Resolution #1865 on June 14, 2011 to transfer \$3,332,000 from the tax override fund to Fund 17.
 In 2015, Ruschin School was sold for \$19,000,000. Of this amount, \$4,000,000 went to Fund 17 and \$15,000,000 went to Fund 40 Reserve for Capital Outlay. Ed Code 17463.7 allowed schools to use the proceeds from the sale of surplus property for any one-time general fund purpose.
 From 2008-09 to 2017-18 a total of \$6,960,000 was transferred from Fund 17 to the General Fund.

Fiscal Year	Amount Transferred From Fund 17 to General Fund
2008-09	300,000
2010-11	(300,000) (Transferred back to Fund 17)
2012-13	100,000
2013-14	500,000
2014-15	2,300,000
2016-17	1,060,000
2017-18	3,000,000

Total 6,960,000

The Alameda County Office of Education mentions the transfers as a concern in their budget review letters to the district. During the Board Study Session held on January 21, 2021, the Board agreed that declaring the transfers from Fund 17 to the General Fund as permanent transfers would be in the best interest of the district with the understanding that staff would develop a plan to increase reserves to 17% as recommended by FCMAT and the Governmental Finance Officers Association. Fund 17 has earned \$415,585 in interest income since 2005-2006. The current fund balance (as of January 31, 2021) in Fund 17 is \$2,291,656.

Audit Report for Fiscal Year Ended June 30, 2020

Type	Action
Fiscal Impact	No
Recommended	Staff recommends the Board accept the independent audit report for the fiscal year ended
Action	June 30, 2020 as presented.
Goals	2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:

The purpose of this item is for the Board to receive information about and accept the financial audit report for the fiscal year ended June 30, 2020, as presented.

Background:

In accordance with generally accepted auditing standards and Government Auditing Standards, the independent auditing firm of Christy White, Inc. has completed their audit of the combined financial statements of the Newark Unified School District for the year ended June 30, 2020. A representative from Christy White, Inc. will present the audit report to the Board for review.

The audit report is the financial document that all outside agencies review, county offices scrutinize, and bond rating agencies rely on. The District prepares all reports in the state approved format, but the audit report is the document that is readily available to the public and is audited in accordance with Government Auditing Standards and the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting.

The district's Audit Committee met and reviewed the audit report on January 5, 2021 and February 9, 2021.

Secondary Social-Emotional Learning (SEL) Curriculum - Character Strong

Type	Action
Preferred Date	Feb 18, 2021
Absolute Date	Feb 18, 2021
Fiscal Impact	Yes
Dollar Amount	\$13,000.00
Budgeted	Yes
Budget Source	7420
Recommended	Staff recommends that the Board approve Character Strong as a secondary SEL curriculum
Action	for Newark Unified School District.

Purpose:

Character Strong, a comprehensive Social-Emotional Curriculum, is designed for students in grades 7-12 at all secondary schools. The curriculum is updated each year and includes relevant topics for students, including character education, navigating social media, and dealing with emotions as a result of the pandemic. The curriculum includes ready-made videos, lessons, and supplementary resources for teachers. Students and teachers have voiced significant interest in having an SEL curriculum. Focusing on the mental health of our students stands as one of the district's three instructional priorities.

Background:

As a result of the pandemic, educators and leaders at the state and county level strongly recommend creating a space for students to engage in Social-Emotional Learning. Newark Junior High School is currently piloting the curriculum and this curriculum would now be offered for all secondary students in Newark. In addition, students within Newark have requested an

SEL curriculum in order to delve deeper into topics that are not covered in traditional academic courses.

Repair/Replace Concrete Stairways at Newark Jr High School

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$272,792.50
Budgeted	Yes
Budget Source	Fund 40 Special Reserve for Capital Outlay Projects
Recommended	Staff recommends the Board authorize staff to proceed with further investigation, design and construction to repair/replace the concrete stairways 1 and 3 at Newark Jr High School with a preliminary budget of \$272,792.50, as presented.

Purpose:
 Review and Discuss the Preliminary Budget to Repair/Replace the Deteriorated Concrete Stairways and Ramps at Newark Jr High School. Should the Board determine to prioritize the project and budget for stairways 1 and 3, authorize staff to proceed with further investigation, design and construction with a Preliminary Budget of \$272,792.50, as presented. Upon further investigation and design staff will advise the board of updated scope and estimates. Upon bidding, staff will bring the bids to the Board for discussion and award.

Background:
 At the request of the District Administration regarding safety concerns, RGMK, the district's Project and Construction Manager, and the design team inspected three (3) sets of stairs at the Jr High School and reviewed remedial options with a structural engineer and architect and costs for repairs and replacement. The entrance stairs have deteriorated, stair treads and nosings are spalled and uneven. Repairs made over time are failing. The estimated construction costs to address all three stairways and appurtenant work would require approximately \$410,000 (estimated construction costs). With the associated design and engineering, DSA, bidding, and inspection fees, a total estimated budget would require approximately \$550,000. To reduce costs, staff sought a budget to replace stairways 1 (East) and 3 (West), deferring stairway 2 (South) as it is the least used and most expensive to remediate (see attached map for location of stairs). The preliminary budget for stairways 1 and 3 is estimated at \$272,792.50, including construction and associated fees, soft costs, and a \$19,000 contingency budget. Note this is a preliminary budget, final costs may vary depending on further investigation and DSA requirements. Although staff recommends repairing stairways 1 and 3, the Board may discuss the option of repairing all three (3) stairways and modify the recommendation as needed.

Architect and Engineering Services for the HVAC Project

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$35,000.00
Budgeted	Yes
Budget Source	Measure G Bond
Recommended	Staff recommends the Board authorize District administration to negotiate and award a preliminary service agreement to Ratcliff Architects, in the amount not to exceed

\$35,000, and a design and engineering contract not to exceed 11% of the construction cost, as presented.

Purpose:

Authorize District administration to negotiate and award a preliminary service agreement to Ratcliff Architects, Emeryville, CA in the amount not to exceed \$35,000, and a design and engineering contract not to exceed 11% of the construction cost (which is within industry standards) with the option to combine in this or defer to next Board meeting.

Background:

The District issued an RFQ-P to three qualified architectural firms and received two Statements of Qualification (SOQ), preliminary fee structures, and a preliminary design schedule. Both responding firms are commensurately reputable and well qualified. The Ratcliff firm proposed a more aggressive design schedule and a more competitive fee approach. The District has identified 171 remaining mechanical units of varying sizes that are well beyond their expected life span and these remaining units have been failing incrementally. Most of the mechanical units are roof-mounted.

At the February 20, 2020, Board meeting, the Board allocated \$3.3M, plus \$200,000 for roof repairs out of the remaining Measure G bond funds for the next round of replacements, following similar incremental projects completed over the past several years. Current funds are insufficient to replace all ailing mechanical units. Both firms included a preliminary services phase as a part of their proposals to bring structural, electrical, and plumbing engineers up to speed with the mechanical engineer's assessments and existing conditions and to determine which replacements can be designed and expedited through DSA on a 'like-for-like' basis, and which will require full DSA regulatory review, potentially requiring new roof curbs, structural and electrical upgrades, dry rot repairs, etc. In addition, DSA will likely require up to 20% ADA upgrades with each submission which the firm will determine the most sensible and cost-effective solutions.

Deliverables: The architect shall provide, Schematic Design (SD) and Design Development (DD) drawings for review and Construction Documents (CD) for DSA regulatory review, bidding and construction, technical specifications, and budget estimates.

Comprehensive School Safety Plans

Type Action

Preferred Date Feb 18, 2021

Absolute Date Feb 18, 2021

Recommended Action The administration recommends the plans be approved as presented.

Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:

To approve the Comprehensive School Safety Plan (CSSP) for each Newark Unified School District school site; all plans attached. Per Education Code Section 32281, the School Site Council (SSC) writes and develops a comprehensive school safety plan relevant to the needs and resources of that particular school, or may delegate this responsibility to a school safety planning committee. Each school must review and update its plan by March 1 every year.

Background:

A Comprehensive School Safety Plan (CSSP) is an annually-revised plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus. All California K-12 public schools must develop a CSSP that addresses the safety concerns identified through a systematic planning process in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence.

The requirements and mandate for CSSPs are outlined in Education Code Sections 32280 - 32289 School Safety Plans.

Reclassification Criteria 2020-22

Type Action

Preferred Date Feb 18, 2021

Absolute Date Feb 18, 2021

Fiscal Impact No

Recommended Action Staff recommends that the Board approve the 2020-2022 NUSD Reclassification Criteria.

Goals 1. To provide academic excellence via equity and opportunities for all students.

Purpose:

This item is being presented to the Board for approval of the NUSD Reclassification Criteria for the current and following school year (2020-2022).

Background:

Reclassification is the process by which a student is reclassified from English Learner (EL) to fluent English proficient (RFEP). Per California Education Code (EC) Section 313 and Title 5 California Code of Regulations (5 CCR) section 11303, LEAs must use the following four criteria to establish their own reclassification policies:

1. Assessment of English language proficiency (ELP), using an objective assessment instrument, including, but not limited to, the state test of English Language Performance Assessment of California (ELPAC);
2. Teacher evaluation, including, but not limited to, a review of the student's curriculum mastery;
3. Parent opinion and consultation; and
4. Comparison of student performance in basic skills against an empirically established range of performance in basic skills of English proficient students of the same age.

For criteria 1 above, the statewide standardized ELP is an Overall Performance Level (PL) 4 in the ELPAC. LEAs are to use the Overall PL 4 to determine whether a student has met that criteria. The other three criteria are for the LEAs to determine and establish local measurements. NUSD's approved reclassification criteria align with the state's first three criteria. For criteria 4, NUSD determined to use the following:

Elementary (K-6th):

- District Benchmark Assessment in ELA: I-Ready score On or Above grade level, or
- SBAC ELA score within 5% of English Proficient average

Secondary (7th - 12th):

- CAASPP: Most recent SBAC ELA score within 5% of English Proficient average, or
- PSAT Scores in Illuminate in Yellow or Green (only applies to 10th and 11th graders)

COVID-19 Reclassification Guidance from CDE

Due to school closure, the pandemic, and the suspension of all state assessments in Spring 2020, the CDE is providing the following reclassification guidance for criteria 1 and 4:

Criterion 1: For those students who completed testing in 20192020, LEAs will use the results from the 20192020 Summative ELPAC to determine reclassification eligibility. For those students who did not complete testing in the spring of 20192020, an optional fall Summative ELPAC window will be open and available between August 20October 30, 2020. During this window, LEAs can administer the optional fall Summative ELPAC and use the results to meet criterion 1 eligibility for reclassification. The optional fall Summative ELPAC is highly recommended for all English learner students who have already met all other criteria in 20192020 except for criterion 1, particularly in grades four to eleven.

Criterion 4: For all grade levels, LEAs can use most recent local assessments or the Smarter Balanced Summative English language arts assessments.

In efforts to support our ELs and ensure equitable access to reclassification, NUSD is recommending that its reclassification criteria for the current and following school year (2020-2022) be updated to reflect new measurements for criteria 4 for secondary level students:

Proposed criteria 4:

Secondary (7th - 12th):

- CAASPP: Most recent SBAC ELA score within 5% of English Proficient average, or
- PSAT Scores in Illuminate in Yellow or Green (only applies to 10th and 11th graders), or
- District Assessment: Grade Level Writing Assessment (Term/Semester) score within 5% of English Proficient average

Resolution 2020.21-019 Declaring Surplus Equipment

Type Action

Fiscal Impact No

Recommended Action Staff recommends the Board approve Resolution 2020.21-019 which lists items to be declared as surplus to the needs of the District.

Purpose:

The purpose of this item is to obtain Board approval of Resolution No. 2020.21-019, declaring surplus equipment as recommended.

Background:

Surplus materials will be disposed of per Board Policy and Administrative Regulation 3270 Sale And Disposal Of Books, Equipment And Supplies (Personal Property). Education Code, Section 17546 states that if the Governing Board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed the value of \$2,500, it may be sold at private sale without advertising, by a District employee empowered for that purpose by the Board; the property may be donated to a charitable organization, or it may be disposed of in a public disposal facility.

The personal property as described in Resolution No. 2020.21-019 includes equipment used in the Maintenance Operations and Transportation (MOT) Department and Information Technology (IT) Department. Staff determined that items are obsolete and/or beyond economic repair.

The equipment is currently stored and will be recycled/disposed of upon Board approval.

Warrant Report for January 2021

Type Action

Fiscal Impact No
Recommended Staff recommends the Board approve the Warrant Report as presented.
Action
Goals 2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:

The purpose of this item is to present warrants, for the total amount of \$1,953,543.02, made from District funds for January 2021.

Background:

The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

Donations Report

Type Action

Fiscal Impact Yes
Dollar Amount \$955.00
Budgeted Yes
Budget Source General Fund (Fund 010) Donations
Recommended Staff recommends the Board accept the Donations Report as presented.
Action
Goals 2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:

The purpose is to acknowledge receipt of donations to the District.

Background:

Throughout the year community members, groups, parents and other individuals make monetary and in-kind (supplies and equipment) donations to NUSD. The exact nature of the source of the donation is submitted to the Business Office on a standard form. It is critical that any restrictions on the funding be indicated and the budget developed based on the donor restrictions. If there is no indication of the school or use of the funding, any proceeds or cash donations received are placed in the NUSD local revenue in the unrestricted general fund. It is recommended that the donations be processed through the Business Office and ultimately approved by the Board so that the funding can be publicly acknowledged and budgeted properly according to donor restrictions. There is acknowledged and budgeted properly according to donor restrictions. There is acknowledgement at the public Board meeting and a letter of thanks is sent to the donor by the Business Office for NUSD.

Board of Education Requests

DEBRIEF AND DISCUSSION

Type Information

Purpose:

This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background:

Governance Team Handbook
Authority is collective, not individual:
The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside this meeting, there is no authority.
A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.
Bring up new ideas/decide to move new ideas forward:
The Board will be open to having "brainstorming" discussions about any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting.
Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.
Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff.
The new idea will be agendaized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.
Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas.

NUSD Spanish DLI Master Plan

Type	Action
Preferred Date	Feb 04, 2021
Absolute Date	Feb 04, 2021
Budget Source	LCFF, Supplemental and Concentration Grant, Title I, Title III, Lottery
Recommended	Staff recommends that the Board approve the NUSD Spanish Dual Language Immersion
Action	Master Plan.
Goals	MISSION: The Newark Unified School District will inspire and educate all students to achieve their full potential and be responsible, respectful, and productive citizens. 1. To provide academic excellence via equity and opportunities for all students.

Purpose:

This item is being presented to the Board of Education for approval of the Dual Language Immersion (DLI) program to be implemented in the Fall of 2021 at Schilling Elementary.

Background:

NUSD began exploring the idea of a Spanish Dual Language Immersion program as early as 2017-2018. District Leadership, at that time, expressed interest in the idea of such a program as a means of addressing the needs of our Spanish-speaking families, students, and community as a whole. In addition, with the passing of propositions and establishment of state policies such as Proposition 58 (2016), CA English Learner Roadmap (2017), and Global California (2018), NUSD found it appropriate, and necessary, to explore and move forward with a plan to start its own Dual Language Immersion program. Below is a timeline of the steps taken by NUSD with respect to a Dual Language Program at NUSD:

2017-18: Dual Language Immersion Program Discussions

2018-19: NUSD Board presentations and Actions:

Updated BP/AR 6174 (Education for English Language Learners - Instruction)

Board presentation on EL Roadmap (CDE)

Discussions/planning for specialized programs to increase enrollment

Updated BP/AR 5126 Awards for Achievement (Seal of Biliteracy)

NUSD English Learner Roadmap

2019-20: NUSD Dual Language Immersion Program Planning

Teachers and administrators attended the California Association of Bilingual Education (CABE Conference)

NUSD staff visited schools with DLI programs

Research Curriculum - aligned with NUSD's current curriculum

2020-21: NUSD resumed consideration and planning

DLI Leadership Team conducted DLI Program presentation to its local Board

At present time, the staff is seeking the support of the Board to approve this plan to open the first-ever Spanish Dual Immersion Program in the Fall of 2021. The program will begin with two Kindergarten and two First Grade classes, adding grade levels as the students progress each year.

Certificated Seniority List

Type	Action
Preferred Date	Feb 04, 2021
Absolute Date	Feb 04, 2021
Recommended Action	Staff recommends the Board of Education receive the 2020-2021 Certificated Order of Employment List.

Purpose: Each year, the Certificated Order of Employment list is posted for review by certificated employees to determine whether the District has the correct hire date for each such employee. This year, the Certificated Order of Employment was posted and an opportunity for employees to review was provided from 1/11/2021 to 1/25/2021. This Order of Employment list does not imply an order of employment for certificated employees who were hired on the same date.

DEBRIEF AND DISCUSSION

Type Information

Purpose:

This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background:

Governance Team Handbook

Authority is collective, not individual:

The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside this meeting, there is no authority.

A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bring up new ideas/decide to move new ideas forward:

The Board will be open to having "brainstorming" discussions about any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting.

Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding the exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff.

The new idea will be agendaized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Board members, in the course of interactions with constituents, will be careful not to make or imply a commitment of the full Board to explore or proceed with implementing new ideas.

11 STAFF REPORT

Letter from the Alameda County Office of Education Regarding the 2020-21 First Interim Budget Report

Type Information

Purpose:

The Chief Business Official will review the letter from the Alameda County Office of Education (ACOE) regarding the Newark Unified School District (NUSD) 2020-21 First Interim Budget Report.

Background:

The Governing Board approved a POSITIVE Certification of NUSD's First Interim Budget Report on December 3, 2020. The district subsequently submitted the report to ACOE, as required, for their review and analysis. In accordance with Education Code (EC) Section 42131, ACOE reviewed the First Interim Budget Report based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to EC Section 33127. Based on ACOE's review and analysis, the 2020-21 First Interim Budget Report approved by NUSD's Board of Education on December 3, 2020, accurately reflects the financial status of the District. ACOE, therefore, concurs with NUSD's POSITIVE certification with comments.

Appointment of a Board Representative to Audit Committee

Type Action
 Recommended Appoint Two Board Representatives and an Alternate to Audit Committee
Action
 Purpose of this Item:
 To nominate and appoint two representatives and one alternate to the Audit Committee.

Background:

Board Bylaw 9140: The Governing Board recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Board may appoint any of its members to serve as its representative on a district committee or on a committee of another public agency or organization of which the Board or district is a member or to which the Board is invited to participate. The purpose of the Audit Committee is to provide oversight for financial reporting, internal controls, and auditors activities. This committee meets, at a minimum, once per year in January. Member Martinez and Member Nguyen have served as the Board's representatives for the past year. During the Dec. 17, 2020 meeting, the Board selected President Zhang and Member Hill as the representatives, along with Member Nguyen as the alternative. Based on the Audit charter, the Board President is not permitted to be a member of the Audit Committee. Therefore, this item is being brought back to select a replacement for President Zhang. The Board will appoint two representatives, and an alternate to the Audit Committee.

Resolution 2020.21-016 Purchase of Global Plasma Solutions Needlepoint Bipolar Ionization Devices and Award for

Type Action
 Preferred Date Jan 21, 2021
 Absolute Date Jan 21, 2021
 Fiscal Impact Yes
 Dollar Amount \$271,322.00
 Budgeted Yes
 Budget Source Federal CARES Act Funds
 Recommended Staff recommends approval of Resolution 2020.21-016 Purchase of Global Plasma Solutions
 Action Needlepoint Bipolar Ionization Units for District HVAC Systems and Award for Installation.

Purpose:

Purchase of additional Global Plasma Solutions (GPS) FC24-AC and FC48-AC Needlepoint Bipolar Ionization (NPBI) Devices and misc products for various units per attached proposal and authorize contracting for the installation by an outside vendor as presented. By authorizing the purchase and installation of the ionization devices, the Board is taking measures to mitigate the spread of COVID-19.

Background:

On November 19, 2020 as an integral part of the District's readiness planning to reopen in-school learning activities under the current COVID-19 pandemic, and to better protect students and staff, the board approved the initial purchase of 160 Global Plasma Solutions (GPS) FC24-AC Needlepoint Bipolar Ionization (NPBI) devices at a cost of \$554.24 each pursuant the CUPCAA guidelines and annual procurement limit, the cost of which will be covered by the Cares Act funds. During the presentation, staff explained that additional units will be needed for all the HVAC systems and that staff was assessing the number required and further exploring procurement options available. Additionally, it was determined that M&O

staff would need to contract the installation of the devices as M&O staff had other priorities and that M&O staff could not install all devices.

The District estimates a total of approximately 556 ionization devices will be needed for all HVAC systems. The initial purchase of 160 devices was approved by the Board on November 19, 2020. A quote for another 396 devices has been provided by Norman S. Wright for a total of \$195,245, including tax and shipping (average cost of \$493.04 each).

The District sought proposals for the installation of the initial 160 GPS NPBI Devices at five District schools, (Birch Grove Intermediate School, Graham Elementary School, Birch Grove Primary School, Lincoln Elementary School, and Musick Elementary School). Western Allied Mechanical submitted the lowest proposal in the amount of \$21,892 (\$136.83 each). The second quote received was \$32,705 (\$204.40 each). The installation cost for the additional 396 devices is estimated at \$54,185.

Action:

Authorize District to purchase and install additional Global Plasma Solutions ("GPS") FC24-AC and FC48-AC and similar Needlepoint Bipolar Ionization ("NPBI") Devices for special applications as designated by staff in Districtwide HVAC systems pursuant to the resolution drafted by counsel and to negotiate installation with Western Mechanical.

Mapmaking Systems Proposal for the Landscaping and Irrigation Project

Type	Action
Fiscal Impact	Yes
Dollar Amount	\$14,900.00
Budgeted	Yes
Budget Source	Fund 21 Measure G
Recommended Action	Staff recommends the Board approve the proposal and authorize a contract with Mapmaking Systems, Inc as presented.

Purpose:

The purpose is for the Board to review and approve the proposal for Mapmaking Systems to prepare the drawings for the Landscaping and Irrigation project that was approved at the October 15, 2020 Board meeting.

Background:

In order to prepare the bid drawings for the Landscaping and Irrigation Project, there is a need to survey the areas of work to prepare the base map and create the CAD Drawings. Mapmaking Systems, Inc. will locate and digitally map the areas, including, footprint of building (where necessary) with door locations, curb edge, road edge, planting beds, trees, turf areas and other significant landscape elements. Mapmaking Systems, Inc. is proposing to do this work for a cost of \$14,900.00.

New Secondary Courses

Type	Action
Fiscal Impact	Yes
Budgeted	Yes
Budget Source	0500
Recommended	Approval of new courses.
Action	

[Purpose:](#)

The purpose is to update course offerings at Newark Memorial High School for our students, especially in light of distance learning.

This includes three new AP courses in order to address student inequities and provide more student opportunities for accelerated courses that can prepare and allow students to earn college credits. This includes AP Human Geography, AP Environmental Science, and AP Computer Science.

In addition, a new and advanced Blended Geometry/Algebra 2 course will be offered to develop math pathways for accelerated students, especially for those interested in completing their high school career with a course in Calculus and thereby prepare for a college major in the Sciences, Mathematics, or Health Care Fields.

Ethnic Studies is a course based on current events, diverse sociological perspectives, and balanced points of view from different cultures which students have demonstrated interest in and would be offered in the history department. This course is supported at the state level as well with the introduction of AB 331 which advocates for Ethnic Studies within each comprehensive district.

There are also four updated music courses -- each based on an already existing music course, however, with a new course name.

Finally, freshman students, based on previous years of data, have often struggled with a high number of D's and F's as they transition to the high school level. A Freshman Seminar course is geared specifically as a course offering for incoming Freshman to learn character values, organization skills, health education, computer skills, and essential student skills to succeed at the high school level.

[Background:](#)

It has been years since Newark Memorial High School has updated course offerings in the Course Catalog. With new realities for our students in light of distance learning and the pandemic, it is essential to continue to refine, improve, and update courses for our high school students to thrive in the 21st century. The introduction of these 11 new courses at the high school level is designed for this purpose. It takes into account state recommendations, expands AP offerings, and has been approved through the district Secondary Curriculum Council.

Notre Dame de Namur University MOU and Agreement to Place Student Teachers

Type Action

Preferred Date Jan 21, 2021

Absolute Date Jan 21, 2021

Recommended Staff recommends the Board of Education approve the Notre Dame de Namur University

Action MOU and Agreement to Place Student Teachers

Purpose:

The purpose of this item is for the Board of Education to approve the MOU and agreement between Notre Dame de Namur University and Newark Unified School District to place student teachers commencing on June 30, 2020 and ending June 30, 2025.

Background:

The District works closely with local institutes of higher education (IHE) and supports student teacher placements.

Agreements between Newark Unified School District and a university must be in place before a student teacher can be placed at a school site in the District.

Student teachers in training do fieldwork in our schools and are supervised by the administrators who volunteer to provide supervision and training.

Student teachers are able to learn, practice teaching, and fine-tune their craft under the direct supervision of a master teacher. The opportunity to student teach in the District benefits both the student and the District.

As vacancies become available in the district, it is invaluable to have the opportunity to observe directly student teachers who may be eligible to interview for vacancies and observe how well they fit into the culture of Newark.

Job Description: Assistant Superintendent of Educational Services

Type Action

Preferred Date Jan 21, 2021

Absolute Date Jan 21, 2021

Recommended Action Staff recommends the Board of Education approve the revised job description for Assistant Superintendent of Educational Services.

Purpose:

The purpose is for the Board to review the revised job description prior to posting and initiating a search process.

Background:

The item is for the Board to approve a revised job description for the position of Assistant Superintendent, Educational Services. This job description was last revised in April 2004, seventeen years ago. The new job description better reflects the duties and responsibilities of the position and is better aligned with the District's core mission.

Addendum to the original contract with Augmentative Communication & Technology Services (ACTS)

Type	Action
Preferred Date	Jan 21, 2021
Absolute Date	Jan 21, 2021
Fiscal Impact	Yes
Dollar Amount	\$50,000.00
Budgeted	Yes
Budget Source	010-5100-3310-5770-3150-500-50- -177
Recommended	The staff recommends the Board ratify the addendum to the Augmentative Communication & Technology Services (ACTS) contract.
Action	
Goals	1. To provide academic excellence via equity and opportunities for all students.

Purpose:
 The purpose of this item is to increase the original contract amount. The original contract was in the amount of \$40,000.00. This addendum amount of \$50,000.00 will bring the total contract amount to \$90,000.00. Augmentative Communication & Technology Services (ACTS) provides assistive technology assessments and services to students with disabilities (SWDs). Augmentative Communication & Technology Services (ACTS) service provider will analyze the needs of the students' with disabilities, assist in selection of appropriate assistive technology to meet the students' needs, and provide training and monitoring in the use of the selected device(s).

Background:
 Related services and assessments are legally mandated per Individual Disability Education Act (IDEA). Without Augmentative Communication & Technology Services (ACTS) Newark Unified School District would be out of compliance.

Warrant Report for December 2020

Type	Action
Preferred Date	Jan 21, 2021
Fiscal Impact	No
Budgeted	No
Recommended	Staff recommends the Board approve the Warrant Report as presented.
Action	
Goals	2. Establish financial stability and fiscal solvency in order to drive continuous improvement.

Purpose:
 The purpose of this item is to present warrants, for a total amount of \$4,034,388.51, made from District funds in December 2020.

Background:
 The warrant registers represent a complete listing of all payments made from District funds for a month. Because Newark Unified School District is a fiscally dependent District, each warrant must pass through two separate audits; first by the District's Fiscal Services department, and second by the County Office of Education. No warrant can be paid until such time as it is examined and approved by the County Office of Education.

DEBRIEF AND DISCUSSION

Type Information

Purpose:

This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background:

Governance Team Handbook

Authority is collective, not individual:

The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside of this meeting, there is no authority.

A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.

Bring up new ideas/decide to move new ideas forward:

The Board will be open to having "brainstorming" discussions around any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting.

Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.

Only a majority of the Board may direct the Superintendent to conduct research regarding exploration of a new idea.

The Superintendent will decide on the delegation of assignments to other District staff.

The new idea will be agendaized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas.

Individual Board members, in the course of interactions with constituents will be careful not to make or imply commitment of the full Board to explore or proceed with implementing new ideas.

Reopening Plan 2020-21

Type Discussion, Information

Purpose:

The Board is asked to review the Reopening Plan 2020-21 prior to its submission to the Alameda County Office of Education.

The reopening plan is ready for submission, but the superintendent is bringing this plan forward to get feedback and input

prior to submission with the county.

Background:

The Alameda County Office of Education requires a comprehensive opening plan to be submitted and approved before schools can reopen for in-person learning.

NUSD has a proposed reopening plan ready for submission, and as requested by the Board, it is being presented here to allow for revision and input by the Board. The Board of Education previously granted the superintendent, Dr. Triplett, authority to decide on reopening matters. This reopening plan has been reviewed by the labor partners, and is now ready for submission.

There is no reopening date schedule, and it is still to be determined, however Alameda County Office of Education and the County Public Health Department have requested that plans be submitted in advance in order to allow time for thorough vetting regardless if an opening date has been determined.

Syserco (HVAC Management System) Multi-Year Service Agreement

Type	Action
Preferred Date	Jan 07, 2021
Absolute Date	Jan 07, 2021
Fiscal Impact	Yes
Dollar Amount	\$265,791.00
Budgeted	Yes
Budget Source	Routine Restricted Maintenance Account
Recommended Action	Staff recommends the Board approve the Syserco Multi-Year Service Agreement covering the period of January 1, 2021 thru June 30, 2026.

Purpose:

To renew the service agreement for the Alerton Building Automation System which monitors and controls the HVAC systems district-wide. The purpose of this agreement is to provide the short and long-term support needed to ensure the district operates at peak efficiency with minimum downtime.

Background:

To control and monitor the complex mechanical systems that ensure occupant comfort and safety, Newark Unified School District installed the Alerton Building Automation System. Syserco Inc., located in Fremont, currently provides the energy management services to support the Alerton Building Automation System which remotely monitors and controls the HVAC systems district-wide. Alerton control systems are only available through approved Alerton dealers. Syserco is the Alerton dealer serving Newark, therefore, they are the only company authorized to sell, install, and service the Alerton system for the district. Syserco began installing the Alerton system at Newark USD in 2000, and began partnering with the district for service support in 2015. This long term relationship provides Syserco the experience and knowledge to best serve Newark USD.

The terms of the current Syserco service agreement expired on December 31, 2020. It covered a 5-year period from 2015 thru 2020. The proposed agreement covers the period from January 1, 2021 through June 30, 2026. Year 1 of the proposal covers the remainder of this fiscal year (January 2021-June 2021). The annual increase from July 1, 2021-June 30, 2026 is about 3.5%.

15 CONSENT AGENDA - NON-PERSONNEL ITEMS

Monthly Financial Reports - October 2020 and November 2020

Type Action
Fiscal Impact No
Recommended Recommendation is that the Board approve the monthly financial reports, as presented.
Action

Purpose:
The purpose is for the Board to review and approve the district's budget information as of October 2020 and November 2020.

Background:
These reports show, by Fund, the year-to-date status of the district's budget including Revenues, Expenditures and Fund Balance.
For some months, these Monthly Financial Reports will be presented to the Board as a stand-alone agenda item. For other months, the budget information will be incorporated in the standard reports such as the First and Second Interim Financial Reports.

DEBRIEF AND DISCUSSION

Type Information

Purpose:
This is an opportunity for Board members to suggest items for placement on future agendas, and to review requests.

Background:
Governance Team Handbook
Authority is collective, not individual:
The only authority to direct action rests with the Board when seated at a regular or special Board meeting. Outside of this meeting, there is no authority.
A majority vote of the Board provides direction to the Superintendent. Board members will not undermine the ability of staff to carry out Board direction.
Bring up new ideas/decide to move new ideas forward:
The Board will be open to having "brainstorming" discussions around any idea that a Board member may feel merits exploratory consideration. "New Ideas" are defined as any proposal brought forward by a Board member, at his or her own initiative or at the request of a constituent, which has not previously been discussed during a Board meeting. Board members will first notify the Board President and/or the Superintendent of their interest in bringing forward a new idea. The preliminary discussion of a new idea will not require staff research time. Initially, staff will be expected to respond to new ideas based on current knowledge.
Only a majority of the Board may direct the Superintendent to conduct research regarding exploration of a new idea. The Superintendent will decide on the delegation of assignments to other District staff.
The new idea will be agendized for discussion only. The Board will decide if the new idea should be further developed and studied by staff. A Board majority will decide if staff time should be invested in the "fleshing out" of new ideas. Individual Board members, in the course of interactions with constituents will be careful not to make or imply commitment of the full Board to explore or proceed with implementing new ideas.
